UNIVERSITY OF SOUTHERN MISSISSIPPI
GENERAL CALENDAR 1977-1978

FALL QUARTER—1977

FIRST TERM

Friday, August 19, 1977
Deadline for making application for admission

Wednesday, August 31
Faculty available for advisement

Thursday and Friday, September 1 and 2
Pre-quarter faculty meetings

Sunday, September 4
Dormitories open

Monday, September 5
Registration by appointment

Tuesday, September 6
Continuation of registration by appointment
Last day to register without late registration fee

Wednesday, September 7

8:00 a.m.	Day classes meet on schedule
1:30 p.m.	Late registration begins
6:30-8:00 p.m.	Monday night classes meet (this week only)
8:30-10:00 p.m.	Wednesday night classes meet (this week only)

Thursday, September 8

8:15 a.m.	Change of schedule begins
6:30-8:00 p.m.	Tuesday night classes meet (this week only)
8:30-10:00 p.m.	Thursday night classes meet (this week only)

Wednesday, September 14
Last day for registering or adding full term Fall Quarter courses

Tuesday, October 4
Last day for dropping courses without academic penalty

SECOND TERM

Monday, October 17
Beginning of second term of Fall Quarter—only date for adding or registering for second term courses

Friday, November 11
Last day of regularly scheduled classes

Monday, Tuesday, Wednesday, Thursday, November 14, 15, 16, 17
Fall Quarter Examinations (Night classes will meet through Thursday, November 17, 1977.)

WINTER QUARTER—1977-1978

FIRST TERM

Tuesday, November 8, 1977
Deadline for making application for admission

Monday, November 28
Registration by appointment

Tuesday, November 29
Continuation of registration by appointment
Last day of registration without late fee

Wednesday, November 30

8:00 a.m.	Day classes meet on schedule
1:30 p.m.	Late registration begins
6:30-8:00 p.m.	Monday night classes meet (this week only)
8:30-10:00 p.m.	Wednesday night classes meet (this week only)

Thursday, December 1

8:15 a.m.	Change of schedule begins
6:30-8:00 p.m.	Tuesday night classes meet (this week only)
8:30-10:00 p.m.	Thursday night classes meet (this week only)

Wednesday, December 7
Last day for registering or adding full term Winter Quarter courses

Friday, December 16

5:00 p.m.	Christmas holidays begin

Monday, January 2, 1978

8:00 a.m.	Class work resumes (Night classes will meet)

Tuesday, January 10
Last day for dropping courses without academic penalty

SECOND TERM

Wednesday, January 18
Beginning of second term of Winter Quarter—only date for adding or registering for second term courses

Friday, February 17
Last day of regularly scheduled classes
Last day to file applications for May graduation

Monday, Tuesday, Wednesday, Thursday, February 20, 21, 22, 23
Winter Quarter Examinations (Night classes will meet through Thursday, February 23, 1978.)

SPRING QUARTER—1978

FIRST TERM

Tuesday, February 14, 1978
Deadline for making application for admission

Monday, March 6
Registration by appointment

Tuesday, March 7
Continuation of registration by appointment
Last day to register without late fee
6:30-8:00 p.m. Tuesday night classes meet (this week only)
8:30-10:00 p.m. Thursday night classes meet (this week only)

Wednesday, March 8
8:00 a.m. Day classes meet on schedule
1:30 p.m. Late registration begins
6:30- 8:00 p.m. Monday night classes meet (this week only)
8:30-10:00 p.m. Wednesday night classes meet (this week only)

Thursday, March 9
8:15 a.m. Change of schedule begins
6:30 p.m. Thursday night classes meet

Wednesday, March 15
Last day for registration or adding full term Spring Quarter courses

Thursday, March 23
10:00 p.m. Easter holidays begin (Night classes will meet.)

Sunday, March 26
Easter

Monday, March 27
6:30 p.m. Monday night classes resume

Tuesday, March 28
8:00 a.m. Regular class work resumes

Thursday, March 30
University of Southern Mississippi Day

Tuesday, April 4
Last day for dropping courses without academic penalty

SECOND TERM

Monday, April 10
Beginning of second term of Spring Quarter—only date for adding or registering for second term courses

Friday, May 12
Last day of regularly scheduled classes
Last day to file applications for August graduation

Monday, Tuesday, Wednesday, Thursday, May 15, 16, 17, 18
Spring Quarter Examinations (Monday, Tuesday, and Wednesday night classes will meet. Examinations for Thursday night classes will be given on May 11.)

Thursday, May 18
7:30 p.m. Graduation Exercises

SUMMER QUARTER—1978

FIRST TERM

Tuesday, May 15, 1978
Deadline for making application for admission

Monday, June 5
Orientation for freshman and transfer students
Registration by appointment

Tuesday, June 6
Continuation of registration by appointment
Only date to register for full quarter or first term courses without late fee
6:30- 8:00 p.m. Tuesday night classes meet (this week only)
8:30-10:00 p.m. Thursday night classes meet (this week only)

Wednesday, June 7
8:00 a.m. Day classes meet on schedule
1:30 p.m. Late registration begins
6:30- 8:00p.m. Monday night classes meet (this week only)
8:30-10:00p.m. Wednesday night classes meet (this week only)

Thursday, June 9
8:15 a.m. Change of schedule begins
6:30 p.m. Thursday night classes meet

Friday, June 9
Last day for registering or adding first term courses

Wednesday, June 14
Last day for registering or adding full quarter courses
Last day for dropping first term courses

Friday, June 23
Deadline for making application for admission for the second term of the Summer Quarter

Tuesday, July 4
Independence Day holiday

Wednesday, July 5
Last day for dropping full quarter courses without academic penalty

SECOND TERM

Monday, July 10
Registration for second term of Summer Quarter. Second term courses may be added without change of a schedule fee

Wednesday, July 12
Last day for registering or adding second term courses

Monday, July 17
Last day for dropping second term courses

Friday, August 11
Last day of regularly scheduled classes

Monday, Tuesday, Wednesday, Thursday, August 14, 15, 16, 17
Summer Quarter Examinations (Monday, Tuesday, Wednesday night classes will meet. Examinations for Thursday night classes will be given August 10.)

Thursday, August 17
7:30 p.m. Graduation Exercises

GENERAL ADMINISTRATION

BOARD OF TRUSTEES

Of State Institutions of Higher Learning, State of Mississippi

—

Members Whose Terms Expire May 7, 1988

CHARLES C. JACOBS, JR., Third Congressional District, Cleveland

MS. BETTY A. WILLIAMS, Northern Supreme Court District, Columbus

DR. JOHN R. LOVELACE, Second Congressional District, Batesville

MILTON E. BRISTER, Fourth Congressional District, Kilmichael

—

Members Whose Terms Expire May 7, 1984

BOBBY L. CHAIN, Sixth Congressional District, Hattiesburg

DR. ROBERT WALKER HARRISON, Central Supreme Court District, Yazoo City

TRAVIS E. PARKER, State at-Large, Drew

MRS. MIRIAM QUINN SIMMONS, Southern Supreme Court District, Columbia

—

Members Whose Terms Expire May 7, 1980

DR. VERNER S. HOLMES, Seventh Congressional District, McComb

BOSWELL STEVENS, First Congressional District, Macon

DR. R. C. COOK, State-at-Large, Hattiesburg

W. M. SHOEMAKER, Fifth Congressional District, Meridian

ROBERT L. SHEMWELL, La Bauve Trustee, Hernando

—

OFFICERS OF THE BOARD

DR. R. C. COOK, Chairman

DR. E. E. THRASH, Executive Secretary and Director

ADMINISTRATIVE OFFICERS

OFFICE OF THE PRESIDENT

AUBREY KEITH LUCAS, B.S., M.A., Ph.D., ... President
ROGER BARTON JOHNSON, B.S., M.S. ..... Executive Administrative Assistant to the President
SIDNEY E. L. WEATHERFORD, JR., B.S., M.A., Ed.D. ..... Director of Institutional Research

OFFICE OF THE VICE PRESIDENT FOR ACADEMIC AFFAIRS

CHARLES WICKLIFFE MOORMAN, A.B., M.A., Ph.D. ..... Vice President
ERIC RICHARD PRENSHAW, B.M., M.M., D.M.A. ..... Assistant to the Vice President
ROBERT THOMAS van ALLER, B.S., M.A., Ph.D. ..... Dean of the Graduate School
JOSEPH ARTHUR GREENE, JR., A.B., M.A., Ph.D. ..... Dean of the College of Business Administration
ERIC McCOY GUNN, B.S., M.A., Ed.D. ..... Dean of the College of Education and Psychology
VIVIAN POATES WOOD, B.MUS., M. MUS., Ph.D. ..... Acting Dean of the College of Fine Arts
JAMES HYLBERT SIMS, B.A., M.A., Ph.D. ..... Dean of the College of Liberal Arts
GARY CECIL WILDMAN, A.B., Ph.D. ..... Dean of the College of Science and Technology
WALTER ELMORE COOPER, B.S., M.A., Ed.D. ..... Dean of the School of Health, Physical Education, and Recreation
SARAH LITTLETON WEAVER GIBBS, B.S., M.A., Ph.D. ..... Dean of the School of Home Economics
M. ELIZABETH CATHERINE HARKINS, B.S.N., M.S.N., Adv. M. Ed., Ph.D. Dean of the School of Nursing
LESTER JAY GLICK, B.A., M.S.W., D.S.W. ..... Dean of the School of Social Work
ONVA K. BOSHEARS, A.B., M.S., Ph.D. ..... Dean of the School of Library Service
GENE DUANE SAUCIER, B.S., M.S. ..... Dean of Admissions and Special Academic Services
REBECCA ANN BRECHTEL, B.S., M.S., Ed.S. ..... Director of High School and Junior College Relations
KATHERINE INDIA BROWN, B.A., M.A. ..... Armed Forces Education Coordinator
JACK LEMORE DANIELS, B.S., M.Ed., Ph.D. ..... Director of Career Development Center
ALICE LUCY MAW, B.S., M.S. ..... Director of International Students
DANNY WAYNE MONTGOMERY, B.S., M.Ed. ..... Registrar
CHARLES B. McNEILL, B.S., M.S. ..... Director of Admissions
LYNN ANGELIQUE ROE, B.A. ..... Director of Recruitment
RICHARD TAYLOR DODDER, B.S. in B.A. ..... Director of the English Language Institute

OFFICE OF THE VICE PRESIDENT FOR ADMINISTRATION AND REGIONAL CAMPUSES

SHELBY FRELAND THAMES, B.S., M.S., Ph.D. ..... Vice President
CLYDE NEULAN GINN, B.S., M.Ed., Ed.D. ..... Dean of Division of Extension and Public Service
JOE EARL HOLLOWAY, B.S., M.Ed., Ed.D. ..... Dean, USM-Gulf Park
BILL WES GORE, B.S., M.S., Ph.D. ..... Dean, USM-Natchez
BRANTLEY DEES GREESON, B.Mus., M.Mus., Ph.D. ..... Director, USM-Jackson
POWELL G. OGLETREE, B.S., M.A. ..... Director of Alumni Affairs
WILLIAM CLARENCE SCRUGGS, JR., B.S. ..... Director of Computer Center
WILLIAM ELLIS KIRKPATRICK, B.S., M.S. ..... Director of Public Relations
WILLIAM GREGORY BRUNDAGE, B.S., M.S., Ph.D. ..... Director of Research and Sponsored Programs

OFFICE OF THE VICE PRESIDENT FOR BUSINESS AND FINANCE

THOMAS GLENVALL ESTES, JR., B.S., M.S., Ph.D., C.P.A. ..... Vice President
ALBERT JOSEPH JAEGER, B.B.A., M.S. ..... Assistant Vice President for Business and Finance
JOEL REESE EAKENS, B.S. ..... Director of Physical Plant
BETTY GILLIS COOLEY, B.S. ..... Bursar
KENNETH ELMO SMITH, B.B.A., M.S., C.P.A. ..... Director of Accounting Operations
JOAN P. GLOVER, B.S. ..... Manager of University Bookstore
JESSE BOYD ..... Director of University Commons
ROBERT HERRINGTON, JR., B.S. ..... Director of Personnel Services
CECIL MARSHALL KLUTTS, B.S. ..... Purchasing Agent

OFFICE OF THE VICE PRESIDENT FOR STUDENT AFFAIRS

PETER EASTON DURKEE, A.B., M.A., Ph.D. ..... Vice President
WILLIAM RADER GRANTHAM, B.S., M.A. ..... Dean of Students
WILLIE VERNON OUBRE, B.S. ..... Director of Campus Security
MAX HAROLD McDANIEL, B.A., M.A., Ph.D. ..... Dean of Student Development
WARREN DUNN, B.S., M.S. ..... Director of Student Union and Student Activities
GRAHAM LEE HALES, Jr. B.A., B.D., Ph.D. ..... Chaplain and Coordinator of Religious Activities
BILL WAYNE SHAFER, B.S., M.Ed., Ph.D. ..... Director of Student Counseling
CHARLES H. PROBST, B.S., M.A., Ed.D. ..... Dean of Student Services
WALTER OLIVER CONN, B.S., M.S. ..... Director of Financial Aid
ROBERT DOUGLAS LANDRUM, B.S. ..... Director of Special Services
CARL CONN LAWRENCE, B.S. ..... Director of Placement Services
HOMER ELTON SULLIVAN, JR., B.S. in B.A. ..... Director of Housing
LARRY MITCHEL WILSON, B.S. ..... Director of the Office of Veterans Affairs
BOYD ALEXANDER KELLETT, M.D. ..... Director of Student Health Services

INTERCOLLEGIATE ATHLETICS

ROLAND HALL DALE, B.S. ..... Director
CELESTAIN JOSEPH PETER TAYLOR, B.S., M.S. ..... Assistant Athletic Director and Head Baseball Coach
THURMON L. COLLINS, JR., B.S. ..... Head Football Coach
MALCOM K. TURK, B.S. ..... Basketball Coach
ROBERT HAYS CLEVELAND, B.S. ..... Sports Information Director

GRADUATE COUNCIL

Officers of the Council

ROBERT THOMAS van ALLER, Ph.D. ..... Chairman
DANNY MONTGOMERY, M.Ed. ..... Secretary
AUBREY KEITH LUCAS, Ph.D. ..... Ex-Officio Member
GROVER CLEAVELAND ASHLEY, JR. ..... Ex-Officio Member

MEMBERS

COLLEGE OF BUSINESS ADMINISTRATION
Henry Arthur Gottleber, Ph.D.

COLLEGE OF EDUCATION AND PSYCHOLOGY
Herschel Quinton Peddicord, Ed.D.
Howard Nix Anderson, Ph.D.

COLLEGE OF FINE ARTS
Jack Pollard Donovan, Ph.D.

Jay Pascal Anglin, Ph.D.

SCHOOL OF NURSING
Mary Colette Smith, Ph.D.

COLLEGE OF SCIENCE AND TECHNOLOGY
Karen Marguerite Yarbrough, Ph.D.

SCHOOL OF SOCIAL WORK
William Walker Saxon, Jr., Ed.D.

THE GRADUATE SCHOOL

The Graduate School at the University of Southern Mississippi was established in 1947 to recognize the University's growing responsibilities as a center of higher learning, and to provide an academic environment in which advanced research and free inquiry could develop to the advantage of both the student and the State. In the years since 1947, the University's graduate programs have developed logically on the growing points of strong undergraduate schools and departments to meet the needs for professional competence beyond the academic measure of the baccalaureate degree.

In response to the need to offer graduate programs beyond the boundaries of the Hattiesburg campus, the Board of Trustees in 1972 authorized the University to grant graduate degrees on the campuses at the University of Southern Mississippi—Gulf Park and the University of Southern Mississippi—Natchez. Course work taken at the Hattiesburg, Gulf Park, and Natchez campuses is considered as campus work.

The Graduate School's Place Within the University Structure

The Graduate School is administered by a dean executing policies determined by the Graduate Council of which the Dean of the Graduate School serves as chairman.

The present composition of the Graduate Council includes the Dean of the Graduate School as chairman with two representatives from the College of Education and Psychology and one representative each from the College of Business Administration, the College of Fine Arts, the School of Health, Physical Education, and Recreation, the School of Home Economics, the College of Liberal Arts, the School of Library Service, the School of Nursing, the College of Science and Technology, and the School of Social Work. Council members are appointed by the President of the University upon the recommendation of the Committee on Committees. Permanent **ex officio** members are the President of the University and the University Librarian. The University Registrar serves as secretary to the Council.

The responsibilities of the Graduate Council, representing both administration and faculty, include:

1. Determining policies of admission to the Graduate School.
2. Considering and approving graduate programs submitted to the Council through curriculum committees of each college and school.
3. Electing members of the Graduate Faculty upon recommendation by the academic deans.
4. Approving new courses (and deleting courses) for graduate credit.
5. Acting upon any other problems affecting graduate programs.

The graduate programs approved by the Council are carried out through the Graduate Faculty in each degree-granting college or school of the University's academic organization.

DEGREE PROGRAMS OFFERED

The University of Southern Mississippi offers graduate level programs in nearly every recognized academic discipline. Even those departments not yet ready to offer master's or doctoral degrees are usually equipped to offer a graduate minor. In addition, master's degrees are offered at USM—Gulf Park in general elementary education, selected minor areas of secondary education, and criminal justice, and a Master of Business Administration degree with a field of emphasis in management. Master's degrees are offered at USM—Natchez in general elementary education and selected minor areas of secondary education.

The degrees which are offered and their majors are listed below. Refer to each department for emphasis areas.

DOCTOR OF PHILOSOPHY

Social Work

UNIVERSITY PRESS OF MISSISSIPPI

The University Press of Mississippi was founded in 1970 to encourage the dissemination of the fruits of research and study through the publication of scholarly works. Functioning as the scholarly publishing arm of the state-supported universities in Mississippi, the University Press is governed by a Board of Directors made up of one representative from each of the eight universities, one representative from the Board of Trustees of State Institutions of Higher Learning, and the Director of the Press.

The University Press publishes between ten and twenty books each year. Primary areas of interest are Mississippi history and literature, but manuscripts in all areas of study are welcomed.

Administrative offices of the University Press are located in the Education and Research Center of Mississippi, 3825 Ridgewood Road, Jackson, Mississippi.

ADMISSION REQUIREMENTS AND PROCEDURES

Since applicants must always be admitted to a specific program within the Graduate School, all applications for admission to the Graduate School are closely reviewed and must be approved by the chairman of the department in which the student intends to study, by the school or college dean, and by the Graduate Dean. Admission forms are procurable from and should be submitted to the University Admissions Office.

The aptitude phase (verbal and quantitative sections) of the **Graduate Record Examinations** is required of all applicants to the Graduate School except in the College of Business Administration which requires the **Graduate Management Admissions Test.** Prospective students should plan to take the appropriate examination, given several times a year at a number of university testing centers, early in their senior year and request that a copy of their scores be sent to the Graduate Office.

The academic record, character, and conditions of applicaton of the applicant must be in accordance with the rules and regulations of the Board of Trustees of State Institutions of Higher Learning and with the laws of the State of Mississippi. The applicant must have excellent moral character in conformity with the generally accepted standards customarily in effect in the University.

The University reserves the right to cancel the admission or registration of an individual whose attendance at the University, in the opinion of the appropriate administrative officer and the President, would not be beneficial to himself and/or to the institution.

It should be clearly understood that the admission requirements listed below represent the minimal standards set by the Graduate Council and that additional requirements and higher standards may well be stipulated by the various department chairmen.

TYPES OF ADMISSION TO MASTER'S PROGRAMS

Any student denied admission to the master's program may have his case reviewed by the Graduate Committee for Admissions and Credits. To initiate the review procedure, the student should contact the Dean of Special Academic Services.

I. Regular Admission

A. The applicant must hold a baccalaureate degree from an institution approved by a recognized accrediting agency.

B. The applicant must be eligible to re-enter in good standing the last college or university he attended.

C. The applicant must present evidence, by official transcript (two copies), of a grade point average of at least 2.75 (figured on an A equals 4.0 scale) for the last two years of undergraduate study, and a grade point average of at least 3.0 on undergraduate courses in the field of proposed graduate study. Any exception to this requirement must be cleared with the appropriate department chairman, the dean concerned, and the Graduate Dean.

D. The applicant must present an acceptable test score on the Aptitude Section of the **Graduate Record Examinations** or the **Graduate Management Admissions Test** applicable to the program into which he seeks admission. Test score requirements vary between departments and some require the advanced section of the **Graduate Record Examinations.** Consult specific departmental requirements for this information.

E. The appropriate department chairman, the school or college dean, and the Graduate Dean must be satisfied that the applicant shows promise of satisfying graduate degree requirements.

II. Conditional Admission

A student who does not meet the minimum admission standards for either grade point average or **Graduate Record Examinations** or the **Graduate Management Admissions Test** may be admitted on a conditional basis in one of two ways:

A. He must present a score on the Aptitude Section of the **Graduate Record Examinations** or **Graduate Management Admissions Test** equal to or above that specified for the graduate program into which admission is requested, and a grade point average no lower than 2.5.

B. He must present a grade point average of 2.75 or above if his score is lower than that specified for the program into which admission is desired.

Conditional admission can be given only upon the specific recommendation of the department chairman, the school or college dean, and the Graduate Dean.

A conditional graduate student must meet the following conditions if he is to continue in the Graduate School:

A. If his first enrollment is as a full-time student, he must make grades of **B** or better on each graduate course attempted during the first quarter.

B. If his first enrollment is as a part-time student, he must make grade of **B** or better on his first nine (9) semester hours, or grades of **B** or better on all courses taken while completing the nine-hour requirement.

All courses taken to remove conditional admission must be taken on a campus of the University of Southern Mississippi. Upon recommendation of the department chairman and the Graduate Dean, the conditional admission may be removed and the student reclassified as a regular student.

III. Non-Degree Graduate Student

Admission as a non-degree graduate student may be granted for any of the following reasons:

B. He may or may not be able to meet admission requirements but does not desire to work toward a graduate degree.

C. He is enrolled in another university and desires to obtain credit from the University of Southern Mississippi to be transferred to the graduate school in which he is seeking a degree.

REGULATIONS GOVERNING NON-DEGREE GRADUATE STUDENTS

Even though a non-degree graduate student has been admitted to the University, he **has not** been admitted to any department or to any degree program.

To be allowed to continue as a non-degree graduate student, the student **must** consult with the department chairman or academic adviser of the department in which he is taking courses during the first quarter enrolled at the University **regardless** of whether or not the student plans to seek a degree.

To become a degree-seeking student, the student **must:**

1. Complete the **Graduate Record Examinations** or the **Graduate Management Admissions Test** during the first quarter enrolled at the University. In addition, a total of no more than nine (9) semester hours earned while classified as a non-degree student may be applied toward a graduate degree at the University of Southern Mississippi.
2. Have the minimum grade point average and **Graduate Record Examinations** score or the **Graduate Management Admissions Test** score requirements for regular or conditional admission in the department where he plans to seek the degree.

3. Complete an application for conditional or regular admission in the Admissions Office after completing the **Graduate Record Examinations or the Graduate Management Admissions Test** and when other admission requirements are completed.

No more than nine (9) semester hours earned while classified as a non-degree graduate student will be accepted toward a graduate degree at the University of Southern Mississippi. A student must, therefore, gain conditional or regular admission before completing more than nine (9) semester hours of study for these additional hours to be counted toward a degree.

A non-degree graduate student must hold a baccalaureate degree from an accredited institution.

Non-degree students desiring to enroll on a campus of the University of Southern Mississippi will be expected to file an application for admission by the appropriate deadline.

Students may be admitted as non-degree students to study in the College of Business Administration only if they have undergraduate grade point averages of 2.75 or above.

TYPES OF ADMISSION TO ADVANCED GRADUATE STUDY

Any student denied admission to advanced graduate study may have his case reviewed by the Graduate Committee for Admissions and Credits. To initiate the review procedure, the student should contact the Dean of Special Academic Services.

Three advanced level programs are available for students who hold a master's degree and who wish to do additional graduate work. The first of these programs leads to the specialist's degree, the second to the Master of Philosophy degree, and the third to the various doctoral degrees.

I. Regular Admission

For regular admission to advanced graduate study, a student must present a grade point average no lower than 3.25 for the specialist's and the Master of Philosophy programs or 3.50 for the doctoral program on previous graduate work and an acceptable test score on the aptitude phase of the **Graduate Record Examinations** for the degree program for which he seeks admission.

II. Conditional Admission

For conditional admission to advanced graduate study a student must present either (a) a grade point average of between 3.00 and 3.25 for the specialist's and the Master of Philosophy programs or 3.25 and 3.50 for the doctoral program on previous graduate work and an acceptable **Graduate Record Examinations** score or (b) a grade average no lower than 3.25 for the specialist's and the Master of Philosophy programs or 3.50 for the doctoral program if the **Graduate Record Examinations** score does not meet the acceptable score for regular admission.

Conditional status at the advanced graduate level may be removed on the recommendation of the department chairman provided the student has attained a grade point average of at least 3.25 on the first nine (9) semester hours of course work numbered 600 or above or on all courses taken while completing this requirement.

To be admitted to advanced graduate study, the student must submit a formal application through the Admissions Office even though he may have successfully completed a master's degree program at the University of Southern Mississippi. Acceptance as an advanced graduate student is contingent upon the approval of the department chairman, the school or college dean, and the Graduate Dean.

III. Non-Degree Student

An applicant for advanced study may be admitted as a non-degree student under the same conditions outlined for a master's degree applicant.

Limitations on University Faculty Members

Members of the faculty of the University of Southern Mississippi above the rank of instructor cannot become candidates for a doctoral degree at this institution. They may, however, enroll for graduate courses. Faculty members of the rank of instructor may become candidates for doctoral degrees at the University of Southern Mississippi on the same terms as any other advanced graduate student candidate. When fulfilling the residency requirements these students cannot be full-time faculty members but must be full-time students.

PROCEDURES FOR APPLYING FOR ADMISSION

I. Application materials are available from the Dean of Admissions and Special Services, Southern Station Box 11, Hattiesburg, Mississippi 39401.

II. All credentials (application, recommendations, two official transcripts from each institution attended) must be submitted to the Dean of Admissions and Special Services by the deadline published in the University Calendar.

III. **After all credentials are received, the Admissions Office will compute the applicant's grade point average and will forward the application and transcript to the appropriate department chairman, school or college dean, and the Graduate Dean.** As soon as the application has been processed by the department chairman, the school or college dean concerned, and the Graduate Dean, the Dean of Admissions will notify the applicant of the University's decision on his request for admission.

Permission for Undergraduate Seniors to Register for Graduate Credit

Exceptionally well qualified undergraduate students at the University of Southern Mississippi may apply to the Graduate Office for permission to take course work for graduate credit if they are within six (6) semester hours of meeting bachelor's degree requirements as certified by the Registrar. If the Graduate Dean approves, the student may then register for graduate courses up to a maximum of six (6) semester hours of graduate credit with a total course load not exceeding twelve (12) semester hours. The student must complete requirements for the baccalaureate degree within the first quarter in which he registers for graduate courses. The student's application for admission to the Graduate School will not be given final approval until after he satisfies all requirements for the baccalaureate degree.

STUDENT EXPENSES

The University of Southern Mississippi is supported chiefly by legislative appropriations. Increases in student fees are put into effect only when public support funds are inadequate and no other resources are available; therefore **the University must reserve the right to increase or modify fees and expenses without prior notice but with approval of the Board of Trustees of State Institutions of Higher Learning.**

Fees and expenses are in the form of general tuition, room and board, and special fees.

GENERAL TUITION FEES. These fees, together with the allocation from the legislative appropriation, are used for general support of the University.

Athletic activities, health service, and UAC programs are not included for part-time students.

Full-time students for purposes of assessing fees are as follows: Graduate School, seven (7) or more semester hours; all other schools and colleges, nine (9) or more semester hours. Graduate students enrolled for more than thirteen (13) semester hours and undergraduate students enrolled for more than fourteen (14) semester hours will be assessed the applicable fee for each additional semester hour. Students training under Veterans Administration programs are required to carry a minimum number of

semester hours for the entire quarter to receive full subsistence. The requirements are seven (7) semester hours on the graduate level and nine (9) semester hours on the undergraduate level.

Clinical and hospital services covered by the health service charge included in the general tuition fee are limited to cases of ordinary illness. Services are provided within the limits of the professional, technical, and physical resources of the Clinic. The University does not assume responsibility in cases of extended illness or for the treatment of chronic diseases. Cases requiring surgery must be handled by a physician and hospital of the student's choice.

ROOM AND BOARD. The room and board fees are assessed for all students living in University-controlled residence halls and those students living in fraternity houses. All students rooming in residence halls or fraternity houses are required to take their meals in the University Commons. Students living in Elam Arms and Hillcrest will eat in the cafeterias in those residence halls.

A room deposit of $15.00 is payable in advance for the reservation of space in the residence halls. This amount is held as a breakage deposit until a student withdraws from the residence hall.

A student accepting residence hall space **will be financially obligated to pay the full quarter's room rent.** A refund of the residence hall fee will be made only upon withdrawal from the University.

OTHER FINANCIAL INFORMATION. Fees of all students are due and payable at time of registration; however, fees of students enrolled for six semester hours or more may be paid one-half upon entrance and the balance one week prior to the beginning of the second half of the quarter. This procedure applies to all campuses and resident centers only.

The University reserves the right to withhold readmission to a student until all delinquent accounts have been paid. Transcripts of credits will not be issued for students whose accounts are delinquent. All fees must be paid before a degree is awarded.

Fines accumulated as a result of failure to adhere to the established procedures of the University, such as Library and Security regulations, or any other policy establishing regulations for the protection of University property shall become collectible by the Business Office, and, if not collected, shall constitute a delinquent account.

Students whose checks for registration are returned will be assessed the late registration fee of $10.00.

A fee of $2.00 for operation of the University Union is included in the fees of all full-time students. A $1.00 fee is added to the general tuition fee assessment of part-time students.

Courses requiring special fees and music fees are shown in the Special Fee listing (Table II).

A fee of $6.50 for **The Southerner** (University annual) is payable each school year by all full-time undergraduate students.

NON-RESIDENT STATUS. The Legislature of the State of Mississippi has passed the following legislation concerning non-resident status:

The board of trustees of each junior college in this state, the board of trustees of state institutions of higher learning, and the administrative authorities of each institution governed by said boards, in ascertaining and determining the legal residence of and tuition to be charged any student applying for admission to such institutions, shall be governed by the following definitions and conditions:

Legal residence of a minor. The residence of a person less than twenty-one (21) years of age is that of the father. After the death of the father, the residence of the

minor is that of the mother. If the parents are divorced, the residence of the minor is that of the parent who was granted custody by the court; or, if custody was not granted, the residence continues to be that of the father. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death, unless the minor lives with a legal guardian of his person, duly appointed by a proper court of Mississippi, in which case his residence becomes that of the guardian.

Legal residence of an adult. The residence of an adult is that place where he is domiciled, that is, the place where he actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.

Removal of parents from Mississippi. If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residences from the State of Mississippi, the minor is immediately classified as a non-resident student.

Twelve months of residence required. No student may be admitted to any institution of higher learning as a resident of Mississippi unless his residence, as defined hereinabove, has been in the State of Mississippi for a continuous period of at least twelve (12) months immediately preceding his admission.

Residence in an education institution not counted. A person who has entered the State of Mississippi from another state and enters an educational institution within twelve (12) months is considered a non-resident. For this reason, any period of time when such a person is enrolled in any educational institution in Mississippi may not be counted as any part of the twelve (12) months prerequisite to his admission to an institution of higher learning as a resident student. Even though he may have been legally adopted by a resident of Mississippi, or may have been a qualified voter, or landowner, or may otherwise have sought to establish legal residence, such a person will still be considered as being a non-resident of Mississippi if he has entered this state for the purpose of enrolling in an educational institution.

Residence status of a married woman. A married woman may claim the residence status of her husband, or she may claim independent residence status under the same regulations, set forth above, as any other adult.

Children of parents who are employed by institutions of higher learning. Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the board of trustees may be classified as residents during the time that their parents are such faculty or staff members without regard to the residence requirement of twelve (12) months, for the purpose of attendance at the institution where their parents are faculty or staff members.

Military personnel assigned an active duty station in Mississippi. Members of the Armed Forces on extended active duty and stationed within the State of Mississippi, except those military personnel whose active duty assignment in the State of Mississippi is for educational purposes, may be classified as residents, without regard to the residence requirement of twelve (12) months, for the purpose of attendance of State-supported institutions of higher learning and junior colleges of the State of Mississippi. Resident status of such military personnel who are not legal residents of Mississippi, as defined under "Legal residence of an adult" in paragraph 2 above, shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

Childern of military personnel. Resident status of children of members of the Armed Forces on extended active duty shall be that of the military parent for the purpose of attending State-supported institutions of higher learning and junior colleges of the State of Mississippi during the time that their military parents are stationed within the State of Mississippi and shall be continued through the time that military parents

are stationed in an overseas area with last duty assignment with the State of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of minor children shall terminate upon reassignment under Permanent Change of Station Orders of their military parents for duty in the continental United States outside the State of Mississippi, excepting temporary training assignments en route from Mississippi.

Certification of residence of military personnel. A military person on active duty stationed in Mississippi who wishes to avail himself or his dependents of the provision of paragraph 8 must submit a certificate from his military organization showing the name of the military member; the name of the department, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member will be on active duty station in Mississippi on the date of registration at the State-supported institution of higher learning or junior college of the State of Mississippi; that the military member is not on transfer orders; and the signature of the Commanding Officer, the Adjutant, or the Personnel Officer of the unit of assignment with signer's rank and title. A military certificate must be presented to the registrar of the State-supported institution of higher learning or junior college of the State of Mississippi each semester or tri-semester at (or within ten (10) days prior to) registration each semester for the provision of paragraph 8 hereof to be effective.

Aliens. All aliens are classified as non-residents.

Students holding fellowships. Non-resident students holding University financed fellowships will not be required to pay the non-resident fee during the time they hold such appointments.

REFUND POLICY. A student who officially withdraws after enrollment may obtain a refund in accordance with the following:

a. A refund of 80% of general tuition and special fees will be made to a student who withdraws within the week following the week of registration.

b. A student who withdraws for any reason prior to midterm of any quarter but after the week following the week of registration will be refunded 50% of the general tuition and special fees.

c. A student who withdraws after midterm of any quarter will not be entitled to a refund of fees.

d. No adjustment of general tuition and special fees will be made when courses are dropped after the week following the week of registration.

e. Room and board fees are refunded on the basis of full weeks remaining in the quarter.

TABLE I

EXPENSES EACH CALENDAR QUARTER

(All fees are subject to change without notice. See page 21.)

FULL-TIME STUDENTS

Fixed Fees

General Tuition*	$220.00
Room rent—air conditioned residence halls**	150.00
Room rent—other residence halls	130.00
Board**	160.00

Other Fees When Applicable

Non-Resident Fee	$250.00
The Southerner	6.50
Post Office Box, per academic period	1.35
Athletic Activity Fee	.50

PART-TIME STUDENTS—Each semester hour***
General Tuition: graduate student ..... $ 33.00
Non-resident fee: graduate student 42.00
*General tuition fees are payable at each registration as are fees for room, board, and post office box if applicable.
**Note: Hillcrest (Room and Board) 345.00
Elam Arms (Room and Board) 345.00
Vann Hall (Room and Board) 330.00
***These fees apply on all campuses.

TABLE II
SPECIAL FEES AND EXPENSES

Departmental Fees:
CIF 619, 735, 741; LS 516, 622 ..... 7.50 per course
Music Fees—Private Lessons for other than full-time music majors:
1 semester hour per instructor ..... $25.00 per quarter
2 semester hours per instructor ..... 50.00 per quarter
3 semester hours per instructor ..... 75.00 per quarter
Each additional supervised lesson ..... 25.00 per quarter
*Orchestral or Band Instrument rental ..... 6.00 per quarter
*This fee applies to music majors and minors as well as to other students.
Examinations and Degrees:
Miller Analogies Test ..... $5.00 when applicable
Revalidation Examination ..... 5.00 when applicable
Special Examination ..... 3.00 when applicable
Application for Degree
Master's 12.00
Specialist's 12.00
Doctoral 90.00
Thesis binding per copy ..... 5.25 when applicable
Extension and Public Service
Resident Center
Graduate Course ..... 33.00 per semester hour
Resident Center—Laboratory fee ..... 6.00 per course
Resident Center—Typing fee ..... 5.00 per course
Extension Center
Graduate Course ..... 33.00 per semester hour
Registration and Records:
Change of Schedule ..... 5.00 when applicable
Late Registration 10.00
Evaluation Fee for Foreign Students
(non-refundable) ..... 10.00 with application
Memorandum of Credits ..... .50 each
Transcript of Credits ..... 1.00 when applicable

AVAILABLE FINANCIAL ASSISTANCE FOR GRADUATE STUDENTS

At present the University has available some 180 master's and 50 doctoral University fellowships in all areas as well as fellowships provided by federal and private agencies. Though amounts may vary from department to department, University fellowships average $1500 per year at the master's level and $2000 at the doctoral level and entail a teaching or research assignment. To maintain a fellowship, a student

must have an average of **B** or better each quarter. Out-of-state tuition, though not the general tuition fee, is currently waived for fellowship holders. The University also currently waives out-of-state tuition for students on sabbatical leave with pay from schools and colleges.

Inquiries regarding fellowships should be directed to the Dean of the Graduate School. Applications for fellowships must be filed by March 15.

The National Direct Student Loan, College Work-Study Program, and Insured Student Loans are also available to graduate students. Applicants for Direct Student Loans and College Work-Study Program should apply by June 1 for loans and work to begin the fall term. Applications for the National Direct Student Loan, College Work-Study Program, and Federally Insured Loan (Mississippi residents) may be secured by writing the Director of Financial Aid. Students who reside outside the State of Mississippi should contact their State Department of Education to determine source of Insured Loans used by their state.

PLACEMENT BUREAU

The function of the Placement Bureau is dual in nature. It provides assistance to graduating seniors, graduate students, and alumni in obtaining suitable employment, and to employers in recruiting qualified employees. The services are provided at no cost to the student or to the employer.

Throughout the year, current listings of employment opportunities, both in state and out of state, in teaching, business, industry, and government are made available to the students. Also, on-campus interviews are scheduled with personnel representatives from schools, businesses, industries, and governmental agencies. Students registered with the Bureau are notified of these interview schedules, and all who are interested are given the opportunity for individual interviews.

All seniors should register with the Placement Bureau and establish a placement credential folder during the last quarter of their junior year, or the first quarter of their senior year. Graduate students may register any time they desire. These placement credentials are very valuable to on-campus recruiters and to those who telephone or write for information about prospective employees. After graduation and/or when the registrant has found suitable employment, the placement file is stored and may be quite helpful in later years if a registrant wishes to change employment or to enter graduate school.

GENERAL ACADEMIC REQUIREMENTS

It is reasonable to assume that a graduate student accepts full responsibility for knowing the policies and regulations of the Graduate School and the departmental requirements relevant to his individual degree program.

Only the general academic regulations and requirements governing all graduate programs are given below. Specific requirements pertaining to individual degree programs are outlined within the department sections.

Course Work and Grading System

Courses open to graduate students are those numbered 500 or above.

Many courses have certain prerequisites. A student who wishes to register for a particular course must satisfy the department concerned that he has had preparation adequate for admission to the course.

The grading system in the Graduate School is as follows:

A— Indicates that the student's work is of unusually high quality.

B— Indicate that the student's work is of high but not exceptional quality.

C— Indicates that the student has met the minimum requirements for passing the course.

D— Indicates that the student's work is below that which is expected of a graduate student. A course in which the student has earned a grade of **D** will not apply toward a graduate degree. A student who earns more than six (6) semester hours in grades of **D** or below may not be considered as a candidate for a degree.

E— Indicates a course in progress.

F— Indicates that the student has failed the course. A student who accumulates more than three (3) semester hours of **F** grades will not be considered as a candidate for a degree.

G— Indicates withdrawal passing.

H— Indicates withdrawal failing.

I— Indicates an incomplete record. An **I** is treated as an **F** if the work is not completed within the next twelve months, or if the student is not in residence during all the next twelve months, within the next quarter of attendance after the expiration of the twelve-month period. The one-year limitation for an **I** to be removed does not apply to theses. The general regulation that degree work must be completed within a six-year period does apply.

An average of **B** or better is required of all candidates for graduate degrees by the time they complete the course-hour requirements for the degree.

In computing averages, a **C** must be balanced by one **A**, a **D** by two **A**'s and an **F** by three **A**'s of equal graduate credit.

On the recommendation of the student's committee or major professor, a student may retake one graduate level course in order to improve his grade point average.

Course Loads

I. Although the maximum load of a full-time graduate student is thirteen (13) semester hours, the normal load for a full-time graduate student is generally considered to be nine (9) semester hours; the normal time required for a master's degree is thus four quarters.

II. The minimum load for a full-time graduate student is seven (7) semester hours for the purpose of living in Pine Haven, using the services of the Clinic, for veterns affairs, and other such requirements.

III. The usual load for a part-time student with a full-time position is three (3) hours. A maximum of six (6) hours may be carried by such a student provided the faculty adviser and department chairman approve. (Teachers should note that the Mississippi State Department of Education allows a full-time teacher to take only three (3) hours per quarter.)

IV. Ten (10) hours is the maximum load for a graduate fellow teaching one undergraduate class or its equivalent. In no case may the total hours involved in a student's program, including both his course work and his fellowship assignment, exceed thirteen (13) hours.

V. The general tuition fee for the full load of seven (7) semester hours will be the same amount as paid by graduates for a normal load of nine (9) hours.

VI. The courses numbered 697 and 797 - **Independent Study and Research** - may be taken for any amount of credit with the exception that students who are not in residence but who are actively working on a thesis, research problem, or dissertation and consulting with the major professor or making use of the library or other University facilities must enroll for three (3) semester hours each quarter.

MASTER'S DEGREE REQUIREMENTS

A convenient checklist of master's degree requirements may be procured in the Graduate Office.

I. Credit Hours

A minimum of thirty (30) semester hours credit is required for any master's degree. Some departments require more than the minimum. Consult specific college and departmental requirements for additional information.

II. Time Limitation

The student must complete the master's degree within six calendar years from the date of initial enrollment as a graduate student. Six years is the maximum age allowed for graduate credits toward a master's degree. If more than six years are needed to complete requirements, the Graduate Dean, under extenuating circumstances, may revalidate over-age credit hours if the original credit was earned at the University of Southern Mississippi and if the dean of the college or school concerned approves the revalidation. The revalidation is secured by the student's successfully passing a special examination on the course. However, any student who fails to complete his master's degree program within the six-year time period becomes subject to any changes in degree requirements made at any date six years prior to his graduation. The fee charged for the special revalidation examination is $5.00 per course. The fee is to be paid before the revalidation examination is taken. Over-age extension courses can not be revalidated.

III. Credit Hours Limitations

A. A minimum of twenty-one (21) semester hours must be earned on a campus of the University of Southern Mississippi.

B. A minimum of fifty per cent of the credit earned at the University of Southern Mississippi must be taken on the campus from which the degree is awarded.

C. A minimum of eighteen (18) semester hours must be in courses numbered 600 or above. Master of Business Administration degree candidates are permitted to take a maximum of one 500-level course.

D. A total of no more than nine (9) semester hours of work earned as a non-degree student may be applied toward a master's degree. Please note **H** below.

E. As many as six (6) semester hours of graduate credit from other accredited institutions may be transferred to the student's program with the approval of the appropriate department chairman and the Graduate Dean provided that the course work transferred falls within the six-year period allowed for the degree. Please note G below.

F. If a student has received regular or conditional admission, as many as twelve (12) semester hours of course work may be taken by extension and applied toward a master's degree provided that such courses are taught by a member of the University of Southern Mississippi faculty. In secondary education extension credit will be confined to six (6) semester hours in secondary education and six (6) in the content area.

G. However, student may apply a total of no more than twelve (12) semester hours by extension and transfer toward a master's degree.

H. A total of no more than nine (9) semester hours of transfer work and non-degree work may be applied toward a master's degree.

I. No more than nine (9) semester hours in workshop or conference credit may be applied toward a master's degree.

IV. The Master's Committee

The student's work toward the master's degree is supervised by a departmental committee composed of a chairman and two members recommended by the department chairman and appointed by the Graduate Dean.

V. The Minor Field

If a minor field is required in the master's program, it shall consist of a minimum of nine (9) semester hours of course work.

VI. The Master's Thesis

Although the degree of Master of Arts usually entails the writing of a thesis, the thesis requirement is optional with the departments for the Master of Science and the Master of Education degrees. Students intending to pursue a degree higher than the master's are encouraged to write a thesis.

A separate bulletin outlining University requirements concerning the preparations of theses is available in the Graduate Office.

VII. Examinations

A. The aptitude phase of the **Graduate Records Examinations** or the **Graduate Management Admission Test** is required for admission into the Graduate School. Individual departments may require the advanced area tests.

B. The Graduate School Foreign Language Test is required for some master's degrees, particularly the Master or Arts. Languages other than French, German, Spanish, and Russian must be approved by the department chairman and the Graduate Dean. Students may procure the proper registration forms in the Office of the Director of Student Counseling.

C. In addition to regular examinations, final comprehensive examinations are required for master's degrees. The major department will determine whether the comprehensive examination will be written or oral or both. The written comprehensive, if required, will be prepared by the student's committee and will cover the area of the major field. If an oral examination is required, the chairman of the student's committee will send written notices of the time and place of the examination. Comprehensive examinations, whether written or oral, will be administered no later than the last week of the quarter in which the student expects to receive his degree and the results reported by the department chairman to the Registrar and to the Graduate Office no later than the last day for presenting signed

theses to the Graduate Office. The examination may be administered earlier in the quarter if the department so desires. A student who fails the comprehensive examination may not retake the examination until its next regular administration and may repeat the examination only once.

SPECIALIST'S DEGREE REQUIREMENTS

The specialist's degree earned in the Departments of Educational Administration and Supervision, Business Education, Curriculum and Instruction, Counseling Psychology and Counselor Education, Home Economics Education, Music Education, Research and Human Development, Science Education, and Special Education provides sixth-year programs designed to prepare students for positions in school administration, advanced technical education for business, teacher training, counseling, and to develop research and evaluation specialists for the public schools. Individual programs and requirements are fully described in the departmental sections of this **Bulletin.**

Students who are seeking the specialist's degree must meet all degree requirements relating to the master's degree, must earn at least thirty (30) semester hours beyond the master's degree, must write an acceptable thesis and defend it on an oral examination, and must complete one full-time quarter of residence taking all nine (9) semester hours on the Hattiesburg campus.

A maximum of nine (9) semester hours in workshop or conference credit may be applied toward a specialist's degree.

THE MASTER OF PHILOSOPHY DEGREE REQUIREMENTS

The Master of Philosophy (M.Ph.) provides a directed degree beyond the master's in a subject area and is intended primarily for teaching careers in high schools and junior colleges. At present the Southern Association of Colleges and Schools requires that "in all colleges at least forty percent of the teaching faculty should possess professional preparation equivalent to two years of advanced study beyond the bachelor's degree." This degree more than fulfills this requirement and in addition provides an intermediate stepping stone for the student who wishes to pursue the Doctor of Philosophy at a later time. (Students in English and history should refer to the departmental sections where the complete requirements for these disciplines are described.)

General Requirements

I. The program consists of a minimum of thirty (30) hours of work beyond the master's degree or sixty (60) semester hours beyond the bachelor's degree in one subject matter area of which no more than four (4) hours can be in thesis research. With departmental permission, a related minor of nine (9) semester hours can be elected. At least one-half of the work in both the major and minor areas must be in courses numbered 600 or above. No more than twelve (12) quarter or nine (9) semester hours by extension or transfer can apply to the degree nor is any institute or project credit applicable. Junior college teachers can substitute a course in the philosophy and administration of the junior college for one of their minor area courses.

II. Proficiency in a foreign language or, with departmental permission, in computer science and/or statistics is required unless the student's master program includes such a requirement.

III. One quarter of full-time work on the Hattiesburg campus constitutes the residency requirement for the degree.

IV. A departmental qualifying examination, a thesis of considerable scope, a written comprehensive examination covering the entire discipline, and a final oral examination of the thesis are required.

V. Since the work done for the Master of Philosophy degree is applicable to the Doctor of Philosophy degree, it can be awarded only by departments authorized to grant the Doctor of Philosophy degree, and all departments presently so authorized are permitted to grant the Master of Philosophy.

Completion of the Doctor of Philosophy Degree

1. In order to achieve the Doctor of Philosophy degree the student holding a Master of Philosophy degree must take at least twenty-seven (27) additional hours of course work, of which nine (9) semester hours may be in research leading to the dissertation and of which eighteen (18) must be in courses numbered 600 or above.
2. He must spend three (3) consecutive quarters of full-time study on the Hattiesburg campus in order to fulfill the residency requirement.
3. He must achieve proficiency in a second language (or in computer science and/or statistics) if he has not previously done so.
4. He is required to take a rigorous written examination in the specialized area of his discipline in which he plans to write his dissertation.
5. He must write an acceptable dissertation and defend it orally.

DOCTORAL DEGREE REQUIREMENTS

A convenient checklist of doctoral degree requirements may be procured in the Graduate Office.

I. Credit Hours

All doctoral degrees entail a minimum of seventy-eight (78) semester hours of course work beyond the bachelor's degree or forty-eight (48) semester hours of course work beyond the master's degree.

II. Time Limitations

Courses taken above the master's degree or its equivalent which will fit into the degree program but which are six or more years old at the time of admission to the advanced graduate program may be counted toward meeting degree requirements when recommended by the department chairman and approved by the Graduate Dean.

The degree requirements must be completed within a period of six years after the student has been admitted to advanced graduate standing at the University of Southern Mississippi.

III. Credit Hour Limitations

- **A.** A minimum of thirty-two (32) semester hours of work beyond the master's degree must be earned on the University's Hattiesburg campus.
- **B.** Transfer of credit for graduate work done at other institutions must be approved by the department chairman and Graduate Dean. Final evaluation of and acceptance of transfer credit will not be made until the student has been in residence for one quarter. Transfer of credit for doctoral degree programs is limited to not more than six (6) semester hours or nine (9) quarter hours beyond the master's degree. Exceptions to this restriction may be made with the approval of the department chairman and the Graduate Dean.
- **C.** No credit earned in workshop or conferences can be applied toward a doctoral degree.
- **D.** No more than nine (9) semester hours earned as a non-degree graduate student may be applied toward a doctoral degree.

IV. Residency

The residence requirement for a doctoral degree consists of three consecutive quarters during which the student devotes his full time to graduate work and so earns a minimum of nine (9) semester hours of credit for each of the three quarters.

A student who holds a fellowship or an assistantship may fulfill this residence requirement by earning a total of twenty-seven (27) hours of credit during consecutive quarters on the Hattiesburg campus of the University. The summer quarter may be counted in this sequence at the option of the candidate. A student may not fulfill the residency requirements if he is employed in a regular position.

V. The Doctoral Committee

The student's work toward the doctoral degree is supervised by a departmental committee composed of a chairman and four members recommended by the department chairman and appointed by the Graduate Dean.

VI. The Minor Field

If a minor field is required in the doctoral program, it shall consist of twelve (12) semester hours of course work and may consist of courses from a number of related areas.

VII. Examinations

A. The aptitude phase of the **Graduate Record Examinations** or the **Graduate Management Admission Test** is required for admission into the Graduate School. Individual departments may require the advanced area tests.

B. The Miller Analogies Test is a departmental option for doctoral students in the College of Education and Psychology.

C. The foreign language and statistics requirements for the doctoral degree may be fulfilled in several ways:

1. The Doctor of Education degree does not require foreign language proficiency. However, the student must establish proficiency in statistics or computer science either by examination or by completing a prescribed course sequence, the credit hours for which do not apply toward the degree. Doctor of Music Education students refer to doctoral programs in music education.

2. The Doctor of Philosophy degree requires either (a) proficiency in two languages, (b) proficiency in one language and in statistics or computer science, or (c) proficiency in one language and the completion of a nine-hour minor, the hours for which do not apply toward the degree. The procedure for satisfying proficiency in a specific computer language has been approved by the Graduate Council and is administered by the Department of Computer Science and Statistics.

   A request to use a language (including native language) other than French, German, Spanish, or Russian shall present evidence of research reported in the language, e.g., a bibliography, and evidence of the purpose to which the language will be put in the doctoral dissertation and be approved at each level of: Major Professor, Department Chairman, Dean of the School, Language Committee of the Graduate Council, and the Graduate Council. A score of 460 or above is considered proficient on the standardized Princeton Examination in French, German, Spanish, and Russian.

   Foreign language proficiency will be accepted from another institution provided the examination was a part of a completed degree program. A student may satisfy the option of a foreign language by successfully completing at least nine (9) semester hours (or equivalent proficiency) in an approved foreign language with grades of C or better. The particular option followed by the student must have the approval of the department chairman and the Graduate Dean. Since the purpose of the foreign language requirement is to assist in the conduct of the major research, the requirement will be met prior to the approval of the dissertation proposal. (Adopted February 14, 1977.)

D. All students must have a written and/or oral doctoral qualifying examination in their field,and in the College of Education and Psychology in the **Foundations of Education** as well. This examination should be taken during the first or second quarter of the student's enrollment and is designed both to judge the student's fitness to pursue doctoral work and to guide his advisory committee in planning his program. The qualifying examination may be retaken only once.

E. At the completion of his course work and other examinations, the doctoral student is required to take a written and/or oral comprehensive examination in his major and minor field. If a student does unsatisfactory work on the comprehensive examinations, he may be granted a second examination at the next regularly scheduled time, or later. His committee will recommend the conditions to be met before the examination may be repeated. The comprehensive examinations may be retaken only once.

F. After the dissertation has been accepted and after all required course work has been completed, but at least four weeks before the candidate is scheduled to receive his degree, a final oral examination on the dissertation and related fields will be conducted by the student's advisory committee and any other faculty members designated by the Graduate Dean. The examination will be open to any member of the graduate faculty.

VIII. The Dissertation

A. The dissertation topic must be approved by the student's major professor and advisory committee and must be an original and significant contribution to knowledge in the chosen field.

B. A separate bulletin outlining University requirements concerning the preparation of dissertations is available in the Graduate Office.

C. The student should register for 898—**Dissertation**—during the quarter in which he defends his dissertation.

IX. Documents

The doctoral student must file a number of documents with the Graduate Office.

A. After his doctoral committee has been appointed and his qualifying examination completed but before he has passed twenty-seven (27) hours of doctoral course work, he should prepare in conjunction with his adviser a "Doctoral Planning Sheet," one copy of which is to go to each member of his committee and two copies to the Graduate Office.

B. After the student has completed all the requirements for the doctoral degree other than the dissertation but at least one quarter prior to graduation he should file two copies of the "Applicaton for Candidacy" form with the Graduate Office and one copy with his adviser.

C. The student should present two copies of the "Applications for Degree" form, properly stamped by the Business Office, to the Graduate Office during the quarter preceding that of graduation.

D. When completed, the student's file in the Graduate Office should contain, in addition to the three documents described above, statements from his adviser and/or department chairman appointing his doctoral committee, approving his dissertation prospectus, and verifying the successful completion of his qualifying and comprehensive examinations and dissertation defense. Also contained in his file should be statements of proficiency in language and/or statistics.

COLLEGE OF BUSINESS ADMINISTRATION

Joseph A. Greene, Jr., Dean
Howard O. Jackson, Assistant Dean
Henry A. Gottleber, Coordinator of Graduate Studies

PURPOSE

One of the objectives of the College of Business Administration is to provide quality education at the master's degree level for those currently working in business, military personnel with a need for education in management, and college graduates who intend to pursue further graduate work elsewhere or add to their knowledge before entering the business world.

To achieve its objective the College has recruited qualified graduate faculty and limits its students to those who demonstrate good potential for doing graduate work.

DEPARTMENTS AND GRADUATE DEGREE PROGRAMS

The College of Business Administration offers the following graduate degree programs: a Master of Business Administration, a Master of Science in Accounting, and a Master of Science or Master of Arts in Economics. In addition, the College cooperates with the University of Southern Mississippi-Gulf Park in offering a Master of Business Administration on the Gulf Coast and assists in administering a Master of Science in Telecommunications Management. The Telecommunications Management program was designed primarily for Air Force personnel through sponsorship of the Air Forces Institute of Technology, but has attracted a number of employees of private industry with technical backgrounds. The University of Southern Mississippi—Natchez offers a Master of Science with a major in Management.

Inquiries concerning the graduate programs may be addressed to Coordinator of Graduate Studies, College of Business Administration, Southern Station, Box 96, Hattiesburg, Mississippi 39401. For the two programs at USM—Gulf Park the inquiries should be addressed to Coordinator of Graduate Business Studies, USM—Gulf Park, Long Beach, Mississippi 39560. Information on the program at USM—Natchez may be secured from the Coordinator of Business, USM—Natchez, Natchez, Mississippi 39120.

On the Hattiesburg campus a number of graduate fellowships are available. Students with good undergraduate records are encouraged to apply at the time they apply for admission to the Graduate School. To be considered, the student must normally have a 3.0 average on his last two years of undergraduate work and an acceptable score on the **Graduate Management Admission Test.**

ADMISSION STANDARDS

Regular admission is normally granted to applicants who graduated from colleges and universities approved by a recognized accrediting agency whose official transcripts and test scores on the **Graduate Management Admission Test** total a minimum of 1000 points based on the formula: 200 times the grade-point average of the last two years of undergraduate study (4.0 scale), plus the GMAT score. Either low grades on important subjects or a low test score may prevent admission even if the standard is met.

Conditional admission is granted to students who do not meet the above criteria but are considered good prospects for graduate study. The conditional graduate student must make grades of **B** or better on each of the first three graduate courses taken to qualify for regular admission. Only a limited number are admitted on this basis.

A graduate student admitted to the Graduate School of the University on a non-degree basis must take the **Graduate Management Admission Test** during his first quarter of attendance and make official application to the College of Business Administration if he wishes to continue his graduate work for a degree. No more than nine (9) semester hours earned while classified as a non-degree graduate student may be applied toward a graduate degree from the College.

Transfers from other graduate schools, including USM—Natchez, must meet the admission requirements outlined above. In addition, no more than six (6) semester hours of appropriate transfer credit with grades of **B** or above are accepted. The exception to this rule is USM—Gulf Park since those courses are taught primarily by graduate faculty from the College. The student who takes courses at both campuses will be granted the USM—Hattiesburg or USM—Gulf Park degree depending upon where the majority of his classes are taken.

DEGREE REQUIREMENTS

The student must complete a minimum of thirty-three (33) semester hours of prescribed work with a **B** average for all degrees except the Master of Science in Telecommunications which requires thirty-six (36) semester hours.

DEGREE PROGRAMS IN BUSINESS ADMINISTRATION

Master of Business Administration

The Master of Business Administration program is primarily designed to prepare the student for a position of responsibility in business or industry. However, it is also used as preparatory graduate work for the doctoral degree or for teaching in junior colleges where a teaching certificate is not required. The program is broad in nature and aimed at developing general competence in overall management.

Research reveals that individuals with technical or other specialized degrees frequently discover that, after experiencing initially satisfying careers in their specialities, further promotions require a transition into the managerial area. The M.B.A. program supplements the education of the specialist and should enable him to make the transition more readily. For this reason, the M.B.A. program includes many students with undergraduate degrees in other fields as well as those who majored in business or economics as undergraduates.

The student who did his undergraduate work in some other field will have to spend additional time making up his deficiencies. Courses which are considered as definite prerequisites to the program are principles of accounting, principles of economics, and at least one course in each of the following fields: management, marketing, business finance, and statistics. The major professor may ascertain other deficiencies upon examination of a transcript. A student who is deficient in these requirements may be allowed to remove the deficiency while doing graduate work provided that the undergraduate prerequisites of the specific graduate courses to be taken have been fulfilled.

The requirement for the Master of Business Administration degree may be completed in an academic year by the student who has graduated from an approved curriculum in a department or school of business and is exceptionally strong academically. Ordinarily the student spends a full calendar year completing the requirements.

A field emphasis may be taken in accounting, economics, finance, management, or marketing. A student who uses one of the curriculum courses in his field emphasis must substitute an acceptable 600 level course in another field in the curriculum. Master of Business Administration degree candidates are permitted to include a maximum of one 500 level course in their program.

The degree will be conferred upon candidates who (1) meet the general requirements of the Graduate School, (2) complete the special curriculum requirements as outlined below, and (3) pass an oral and/or written examination unless excused for exceptional performance.

Curriculum Requirements	Hours		Hours
*ACC 625	3	*MGT 625	3
*ECO 605 or 625	3	MGT 670	3
**ECO 620	3	*MKT 625	3
*FIN 625	3	Field Emphasis	6
FIN 685	3	Electives	3
			33

*A student with an undergraduate degree in accounting, economics, finance, management, or marketing will make a proper substitution for the course in his department upon advice of his chairman.

**Management 615 may be substituted, especially by those students taking a field emphasis in management.

Master of Science in Accounting

The Master of Science in Accounting program is designed to prepare students for professional accounting positions in industry, government, and public accounting. It may likewise be used as preparatory for additional graduate work at the doctorate level. It differs from the M.B.A. degree in that it is more highly specialized and directed precisely to the discipline of accounting. In addition to the accounting curriculum requirements, this program requires one minor field of twelve (12) hours which permits the student to pursue an in-depth study of a related discipline of his choosing.

All the undergraduate requirements for the M.B.A. also apply for this program.

Curriculum Requirements	Hours		Hours
ACC 605	3	ACC Electives or Thesis	6
ACC 610	3	Minor Requirements	12
ACC 620	3	Electives or Thesis	6
ACC 630	3		33

(Thesis is optional for Master of Science only)

Master of Arts or Master of Science in Economics

The Department of Economics offers the master's degree in economics for those students primarily from the College of Liberal Arts who did not take the undergraduate prerequisites for the Master of Business Administration but wish to do advanced work in economics or for the business graduate who wishes to specialize in the field. The purpose of either degree is to prepare students for positions as economists in education, business, or government, or give them background for doctoral work at another university.

There is no language requirement for a Master of Science degree and the thesis is optional. The Master of Arts degree requires proficiency in an approved foreign language and a thesis.

Several advanced undergraduate courses which have been designed to provide appropriate instruction in economics to students from other major fields may be taken for graduate credit. A minimum of eighteen (18) hours must be taken at the 600-level.

The recommended graduate minor in economics constitutes a systematic study of the economic environment in which we live. It consists of ECO 606, 608, and two prescribed electives.

To promote scholarship, fellowship, and the advancement of economics, all graduate students are encouraged to participate in the activities of the Economic Society, a student organization. Graduate students who qualify may be offered membership in Omicron Delta Epsilon (Artus), the national honorary economics society.

Curriculum Requirements	Hours		Hours
ECO 606	3	Minor Requirements	12
ECO 608	3	Electives or Thesis	6
ECO 610	3	(Thesis is optional for	—
ECO Electives	3	Master of Science only)	33

Master of Science in Telecommunications Management

The Master of Science in telecommunications management is an interdisciplinary program consisting of a major in management taught by the graduate faculty of the College of Business Administration, and a technical minor taught by qualified Air Force officers who have been approved as adjunct graduate faculty members at the University of Southern Mississippi. The purpose of the program is to provide the managerial and technical knowledge and skills necessary to function at the executive level in the management of technical communications and electronics systems in both military and civilian sectors.

An undergraduate degree in any of a wide variety of areas from any accredited university is acceptable for admission.

The Master of Science in telecommunications management is offered only by USM-Gulf Park, under the academic direction of the College of Business Administration.

COLLEGE OF EDUCATION AND PSYCHOLOGY

Eric M. Gunn, Dean
N. Hugh Fruge', Assistant Dean
Herman Boroughs, Coordinator of Graduate Studies

Requirements for Admission to Graduate Programs

Admission to the Graduate School for study in the College of Education and Psychology requires a specific grade point average, and an appropriate GRE score. (See General Admission Requirements.) Any individual who does not meet the general admission requirements may request additional consideration of his application by appealing to the appropriate department chairman. He may be admitted to a graduate program if he receives the approval of the department chairman, the Dean of the College of Education and Pyschology, and the Dean of the Graduate School.

Anyone holding a bachelor's degree from an accredited institution may be admitted as a non-degree graduate student. A non-degree graduate student is not considered to be in a graduate program leading to a degree. If the student demonstrates proficiency in graduate work, he may make application for a graduate degree program and, if approved, the student may use up to nine (9) semester hours of work taken as a non-degree graduate student in the degree program.

Those applicants who wish to study for a master's degree in any area of professional public school work should study for the Master of Education degree, and, therefore, must first hold or qualify to hold a Class A teaching certificate based on a baccalaureate degree in the area in which they wish to concentrate. A Master of Education degree applicant who does not yet qualify for an A certificate may be admitted to the Graduate School, but must meet the requirements of the State of Mississippi for an A certificate in teaching before the degree will be awarded. However, upon the recommendation of the departmental chairman, the Dean of the College of Education and Psychology may waive the requirements of satisfying certification requirements for those students currently employed or preparing for employment in junior or senior colleges, non-public institutions, or positions not requiring certification. In the event that certification requirements are waived, it is incumbent upon the student to recognize this limitation upon the scope of the areas within which he might seek employment in the future.

In the College of Education and Psychology, the minimum requirement for a master's degree is thirty-six (36) semester hours; the specialist's degree requires a minimum additional thirty (30) semester hours; and the doctoral degree requires a minimum of eighty-four (84) semester hours beyond the bachelor's degree.

Degree Programs Offered

The College of Education and Pschology offers graduate programs at three levels: master's degree, specialist's degree, and doctor's degree.

Master's Degrees: Master's degrees are offered in the following departments, with majors as indicated:

Department of Business Education
- Master of Science
- Master of Education

Department of Counseling Psychology and Counselor Education
Master of Education in School Counseling
Master of Science in
College Counseling
Counseling Psychology
Department of Curriculum and Instruction
Master of Education in
Elementary Education
Early Childhood Education
Secondary Education
Master of Science in
Reading
Secondary Education
Department of Educational Administration and Supervision
Master of Education in
Educational Administration and Supervision
Department of Industrial and Vocational Education
Master of Science
Department of Psychology
Master of Science
Master of Arts
Department of Research and Human Development
Master of Education
Department of Science Education
Master of Science
Master of Education
Department of Special Education
Master of Education

Specialist's Degrees: Specialist's degrees are offered in the following departments, with majors as indicated:

Department of Business Education
Business Education
Department of Counseling Psychology and Counselor Education
Counseling and Guidance
Department of Curriculum and Instruction
Elementary Education
Secondary Education
Department of Educational Administration and Supervision
Educational Administration and Supervision
Department of Industrial and Vocational Education
Industrial and Vocational Education
Department of Research and Human Development
Adult Education
Educational Research
Educational Media and Technology
Department of Science Education
Science Education
Department of Special Education
Special Education

Doctoral Degrees: The following departments offer the Doctor of Education and/or the Doctor of Philosophy degrees:

Department of Counseling Psychology and Counselor Education
Department of Curriculum and Instruction
Department of Educational Administration and Supervision
Department of Psychology
Department of Research and Human Development
Department of Science Education
Department of Special Education

DEPARTMENT OF BUSINESS EDUCATION (BED — 105)

The Department of Business Education offers programs of study leading to the Master of Science degree in business education, the Master of Education degree in business education, certification in cooperative office education, certification in distributive education, and a specialist's degree in business education. Persons who plan to teach business subjects in junior and senior colleges, who desire certification in cooperative office education, or who desire additional training for employment in the business world can find a program suited to their professional goals. A person pursuing any one of these programs should have completed an undergraduate major in business teacher education. Candidates not having completed this major must become eligible for Class A certification as a business teacher as a prerequisite to the completion of all requirements for the first three programs listed. To be eligible for admission to the specialist's degree program, a person must present evidence of satisfactory scholarship in undergraduate and graduate study, hold a master's degree with a major in business education, have a well-defined professional goal, and meet other admission requirements of the University. The department requires a minimum score of 750 on the **Graduate Record Examinations** for admission to the master's degree program and a minimum score of 800 for admission to the specialist's degree program. Applicants must also meet general requirements for the Graduate School.

The appropriate master's degree will be conferred upon candidates who (1) meet the general requirements of the Graduate School and of the Department of Business Education; (2) complete the special curriculum requirements outlined below; and (3) pass an oral examination. In addition, a comprehensive written examination covering course content may be required by the Department of Business Education. A thesis is optional.

The specialist's degree will be conferred upon candidates who satisfactorily complete items (1) and (2) in the preceding paragraph, pass oral and written examinations, and complete a research problem.

A business student seeking the Doctor of Education or the Doctor of Philosophy degree may major in secondary education with an emphasis in business education and earn the degree through the Department of Curriculum and Instruction.

CURRICULUM FOR COORDINATORS OF BUSINESS AND OFFICE EDUCATION PROGRAMS

Persons who hold a Bachelor of Science degree with a major in business teacher education may take the three courses listed below to become certified as coordinators of business and office education programs.

Curriculum Requirements

Vocational Business Education:	Hours
BED 552, BED 553, and BED 670	9

SPECIALIST'S DEGREE

Curriculum Requirements

As part of the requirements for the specialist's degree with a major in business education, a student must maintain satisfactory scholarship in completing the following course work:

1. **Required Courses in Basic Education or Equivalent** — **15 Hours**

Select Five:	Hours		Hours
a. RED 601	3	d. CIF 607	3
b. CIF 604	3	e. EPY 740	3
c. CGE 610	3	f. CIF 632	3

2. **Area Major** (Specialization in BED) 21

a. BED 604 3
b. BED 651 3
c. Select two:
BED 653, BED 654, BED 655, or BED 656 6
d. BED 701 3
e. Select one:
BED 750 or BED 760 3
f. BED 798 3

3. Related Field **15 hours**

The related field selected should both complement and supplement the major area in rounding out the preparation for one of the career goals of the specialist's program: i.e., (a) advanced technical education for business; (b) teacher education; or (c) administration and supervision. Course credits earned in the basic courses in education are not applicable to the related field.

With the approval of the candidate's advisory committee, a related field may be selected from one of the following; (a) school administration; (b) guidance; (c) educational psychology; (d) vocational education; (e) techniques (research, statistics, and tests and measurements); (f) secondary education.

Also with the approval of the candidate's advisory committee, a combination of courses selected primarily from the foregoing fields may constitute a related field provided such selection contributes directly to the career goal of the candidate.

4. Outside Minor; field other than education **12 hours**

A candidate pursuing the specialist's degree with a major in business education pursues an outside minor in business administration and/or economics.

5. Elective Courses; eight (8) semester hours provided minimum hours are taken in the basic, related, and minor areas. **0-8 hours**

Electives should be selected with approval of adviser to strengthen the candidate's preparation for his chosen career goal.

Scholarship and Examination

In addition to achieving acceptable scores on admission examinations and maintaining satisfactory scholarship through the course work, a candidate will be required to achieve satisfactorily in both written and oral comprehensive examinations in business education.

Completion of Work for Degree

A candidate must complete the requirements for the specialist's degree within six years from the date of admission to candidacy.

DEPARTMENT OF COUNSELING PSCYHOLOGY AND COUNSELOR EDUCATION

(CPY - 140)

The Department of Counseling Psychology and Counselor Education offers programs at the master's, specialist's, and doctoral levels. Curricular tracks are designed to provide specialized preparation at the respective levels appropriate to populations served in community agencies, elementary and secondary schools, and in colleges and universities.

MASTER'S PROGRAM

Admisson Admission to master's programs is based upon the previous academic record, scores on the **Graduate Record Examinations,** and recommendations. Minimum requirements for regular admission require a combined score of 800 on the Aptitude Section of the GRE and a grade point average of 2.75 or better on the last 60 hours of undergraduate work. Upon recommendation of the Admissions Committee, conditional admission may be granted if the student has a GPA between 2.50 and 2.75

and a combined score of 900 or better on the GRE or a GPA of 3.00 or better and a combined score on the GRE of at least 650.

Admission to Candidacy Candidacy is based upon satisfactory completion of CPY 612, 614, and 660.

Application for Graduation Graduation is based upon:

1. Completion of required coursework in respective program.
2. Satisfactory completion of comprehensive examination.
3. Satisfactory performance in the counseling practicum.

The following master's degree programs are offered:

The Master of Education in School Counseling This is designed to meet academic and professional requirements for Class AA certification in school counseling, K-12. Elementary counselors also currently meet Class AA elementary certification requirements. Separate curricula are specified for elementary and secondary counselors. A Class A teaching certificate based on a baccalureate degree is prerequisite for admission.

Secondary Level - Required Courses

CPY 660	3	CPY 760	3
CPY 696	3	CPY 791	3
CPY 710	3	Elective Courses	12

Total Requirements: 48 semester hours plus the psychological foundations competency requirement*

*Psychological foundations competency may be met through making a score of 500 or better on the Advanced Psychology Section of the GRE, or through taking an additional 12 hours of graduate courses from a specified list in psychological foundations.

SPECIALIST'S DEGREE

The department offers the specialist's degree in Counseling with emphases in (1) School Counseling and (2) College Counseling and Personnel Work. As a sixth year advanced degree program, the specialist's curriculum presupposes a master's degree in counseling or its equivalent and requires completion of an approved program of study including a minimum of thirty (30) hours credit beyond the master's degree, or sixty-six (66) semester hours beyond the baccalaureate degree.

The curriculum for the specialist's degree is purposely designed to be flexible in order that candidates may develop greater specialization in an area related to their individual professional goals. Included in the course of study is a minimum of nine (9) semester hours credit in cognate areas and an approved field study. The general requirements for the specialist's degree are as follows:

Admission:

Minimum requirements for regular admission require a combined score of 850 on the Aptitude Section of the **Graduate Record Examinations** and a grade point average of 3.25 on previous graduate work. Upon recommendation of the Admissions Committee, conditional admission may be granted if the student has a GPA of at least 3.00 on previous graduate work and a combined score or 950 or better on the GRE or a GPA of at least 3.50 on previous graduate work and a combined score of at least 750 on the GRE. In addition applicants must:

1. Hold or qualify to hold a Class AA certificate in school counseling (school counseling majors only).
2. Have two years of counseling experience.
3. Furnish letters of recommendation from the supervisor of the master's level practicum experience and from the most recent employer.

Admission to Candidacy

1. The application to candidacy must be submitted upon the completion of nine (9) to twelve (12) semester hours of course work in the department beyond a master's degree in counseling or its equivalent.
2. Satisfactory completion of the qualifying examination.

Application for Graduation Graduation is based upon:

1. Completion of an approved program of studies containing a minimum of thirty (30) semester hours credit beyond a master's degree in counseling or its

equivalent or sixty-six (66) semester hours beyond the baccalaureate degree.
2. Satisfactory completion of a comprehensive examination.
3. Satisfactory completion and defense of the field study.
4. Satisfactory performance in advanced practicum.

DOCTOR OF PHILOSOPHY

The department offers the Ph.D. degree in Counseling Psychology. A balanced scientist-practitioner model provides the basic orientation for program planning. Such a model emphasizes the interrelatedness of theory, research and psychological practice.

Minimum course requirements for the doctorate are 90 semester hours not including research tools, dissertation, and internship. A minimum of 40 semester hours is required in the counseling component and a minimum of 30 semester hours is required in psychological foundations. Electives may be utilized to develop specialization appropriate to community, college and university, or elementary/secondary school settings.

Admissions The department admits 10-12 new students each year (based on a ratio of approximately one student for each full-time equivalent faculty member). Applications are processed once per year in the Spring Quarter for Summer or Fall Quarter admission. In reviewing applications, the committee will consider the following:

(a) Aptitude scores on the **Graduate Record Examinations**
(b) Previous grade point average
(c) Recommendations of professors and professional employers/supervisors
(d) Previous work experience
(e) Ratings from on-campus interview
(f) Research and publications

Minimum Admission Requirements

Regular: a minimum grade point average of 3.50 on previous graduate work and a combined score of 1000 on the Aptitude Section of the **Graduate Record Examinations.**

Conditional: where granted, conditional admissions will be reserved for applicants who do not meet all of the regular admission requirements but who present evidence of outstanding potential for doctoral study. Such applicants must have a grade point average of at least 3.50 on previous graduate work and a GRE score no lower than 900 or a grade point average between 3.25 and 3.50 and a GRE score of at least 1000.

Qualifying Examinations

Will usually be taken during the second quarter of doctoral study. Under special circumstances, the qualifying examination may be delayed one quarter, upon recommendation of the major adviser.

Comprehensive Examinations

Will be scheduled by individual appointment during or after the last quarter in which the student is enrolled in courses listed on the approved course of study and will consist of written and/or oral questions.

Residency

Completion of the minimum residency requires full-time on-campus study for three consecutive quarters. Due to the clinical nature of the training involved in the program, it is highly recommended that students not apply until they can remain in

residency for at least two years. During the initial three quarters of residency, students are expected:

1. To carry a minimum course load of nine (9) semester hours per quarter for three consecutive quarters or, in the case of a student on one-half time University fellowship, twenty-seven (27) semester hours work in consecutive quarters.
2. To participate in a variety of credit and non-credit departmental activities including three quarters of CPY 810, laboratory and practicum experiences, individual case work, field trips and other related professional activities.
3. To be relieved of job responsibilities with off-campus employers.

Internship

One year of pre-doctoral internship experience is required. Doctoral internships involve fulltime responsibilities and are usually paid.

DEPARTMENT OF CURRICULUM AND INSTRUCTION

The Department of Curriculum and Instruction includes the areas of elementary education, early childhood education, reading, and secondary education. The department offers the following graduate degrees in the areas indicated:

Master of Education
- Elementary Education
- Early Childhood Education
- Secondary Education

Master of Science
- Reading
- Secondary Education

Specialist in Education
- Elementary Education
- Secondary Education
- Reading

Doctor of Education, Doctor of Philosophy
- Elementary Education
- Secondary Education

Only candidates holding a Class A certificate, or who exhibit willingness to meet Class A certification requirements at the undergraduate level prior to completion of a graduate degree program, will be admitted to the Department of Curriculum and Instruction. However, upon the recommendation of the departmental chairman, the certification requirement may be waived for a student pursuing a graduate degree in the area of secondary education who is currently employed or preparing for employment in a junior or senior college, non-public institution, or for a position not requireing certification. In the event the certification requirement is waived, it is incumbent upon the student to recognize this limitation upon the scope of the areas within which he might seek employment in the future.

The Department of Curriculum and Instruction strongly recommends that a student gain teaching experience before completing the latter two-thirds of his master's degree program. No student will be eligible to receive a specialist's degree until he has completed at least one year of teaching experience. Three years of teaching experience is a requisite for a doctor's degree.

MASTER'S PROGRAMS

The Department of Curriculum and Instruction offers master's degrees in elementary education, early childhood, reading, and secondary education.

The program of study at the master's degree level is designed to increase the professional competency of the classroom teacher and to provide the course work

necessary to meet standards of teaching certification at this advanced level.

The master's program requires admission to a particular program, appointment of a graduate adviser, completion and submission of four copies of the application form for a master's degree at least one quarter in advance of the date of graduation, and successful completion of the comprehensive examination.

ADMISSION REQUIREMENTS

In order to be admitted on a regular basis to a master's degree program, an applicant must have a grade point average of at least 2.75 (figured on an A equals 4.0 scale) for the last two years of undergraduate study. In addition, the applicant must make a combined score of at least 750 on the Aptitude Section (verbal and quantitative) of the **Graduate Record Examinations.**

If an applicant does not meet the above requirements for regular admission, he may be admitted to a master's degree program on a conditional basis in one or two ways:

1. By having a combined score of at least 750 on the Aptitude Section of the **Graduate Record Examinations** and by having a grade point average no lower that 2.5, or
2. By having a grade point average of at least 2.75 if he has scored lower than 750 on the Aptitude Section of the **Graduate Record Examinations.**

CPY 610	3	EPY 740	3

In addition to the above eighteen (18) hour core requirement of Plan I and Plan II, a **minor** of at least eighteen (18) hours must be taken in one of the following subject areas:

Art	Comunication
Biology	Theatre Arts
Chemistry	Geology
Physics	Industrial Arts
English	*Mathematics
Foreign Languages	**Science
	***Social Studies

*Courses in computer science and statistics may be included in this area with the approval of the department chairman.

**A combination of science courses may be used if the adviser determines that

the need exists.

***Courses may be taken in any one or a combination of the following areas: history, geography, political science, sociology, and economics.

Under certain conditions, other minors may be selected with the approval of the department chairman.

SPECIALIST'S PROGRAMS

The Department of Curriculum and Instruction offers specialist's degrees in elementary education, reading, and secondary education. In addition to specializing in a particular subject field(s), the elementary education student has the option of specializing in early childhood education or reading providing he has taken, or is willing to take, the necessary prerequisite course work in early childhood education or reading.

A person seeking a specialist's degree in reading can choose one of three major areas: college reading/study skills, curriculum and supervision in reading, and clinical aspects of reading.

Entrance into a particular specialist's degree program presupposes that the student has completed (or is willing to complete) the course work required at the master's degree level.

As a sixth year program, the specialist's degree program requires admission to a particular program, appointment of a graduate adviser and committee, submission of an approved program of studies, and completion of an approved research study.

ADMISSION REQUIREMENTS

In order to be admitted on a regular basis to a specialist's degree program, an applicant must have a grade point average no lower than 3.25 on previous graduate work and a combined score of at least 800 on the Aptitude Section (verbal and quantitative) on the **Graduate Record Examinations.** If an applicant does not meet the above requirements for regular admission, he may be admitted to a specialist's degree program on a conditional basis in one of the two ways:

1. By having a grade point average no lower than 3.25 on previous graduate work and by having a combined score of at least 750 on the Aptitude Section of the **Graduate Record Examinations.**

In addition to the above fifteen (15) hour core requirement, a minor of at least fifteen (15) hours must be taken in one of the subject areas listed under the heading **Master of Education Degree** and **Master of Science Degree in Secondary Education.**

The specialist's program in secondary education consists of a minimum of 30 required hours.

DOCTORAL PROGRAMS

The Department of Curriculum and Instruction offers Doctor of Education and Doctor of Philosophy degrees in elementary education and secondary education. If a student desires to receive a Doctor of Philosophy degree he should follow one of the programs outlined in this section and, in addition, gain proficiency in a foreign language.

Instead of specializing in general elementary education, the student has the option of specializing in early childhood education or reading providing he has completed the necessary prerequisites prior to beginning doctoral study.

There are three distinct phases through which all students proceed in pursuit of the doctoral program. These include:

1. Phase One—involvement in procedures relative to gaining admission to a particular degree program; appointment of a major professor; successful completion of the qualifying examinations; and appointment of the candidate's doctoral committee.
2. Phase Two—involvement in procedures relative to the development of a tentative program of studies, acceptance of prospectus, successful completion of the foreign language requirement for students pursuing the Ph.D. degree, completion of the residency and course work requirements, successful completion of the comprehensive examination, and admission to candidacy for a doctoral degree.
3. Phase Three—involvement in procedures relative to approval of dissertation.

ADMISSION REQUIREMENTS

In order to be admitted on a regular basis to a doctoral program, an applicant must have a grade point average no lower than 3.5 on previous graduate work and a

combined score of at least 900 on the Aptitude Section (verbal and quantitative) of the **Graduate Record Examinations.**

If an applicant does not meet the above requirements for regular admission, he may be admitted to a doctoral program on a conditional basis in one of two ways:

1. By having a combined score of at least 900 on the Aptitude Section of the **Graduate Record Examinations** and by having a grade point average no lower than 3.25 on previous graduate work, or
2. By having a grade point average no lower than 3.5 on previous graduate work and by having a combined score of at least 850 on the Aptitude Section of the **Graduate Record Examinations.**

CIE 797 — Independent Study and Research. Hours arranged. Not counted as credit toward a degree.

CIE 898 — Dissertation.

In addition to completing the twenty-four (24) hour core requirement listed above, the student must complete at least twelve (12) hours in a subject field(s) and a minimum of nine (9) hours in cognate areas, preferably in the social and behavioral sciences. Students wishing to specialize in early childhood education or reading will take at least four courses (12 hours) in early childhood education or reading and a minimum of nine (9) hours in cognate areas, perferably in the social and behavioral sciences.

Electives should be chosen to complete a program consisting of a minimum of eighty-four (84) graduate hours, exclusive of the dissertation and statistics (RED 761 and RED 762), beyond the bachelor's degree. More than eighty-four (84) hours may be required in order to satisfy deficiencies which may exist in the student's background and preparation.

		AED 713	3

CIS 797 — Independent Study and Research. Hours arranged. Not counted as credit toward a degree.

CIE 898 — Dissertation.

The courses listed above will serve as a core program for students pursuing the doctoral degree in secondary education. The doctoral program consists of a minimum

of eighty-four (84) graduate hours, exclusive of the dissertation and statistics (RED 761 and RED 762), beyond the bachelor's degree. More than eighty-four (84) hours may be required in order to satisfy deficiencies which may exist in the student's background and preparation. Of the total number of hours required of a doctoral student in secondary education, approximately one-half must be taken in one of the subject area listed under the heading **Master of Education Degree** and **Master of Science Degree in Secondary Education.** With the approval of the department chairman, a student who will be assuming major responsibility for reading programs at the secondary school or college level may use reading as the subject area (minor) for his doctoral degree.

DEPARTMENT OF EDUCATIONAL ADMINISTRATION AND SUPERVISION (AED—130)

The programs of the major in educational administration encompass the full range of administrative positions and lead to the master's degree, the specialist's degree, and the doctor's degree. Programs at the master's degree level provide preparation in the elementary school principalship, the junior high school principalship, the high school principalship, and supervision of instruction. Programs at the specialist's and doctoral levels provide preparation for superintendency and central administrative staff positions. In addition, the program at the doctoral level provides preparation for college teachers in educational administration and persons desiring to prepare for administration in higher education.

The following course patterns for the different levels set forth only the minimum core requirements, and the electives selected to suit individual needs and objectives must be chosen with the advice and approval of the student's major professor. Therefore, it is mandatory that the student consult early in his program, and frequently thereafter, with his major professor concerning the selection of courses and sequence in which these courses will be taken.

DEPARTMENT POLICIES

The following departmental policies are supplementary to the rules and regulations of the University and the Graduate School as set forth elsewhere in this **Bulletin.**

PROGRAMS AND COURSES IN EDUCATIONAL ADMINISTRATION

MASTER'S PROGRAMS

Admission

Regular:

A minimum grade point average of 2.75 and a combined score of 750 on the Aptitude Section of the **Graduate Record Examinations.**

Conditional:

Departmental action provided the student has a score of 750 or above on the Aptitude Section of the **Graduate Record Examinations** and a grade point average no lower than 2.5 or a grade point average of 2.75 or above if the **Graduate Record Examinations** score is below 750.

Application for Graduation Graduation is based upon:

1. Completion of an approved program of studies consisting of a minimum of thirty-six (36) semester hours.
2. Satisfactory completion of the comprehensive examination.

Educational Administration

	Hours		Hours
RED 601	3	EPY 740	3

EPY 740	3	AED 698***	4

Electives—8 to 12 hours. One elective must be AED 630 or AED 634. The remaining courses are to be chosen from related areas subject to the approval of the student's major professor.

*Prerequisite: AED 600
**Prerequisite: AED 620
***Required only of students writing a thesis.

SPECIALIST'S DEGREES

Admission

Regular:

A minimum grade point average of 3.25 on previous graduate work and a combined score of 800 on the Aptitude Section of the **Graduate Record Examinations.**

Conditional:

A grade point average between 3.00 and 3.25 on previous graduate work and a **Graduate Record Examinations** score no lower than 800 or a grade point average no lower than 3.25 and a **Graduate Record Examinations** score between 750 and 800.

Application for Graduation Graduation is based upon:

1. Completion of an approved program of studies as determined by the student's committee and which may consist of more than the minimum thirty-three (33) semester hours of credit required for graduation.

2. Satisfactory completion of the comprehensive examination.
3. Successful defense of the research project.

PROGRAMS

The specialist's degree students must have completed all courses or their equivalent in the master's degree program. Those courses not taken must be completed but will not count as part of the specialist's program. Additional electives are required for previously completed required courses.

A minimum of nine (9) semester hours in cognate areas is required in all of the specialist's degree programs. The department defines cognate areas as those courses which broaden and complement the student's program which are outside the areas of professional education. These courses and other electives will be chosen with the approval of the student's major professor and additional hours may be required to satisfy deficiencies in the student's program.

Administration

AED 700, 704, 706, 710, 720, 736, 738, 798.
Total—24 hours.
Electives—9 hours in cognate areas.

Secondary Administration

AED 704, 708, 710, 738, 798.
Total —18 hours.
Electives—15 hours with 9 in cognate areas.

Elementary Administration

AED 704, 710, 720, 738, 798.
Total—15 hours.
Electives—18 hours with 9 in cognate areas.

Curriculum and Supervision*

AED 708, 720, 738, 798; CIF 632; CIE 728; CIS 708.
Total—21 hours.
Electives—12 hours with 9 in cognate areas. AED 604 or CIF 619 is required as the first elective if any of the above courses have been completed prior to entering this program.

*AED 600 and 620, CIF 607, and EPY 740 are required prerequisites.

Higher Education Administration

	Hours		Hours
AED 704	3	AED 717	3
AED 711	3	AED 719	3
AED 712	3	CPY 640	3
AED 713	3	**or**	
AED 715	3	CPY 740	3
		AED 798	3

Total - 18 hours from above courses including AED 798

Foundations

EPY 740	3
CIF 604	3

Electives - 9 hours from approved cognate courses
*AED 600 and RED 601 are required prerequisites.

School Business Management*

AED 650, 698, 700, 704, 706, 708, 710.
Total—21 hours.
Electives—12 hours from business oriented courses.
Suggested courses are MGT 568, 572, 625; ACC 570; RED 712; FIN 640; BED 560.

*CIF 607, AED 600, and RED 601 are required prerequisites.

Administration of Occupational Education*

AED 650, 700, 706, 710, 712, 717, 719, 798 and IVE 711.
Total—24 hours from above, including AED 798.
Electives—9 hours selected from the following cognate areas:
Industrial Psychology, Management Training and Development, Economic Development, Advanced Labor Economics, and Economic Geography.

*AED 600, AED 620, and CIF 604 are required prerequisites.

DOCTORAL DEGREES

Admission

Regular:

A minimum grade point average of 3.50 on previous graduate work and a combined score of 900 on the aptitude phase of the **Graduate Record Examinations.**

Conditional:

A grade point average between 3.25 and 3.50 on previous graduate work and a **Graduate Record Examinations** score no lower than 900 or a grade point average no lower than 3.50 and a **Graduate Record Examinations** score between 800 and 900.

Qualifying Entrance Examination

1. Must be taken prior to the completion of eighteen (18) semester hours of study within the department.
2. May not be taken prior to the receipt of satisfactory GRE scores.
3. Regularly admitted doctoral students who fail the examination may repeat it upon the completion of nine (9) semester hours of credit after the quarter in which the examination was taken.
4. The results of a master's degree comprehensive examination may not be substituted for this examination.

Planning Sheet

Planning sheets are completed after the qualifying examination has been passed and the committee appointed, but before the student has completed twenty-seven (27) semester hours.

Admission to Candidacy

Admission to candidacy should be submitted one quarter prior to graduation and will be approved by the student's graduate committee upon:

1. Completion of an approved program of studies.
2. Satisfaction of the language and/or statistics requirement.
3. Completion of an approved dissertation prospectus.
4. Completion of the comprehensive examination.
5. Completion of the residency requirement, which consists of three consecutive quarters of full-time studies.

Application for Graduation Graduation is based upon:

1. Meeting the departmental and Graduate School deadlines for receiving com-

pleted dissertation.
2. Successful defense of the completed dissertation.

PROGRAMS

At the doctoral level, programs are provided in: (1) Public School Administration, and (2) Educational Administration with an emphasis in Higher Education. The general administration program provides preparation for the superintendent, other central office positions, and college teachers, while the program emphasizing higher education is designed to prepare administrators of higher education.

The doctoral program requires a minimum of eighty-four (84) semester hours beyond the bachelor's degree exclusive of the dissertation and proficiency in statistics. A minimum of thirty-two (32) semester hours must be taken on the Hattiesburg campus. The student's doctoral committee, appointed by the Graduate Dean, will approve the selection of required courses and electives and in order to secure breadth and depth in the student's preparation program may require more than the minimum number of hours. The student's program shall include a minimum of nine (9) semester hours of graduate credit on cognate areas, preferably in the social sciences. The department defines cognate areas as those courses which broaden and complement the student's program which are outside the areas of professional education.

Each doctoral student will be required to participate in a variety of laboratory and field experiences, many of which may not be connected with specific courses.

DEPARTMENT OF INDUSTRIAL AND VOCATIONAL EDUCATION (IVE — 165)

The Department of Industrial and Vocational Education offers programs leading to the Master of Science degree in industrial arts and industrial and vocational education. The Specialist in Education degree is offered in Industrial and Vocational Education.

Regular admission into a master's degree program requires that the applicant present a combined score of 750 or above on the Aptitude Section of the **Graduate Record Examinations** and a grade point average no lower than 2.75.

If an applicant does not meet the above requirements for regular admission, he may be admitted on a conditional basis as outlined earlier in this **Bulletin.**

MASTER'S PROGRAMS

Major in Industrial Ars

The student will be guided by the department chairman in selecting a minimum of twenty-one (21) semester hours from courses offered by the department, and fifteen (15) semester hours from cognitive area courses. Students planning to use this program for a Mississippi Class AA certificate in industrial arts must meet the requirements for a Class A certificate.

Major in Industrial and Vocational Education

The student will be guided by the department chairman in selecting a minimum of twenty-one (21) semester hours from courses offered by the department, and fifteen (15) semester hours from cognitive area courses.

SPECIALIST'S PROGRAM

The specialist's degree in industrial and vocational education is intended to provide teachers and administrators of vocational and technical subjects the opportunity for further educational and professional development. The program will satisfy the requirements for the Class AAA teaching certificate in Mississippi.

Regular admission requires a GPA of at least 3.25 on previous graduate work and a combined GRE score of at least 800.

If an applicant does not meet the above requirements for regular admission, he may be admitted on a conditional basis as outlined earlier in this **Bulletin.**

Course Requirements

	Hours		Hours
IVE 701	3	CPY 714	3
IVE 702	3	RED 602	3
IVE 703	3	IVE 798	3
IVE 704	3		

In addition to the above twenty-one (21) hour core, a minimum of three (3) elective courses for nine (9) hours are required. These courses of study may be selected from the content area of interest, goal-related interest, or other cognitive areas with the approval of the department chairman 9

Total hours (minimum) 30

DEPARTMENT OF PSYCHOLOGY (PSY — 175)

The department offers the Master of Arts, the Master of Science, and the Doctor of Philosophy degrees. The general requirements for master's and doctoral degrees are listed elsewhere in this **Bulletin.**

For regular admission to graduate study in psychology, a student must: (1) have completed undergraduate foundation courses in statistics and experimental psychology as well as courses in physiological psychology, psychological measurement, psychology of learning, psychology of personality and the history of psychology; (2) have a **B** average or better in his undergraduate major; and (3) have a minimum total score (quantitative plus verbal) of 1,000 on the Aptitude Section of the **Graduate Record Examinations.** Students who are unable to meet these requirements will be considered for conditional admission to the program. Students seeking admission to graduate study at the postmaster's level must meet the requirements for regular or conditional admission listed under Types of Admission to Advanced Graduate Study. In addition, the student may be required to come to the campus for a personal interview as a part of the application procedure for advanced standing.

MASTER'S PROGRAMS

The Master of Arts Degree in Psychology

This degree program is planned to prepare students for advanced graduate work at the doctoral level, or to teach in junior or senior colleges, or to work in certain research settings. Candidates must pass the foreign language requirement and are required to write a thesis. Core courses for this degree include PSY 694, EPY 720, PSY 721, PSY 724, PSY 735, PSY 755, PSY 762, PSY 763, and PSY 698.

The Master of Science Degree in Psychology

This degree plan is essentially a professional-training, terminal program with emphasis on formal course work and paralleling practical experiences designed to prepare students for immediate employment in practical situations. Students may choose from two emphases: (1) school psychology, and (b) mental health psychology. Core courses for both programs include PSY 694, PSY 721, PSY 735, PSY 762, PSY 787, PSY 788, and work in either PSY 736 and/or EPY 784. Neither a foreign language nor a thesis is required. The program normally requires two years to complete.

THE DOCTOR OF PHILOSOPHY DEGREE

Students working on a Doctor of Philosophy degree in Psychology may work in any one of the following areas of emphasis: (1) general experimental psychology; (2) clincial psychology; (3) developmental psychology; (4) school psychology.

The prerequisite for admission for work in the areas of general experimental psychology, clinical psychology, or developmental psychology is a master's degree with course work equivalent to that listed above for the Master of Arts degree in psychology. In the area of school psychology, a master's degree with course work equivalent to that listed above for the Master of Science degree in psychology. All students admitted to advanced graduate study must meet the University's language requirement, pass a qualifying examination and a comprehensive examination, and write and defend a dissertation. A one-year internship in an approved setting is required of a student completing a degree in clinical or school psychology.

Students contemplating graduate work in psychology are invited to communicate directly with the Department of Psychology.

DEPARTMENT OF RESEARCH AND HUMAN DEVELOPMENT (RED — 135) (CIF — 125) (CIA — 110)

The Department of Research and Human Development provides supportive services in teacher education. At the graduate level, these services include Educational Foundations, Educational Media, Research Training, and Adult Education. The Master of Education and the specialist's degree are offered in educational media and technology. The specialist's degree or a doctoral minor is offered in educational research. The Master of Education, Specialist in Education, Doctor of Education, and Doctor of Philosophy degrees are offered in adult education.

PROGRAMS IN EDUCATIONAL MEDIA AND TECHNOLOGY

Master of Education in Educational Media and Technology

This degree program is designed for those persons who plan to serve as media specialists or other curriculum workers in the public schools, junior colleges, or other educational agencies. It meets requirements for Mississippi AA certification as library/media specialist.

General admissions requirement for master's programs as found elsewhere in this **Bulletin** will apply. The applicant must present a combined score of 750 or above on the Aptitude Section of the **Graduate Record Examinations** for regular admission.

Curriculum Requirements

	Hours		Hours
RED 601	3	CIF 735	3
CIF 604	3	EPY 740	3
CIF 607	3	AED 604	3
CIF 619	3	AED 620	3
CIF 536 or 590	3		

In addition to the above, four courses will be chosen from the following:

	Hours		Hours
LS 505	3	CIF 742	3
LS 650	3	CIE 728	3

CIF 646	3	CIS 708	3
CIF 647	3	AED 713	3
CIF 740	3	CIF 536	3
CIF 741	3	CIF 590	3

Specialist's Degree in Educational Media and Technology

This program is intended to prepare individuals for careers as media specialists, curriculum consultants, and library media directors. It satisfies requirements for AAA certification in Mississippi as well as for media specialist certification in most other states. As a sixth year program, the specialist's curriculum presupposes a master's degree in audiovisual media, library science, industrial technology, or curriculum and research, and appropriate work experience.

The specialist's degree program requires regular admittance procedures to the Graduate School, appointment of a graduate adviser, and the filing of an approved program of studies.

In order to be admitted as a regular graduate student in the specialist's program, an applicant must have a grade point average no lower than 3.25 on previous graduate work and a combined score of at least 800 on the Aptitude Section of the **Graduate Record Examinations.**

If an applicant does not meet the above requirements for regular admission, he may be admitted to a specialist's program on a **conditional** basis as outlined elsewhere in this **Bulletin.**

Curriculum Requirements

A minimum of fifteen (15) semester hours in advanced professional education is required of all candidates for the specialist's degree in educational technology. The media bloc of eighteen (18) hours shall be chosen with the approval of the media adviser. Additional courses may be required to satisfy any deficiencies in the student's academic background and professional training.

Professional Education 15 hours from the following listing:*

	Hours		Hours
RED 601 or 602	3	EPY 740 or 746	3
CIF 607 or AED 611	3	CIF 798	3
AED 620 or 638	3		

*Appropriate substitutions of other graduate education courses may be made with permission of the media adviser.

Media Bloc

A minimum of six courses (18 hours) must be taken in educational media and technology, including a choice of courses from the fields of library science, computer technology, and research. Due to the diverse background of candidates seeking a specialist's degree in educational technology, no set pattern of courses will be required in the media bloc. With the approval of the media adviser, each candidate shall choose a planned sequence of courses from the following listing:*

	Hours		Hours
CIF 536	3	CIF 741	3
CIF 619	3	CIF 742	3
CIF 620	3	CIF 743	3
CIF 645	3	CIF 744	3
CIF 646	3	AED 604	3
CIF 647	3	LS 650	3
CIF 701	3	LS 664	3

CIF 735 3
CIF 740 3
LS 668 3

*Substitution of other graduate library science, computer technology, educational research, or radio, television, and film courses may be made with the approval of the media adviser.

EDUCATIONAL RESEARCH TRAINING

The program in educational research offers the student three options:

1. A structured minor in educational research at the doctoral level.
2. A specialist's degree. (For information see below.)
3. A choice of a number of advanced research courses as additional course electives in the student's major or minor field.

MINOR

The structured minor in educational research at the doctoral level provides for maximum flexibility in meeting the unique needs for research training in the departmental major fields. A total of twelve (12) hours plus RED 761 and 762 constitute the minimum requirements.

The required courses should be viewed as a minimum basis for training in educational research and are designed to prepare the student for more advanced study. Additional advanced courses offered in educational research are recommended for qualified students. Students desiring emphasis in psychology may substitute equivalent statistics and design courses offered in the Psychology Department. Such substitutions must be approved by both departments. It is recommended that RED 601, 602, and CIF 632 be completed before beginning this sequence. A grade point average of 3.0 in RED 761 and 762 is required in order to continue in the program.

Curriculum Requirements (18 hours)

	Hours		Hours
CSS 541 or RED 712	3	RED 824	3
RED 761	3	RED 830	3
RED 762	3	RED 893	3
Suggested Educational Research Electives			
CSS 541	3	RED 794 I, II, III	3
RED 712	3	RED 810	3
RED 718	3	RED 891	3

Specialist's Degree in Educational Research

The specialist's degree is designed to provide advanced training in educational research and will serve three major purposes: (1) a terminal program at the specialist's level for individuals not pursuing the doctoral degree; (2) an advanced research training program for individuals desiring specialization in research in addition to their major areas at the doctoral level; and (3) a variety of electives to meet special needs of individuals who are not seeking specialization in educational research.

Students desiring emphasis in psychology orientation may substitute equivalent statistics and design courses offered in the area of psychology. Such substitutions must be approved by both departments.

Admission to the specialist's degree program is contingent upon the student's meeting the general admission requirements of the Graduate School and scoring a minimum of 800 on the Aptitude Section of the **Graduate Record Examinations.**

It is recommended that RED 601, 602, and CIF 632 be completed before starting the sequence below. A grade point average of 3.0 in RED 761 and 762 is required in order to continue in the program.

Curriculum Requirements

	Hours		Hours

PROGRAMS IN ADULT EDUCATION

These programs, by nature interdisciplinary and flexible, offer personnel from all types of adult educational agencies opportunities for upgrading and building on professional experience. Such agencies include vocational-technical centers, industrial organizations, the armed forces, civic organizations, public school systems, junior and senior colleges, universities, the Cooperative Extension Service, regional development groups, and others. AA and AAA certification requirements as set by the Mississippi Department of Education may be met through these programs.

In accordance with admissions procedures, the student, in collaboration with his appointed adviser, will work out a program of studies reflecting his long term goals and interests.

Master of Education in Adult Education

To be admitted to the master's program on a regular basis the applicant must have an undergraduate grade point average of 2.75 and a combined score of 750 or above on the Aptitude Section of the GRE. An applicant not meeting the requirements of regular admission may be admitted on a conditional basis as specified elsewhere in this **Bulletin.**

Curriculum Requirements

	Hours		Hours
CIA 601	3	CIF 604	3
EPY 576	3	CIA 607	3
CIA 540, IVE 535, or CIF 619	3	RED 601	3

In addition to the eighteen (18) hours specified above, a minimum of eighteen (18) hours or six courses is to be selected that relates to the students's goal. These coures must be approved by the student's adviser.

Specialist's Degree in Adult Education

To be admitted to the specialist's program on a regular basis the applicant must have a grade point average no lower than 3.25 and a combined score of 800 or above on the Aptitude Section of the GRE. An applicant not meeting these requirements may be admitted conditionally as specified elsewhere in this **Bulletin.**

Curriculum Requirements

A minimum of thirty (30) hours of graduate work beyond the master's level with eighteen (18) hours in adult education and educational foundations, including any of the specified courses for the Master of Education not previously taken, and CIA 798 (Thesis) are required.

Four elective courses for twelve (12) hours are required. These courses of study may be selected from the content area of interest, goal-related interest of the student, or from relevant behavioral sciences with the approval of the student's adviser.

Doctor of Education and Doctor of Philosophy in Adult Education

To be considered for admission to the doctoral program on a regular basis the applicant must have a grade point average of 3.50 and a combined score of 850 or above on the Aptitude Section of the GRE. An applicant not meeting the requirements of regular admission may be admitted on a conditional basis as specified elsewhere in the **Bulletin.**

Curriculum Requirements

A minimum of fifty-four (54) hours beyond the master's degree is required. For either degree the student will select an area of emphasis from which to focus a research study.

The program for individual students worked out in collaboration with the adviser must provide for competency in: (1) the general field of adult education in the contemporary world, (2) education foundations, (3) psychology of adult learning, (4) social setting of adult learning, and (5) specific understanding required for the student's particular area of interest.

A minimum of four courses, twelve (12) hours, should be selected as supporting cognates or electives. All students in these programs will complete RED 761, RED 762, CIA 797 and CIA 898 (Dissertation) as part of their program.

Those seeking the Doctor of Philosophy degree will complete requirements in one language as specified by the Graduate School. The choice of language must be approved by the student's committee.

DEPARTMENT OF SCIENCE EDUCATION (SCE — 380)

(See page 101)

DEPARTMENT OF SPECIAL EDUCATION (SPE — 190)

The Department of Special Education offers a variety of graduate programs leading to master's, specialist's, and doctoral degrees. Additionally, non-majors and experienced teachers may take work leading toward certification, enrichment, competency in areas of interest, or AAA endorsement.

MASTER'S PROGRAM

This program prepares master teachers and special personnel for a variety of programs. The program may be individualized depending upon one's experience and background. Several plans have been developed for those wishing emphasis in retardation, psychometrics, or general curricula. Information about these programs may be received by contacting the department.

In general, the following courses form a basis for the master's degree programs: foundations and research, 12 hours (RED 601, SPE 709, 701, 694); major areas 12 hours; and cognate and electives to total thirty-six (36) hours minimum as directed by advisers.

SPECIALIST'S PROGRAM

The specialist's degree is granted upon completion of a specifically planned program of study leading to competency in an area of special education. The purpose of this program is to train highly qualified personnel in the education of exceptional children and adults. The student will specialize in either administration in psychometrics or curricula. The program consists of a minimum of thirty (30) semester hours in a planned sequence to include the major area, cognates, research, and practicum. A field study (SPE 694) is required. For AAA endorsement only, the student must qualify for the specialist's program.

DOCTORAL PROGRAM

The doctoral program is comprehensive and places emphasis on teacher education, administration, research, and community services. (An internship is required in at least one of the above.) The candidate is expected to develop competency in each of the above areas; and the program will be based upon these as well as experience, background, and information gathered from written and oral qualifying examinations.

All graduate degree candidates must conform to the entrance and academic requirements listed in this **Bulletin** as indicated by the University and the Graduate School. In addition to the general requirements for admissions to the Graduate School, to be admitted on a regular basis to the department, the candidate must earn a minimum score on the combined Aptitude Section of the GRE of 750 for the master's 800 for the specialist's, and 850 for the doctoral degree. Conditional basis is viewed by individual records according to recommendations, experience, and academic records. Details of special education programs may be secured from the Department of Special Education, Southern Station, Box 115.

COLLEGE OF FINE ARTS

Vivian P. Wood, Acting Dean
Jack P. Donovan, Coordinator of Graduate Studies

The College of Fine Arts currently offers graduate degree programs at three levels: master's degree, specialist's degree, and doctoral degree.

Master's Degrees: Master's degrees are offered in the following departments, with areas as indicated:

- Department of Art
  - Master of Art Education
- Department of Music
  - Master of Music in
    - Applied Music
    - Church Music
    - Conducting
    - Music History and Literature
    - Theory and Composition
  - Master of Music Education
- Department of Theatre Arts
  - Master of Fine Arts
    - Acting
    - Directing
    - Scenic and Lighting Design
    - Costume Design
    - Technical Production
  - Master of Arts
    - Theatre

Specialist's Degree: The Specialist's degree is offered in the following department, with areas as indicated:

- Department of Music
  - Vocal-Choral Music Education
  - Elementary School Music Education
  - Instrumental Music Education

Doctoral Degrees: Doctoral degrees are offered in the following departments, with areas as indicated:

- Department of Music
  - Doctor of Musical Arts
    - Performance and Pedagogy
  - Doctor of Music Education
  - Doctor of Philosophy
    - Music Education

Deficiencies

The College of Fine Arts retains the right to determine deficiences in the preparation of any graduate student, regardless of the number of course credits accumulated. The College will recommend appropriate means of removing such deficiencies.

Examinations and Auditions

All prospective master's degree students are required to attempt entrance examinations and performance evaluations prior to or during the first term of enroll-

ment. The examinations and evaluations are designed for diagnostic and advisory purposes. Approval of the graduate faculty in the appropriate department must be obtained resulting from these examinations and performance evaluations before a student will be accepted into a degree progam in any area of the Fine Arts. Each student's major professor and graduate advisory committee will prescribe and approve proficiency levels in all areas.

Ensemble Participation

All graduate students majoring in music or in music education are required to participate in at least one ensemble during each term of residence. Credit hours earned in ensemble work will not be counted toward a graduate degree. Specific exceptions to the general rule may allowed provided the individual student requests inclusion of the credits as a portion of his degree program. The written request must be approved by the student's major professor, his entire graduate advisory committee, and the chairman of the Department of Music.

DEGREE PROGRAMS

Prescribed curricula for degree programs are listed below. Some provide great latitude and flexibility in arranging individual degree programs. Course selections must be approved by the student's major professor and graduate advisory committee. The approved course of studies for master's and specialist's degree students must be filed with the Coordinator of Graduate Studies prior to the student's second registration. The student's major professor will assist in every way possible, but final responsibility for following all general and departmental regulations lies with the student. Prospective doctoral students must consult with the Coordinator of Graduate Studies prior to initial registration for detailed information about general and departmental regulations.

DEPARTMENT OF ART

(ARE — 665) (ART — 660)

Undergraduate prerequisites for the Master of Art Education degree in the Department of Art are: (1) completion of a bachelor's degree in art education at the University of Southern Mississippi or an equivalent program, or (2) completion of any degrees in the visual arts, or (3) satisfy Mississippi Class A teacher certification requirements in art.

During the first quarter of residence, each prospective graduate student seeking the art education degree must take a diagnostic entrance examination in basic art theory and pedagogy. In addition, each student must demonstrate a studio proficiency appropriate to previous study by presenting a portfolio for review by the faculty and chairman of the Department of Art. The review will determine recommendations for meeting the fifteen (15) semester hour block in art education and studio areas. The portfolio should be submitted no later than three weeks prior to the initial registration so that proper guidance can be given in advising. Portfolios submitted later will be reviewed after the student has been enrolled in ART 600. Deficiencies indentified in the entrance examination may be removed by passing the non-degree credit course ARE 600 with a grade no lower than **B** and/or taking course work for degree credit as prescribed by the student's major professor and graduate advisory committee.

Master of Art Education Degree

	Hours		Hours
AA 600	3	ART 615	3
ARE 601	3	ARE 625	3

CIF 604 ..... 3 ARE 626 3
ARE 698 6

The remaining fifteen (15) hours of course work must be selected in art education and in art studio areas (drawing, painting, ceramics, or crafts). The required minimum total is thirty-nine (39) semester hours.

Each student must meet all Mississippi Class A teacher certification requirements in art before the Master of Art Education degree will be awarded.

DEPARTMENT OF MUSIC

(APM — 670) (MUS — 675) (MED — 680)

Regular admission procedures governing graduate entrance into the University of Southern Mississippi will be required. Details can be found in another section of this **Bulletin.**

During the first quarter of residence, each prospective master's degree student must take diagnostic examinations in basic music theory and in general music history and literature. An entrance audition is also required. Deficiencies in basic music theory may be removed by passing the non-degree credit course MUS 620 with a grade no lower than **B.** Deficiencies in general music history and literature may be removed by passing the non-degree credit course MUS 630 with a grade no lower than **B.** Additional work for degree credit in either or both areas may be prescribed by the student's major professor and graduate advisory committee beyond the minimum required in the degree program. Students majoring in elementary school music education or in vocal-choral music education must demonstrate adequate proficiency in voice and in piano. Each student's major professor and graduate advisory committee will prescribe and approve proficiency levels in all areas.

Master of Music Degree in Applied Music

Undergraduate prerequisites: (1) completion of a bachelor's degree in music with a major in performance at the University of Southern Mississippi or an equivalent program, or (2) completion of any other bachelor's degree in music, provided that the auditioning committee is satisfied that the student is qualified both academically and in performance to pursue the Master of Music degree in applied music at the University of Southern Mississippi. A high level of performance proficiency in the major area is expected. Voice majors must demonstrate adequate knowledge of languages and diction to understand and perform the voice repertory.

Specific areas in which the performance degree may be earned are:

Bassoon	Percussion	Trumpet
Clarinet	Piano	Tuba
Flute	Piano Accompanying—	Viola
French Horn	Ensemble	Violin
Oboe	Saxophone	Violoncello
Organ	Trombone	Voice

Requirements for a major: a minimum of nine (9) semester hours in the major performance area; MUS 715 for two (2) semester hours; and a minimum of four (4) semester hours of representative courses in literature and in pedagogy related to the major performance area. Remaining course work must include at least four (4) semester hours in music history and literature, a minimum of four (4) semester hours in music theory beyond the undergraduate requirements, and may include graduate work in appropriate related fields. The total minimum requirement is thirty-four (34) semester hours.

Master of Music Degree in Church Music

Undergraduate prerequisites: completion of a bachelor's degree with a major in church music from the Univeristy of Southern Mississippi or an equivalent program.

Requirements for a major: the program must include MUS 559, three (3) semester hours; MUS 760, three (3) semester hours; MUS 715, one (1) semester hour; and seven (7) semester hours in the major performance area (organ, voice, or graduate conducting). Remaining course work must include a minimum of six (6) semester hours in music theory, six (6) semester hours in music history and literature, and six (6) semester hours in religion electives. The total minimum requirement is thirty-four (34) semester hours.

Master of Music Degree in Conducting

Undergraduate prerequisites: completion of bachelor's degree in music or music education from the University of Southern Mississippi or an equivalent program. Applicants must demonstrate advanced competency in the major performing area, above average knowledge and ability in all areas of music theory including counterpoint, orchestration, and analysis, practical knowledge of performing techniques on all instruments and voice, and sufficient ability at the piano to play simple scores. Applicants must also have experience as a member of one or more performing organizations and at least one year of conducting experience.

Requirements for a major: a minimum of fifteen (15) semester hours in vocal and instrumental conducting and cognate fields, such as performance practices, style analysis, score reading, and performance study as approved by the student's graduate advisory committee. Remaining course work must be selected so that each of the following areas is included: (1) music history and literature, and (2) music theory. Proficiency in one or more languages is recommended. Candidates are expected to prepare and conduct at least one full-length concert with a major performing organization. The total minimum requirement is thirty-four (34) semester hours.

Master of Music Degree in Music History and Literature

Undergraduate prerequisites: completion of bachelor's degree in music with a major in music history and literature at the University of Southern Mississippi or an equivalent program. Applicants must demonstrate reading ability in at least one foreign language, preferably German or French.

Requirements for a major: a minimum of nine (9) hours selected from MUS 533, MUS 534, MUS 535, MUS 536, MUS 537; nine (9) hours of MUS 761, MUS 762, MUS 763; a minimum of two (2) hours in Analytical Techniques or other appropriate music theory courses; a minimum of eight (8) hours selected from MUS 531, MUS 532, MUS 540, MUS 541, MUS 542, MUS 543, MUS 546, MUS 547, MUS 548, MUS 549, MUS 550, MUS 551, MUS 559; MUS 702 and MUS 698, six (6) semester hours. Special Problems (MUS 692) may be taken for credit in preparation for the thesis. RED 601 may be required by the student's major professor and graduate advisory committee. The total minimum requirement is thirty-four (34) semester hours.

Master of Music Degree in Theory and Composition

Undergraduate prerequisites: completion a bachelors's degree with a major in music theory and composition at the University of Southern Mississippi or an equivalent program which must have included counterpoint, orchestration, original composition, performance study throughout the program, and practical command of the piano.

Requirements for a major: a minimum of six (6) semester hours in advanced composition (APM 691, 692, 693, 694), MUS 714 or MUS 698, MUS 711, MUS

721, MUS 722, and three (3) semester hours in applied music study. The remaining semester hours must include a minimum of six (6) semester hours in music history and literature. The total minimum requirement is thirty-four (34) semester hours.

Master of Music Education Degree

Undergraduate prerequisites: completion of an undergraduate degree in teacher education which conforms to NASM requirements.

Thesis Program

	Hours		Hours
RED 601	3	MED 726	3
MUS 702	3	MED 698	6
MED 725	3		

The remaining course work must be selected so that each of the following areas is included: (1) music history and literature, (2) music theory, and (3) applied music study. A minimum of fifteen (15) semester hours in music education and cognate fields must be included in the program. The total minimum requirement is thirty-four (34) semester hours.

Non-Thesis Program

	Hours		Hours
RED 601	3	MED 725	3
At least one course chosen from:			
MED 714	3	MED 750	3
MED 726	3	MED 756	3

The remaining course work must be selected so that each of the following areas is included: (1) music history and literature, (2) music theory, and (3) applied music study. A minimum of fifteen (15) semester hours in music education and cognate fields must be included in the program. The total minimum requirement is thirty-four (34) semester hours.

Specialist's Degree in Music Education

Graduate courses are offered leading to the specialist's degree in music education with specialization in vocal-choral music education, instrumental music education or in elementary school music education. General requirements for the degree are found in another part of this **Bulletin.** The degree program satisfies AAA certification for the State of Mississippi, provided the student chooses to do his specialization studies for the degree in the area of his teacher's certificate endorsement. As a sixth year program the specialist's degree presupposes a master's degree in music or music education. The degree program requires regular admission procedures, entrance examinations and auditions during the first full quarter of residence, appointment of a graduate advisory committee, and completion of an approved course of studies designed jointly by the student, his major professor, and his graduate advisory committee. The approved course of studies must be filed with the Coordinator of Graduate Studies prior to the student's second registration for courses.

The specialist's degree requires completion of the approved program of studies containing at least thirty (30) semester hours beyond the master's degree. A minimum of fifteen (15) semester hours of the course work must be chosen in music education in addition to and beyond such studies in the previously earned master's degree. The remaining course work must be selected so that each of the following areas is included: (1) music history and literature, (2) music theory, and (3) applied music. The

total program may also include related professional study in a cognate field. MED 798 is required for completion of the degree.

Doctor of Musical Arts Degree

Performance and Pedagogy

Regular admission procedures governing entrance into the University of Southern Mississippi will be required. Details can be found in earlier in the **Bulletin.**

Specific areas in which the D.M.A. may be earned are:

Bassoon	Organ	Tuba
Clarinet	Percussion	Viola
Composition	Piano	Violin
Flute	Saxophone	Violoncello
French Horn	Trombone	Voice
Oboe	Trumpet	

All Areas Except Composition

Acceptance of a prospective student into the D.M.A. program assumes (1) a previously earned master's degree in performance from the University of Southern Mississippi or an equivalent degree from another approved institution, or (2) a previously earned master's degree with any other major, provided the auditioning and examinations committees are satisfied that the student is qualified both in performance and in academic areas to pursue the D.M.A. at the University of Southern Mississippi. A high level of performance proficiency in the major area and extensive knowledge of repertory are expected.

Students entering the D.M.A. program will be required to present an audition prior to the first term of enrollment at the University of Southern Mississippi. Additionally, the student will be required to take written and/or oral qualifying examinations before completing the second term of enrollment.

The D.M.A. student will be required to take MUS 702, MUS 731, and MUS 732. The remainder of the course work will be determined in light of the student's qualifying examination, entrance audition, his interests and/or professional goals, and the counsel of his major professor and graduate advisory committee. In planning this program, the following minimum distribution of graduate courses (including master's degree work) is required: Thirty (30) semester hours in applied music and recitals, fifteen (15) semester hours in music history and literature, nine (9) semester hours in music theory, six (6) semester hours in a cognate field of study, and the remainder of the program in approved electives. Three recitals will be required in addition to the entrance audition. One must be a solo recital, one a lecture recital, and the third chosen from the following options: (a) performance of a concerto with orchestra, (b) performance of a major role in an opera, (c) performance of a major role in an oratorio, (d) a full-length recital of chamber music, or (e) a second solo recital. As a general rule, not more than one doctoral recital may be presented by a candidate during any academic quarter, nor more than three during any ninth-month period. Rare exceptions will be permitted, but under rigidly controlled procedures. See the Coordinator of Graduate Studies for details.

One language will be required in the degree. Others may be required by the major professor and graduate advisory committee.

The D.M.A. dissertation, required for completion of the degree, consists of two parts. Part I must include all recital programs, concert programs, program notes, and lectures presented during the student's residency. Part II must be a written thesis giv-

ing evidence of the candidate's ability to make a scholarly investigation of a limited scope.

Composition Area

Acceptance of a prospective student into the D.M.A. program in the composition area assumes a previously earned master's degree in composition or the equivalent, provided the composition faculty and examinations committee are satisfied that the student is qualified to pursue the D.M.A. at the University of Southern Mississippi. A high level of proficiency in the major area is expected as well as extensive knowledge of the repertory.

Students applying for entrance into the D.M.A. program in the composition area must submit representative scores and/or recordings of their compositions prior to the first term of enrollment at the University of Southern Mississippi. Additionally, the student will be required to take written and/or oral qualifying examinations before completing the second quarter of enrollment.

The D.M.A. student will be required to take MUS 702, MUS 731, and MUS 732. The remainder of the program will be determined in light of the student's entrance evaluation, his qualifying examination, his interests and/or professional goals, and the counsel of his major professor and graduate advisory committee. In planning this program, the following minimum distribution of graduate courses (including master's degree work) is required: Thirty-nine (39) semester hours in composition and theory, fifteen (15) semester hours in music history and literature, six (6) semester hours in a related field of study, and the remainder of the program in approved electives. The student will write compositions totalling at least two (2) hours playing time. Previously written compositions lasting up to thirty (30) minutes may be accepted as part of these two hours. Compositions will be for orchestra, band, mixed chorus, solo, and ensemble music demonstrating competence in writing for all orchestral and band instruments and the solo voice. At least one work should include synthesized sound. The music should encompass levels of difficulty from junior high school to professional standards. The composer will write commentaries for each work, including program notes and rehearsal suggestions. All works, including parts, must be in duplicate format.

One recital of the composer's works will be given, with the composer commenting on each composition.

One language will be required, chosen from French, German, or Italian.

The D.M.A. dissertation, required for completion of the degree, will consist of the commentaries, program notes, rehearsal suggestions, individual parts and the full scores of all works composed during the student's graduate study.

Doctor of Music Education Degree

Doctor of Philosophy in Music Education Degree

The degrees of Doctor of Philosophy in Music Education and Doctor of Music Education are offered to candidates who pursue the course of study with distinction and who show ability to do research and scholarly study. General requirements for the Doctor of Philosophy and Doctor of Education (the Doctor of Music Education general requirements are the same as the Doctor of Education degree) are found in another section of this **Bulletin.** The College of Fine Arts further stipulates the following requirements:

Admission: An applicant for admission to doctoral study in music education must possess a master's degree in music education, or its equivalent, from an approved institution. A complete record of previous education and experience plus recommendations from responsible persons who are personally acquainted with the applicant and his work are required to support all applications for admission to doctoral study in music education. A personal interview may be required by the College

of Fine Arts. Each applicant must have at least three years' successful teaching experience. If the degree work is concerned with college administration, the applicant must have at least three years' experience in a college or university or equivalent.

The degree programs require regular admission procedures, auditions during the first term of residence, qualifying examinations no later than the second term, appointment of the major professor and graduate advisory committee, and completion of an approved course of studies designed jointly by the student and his entire graduate advisory committee.

Research Tools: Candidates for the Doctor of Philosophy degree in music education must comply with the language requirements as specified for Doctor of Philosophy candidates in this **Bulletin.** A candidate for the Doctor of Music Education degree is required to demonstrate proficiency in statistics or computer science. At the discretion of the graduate faculty, this candidate may be required to demonstrate a reading knowledge of one modern foreign language.

Degree Requirements

The following courses are required: RED 601 (or equivalent), MUS 702 (or equivalent), MED 750, MED 825, MED 826, and MED 898—Dissertation. The remaining course work will be determined by the candidate's qualifying examination, his interests, and the counsel of his major professor and graduate advisory committee. In planning this program, the following minimum distribution of graduate courses (including master's degree work) is required: Thirty (30) semester hours in music education, nine (9) semester hours in music history and literature, nine (9) semester hours in music theory, nine (9) semester hours in professional education, three (3) semester hours in applied music and performance study, and the remainder of the program in approved electives. Although this **Bulletin** states that seventy-eight (78) semester hours are required for doctoral degrees, it should be clearly understood that some candidates will be unable to receive a degree on the basis of this minimum. The distinction implied by the degree and the traditions related to it require comprehensive knowledge and demonstration of a high degree of proficiency in the major field and related areas of study, as well as the ability to conduct advanced research.

DEPARTMENT OF THEATRE ARTS (THE — 685)

A minimum of eighteen (18) semester hours of undergraduate course work in theatre is required of the prospective graduate student: three (3) semester hours of acting or oral interpretation, three (3) semester hours of directing or reader's theatre, three (3) semester hours of stagecraft or scene design or costuming, and nine (9) additional semester hours selected from theatre history, dramatic literature, directing, acting, technical theatre, or dance. Students with inadequate preparation may be admitted but will be expected to take undergraduate preparatory courses. (See admission and general academic requirements as set forth in this **Bulletin.**)

A written diagnostic examination, administered during registration week, is required of all students entering a master's program in theatre.

THE 601 and THE 606 are required of all master's candidates. The remainder of the student's degree program will be designed jointly by the student, his major professor, and his graduate advisory committee to accommodate the particular professional interest of the student.

Master of Fine Arts Degree in Theatre

The objective of the Master of Fine Arts curriculum is to develop the educated performer by offering sound theory and intensive practical training simultaneously. Students in the Master of Fine Arts programs will elect a plan of study with specialization(s) in one or two of the following areas: acting, directing, scenic and

lighting design, costume design, technical production. A demonstration of performance abilities and strong letters of recommendation will be required for admission to this program.

The satisfactory completion of a minimum approved program of fifty-four (54) semester hours is required for the Master of Fine Arts degree. Candidates will be required to pass an oral comprehensive examination covering the area of specialization and theatre in general. The candidate will satisfactorily complete a creative project in his major area of emphasis and defend it orally before the Theatre Arts faculty.

Master of Arts Degree in Theatre

For the Master of Arts degree, the Department of Theatre Arts requires successful completion of thirty-four (34) semester hours including a thesis and its oral defense. Eight (8) of the required thirty-four hours may be chosen from graduate courses in a related field. An oral examination is required for admission to this program.

SCHOOL OF HEALTH, PHYSICAL EDUCATION, AND RECREATION

Walter E. Cooper, Dean
Billy B. Slay, Graduate Coordinator

The School of Health, Physical Education, and Recreation offers the Master of Science, the Specialist's, the Doctor of Education, and the Doctor of Philosophy degrees. Program development is oriented toward supply and demand in the professional job market and flexibility of program requirements allows for individual career interests in planning. Competency-based instruction is rapidly becoming a reality.

The Master of Science degree is offered in the Department of Health, the Department of Physical Education, and the Department of Recreation. Admission to any one of these programs requires an acceptable score on the **Graduate Record Examinations,** an acceptable GPA at the baccalaureate level, and a minimum of an undergraduate minor (or its equivalent) in an appropriate* field of study.

The specialist's degree is in physical education only with a requirement of a minimum of at least thirty (30) semester hours beyond the master's degree. Consideration for admission into the program will be based upon the **Graduate Record Examinations** scores, previous academic achievement, and professional achievement.

The Doctor of Education and Doctor of Philosophy degree require a minimum of forty-eight (48) semester hours beyond the master's degree or seventy-eight (78) semester hours beyond the baccalaureate degree, excluding the dissertation. Consideration for admission will be based upon the following criteria:

A. **Graduate Record Examinations** scores
B. Previous academic achievement
C. Professional achievements
D. A personal interview before a representative committee of the School of Health, Physical Education, and Recreation graduate faculty.

All general Graduate School requirements, outlined earlier in this catalog, must be satisfied for students to progress successfully toward degrees.

*Specific competencies for admission are determined by each department.

DEPARTMENT OF HEALTH (HTH — 715)

The Department of Health offers the Master of Science degree with options for concentrated study in health education and safety and driver education. A minimum of thirty (30) semester hours of graduate study is required for this degree.

Master of Science Degree with an Emphasis in Health Education

This degree program is designed to prepare students as health educators for public schools, colleges, universities, community health agencies and related health fields. Course work requirements include: HTH 511, 520, 711, 715, 730, and 745. Students will elect additional courses with the advisement of a major professor in completing 33 hours required for a degree that does not include a thesis and 30 hours in a degree program that includes the thesis. Electives may be selected from biology, computer science, education, guidance and counseling, microbiology, physical education, psychology, recreation, and sociology.

Master of Science with an Emphasis in Safety and Driver Education

This degree program is designed to prepare students for teaching safety and driver education in colleges and public schools. Course work requirements include: HTH 711, 740, 741, 742, 743, 744 and 745. Students will elect additional courses with the advisement of a major professor to complete 33 hours for a degree not including the thesis or 30 hours for a degree including the thesis. Electives can be chosen from other course offerings in the Department of Health and from courses in criminal justice, education, guidance and counseling, and psychology.

DEPARTMENT OF PHYSICAL EDUCATION (PED — 730)

The Department of Physical Education offers a variety of graduate programs leading to the master's, specialist's, or doctoral degree. Also available to non-majors and experienced teachers are courses for enrichment and competency development in areas of special interest.

MASTER'S PROGRAM

Course requirements for the Master of Science degree in physical education and coaching include 32 semester hours of graduate work plus any undergraduate courses deemed necessary to correct deficiencies in the student's background.

Flexibility of the degree plan affords the student many options based upon individual needs and interests. The 17 hours common requirements is composed of: PED 701, 702, 704, 705, 723 and 742. With the aid of the major professor a 15 hour individualized concentration is selected. Concentrations currently available include: PED in the elementary school, PED for the atypical, coaching, research, driver's education, recreation, health, instructional systems development, and administration.

SPECIALIST'S PROGRAM

The program leading to the specialist's degree has the following course requirements: RED 602, EPY 774 or 775, AED 704, 710, PED 703, 791. The balance of the 30 semester hours required will be directed electives chosen with the aid of the student's major professor and must include those courses in the Physical Education Master of Science core not previously taken by the candidate.

DOCTORAL PROGRAM

The Doctor of Education and Doctor of Philosophy degree are in Physical Education with similar concentation options as outlined in the master's program. The minimum course work for each of these degrees is forty-eight (48) semester hours beyond the master's degree or seventy-eight (78) semester hours beyond the bachelor's degree.

In addition to the General Academic Regulations and Requirements of the University, departmental requirements are:

1. Prior to completing 15 semester hours of course work the department will require a written and oral qualifying examination. This examination is designed to assess both the student's fitness to pursue the degree and to assist the committee in planning the student's program.
2. A written and oral comprehensive examination must be taken at or near the completion of the candidate's course work.
3. Upon the acceptance of the dissertation by the candidate's committee and at least four weeks prior to graduation, a final oral examination in defense of the candidate's dissertation will be administered by the Department of Physical Education and the Committee.

4. It is strongly recommended that two years of teaching experience be achieved before the degree is conferred.

DEPARTMENT OF RECREATION (REC — 735)

The Department of Recreation offers programs leading to a Master of Science degree with concentration in any one of three areas of specialization. The three program options include:

(1) Community and Municipal Recreation
(2) Recreation Planning and Resources Management
(3) Therapeutic Recreation

Departmental requirements consist of the completion of a minimum of thirty-three (33) semester hours with eighteen (18) hours in courses at or above the 600-level, completion of a recreation core of REC 680, 701, 702, 703, 790, and a thesis or two (2) professional papers which confer six (6) semester hours credit. An oral presentation and defense is required upon completion of thesis or professional papers. During the student's final six (6) hours or last quarter of work, he will submit to both a written and oral comprehensive examination.

Students who have earned a baccalaureate degree in a field other than recreation will be required to complete twelve (12) to fifteen (15) semester hours of course work in pursuit of the master's degree. In addition to course work, a field practicum may be required for students who have not had sufficient experience in their proposed area of study. An information sheet regarding comprehensive examinations and program options is available in the Department of Recreation.

SCHOOL OF HOME ECONOMICS

Sarah W. Gibbs, Dean

The Master of Science degree is offered in the Departments of Environmental Design, Family Life Services, Home Economics Education, and Institution Administration. The general requirements for the Master of Science degree are listed in the front of the **Bulletin.** The specialist's degree is offered in the Department of Home Economics Education. For detailed information concerning a specific degree program, please refer to that department in the following pages.

DEPARTMENT OF ENVIRONMENTAL DESIGN (EVD —812)

The Department of Environmental Design offers a Master of Science degree in two areas of specialization. These are clothing merchandising and clothing and textiles. Each major requires a minor field and a thesis. Admission to the program requires a minimum GRE score of 750.

Graduate work in both major and minor areas of either specialization must be preceded by undergraduate work in the chosen area. Deficiencies in the student's background may be strengthened by auditing recommended undergraduate courses.

Requirements for the Master of Science degree include a minimum of thirty-six (36) semester hours of graduate credit beyond the bachelor's degree. These must include fifteen (15) hours of clothing and textiles, twelve (12) hours in an approved minor area, three (3) hours of research methods (RED 601), and six (6) hours thesis.

After satisfactory completion of the course work, the student will take a comprehensive oral examination.

DEPARTMENT OF FAMILY LIFE SERVICES (CD—805) (HHM—825) (MFL—830)

The Department of Family Life Services offers programs leading to a Master of Science degree with majors in child development and in family living. Admission to these programs requires a minimum GRE score of 750.

Graduate work in the major and minor fields of specialization must be preceded by course work sufficient to satisfy undergraduate requirements or enough related work to indicate the student's ability to do graduate work in his major and minor fields. Deficiencies in the student's background may be made up by auditing recommended undergraduate courses.

Requirements for the Master of Science degree include: a minimum of thirty-three (33) hours of course work which include RED 601, a thesis or field study, and twelve (12) semester hours in a minor in a related field.

Upon completion of the graduate program, a comprehensive oral examination covering major and minor fields will be required to fulfill the qualifications for a degree.

DEPARTMENT OF INSTITUTION ADMINISTRATION (IAD — 817)

The Department of Institution Administration offers the opportunity to earn the Master of Science degree in institution administration. Admission to the program requires a minimum GRE score of 750.

For a master's degree, a minimum of thirty-five (35) graduate hours is required. Eighteen (18) of these hours must be in courses numbered 600 and above. The thirty-five (35) hours include RED 601, a thesis and twelve (12) hours in a minor field. The candidate has a choice of a thesis or field study. A comprehensive oral examination is required for both.

DEPARTMENT OF HOME ECONOMICS EDUCATION (HEE — 820)

The Department of Home Economics Education offers the Master of Science degree and the specialist's degree in home economics education. These programs are designed primarily for teachers and extension home economists. Admission to the program requires a minimum GRE score of 750 for the master's program and 800 for the specialist's program.

Master's Degree

A minimum of thirty-six (36) semester hours of course work which includes RED 601, CIF 604, a thesis or a field study, and at least nine (9) additional hours in home economics education are required. The remaining hours may be chosen from various areas of home economics and other graduate courses by permission of the major professor. Students have an option of a thesis or non-thesis plan.

Students who are interested in the Cooperative Extension Service may choose a minor in a field outside of home economics.

Upon completion of the graduate program a comprehensive oral examination covering major and minor fields will be required.

Specialist's Degree

This program offers the sixth year of study in home economics education and satisfies the requirements for the AAA certificate in Mississippi. The curriculum for the specialist's degree is purposely designed to be flexible so that candidates may choose courses of greatest need. In addition to the general University requirements for admission to graduate study at the specialist's level, a GRE minimum score of 800 on the Aptitude Section is required.

The specialist's degree requires the completion of at least thirty (30) semester hours beyond the master's degree. A minimum of twelve (12) semester hours of home economics education and a research problem are required. The remaining fifteen (15) hours may be chosen from home economics subject matter courses, SPE 500, SPE 703, SPE 709, AED 600, AED 602, or CIF 619. Other courses may be selected with permission of the major professor.

COLLEGE OF LIBERAL ARTS

James H. Sims, Dean
David M. Landry, Assistant to the Dean

The College of Liberal Arts offers the Doctor of Philosophy degree in communication, comparative literature, English, geography, history, political science, and speech and hearing sciences.

The Master of Arts and/or the Master of Science degrees are offered in communication, comparative literature, criminal justice, English, French, geography, German, history, political science, sociology, Spanish, and speech and hearing sciences.

With the approval of the major professor and the chairman of the major department, the student may choose a graduate minor from the above listed fields as well as from anthropology, philosophy, and religion. A student in the College of Liberal Arts may also choose a graduate minor in education or psychology from the College of Education and Psychology, or in economics from the College of Business Administration, always subject to the approval of the major professor and the chairman of the major department.

Various departments of the College of Liberal Arts also participate with the College of Education and Psychology in programs leading to the Master of Education degree.

Since the master's degree in social studies is normally intended for teachers, students interested in this degree should consult the Dean of the College of Liberal Arts and the Dean of the College of Education and Psychology, who will jointly arrange suitable degree programs with the appropriate chairmen.

For general academic requirements and regulations governing each of these degree programs, see section on **Academic Requirements.**

For **specific** degree requirements of each department, consult the appropriate department.

CURRICULUM IN COMMUNICATION (COM—208)

The interdisciplinary graduate program in communication offers the Master of Arts, Master of Science, and the Doctor of Philosophy degrees under the joint administration of the participating areas of public address—communication within the Department of English, the Department of Journalism and the Department of Radio, Television, and Film. The coordinator advises all candidates regarding general regulations and requirements, serves as academic adviser until committees are formed and major professors are selected, and is responsible generally for the routine administration of the academic policies established by the executive committee comprised of chairmen of the participating departments.

Master's and doctoral degree candidates select an area of emphasis and curriculum from among the participating disciplines with the approval of the major professor, committee members, and the appropriate department chairman. Note the available graduate courses listed separately under journalism; radio, television, and film; and public address, as well as the communication course descriptions.

Master's degree candidates select either of two major concentrations: (1) public address-communication, or (2) mass communication, emphasizing either journalism or radio, television, and film. Students emphasizing mass communication are required to have prior academic training or professional experience in the mass media. Those

not meeting the requirement can be admitted to candidacy but will be required to correct the deficiency without receiving graduate credit for the additional work.

The Doctor of Philosophy degree program is broad and interdisciplinary, requiring the study of the advanced theories of inter-personal, organizational, and mass communication and the study of communication research design, methodology, and statistical analysis.

Specific requirements of the various degree plans are stated below:

Master of Arts: A minimum of thirty-six (36) semester hours must be completed, including thesis credit. At least twenty-two (22) of these hours must be numbered 600 and above. The candidate must demonstrate proficiency in a foreign language and submit a scholarly thesis.

Master of Science: Either a thesis or non-thesis plan can be elected, subject to the approval of the major professor and appropriate department chairman. As a matter of policy, students intending to pursue a higher degree elect the thesis plan. Competency in a foreign language is not required. Both plans require a minimum of thirty-six (36) hours of credit, including at least twenty-two (22) hours numbered 600 and above.

Candidates electing the non-thesis plan can be required, at the option of the major professor and appropriate department chairman, to complete three (3) hours of graduate-level statistics.

Candidates following the thesis plan take a comprehensive oral examination in the area of emphasis and defend the thesis. Students following the non-thesis plan take a comprehensive written examination and may be required to take an oral examination in the area of emphasis.

Doctor of Philosophy: The minimum credit requirement is forty-eight (48) hours beyond the master's or seventy-eight (78) hours beyond the baccalaureate degree. The candidate takes rigorous written and oral comprehensive examinatons and submits and defends a scholarly dissertation pertaining to the area he elects to emphasize (see section on General Requirements and Regulations).

Doctoral candidates must elect an outside minor consisting of twelve (12) hours approved by the major professor, committee members, and the appropriate department chairman. Doctoral candidates must demonstrate proficiency in basic communication research design and methodology, as well as competency in basic statistics.

LATIN AMERICAN STUDIES PROGRAM (LASP)

The Latin American Studies Program participates in a Master of Arts and a Master of Science degree in Latin American Studies from several inter-University disciplines with major emphasis in history and political science. For the Master of Science degree a minimum of thirty (30) or thirty-three (33) graduate semester hours is required as follows:

Master of Arts

I. Bibliography course in either Latin American History or Political Science.
II. Nine hours of graduate courses in Latin American History or Political Science.
III. Twelve hours of graduate courses related to Latin America in any of the following fields: foreign language, geography, sociology, geology, anthropology, economics, and political science.
IV. Six hours of thesis.

Master of Science

I. Bibliography course in either Latin American History or Political Science.
II. Twelve hours of graduate courses in Latin American History and Political Science.
III. Eighteen hours of graduate courses related to Latin America in any of the following fields: foreign language, geography, sociology, geology, anthropology, economics, history, and political science.

A prerequisite for admission to the master's program is a baccalaureate degree accepted by the Graduate School and by the Latin American Studies Committee (LASC). Students who lack necessary background, such as reading fluency in Spanish or Portuguese, may be accepted, provided they make up these requirements prior to the completion of the program. The LASC may also make other variations which will best meet the individual student's background, needs, and desires while assuring the highest standards for the degree.

DEPARTMENT OF CRIMINAL JUSTICE (CJ — 281)

The Department of Criminal Justice offers courses leading to a Master of Arts degree, a Master of Science degree, and graduate emphasis in the master's and doctoral degree programs of other departments.

MASTER'S PROGRAMS

Master of Arts Degree The Master of Arts degree in Criminal Justice consists of twenty-four (24) hours of criminal justice course work, 9 hours of course work in an approved minor area, plus 6 hours of CJ 698, **Thesis.**

Master of Science Degree The Master of Science degree program in Criminal Justice consists of thirty (30) hours of criminal justice courses, and 9 hours of course work in an approved minor area.

General Requirements The master's degree programs are divided into the subfields noted below. CJ 510 and CJ 602 are required in all subfields. A student will be required normally to select a minimum of 4 courses from a subfield concentration and a minimum of one course from each of two other subfields in order to gain an appreciation of the interaction of criminal justice system components A 3.0 grade point average must be maintained in course work in criminal justice as well as a 3.0 grade point average overall.

Criminal Justice Subfields

I. **Administration of Justice**

CJ 503	CJ 600
CJ 504	CJ 603
CJ 507	CJ 610
CJ 515	

II. **Correctional Administration**

CJ 506	CJ 513
CJ 509	CJ 514
CJ 511	CJ 516
CJ 512	

III. **Approaches to Problems and Research in Criminal Justice**

CJ 508

(Four other courses will be added in this subfield as soon as the courses designed by the faculty are approved.)

IV. **Comparative and Theoretical Criminal Justice Studies**

CJ 514	CJ 601
CJ 515	CJ 603
CJ 516	

DEPARTMENT OF ENGLISH (ENG — 224)

The Department of English offers programs leading to the Doctor of Philosophy, Master of Philosophy, Master of Arts, and Master of Science degrees. The student must maintain an overall **B** average in all graduate work.

General academic requirements for all graduate degrees (the Master of Philosophy is explained below) are set forth in another section of this **Bulletin.** Specific departmental requirements for each degree are stated in information sheets obtainable at the English Office, College Hall 210. See also Master of Arts and Doctor of Philosophy degrees in comparative literature.

The Master of Philosophy

The Master of Philosophy degree offered by the Department of English is intended primarily for teaching careers in high schools and junior colleges. It is taken after earning a master's degree or its equivalent in English. The Master of Philosophy degree meets the Mississippi State Department of Education requirements for AAA certification for those who already hold AA certification.

Specific requirements for the degree are as follows:

1. A minimum of thirty (30) hours beyond the master's degree, twenty-four (24) of which must be in English, including fifteen (15) at the 600-level or above.
2. A residency requirement consisting of one quarter of full-time work on the Hattiesburg campus.
3. A minimum of twelve (12) hours in one of the following areas of concentration:

   British Literature I — Linguistics
   British Literature II — Creative Writing
   American Literature
4. A course in each of the following:

   Syntax — History of the English Language
5. A course in bibliography and methods of research in English.
6. A 3-hour thesis in the student's area of concentration.
7. An oral examination on the thesis and the related area of concentration.
8. An optional six (6) hours of the required thirty (30) hours in related fields outside the department.

DEPARTMENT OF FOREIGN LANGUAGES (FL — 228)

Candidates may study toward the attainment of either the Master of Arts or the Master of Science degree in French, German, or Spanish. Applicants for admission to the graduate program in this department should be able to demonstrate advanced undergraduate knowledge of an appropriate foreign language. Those intending to emphasize literature should have already engaged in systematic study of the literature of some linguistic area. Each degree program requires at least thirty (30) hours of graduate credit, eighteen (18) of which must be numbered 600 or above. If a minor is elected, it consists of nine (9) to twelve (12) hours of course work. On special advisement, courses in comparative literature may be counted toward the major. (See Comparative Literature.)

The Master of Arts degree specifically requires proficiency in a second foreign language and the satisfactory completion of a thesis. No minor is necessary. The Master of Science degree requires a minor, but no thesis and no second foreign language.

CURRICULUM IN COMPARATIVE LITERATURE (CLT — 230)

The curriculum in comparative literature offers programs of study leading to the Master of Arts and the Doctor of Philosophy degrees. Students commencing work in the Master of Arts program should have knowledge of two languages, one which may be English. During the course of study, proficiency in foreign languages and minor areas will be increased; therefore, it is not expected that beginning students be expert in all facets of their proposed curricula. Graduate work beyond the master's level requires knowledge of at least three languages, one of which must be English. The aim of the curriculum is to prepare students to deal intelligently and originally with any literary document and with any problem related to belles lettres.

Requirements for the Master of Arts degree include successful completion of the following:

1. Thirty-three (33) hours graduate credit, eighteen (18) of which are numbered 600 or above, to include;
   a. Twelve (12) hours in the literature of one language, ancient or modern, including English.
   b. Six (6) hours of thesis. (Exceptions to this requirement, may, under certain circumstances, be approved by the Director of the Curriculum.)
   c. Fifteen (15) hours in comparative literature and in approved related disciplines, e.g., the literature of another language, art, music, philosophy, history, linguistics, and others with special approval.
2. An examination covering the student's specific course of study.

Requirements for the Doctor of Philosophy degree include successful completion of the following:

1. Seventy-eight (78) hours of graduate credit beyond the bachelor's degree, to include approximately the following courses:
   a. Thirty (30) hours in the literature of one language.
   b. Either eighteen (18) hours in the literature of a second language or nine (9) hours in the second language and nine (9) in an approved related discipline.
   c. Nine (9) hours in comparative literature.
   d. Nine (9) hours in the literature of a third language.
   e. Twelve (12) hours of electives (Items b., d., and e. should complement each other so as to establish a specialization in either a period or genre.)
2. A comprehensive examination covering the history of one literature, the methods of comparative literature, and the student's area of specialization.
3. A dissertation and a final defense of the dissertation.

DEPARTMENT OF GEOGRAPHY AND AREA DEVELOPMENT (GHY — 268)

The Department of Geography and Area Development offers programs leading to the Master of Arts, Master of Science, and Doctor of Philosophy degrees.

The department features coursework in fundamental geographic skills and the opportunity for advanced study and research in a broad variety of systematic, technical, and regional fields. Study concentrations available which reflect faculty interest and competency include: urban and transportation geography (and planning); resource management; environmental planning; economic geography and land use; cultural and population geography; applied physical geography; and geographic techniques and methods emphasizing cartography and remote sensing. Regional study

concentrations may be arranged for students interested in the United States, Africa, or Latin America.

The student is held responsible for all graduate regulations. The student's major professor will help in any way possible, but the student is expected to know what is required and to take full responsibility. General academic requirements are explained fully earlier in this **Bulletin;** departmental requirements are listed below.

MASTER'S PROGRAMS

Programs falling under both the M.A. and M.S. are designed to prepare students for further graduate study and for employment in such areas as urban planning, business, government service, or teaching. Participation in an internship program is generally available to all departmental graduate students, but particularly those pursuing a master's planning concentration. Prospective students should be prepared to spend up to two years completing all degree requirements; progress may be accelerated by taking advantage of the summer sessions.

All master's candidates are expected to complete the following requirements:

1. A minimum of thirty-six (36) semester hours in graduate level geography courses with at least eighteen (18) hours of work in courses at the 600-level. With the approval of the major professor, the student has an option of taking (outside the department) up to twelve (12) semester hours of cognate courses within the minimum hourly requirements.
2. GEO 610. This course should be taken the first time it is offered during the student's residence.
3. Demonstrated proficiency in cartography, quantitative methods, field methods, and one other techniques course in geography. Proficiency is generally established (on an individual basis) by evidence of satisfactory completion of coursework emphasizing these techniques sometime in the student's academic career, at either the graduate or undergraduate level. GEO 410 (510), 411 (511), 412 (512), 416 (516), or 612 or 613 may be used to satisfy the "other techniques" requirement.
4. A thesis, which will confer six (6) semester hours credit to be counted as part of the total minimum hourly requirements for the degree. Except under unusual circumstances, the student will be expected to have his thesis proposal submitted and approved no later than the end of his third quarter of residence.
5. An oral examination on the student's academic program and an oral defense of the thesis.

Other Specific Requirements

In addition to the above, the following requirements are specified for those students working, respectively, for either the Master of Arts or the Master of Science degrees in **Geography and Area Development** (credit hours taken in satisfaction of **either** requirement cited below may not be applied toward the minimum requirements for the degree):

Master of Arts

A reading knowledge of one approved foreign language. Proficiency in a foreign language may be established either by: (1) completion of nine (9) semester hours of an approved foreign language with a grade of C or better or (2) by satisfactorily passing the Princeton Examination in that language. Transfer credit will be evaluated on an individual basis. All evaluation related to this requirement will be accomplished by the University Department of Foreign Languages.

Master of Science

Demonstrated proficiency in statistics **or** in a computer-programming language suitable to the degree program, research, and/or career needs of the candidate. Proficiency in statistics may be established either by examination or by satisfactorily completing the prescribed University two-course sequence in CSS 211 and 212 with grades of C or better. Proficiency in a specific computer language may be satisfied either by examination or by completing a combination of CSS 240 and 342 **or** CSS 240 and 541 with grades of C or better. Transfer credit will be evaluated on an individual basis. All evaluation related to this requirement will be accomplished by the University's Department of Computer Science and Statistics.

DOCTOR OF PHILOSOPHY PROGRAM

The doctoral program in geography is aimed at preparing scholars for university teaching and research, and for non-academic fields demanding a high level of research orientation. The program stresses specialization and independent scholarship and emphasizes theoretical and quantitative skills.

Admission Requirements

The department requires a minimum grade point average of 3.5 on all graduate work and a combined score of 1000 on the aptitude phase of the **Graduate Record Examinations.** Exceptions to these requirements may be made for those students who have received masters' degrees from the University of Southern Mississippi, provided they received a GRE score of 900, a unanimous recommendation from their masters' committees, and the approval of a majority of the faculty of the Department of Geography and Area Development. Students so admitted will be classified "conditional," which status is removed by achieving a 3.5 average in eighteen (18) semester hours work during the first two quarters.

Major and Minor Requirements

1. A minimum of eighty-four (84) semester hours beyond the bachelor's or forty-eight (48) semester hours beyond the master's degree.
2. An outside minor of twelve (12) semester hours.
3. A foreign language and proficiency in statistics or a computer language. Criteria for fulfillment of these requirements is noted above under the Geography masters' programs.
4. A minimum of three (3) research seminars plus GHY 610 and 680.
5. A written and/or oral comprehensive examination—to be taken at or near the completion of all coursework.
6. A dissertation—which is expected to be a mature and competent work embodying the results of significant and original research. The dissertation is expected to be defended at least four (4) weeks prior to graduation.

DEPARTMENT OF HISTORY (HIS — 272)

The Department of History participates in programs leading to the degree of Master of Arts, Master of Science, Master of Philosophy, and Doctor of Philosophy.

General Regulations:

The student is held responsible for following all graduate regulations. The student's major professor will help in any way possible, but the student is expected to know what is required and to take full responsibility. The procedure is explained fully in another part of this **Bulletin.**

MASTER'S PROGRAMS

Admission Requirements:

See **Academic Requirements** section of this **Bulletin** for general requirements which are the same as those required by the Graduate School.

Master of Arts

All students are expected to complete the following requirements:

1. A total of thirty (30) semester hours in history with fifty percent of work in courses numbered over 600.
2. HIS 710 and 740 (depending on his major field) at its first offering by the department.
3. A reading knowledge of one foreign language.
4. With the approval of the major professor the student may take a nine (9) hour minor within the minimum hourly requirements.
5. A thesis which will confer six hours credit within the minimum hourly requirements.
6. After satisfactory completion of the course work and the thesis, the student will take a comprehensive oral examination, which will be given at stated times throughout the year, usually during the seventh week of a quarter. An information sheet regarding comprehensive examinations is available in the Department of History.

Master of Science

All students are expected to complete the following requirements:

1. A total of thirty-three (33) semester hours with fifty percent of work in courses numbered above 600.
2. An outside minor of nine (9) hours within the minimum hourly total of thirty-three (33) semester hours. With the approval of the candidate's committee, this outside minor may be waived for students who write a thesis.
3. HIS 710 or 740 (depending on his major field) at its first offering by the department.
4. A thesis (optional).
5. After satisfactory completion of the course work, the student will take a comprehensive oral examination, which will be given at stated times throughout the year, usually during the seventh week of a quarter. Comprehensive examination must be arranged when the candidate's major professor is present. An information sheet concerning comprehensive examinations is available in the Department of History.

Fields:

The Department of History presently offers the following fields for the Master of Arts and the Master of Science degrees:

1. U.S. History to 1789
2. U.S. History, 1789-1848
3. U.S. History, 1848-1900
4. U.S. in the 20th Century
5. Medieval History
6. Latin America
7. Modern Russia
8. Britain, 1485-1760
9. Britain, 1760-Present
10. Europe, 1789-1870
11. Europe, 1870-1914
12. Europe, 1914-Present

13. A specialized field which might include the Far East, the Middle East, Africa, etc.

The Master of Arts candidate must demonstrate proficiency in the field of his thesis, plus one field in U.S., history and one in a non-U.S. field.

The Master of Science degree requires proficiency in three fields of history and the outside minor. The history fields offered must include at least one U.S. and one non-U.S. field.

MASTER OF PHILOSOPHY DEGREE

Admission Requirements:

1. A master's degree or its equivalent in social studies. Those students seeking AAA certification must hold AA certification in social studies.
2. A grade point average of 3.25 on all previous graduate work.
3. A combined score of 800 on the aptitude phase of the **Graduate Record Examinations.**

Degree Requirements:

1. A minimum of 30 hours beyond the master's degree, 15 of which must be at the 600-level or above.
2. A residency requirement consisting of one quarter of full-time work on the Hattiesburg campus.
3. A 3-hour thesis in the student's area of concentration with an oral defense of the thesis.
4. A minimum of 15 hours in history.
5. A minimum of 9 hours in social studies.
6. An optional 6 hours of the required 30 hours in related fields outside social studies.

DOCTORAL PROGRAM

Admission Requirement

The department requires a minimum grade point average of 3.5 on all graduate work and a combined score of 900 on the Aptitude Phase of the **Graduate Record Examinations.** Exceptions to these requirements may be made of those students who have received Master of Arts degrees from the University of Southern Mississippi, provided they received a GRE score of 800, a unanimous recommendation by their Master of Arts committees, and approval by a majority of the members of this department. Students so accepted will be classified "conditional," which status is removed by achieving a 3.5 average in eighteen (18) hours work during the first two quarters.

A minimum of seventy-eight (78) hours of course credit beyond the baccalaureate degree, which includes a minimum of three research seminars— two in the field of the major and one in the departmental minor—and HIS 710 and 740 must be attained by all students.

Major and Minor Requirements:

The department offers the Doctor of Philosophy degree in U.S. History and in European History Since 1789. If a candidate seeks a doctorate in U.S. History, he must demonstrate proficiency in all of American History. In addition he must demonstrate proficiency in either European History from 1789-1870 or European History from 1870 to Present. He must also demonstrate proficiency in one of the following fields: Medieval, Latin American, British History 1485-1760, or British History 1760 to Present, one of the European fields not selected above, or a specialized field such as Russian History with the consent of the major professor and the

graduate committee. He is required also to develop an outside minor in one of the social sciences or humanities in which he will take twelve (12) semester hours of work.

If a candidate majors in the field of European History, he must major in the period of Europe Since 1789. He must demonstrate proficiency in either American History to 1865 or American History Since 1865. He is also required to demonstrate proficiency in one of the following fields: Medieval, Latin American, Britain 1485-1760 or Britain, 1760 to Present, one of the American fields not selected above, or a specialized field such as Russian History with the consent of the major professor and graduate committee. In addition, he must establish an outside minor of twelve (12) semester hours in any one of the fields of social sciences or humanities. The minor in either case should be decided after consultation with the candidate's major professor and his graduate committee.

Language Requirement

Each prospective candidate for the doctoral degree must demonstrate proficiency in French and in German during his period of residence for the Doctor of Philosophy degree. Upon the recommendation of the major professor and the approval of the graduate committee, some other language may be substituted for either French or German. The first language must be completed before the start of the second year of graduate study, and the second language in the semester before the general comprehensive examinations are taken.

Doctoral Committee:

An information sheet regarding the appointment of a doctoral committee and doctoral examinations is available in the Department of History.

Dissertation

A dissertation is expected to be a mature and competent piece of writing, embodying the results of significant and original research on a subject chosen by the candidate and approved by the major professor and the graduate committee.

Upon completion and approval of the dissertation, the candidate is expected to stand satisfactorily a final examination on the dissertation and the field in which the dissertation lies.

DEPARTMENT OF PHILOSOPHY (PHI — 284) AND RELIGION (REL — 288)

The Department of Philosophy and Religion offers a graduate minor in philosophy or philosophy and religion.

DEPARTMENT OF POLITICAL SCIENCE (PS — 280)

MASTER'S DEGREE PROGRAM

Master of Arts. Requirements for the Master of Arts degree include: thirty (30) semester hours of course work, including a thesis, and a twelve (12) hour minor (optional). A reading knowledge of one foreign language is also required.

Master of Science. Requirements for the Master of Science degree include: thirty-three (33) semester hours of course work, including an outside minor of nine (9) hours. A thesis is optional.

Course Requirements in the Major. Graduate students who expect to receive the Master of Arts degree will select three fields in political science in which to concentrate their course work. Graduate students who expect to receive the Master of Science degree will, in addition, select an outside minor, with the advice and consent of their committee.

The fields of political science and the courses in each field are:
Political Theory and Methodology
520, 521, 525, 720, 721, 723
American Government and Politics
501, 502, 504, 506, 507, 508, 509, 700, 710
International Relations
531, 532, 534, 535, 730, 731
Comparative Government and Politics
550, 551, 552, 553, 554, 555, 556, 558, 750, 751
Public Administration
570, 571, 572, 573, 574, 770
Public Law
580, 581, 582, 583, 585, 781

Comprehensive Examination. A written and oral comprehensive examination will be given at or near the end of the course work on the three fields of concentration and on the minor, if applicable.

Courses Accepted from Other Departments. The following courses will be accepted as political science for purposes of completing a major or minor if approved by the student's adviser.

ECO 501; HIS 512, 545, 546, 556, 557

DOCTORAL PROGRAM

In addition to the general requirements listed above in this **Bulletin,** the Department of Political Science makes the following specific requirements.

A. Two research tools are required: competency in two foreign languages; competency in one foreign language and data processing or statistics. Determination of the research tool requirements should be made by the student's doctoral committee. A dissertation based on scholarly research in original sources is required.

B. A Graduate Planning Curriculum Conference will be held for each student entering doctoral work, preferably during the first quarter.

Course Requirements in the Major. Doctoral candidates must specialize in four fields of political science and one outside minor. (The fields and courses are listed under the master's program above.)

Comprehensive Examination. At the end of the course work, and following successful completion of the research tool requirement, a written and oral comprehensive examination will be taken in the four fields of the major, and, at the student's doctoral committee's discretion, in the minor. Should the student fail the comprehensive examination in one or more fields a re-examination may be given by the department following a lapse of two quarters, or when the student has taken sufficient remedial work to warrant re-examination. Should the student fail the second examination, he will not normally be allowed to continue graduate work in the departmnt.

DEPARTMENT OF SOCIOLOGY (SOC — 292) AND ANTHROPOLOGY (ANT — 286)

The Department of Sociology and Anthropology's graduate program provides for the Master of Arts degree in sociology and a sociology minor in the master's and doctor's degree programs of other departments.

General regulations governing admission to the Graduate School, requirements of the College of Liberal Arts, and requirements for admission to candidacy for degree are to be found elsewhere in this **Bulletin.** The graduate student should

familiarize himself with these requirements and assume responsibility for their discharge.

The major professor and departmental chairman will work out a program of study with each student electing to do graduate work in sociology.

If the student is uncertain as to whether he has satisfied undergraduate course prerequisites for any particular course, he should consult the instructor for clarification.

THE MASTER OF ARTS PROGRAM

In the major area, the Department of Sociology and Anthropology offers only the Master of Arts degree. General requirements correspond to the requirements of the University and its Graduate School. Policies of admission to the University, admission to the Graduate School, admission to candidacy for degree, and grading standards conform to those laid down by the University.

THE MASTER OF ARTS DEGREE

Twenty-four (24) semester hours in sociology (including six (6) hours of thesis credit.)

Twelve (12) semester hours in a minor subject approved by the Sociology Department.

At least half of the hours must be in courses numbered 600 or above.

Reading knowledge of one foreign language (proficiency as determined by Graduate School policy).

A thesis to be approved by the major professor.

A written comprehensive examination.

An oral examination by the student's committee to be based on the thesis, the major, and the minor.

The Department of Sociology and Anthropology also offers a graduate minor in anthropology.

DEPARTMENT OF SPEECH AND HEARING SCIENCES (SHS — 296)

The Department of Speech and Hearing Sciences participates in programs leading to the Master of Arts, Master of Science, and Doctor of Philosophy degrees. An earlier section of this **Bulletin** covers the specific requirements for these degrees. At the master's level, specialization is possible in three principal areas: (1) speech/language pathology, (2) audiology, and (3) education of the hearing impaired. The program of study at the doctoral level is planned with specialization in one of three principal areas: (1) speech/language pathology, (2) audiology, and (3) speech and hearing sciences.

MASTER'S PROGRAM

Master's Degree Requirements

Potential graduate students should refer to other sections of the **Bulletin** for information regarding admission requirements as set forth by the Graduate School and the College of Liberal Arts, and for admission to candidacy for a degree. The master's degree in speech/language pathology or audiology is a clinical degree designed to meet the academic and clinical practicum requirements for the Certificate of Clinical Competence awarded by the American Speech and Hearing Association. Unless arrangements are made in advance with the department faculty, all master's degree candidates must pursue a program meeting the academic and clincal practicum re-

quirements in either speech pathology or audiology for the Certificate of Clincial Competence. The master's degree programs in speech/language pathology and audiology are accredited by the Education and Training Board, American Boards of Examiners in Speech Pathology and Audiology.

Students entering the master's degree program in education of the hearing impaired will meet either the Provisional Certification or Professional Certification requirements of the Council on Education of the Deaf (CED). Selection of the certificate to pursue will depend upon the student's background, interest, and future employment objectives. Master's degree programs are arranged in consultation with the Director of Education of the Hearing Impaired.

The master's degree requires a minimum of thirty-four (34) semester hours.

DOCTORAL PROGRAM

Doctoral Degree Requirements

Potential doctoral student will be advised individually by the department faculty. Such students are urged to become familiar with the portions of the **Bulletin** which deal with doctoral requirements.

SCHOOL OF LIBRARY SERVICE

Onva K. Boshears, Jr., Dean

The School of Library Service at the University of Southern Mississippi was established on July 1, 1976, as a professional school. Prior to this date, the academic program in librarianship was under the College of Education and Psychology. Since the first master's degree in library science was awarded in 1965, the program has continued to grow and develop into a truly comprehensive instructional program for all students who plan to become professional librarians in public, school, academic, or special libraries. For the general University graduate student, the School offers a variety of course offerings for acquiring skill in the scholarly use of library resources as research tools. Finally, the School performs a vital role in the continuing development and expansion of library services at all levels in the State of Mississippi as well as providing continuing education for practicing librarians.

The graduate curriculum in library service provides instruction in the following areas of librarianship: reference, cataloging and classisfication, selection and acquisitions, administration, bibliography, non-print media, history of the book, libraries, printing and publishing, library programs for children and youth, and library automation and information science.

Providing prospective librarians with professional knowledge and skills for effective library service, however, is not the only objective of the School. The faculty believes that professional education should also be concerned with fostering those attitudes and understandings which will help students develop an appreciation of the changing role of the library in society. The library profession will flourish only as students are prepared to participate intelligently in the process of relating library services to the larger social and cultural needs of our contemporary society.

Admission Requirements

A graduate student in library science must meet the general requirements for admission to the University graduate program as outlined elsewhere in the **Graduate Bulletin,** scoring not lower than 750 on the combined Aptitude Section of the GRE. In keeping with University practice and policy, sex, religion, race, physical disability, creed, and age play no role in the consideration of applicants for admission to the M.L.S. degree program.

In addition to the application forms which must be submitted to the Admission Office of the University, the School of Library Service requires the submission of a personal questionnaire, plus two letters of recommendation (on forms supplied). One letter of recommendation should be from a librarian. These forms may be obtained by writing to the School of Library Service, not to the Graduate School. Personal interviews with applicants will also be conducted whenever possible.

Applicants are expected to present a strong over-all undergraduate academic record with a significant distribution of course work in the liberal arts, including courses in the sciences as well as the humanities and the social sciences, since librarians are usually expected to be familiar with a broad spectrum of the fields of knowledge. An undergraduate major or minor in librarianship is not a prerequisite for admission. Although not required, it is highly desirable that an applicant have studied at least one foreign language at some point in his previous education. Languages are often required for bibliographic positions or for public library positions in bi-lingual areas of the United States. In short, the prospective librarian should have acquired a broad liberal education at the undergraduate level, including both oral and written facility with English, before entering a program of graduate professional education in library service.

Thus, the decision to admit an applicant to the M.L.S. degree program is based on a careful evaluation of all of the preceding factors in relationship to the recognized eduational needs of a student as well as his or her genuine interest in a library service career.

THE MASTER OF LIBRARY SCIENCE DEGREE (M.L.S.)

Candidates for the Master of Library Science (M.L.S.) degree must earn a minimum of (36) semester hours of credit with a 3.00 cumulative grade point average. Eighteen (18) of these hours must be at the 600 level of courses. A maximum of six (6) hours may be elected from the offerings of other departments within the University. The Graduate School allows a maximum of twelve (12) hours of extension and/or transfer credit. A comprehensive examination is required: a thesis is not required.

The program of study for students will be individualized, taking into consideration previous academic backgrounds, experience, and career objectives. All programs of study must be planned with the counsel of a faculty adviser and approved by the Dean of the School of Library Service.

Summary of Degree Requirements

I. **Course Requirements**

LS 501, 502, 505, 506, 611, 651, and 665 or 666 or 667

Electives 12 hours

If near equivalencies to any of the above courses were taken on either the undergraduate or graduate level at an accredited institution with a grade of **B** or above, other electives may be substituted. Courses at the 500 level may also be waived by special examination or by the Dean of the School.

II. **Course Requirements for School Library-Media Specialist Certification at the Master's Level**

Students who wish to qualify for a Mississippi Class AA Certification in library science must hold or qualify to hold a Class A Elementary or Secondary Teacher's Certificate. The student need not, however, have completed any library courses on the undergraduate level.

Students at USM who plan to use the master's degree in library science for Class AA certification are required to complete four (4) of the following courses in addition to those listed above: LS 517, 518, 572, 621, 622, 624, 626, 628, 668. Students without previous library experience will be required to take LS 689.

If near equivalencies to any of the above courses were taken on either the undergraduate or graduate level at an accredited institution with a grade of **B** or above, other electives may be substituted. Courses at the 500 level may also be waived by special examination or by the Dean of the School.

SCHOOL OF NURSING

Elizabeth C. Harkins, Dean

MASTER OF SCIENCE DEGREE PROGRAM

The School of Nursing offers three areas of concentration leading to the Master of Science degree: community health nursing, mental health nursing, and administration of nursing. Core course requirements enable the student to study the problems and concerns of the delivery of nursing from a generalized theoretical perspective. The purpose of the community health nursing program is to prepare nurses who are oriented to complex community health nursing problems and who can assume leadership roles in changing community health settings. The mental health nursing program is developed to prepare nurses for creative leadership responsibilities in psychiatric-mental health settings. The area of administration is designed to prepare nurses who can assume advanced responsibilities in a variety of health-oriented organizations. A major objective of each area of concentration is to increase the power of nursing agency utilizing a scholarly, investigative approach to the problems and discipline of nursing.

The curricular requirements are outlined in this catalog. The program of studies may be completed in one calendar year. Students may elect additional preparation in a second area of concentration. In this instance, a fifth quarter is required.

Admission

In addition to meeting admission requirements for master's programs in this **Bulletin,** students must hold a baccalaureate degree in nursing and a current license to practice nursing.

Academic Requirements

In addition to meeting requirements of this **Bulletin,** the student is required to complete thirty-nine (39) semester hours of credit, inclusive of a thesis (6 hours) or a professional paper (3 hours) with a supporting elective (3 hours).

Students enrolled in any one of the three areas of concentration will be required to complete the following core curriculum requirements: NSG 601, 602, 603, 604, one elective in the area of administration, and one free elective.

	Hours		Hours
NSG 601	3	NSG 632	4
NSG 602	4	NSG 633	4
NSG 603	3	NSG 641	3
NSG 604	3	NSG 642	4
NSG 610	3	NSG 643	4
NSG 620	3	NSG 692	3
NSG 621	4	NSG 697	1
NSG 622	4	NSG 698	6
NSG 631	3		

COLLEGE OF SCIENCE AND TECHNOLOGY

Gary C. Wildman, Dean
Karen M. Yarbrough, Assistant to the Dean

The College of Science and Technology offers the Doctor of Philosophy degree in biology, chemistry, microbiology, polymer science, and science education.

The Master of Science degree is offered in the Departments of Biology, Chemistry, Computer Science and Statistics, Geology, Mathematics, Medical Technology, Microbiology, Physics, Polymer Science, Science Education, and the Food Science and Technology Program.

The Departments of Biology, Geology, Mathematics, and Science Education, in cooperation with the College of Education and Psychology, offer programs leading to the Master of Education degree.

The Doctor of Education degree is offered in cooperation with the College of Education and Psychology by the Departments of Mathematics and Science Education.

Environmental Science courses are so constructed as to provide a minor for a master's or doctoral degree program.

The programs of Industrial Technology, Building Construction Technology, Mechanical Technology, and Technology offer selected service courses at the graduate level. Course descriptions can be found elsewhere in this **Bulletin.**

For detailed information concerning a department's specified degree program please refer to that department in the following pages. The student's attention is also directed to another part of this **Bulletin** for general Graduate School requirements and regulations.

FOOD SCIENCE AND TECHNOLOGY (FST — 396)

Admission Requirements

Master of Science Degree

The applicant must hold a baccalaureate degree from an accredited college or university. In addition to the entrance requirements set forth by the Graduate School of the University of Southern Mississsippi, the applicant must obtain a combined score of 800 or above on the Aptitude Section of the **Graduate Records Examinations.** It is desirable, but not essential, that the student have prior training in food science. He should, however, be well trained in biology, chemistry, microbiology, and biochemistry.

The Food Science and Technology Program will require a qualifying examination to be taken during the first quarter upon entering Graduate School. The results of this examination and the student's transcript will be evaluated by the student's committee, in consultation with the student, to determine the number of courses needed for graduation. A minimum of thirty (30) graduate hours is required, twelve (12) of which must be in administration, biochemistry, chemistry, marketing, microbiology, nutrition, or physiology, An acceptable problem in research must be completed and terminated by a written and/or oral comprehensive examination.

Graduate Courses in Food Science
FST 610, 620, 630, 687, 688, 697, 698

DEPARTMENT OF BIOLOGY (BIO — 305)

MASTER'S DEGREE PROGRAMS

The Department of Biology participates in programs leading to the Master of Science and the Master of Education degrees in biology. For these degrees a minimum of thirty (30) graduate hours is required, twelve (12) of which should be in minor area determined by the chairman of the department or the student's major professor. An acceptable research program must be completed accompanied by a written thesis and an oral examination defending the thesis. The student will also be required to attend departmental seminars each quarter. Within the department the student may study biology, zoology, botany, and, in conjunction with the Gulf Coast Research Laboratory, marine biology.

The general requirements for the Master of Science degree are found elsewhere in this **Bulletin.**

DOCTORAL PROGRAMS

The Department of Biology offers the Doctor of Philosophy degree with majors in biology, botany, zoology, and, in conjunction with the Gulf Coast Research Laboratory, marine biology, The degree of Doctor of Philosophy is conferred only in recognition of excellence in research and scholarship.

Work at the Gulf Coast Research Laboratory is recognized as resident work.

DEPARTMENT OF CHEMISTRY (CHE — 320)

MASTER'S DEGREE PROGRAMS

The Department of Chemistry participates in programs leading to the Master of Science degree. For the master's degree a minimum of thirty (30) graduate hours is required.

The degree requires proficiency in a language, knowledge of computers, and major courses selected by the student in consultation with a graduate faculty committee chaired by the major professor. The department will require a qualifying examination to be taken by the student during the first week upon his entrance to the Graduate School. The results of this examination will be used to determine any deficiences which must be removed. The student will also be required to attend seminars each quarter of residence. The candidate must successfully pass a comprehensive examination in his major area which will be administered to him approximately six months before his graduation. An acceptable problem in research must be completed and terminated by a thesis and an oral examination defending the thesis.

DOCTOR OF PHILOSOPHY PROGRAM

The Department of Chemistry feels that the degree of Doctor of Philosophy is not to be conferred because of the successful completion of a predetermined number of credit hours but only in recognition of excellence in research and scholastic attainment. However, the University requires a minimum of seventy-eight (78) hours beyond the bachelor's or forty-eight (48) beyond the master's degree.

The departmental requirements for the Doctor of Philosophy degree are those stated under the general requirement in this **Bulletin** plus the following:

1. The Department of Chemistry is offering majors in the fields of analytical, biochemistry, inorganic, organic, and physical chemistry.
2. A student, with faculty consent, may choose to bypass the master's degree as he proceeds toward the doctoral degree.

3. The course work required will be determined by the student and the graduate committee. The choice of the field of study shall rest with the student as shall the choice of the major professor after consultation of the student with each member of the graduate faculty.
4. One year of residence time will be allowed for the time spent in obtaining the master's degree if it is transferred from another school. Residence time is based on full-time study as determined by the department. Only under exceptional circumstances will a student be permitted to do any of the last two years of residence at another location. The dissertation shall be presented to the major professor for correction and criticism before the end of the quarter preceding the quarter of graduation. After approval by the major professor the candidate will circulate copies of the dissertation to his doctoral committee for correction and criticism. After the committee's approval the oral examination will be scheduled by the chairman of the doctoral committee consistent with University policy.

DEPARTMENT OF COMPUTER SCIENCE AND STATISTICS (CSS — 330)

The Department of Computer Science and Statistics participates in programs leading to the Master of Science degree with a major in either computer science or in statistics. For the master's degree, a minimum of thirty-one (31) semester hours is required, eighteen (18) of which must be in courses numbered above 600. For the Master of Science degree the student has the option of writing a thesis or completing six (6) additional hours of graduate course work.

Students electing to major in computer science will complete a basic core of thirteen (13) hours and select the remainder of their work from one of three specialities. One speciality is a systems science option for students with engineering backgrounds and stresses computer-aided analysis and design, graphics, and process control. A second option is a business systems option for individuals with commercial backgrounds and stresses business systems design, information management and operations research. The third option is in software design for individuals with a background in areas of systems support and stresses telecommunications, information systems, and advanced concepts in operating systems and software design.

Applicants must hold a baccalaureate degree from an accredited college or university and satisfy entrance requirements set forth by the Graduate School of the University of Southern Mississippi. In addition, prospective students must have a proficiency in Fortran and one other general purpose language.

All students will be required to pass an oral examination over their first twelve (12) hours in the program. A failure on this examination can either result in a student being required to audit certain courses or expulsion from the program.

Doctoral candidates may take nine (9) semester hours in either statistics or computer science in lieu of a second language. Specific courses will be determined by this department and by the student's graduate committee. Students may also complete CSS 240 and CSS 541 with a least a **B** in each course in lieu of one language.

DEPARTMENT OF GEOLOGY (GLY — 340)

The Department of Geology participates in programs leading to the Master of Science degree in geology. A minimum of thirty (30) graduate hours is required, eighteen (18) of which must be in courses numbered above 600. For the Master of Science degree, the student must complete an original research program, submit and defend a

thesis to the department; a thesis committee which supervises these activities is established when the student is formally admitted to a degree candidacy. The score in the advanced subject (in the area of science) on the **Graduate Record Examinations** must be submitted prior to enrollment. No student will be admitted as a regular graduate student for the master's degree in geology who has a score of less than 1000 on the combined total of Aptitude Section of the **Graduate Record Examinations,** but may be considered for either conditional or non-degree graduate status.

Students following programs leading to the Master of Science degree in geology will be required to take a summer field course if they did not have such a course as undergraduates (this stipulation may be waived, upon application, on account of physical disablility).

For the Master of Science degree the student must take a minor of twelve (12) hours in a field approved by his committee.

The department has a cooperative arrangement with the Gulf Coast Research Laboratory at Ocean Springs, Mississippi. Courses in marine geological studies may be taken at the Laboratory and are generally taught in the summer.

DEPARTMENT OF MATHEMATICS (MAT — 350)

The Department of Mathematics offers programs leading to the Master of Science degree with a major in mathematics.

For all master's degrees, a minimum of thirty-three (33) semester hours of graduate work is required, eighteen (18) semester hours of which must be in courses numbered above 600. At least fifteen (15) hours of the courses numbered above 600 must be in mathematics. A student who is a resident for less than three (3) quarters must complete a minimum of eighteen (18) semester hours of mathematics courses numbered above 600.

For the Master of Science degree, proficiency in a foreign language is not required. The writing of a thesis is optional with the student's advisory committee.

Before completing nine (9) hours of graduate work the student, with the help of his adviser, should outline his tentative graduate program. As a guide to the student, the courses are grouped into four areas: algebra, analysis, applied mathematics, and topology. The student, with the help of his adviser, should obtain a suitable balance in at least three of the four areas. Details on the courses that will satisfy this requirement may be obtained from the departmental office.

A mathematics seminar is conducted each quarter for graduate students in mathematics. Its purpose is to contribute to the student's mathematical development. The seminar is required each quarter the student is in residence until four (4) semester hours of seminar have been passed. A maximum of six (6) semester hours credit may be earned for participation in the seminar.

The three-quarter sequence in advanced calculus should be completed before beginning the programs leading to the Master of Science degree. If not, then it must be included as a part of the program approved by the student's adviser. Only the third course in this sequence can be included as part of the thirty-three (33) hour minimum requirement for a master's degree.

A student must satisfy the present undergraduate requirements for a major in mathematics at the University of Southern Mississippi before beginning a program leading to a master's degree in mathematics. If a student cannot meet these requirements, he may be admitted to the Graduate School as a conditional graduate student and allowed to take work to fulfill these requirements. The hours required for a graduate degree will be in addition to this prerequisite. It should be emphasized that

admission to the Graduate School does not imply acceptance of the student as a candidate for a graduate degree.

Graduate students in mathematics are required to take a written diagnostic examination during the first week of the quarter that the student begins graduate course work in mathematics. This examination will cover fundamental topics from analysis, linear algebra, abstract algebra, set theory, and logic. It will serve to indentify the student's level of mathematical maturity, and the results will be used to determine any deficiencies which must be removed before the student is admitted to candidacy for a master's degree in mathematics.

Candidates for the Master of Science degree will take an oral comprehensive examination not later than the last week of the last quarter of residence on a date arranged by the student with the student's adviser and the chairman of the Department of Mathematics.

No student will be permitted to select a thesis topic until he has been admitted to candidacy for a master's degree. The thesis in mathematics must conform to University regulations. Four copies of the candidate's thesis are required to be distributed as follows: two copies to the Dean of the Graduate School, one copy to the chairman of the Department of Mathematics, and one copy to the student's major professor.

DEPARTMENT OF MEDICAL TECHNOLOGY (MTC — 354)

Admission

The applicant must hold a baccalaureate degree from an accredited college or university, and certification by the Board of Registry, American Society of Clinical Pathologists. In addition to the entrance requirements set forth by the Graduate School of the University of Southern Mississippi, the applicant must obtain a combined score of 800 or above on the Aptitude Section of the **Graduate Record Examinations.** This examination may be taken after the student has enrolled in the program.

MASTER'S DEGREE PROGRAM

The length of time for completion of the program requirements is eight quarters (twenty-four months). Upon successful completion of the program, the student will be awarded the Master of Science degree in Medical Technology. Students entering the program must write a thesis.

The definition of a full-time student in the University of Southern Mississippi Graduate **Bulletin** is a student who is taking a minimum of seven quarter hours. The definition as stated will be applied in this program.

The first six quarters as a full-time student will be spent at the Hattiesburg campus completing course work and beginning thesis research. A pre-service experience will be a part of the program of study during the fifth and sixth quarters. Upon successful completion of the first six quarters of study, all students will be required to spend two quarters in one of three ways.

1. Obtaining teaching experience by participating in Phase I of the department's teaching program for senior students. This will be under the direction of the Education Coordinator. Thesis requirements for those working on an education related problem will be completed during this time.
2. Completing a residency at one of four affiliated hospitals under the direction of the Education Coordinator or Chief Technologist. A thesis problem related to education or administration will be completed.
3. Completing required research under the direction of an assigned professor for those pursuing a major emphasis in an area other than education or ad-

ministration. A related thesis will be completed during this time.

4. At some time during the pre-service experience the student will be required to rotate briefly through the major divisions of one of our affiliated hosptials. This will afford the student the opportunity to obtain a better concept of the total health care delivery system. The rotation will be for a minimum of two weeks to a maximum of ten weeks depending on which of the above three options the student selects.

Master of Science Degree in Medical Technology

The following is a list of the courses required of all candidates. Since a student may take from a minimum of seven hours to a maximum of thirteen hours each quarter ample opportunity is available for the student to take some special electives as well as some desired liberal arts courses.

	Hours		Hours
CHE 622	3	MIC 742	3
CHE 623	3	MIC 743	3
CHE 624	3	GEN 731	4
CHE 541	4		

The remainder of the required thirty-eight (38) hours of work can be completed by either of three options.

I. Complete the following fifteen hours of education courses.

	Hours		Hours
CIA 607	3	CIF 735	3
CIF 619	3	EPY 576	3
CIF 632	3		

II. Complete the following fifteen hours of administrative courses.

	Hours		Hours
MGT 572	3	MGT 660	3
MGT 625	3	MGT 665	3
MGT 630	3		

III. Complete fifteen hours of course work in a science area such as biochemistry, genetics, immunohematology, immunology, or microbiology.

DEPARTMENT OF MICROBIOLOGY (MIC — 310)

Any student having successfully completed a Bachelor of Science or Bachelor of Arts degree in any of the biological or physical sciences, who demonstrates a minimum score of 900 on the Aptitude Section of the **Graduate Record Examinations**, who has a grade point average of at least 3.0 in the physical or biological sciences, and who meets the requirements set forth by the Graduate School of the University of Southern Mississippi is eligible to pursue a program leading toward the Master of Science or the Doctor of Philosophy degree in the Department of Microbiology. The Department of Microbiology endeavors to prepare students for teaching and/or research positions in industrial and medical microbiology and in genetics.

MASTER'S DEGREE PROGRAM

During the first quarter of graduate work, the choice of the field of study and the selection of a supervisory professor shall be made by the student with the consent of the professor. A minimum of thirty (30) graduate hours is required. An acceptable problem in research must be completed and terminated by a written and/or oral comprehensive examination.

DOCTOR OF PHILOSOPHY PROGRAM

The Doctor of Philosophy degree in the Department of Microbiology is considered foremost to be a research degree; however, a student must demonstrate excellence in scholastic attainments as well as research capabilities. The University requires a minimum of seventy-eight (78) hours beyond the bachelor's or forty-eight (48) hours beyond the master's degree. The Department of Microbiology requires one foreign language and proficiency in statistics as set forth by the Graduate Council.

During a student's first quarter of enrollment, the department will require a written and/or oral qualifying examination. This examination is designed to assess both the student's fitness to pursue doctoral work and to assist the committee members in planning his doctoral program. A written and/or oral comprehensive examination must be taken at or near completion of the candidate's course work. Upon acceptance of the dissertation by the candidate's committee and at least four weeks prior to graduation, a final oral examination in defense of the candidate's dissertation will be administered by the Department of Microbiology. The department furthermore requires that the candidate's research results be of a quality to be accepted for publication by a scholarly scientific journal.

INSTITUTE OF GENETICS (GEN — 312)

The Institute of Genetics participates in programs through the Department of Microbiology leading to the Master of Science or Doctor of Philosophy degree with an emphasis in genetics. Requirements for degrees are outlined under the Department of Microbiology.

DEPARTMENT OF PHYSICS (PHY — 360)

The Department of Physics offers a program leading to the Master of Science degree. A minimum of thirty (30) graduate hours is required. Research areas from which a thesis may be chosen include magnetic resonance, atomic collisions, viscous fluid flow, x-ray crystallography, and mass spectrometry.

The prospective beginning graduate student should have completed mathematics through differential equations, and in addition to introductory physics, courses in mechanics, electricity and magentism, modern physics and optics. Students with inadequate preparation may be admitted but will be expected to take some make-up courses. Students who plan to do graduate work are expected to take the advanced physics portion of the **Graduate Record Examinations.**

DEPARTMENT OF POLYMER SCIENCE (PSC — 370)

MASTER'S DEGREE PROGRAM

The Department of Polymer Science offers a Master of Science degree for which a minimum of thirty (30) graduate hours in courses numbered above 600 is required. In addition an original research problem must be completed, terminated with a written thesis.

DOCTOR OF PHILOSOPHY PROGRAM

The Department of Polymer Science offers the Doctor of Philosophy degree for which the general requirements are listed in another section of this **Bulletin.**

A list of additional departmental requirements is available from the chairman. This degree is conferred only in recognition of excellence in research and scholarship.

DEPARTMENT OF SCIENCE EDUCATION (SCE — 380)

The Department of Science Education, recognizing the increased emphasis on the art of science teaching and the additional opportunities for individuals with advanced training in these arts, provides a program for the Master of Education, Master of Science, Specialist's, Doctor of Philosophy, and Doctor of Education degrees in science education.

Any student who has successfully completed a Bachelor of Science or Bachelor of Arts degree in any area of science or combination of sciences, or has an equivalent academic preparation in the sciences, who demonstrates a minimum score on the aptitude section of the GRE of 750 for a master's, 800 for a specialist's, and 850 for the doctoral degrees, who has a grade point average of at least 3.0 for a master's, and 3.5 for a specialist's, and who meets the requirements set forth by the Graduate School of the University of Southern Mississippi is eligible to pursue a program in science education. A student who does not meet all the above requirements may be admitted conditionally.

In addition to the general requirements and procedures pertaining to graduate degrees as outlined previously in this **Bulletin,** the following requirements must be fulfilled.

MASTER'S PROGRAM

1. Completion of a minimum of forty-three (43) semester hours of graduate work.
2. A minimum of eighteen (18) semester hours in a specific science—biology, chemistry, earth and environmental sciences, or physics.
3. A minimum of six (6) semester hours in related sciences.
4. Demonstration of competence in the following Professional Education areas:
   (a) Psychology of learning
   (b) History and philosophy of education
   (c) Statistical methods and procedures in education
   (d) Research methods in education
   (e) Guidance and educational testing
   (f) Public School science curriculum
   (g) Problems in science teaching

Generally, the fulfillment of the above requirements will involve:

A. Nine (9) to fifteen (15) semester hours in professional education.
B. Twenty-eight (28) to thirty-six (36) semester hours in the sciences and science education.

Approximately one-third of the graduate work will be in professional education and two-thirds in the sciences. Students with sufficient background are not required to take additional courses in professional education, but will complete their programs in the sciences.

A thesis carrying six semester hours is optional and would substitute for two courses in education. The total program with thesis requires forty-three (43) semester hours graduate credit. The thesis may involve research in a particular science or research in science education.

SPECIALIST'S DEGREE PROGRAM

1. Complete thirty-six (36) semester hours of graduate work beyond the master's level with
2. A minimum of fifteen (15) semester hours in a specific science—biology, chemistry, earth and environmental sciences, and physics, plus six (6) hours in a related science, or mathematics

3. Complete six (6) to nine (9) semester hours of work each in professional education and science education, and
4. Demonstrate competence in the area of professional education as listed above.
5. Demonstrate competence in thesis writing by selecting a topic, doing research, and reporting the findings.

DOCTORAL PROGRAM

1. Complete fifty-four (54) semester hours of graduate work above that accepted at the master's level.
2. A minimum of eighteen (18) semester hours in a specific science—biology, chemistry, earth and environmental sciences, or physics.
3. A minimum of six (6) semester hours in related sciences.
4. Competence in the areas of professional education as listed above.
   Generally, the fulfillment of the above requirements will involve:
   A. Nine (9) to eighteen (18) hours in professional education
   B. Twenty-four (24) or more hours in sciences.
   C. Nine (9) or more hours in science education.

In all, two-thirds or more of the graduate work will be in the sciences and science education. In planning the overall program consideration is given to the student's background and his particular interests and goals.

Additional requirements include demonstrated proficiency in educational statistics and independent research. Research, culminating in a dissertation, may deal with a program in the student's science speciality or a problem in science education. However, the research problem must address educational needs related to the teaching of science.

During a student's first or second quarter of enrollment, the department will require a written and/or oral qualifying examination. This examination is designed to assess both the student's fitness to pursue doctoral work and to assist the committee members in planning his doctoral program. A written and/or oral comprehensive examination must be taken at or near the completion of the candidate's course work. Upon acceptance of the dissertation by the candidate's committee and at least four weeks prior to graduation, a final oral examination in defense of the candidate's dissertation will be administered. The Department of Science Education furthermore requires that the candidate's research be acceptable for publication in journals in his field.

In addition to an evaluation of the student's record, tests and examinations are used for diagnostic purposes in planning programs. **The Graduate Record Examinations** verbal and quantitative score should be submitted with the application for advanced graduate study.

SCHOOL OF SOCIAL WORK

Lester J. Glick, Dean

The School of Social Work program has received full accreditation by the Council on Social Work Education.

Social work is a relatively new emerging profession based on disciplined methods for helping persons and communities to cope with various social problems of our time. Social work is variously described, but is generally agreed to have the following characteristics:

1. Professional degrees at baccalaureate and master's levels;
2. Opportunity to help people in realizing their potentials;
3. Opportunity to work with individuals, groups, and communities:
4. Leadership opportunities at the master's level—direct service opportunities at the baccalaureate level; and
5. Challenging opportunities to work in many settings, performing various roles in the context of working creatively at various community social problems.

Graduate students in the Master of Social Work (M.S.W.) program at the University of Southern Mississippi School of Social Work may be admitted to one of three different educational programs:

1. The regular master's program scheduled over six successive quarters;
2. A part-time educational program in which practitioners complete three quarters of study over an extended period of time (up to five years) and complete the other three quarters as full-time students in residence; and
3. An accelerated master's program for students who have graduated from a Council on Social Work Education accredited undergraduate program.

Students enrolled in the regular master's program spend the fall and winter quarters of the first year on campus; the spring and summer quarters in block field practicum; the fall quarter of the second year on campus, and the winter quarter in an internship.

Part-time students, after completing foundation and core practice courses may, under certain conditions, enter either one or two quarters of field practicum in the agency of their employment. At least one quarter of field practicum must be in an agency other than the employing agency to assure a diversity of learning. Part-time education will be offered evenings in Jackson, Hattiesburg, on the Gulf Coast, and in Natchez.

Accelerated students enroll at the beginning of a summer quarter and complete their work in four successive quarters. The last quarter may be an internship in an agency of employment. Students in the accelerated program are granted fourteen (14) hours of advanced credit for social work courses completed in their baccalaureate program.

In developing the School of Social Work, social work practitioners were surveyed to determine the skills and the social problem emphases relevant for practice in the 1970's and the 1980's.

The curriculum which evolved emphasizes the following social problems and related social welfare settings:

1. Poverty: Social welfare service to rural and urban poor;
2. Family Disorganization: Family and childern's services including counseling, adoption, foster care, services to children in the home and in residential centers;
3. Health: Veterans Administration hosptials, general hospitals, medical centers, nursing homes;

4. Aging: Services for the aging, group work, retirement homes, services sponsored by local aging councils and the State Council on Aging;
5. Mental Disorders: Community mental health centers, mental hospitals, clinics, state training schools and services for the retarded:
6. Management of Social Service Programs: Administration, supervision, consultation.

The School of Social Work emphasizes core and foundation competencies that will prepare the student to operate flexibly in a variety of service methods on behalf of one person, a group of individuals, families, communities, or to assume leadership roles in agencies providing human services. The advanced competencies offer the student the option of specializing in a social problem area such as poverty, mental health, family services, health, gerontology, or to prepare for roles in administration. The graduate can select from a variety of agencies for employment such as general medical, surgical and neuropsychiatric hospitals, mental health clinics, family service agencies, Department of Public Welfare, children's institutions, school social work, specialized medical facilities, and social service planning agencies.

Students must complete all foundation and core courses; seven or more hours of advanced practice content (650-669); four hours of research and evaluation (670 and 691); a minimum of three hours work in a chosen concentration area (a concentration seminar and a concentration practice course). A minimum of sixty-two (62) hours is required for graduation.

Students are admitted by considering various factors including grade point average, **Graduate Record Examinations** scores, practice and volunteer experiences, academic background, and other characteristics as measured in an interview and by references. Accelerated students are urged to have applications completed by May 1; regular students, by August 1.

For information about the School of Social Work write:

UNIVERSITY OF SOUTHERN MISSISSIPPI

GULF PARK REGIONAL CAMPUS

Joe E. Holloway, Dean

The University of Southern Mississippi Gulf Park Regional Campus with locations both at Long Beach and at Keesler Air Force Base serves to enable the University of Southern Mississippi to bring its graduate courses and programs to residents of the Mississippi Gulf Coast. All courses and programs are offered through the appropriate departments and colleges on the parent campus in Hattiesburg. Accordingly, attendance at the Regional Campus fulfills residency requirements and there is no limitation on applicability of credit toward University of Southern Mississippi degrees. Most of the policies governing the Regional Campus graduate programs are identical with those stated elsewhere in this **Bulletin**. Information unique to Regional Campus graduate programs is outlined below.

SCOPE

The USM Gulf Park Regional Campus provides a flexible delivery system designed to react to the educational needs of Coast citizens. Consequently, new courses are added to the schedule as student demand warrants and resources permit. A sufficient number of courses are now being offered so that USM Gulf Park Regional Campus students may earn their entire master's degree with specialization in the following areas: educational administration and supervision, elementary education, secondary education, criminal justice studies, business administration, telecommunications management, and computer science. As the scope of the Regional Campus program broadens in response to student demand, additional areas of specialization will become available. Because the USM Gulf Park Regional Campus offers a broad range of courses, students can obtain master's level work in areas not mentioned above and even some course work beyond the master's. Prospective students are invited to contact a Regional Campus adviser in order to discuss course availability in their area of special interest.

Accreditation

As an integral division of the University of Southern Mississippi, the USM Gulf Park Regional Campus is accredited by the Southern Association of Colleges and Schools - Commission on Colleges and the National Council for the Accreditation of Teacher Education.

Admission

The Regional Campus graduate admission requirements and procedures are identical with those outlined elsewhere in this **Bulletin**, except that procedures are initiated through the Regional Campus Director of Admissions and Records. In order to facilitate proper advisement and predetermination of admission status, students should furnish transcripts and complete applications for admission at least twenty days prior to registration. A student who is unable to meet this deadline may be provisionally admitted as a non-degree graduate student at registration. However, the University is not in any way committed to continue enrollment, refund fees or tuition, grant grades, or otherwise award credit if all of the required admission forms are not received on time or if the provisional student is found to be ineligible for admission. Transcripts of provisional students must be received by the middle of the quarter in which they register. Transcripts and completed applications should be sent to the Director of Admissions and Records, USM Gulf Park Regional Campus, Long Beach, MS 39560.

Course Load

Students are permitted to carry nine (9) semester hours per quarter through the USM Gulf Park Regional Campus and/or Keesler Air Force Base. Credit workshops taken on the Regional Campus will be counted as part of the nine-hour load. The nine-hour limitation applies only to those courses taken at the USM Gulf Park Regional Campus at Long Beach and/or Keesler Air Force Base.

Fees

All USM Gulf Park Regional Campus and USM Jackson County student fees are assessed in accordance with the University's part-time student fee schedule quoted elsewhere in this **Bulletin.** Students who enroll concurrently between USM Hattiesburg Campus and USM Gulf Park Regional Campus must pay separate fees for the Regional Campus courses.

USM JACKSON COUNTY RESIDENT CENTER

Gulf Coast area students are also served by a separate unit, the University of Southern Mississippi Jackson County Resident Center. Course offerings and scheduling are coordinated with the USM Gulf Park Regional Campus and students are permitted to enroll concurrently at both locations.

USM Jackson County is a resident center, not a degree completion campus. Accordingly, a maximum of one-third (1/3) of the number of hours required for a master's degree may be earned through USM Jackson County. Any extension and/or transfer credit must be included in this total.

UNIVERSITY OF SOUTHERN MISSISSIPPI

NATCHEZ REGIONAL CAMPUS

Bill W. Gore, Dean

The University of Southern Mississippi Natchez Regional Campus offers graduate degree programs in general elementary education, educational administration, and selected minor areas of secondary education. These programs are offered through the USM Hattiesburg departments with coordinators, advisers, and classes available on a continuing basis at USM-Natchez. Admission policies and curricula are the same as for the Hattiesburg campus and are listed elsewhere in the appropriate section of this **Bulletin.**

Additionally, the University of Southern Mississippi-Natchez offers the Master of Science in Management degree. The requirements for this degree are listed below.

Master of Science in Management

Louis Parks, Coordinator

The Master of Science in Management is designed to prepare the student for advanced management positions in business, industry, government, or other non-profit organizations. The program covers the broad areas of business fundamentals and includes in-depth study of the area of management. It is offered through evening classes to serve the students of the Natchez commuting area.

Prerequisite courses are principles of accounting, business law, economics principles, financial management, management, marketing, and statistics. The student whose undergraduate degree is in some area other than business administration will have to make up course deficiencies before entering the specific graduate level course for which the undergraduate course is prerequisite. Determination of which prerequisite courses must be completed by each student admitted will be made by the USM-Natchez departmental coordinator.

Admission to the program is in conformance with all rules of the Graduate School. Additionally, before completing the first nine graduate hours the student must score satisfactorily on the Graduate Management Admission Test (GMAT). The minimum GMAT score acceptable is calculated thus: from 1,000 points subtract 200 times the grade point average of the last two years of undergraduate study. Application for admission must be made through the Director of Admissions, USM-Natchez. Two copies of official transcripts from all colleges previously attended must accompany the application.

The Master of Science in Management degree will be granted to candidates who (1) meet the general requirements of the Graduate School and the specific admission requirements to this program, (2) complete the curricular requirements herewith outlined, and (3) pass a comprehensive examination, both written and oral, of qualification for business management, covering, at the least, basic fundamentals in management, accounting, economics, finance, marketing, and quantitative techniques.

Curriculum

Course	Hours	Course	Hours
ACC 625	3	FIN 625	3
ECO 620 or		MGT 625	3
MGT 615	3	MKT 625	3
ECO 625	3		
Field emphasis (in management)			9
Electives (in other business, or related, disciplines)			6
			Total 33

A student with an undergraduate major in accounting, economics, finance, or marketing may be allowed to substitute another course in the same department, if available, for the 625 course in his major.

The program may not include any courses numbered below 500, but it may include up to six hours of 500-level courses.

EXPLANATION

The numerical listing after the course title gives the following information: **first number, semester credit hours; second number, lecture hours per week; third number, laboratory hours per week; F** (Fall), **W** (Winter), **S** (Spring), **Su** (Summer), **Q** (Quarterly), **X** (As Needed*, **F,** 1977 (will be offered Fall, 1977):

Example:

201—**Principles of Accounting I.** 3-4-0-**Q.** (3 semester hours credit, 4 hours lecture per week, no laboratory, Quarterly).

Some courses (such as Student Teaching) require many hours of outside work. These courses are listed as: 9-0-0-, meaning that the hours of classwork may be in or out of a classroom.

*X quarters should be checked carefully with department chairman.

ACCOUNTING (ACC-605)

502. **Advanced Accounting II.** 3-4-0-Q. Prerequisite: ACC 401. An introduction to consolidated financial statements, accounting for fiduciaries and governmental accounting.

505. **Current Accounting Theory and Research.** 3-4-0-Q. Prerequisites: ACC 330, 401, 402, 409. A study of the accounting literature.

520. **Advanced Cost Accounting and Budgeting.** 3-4-0-Q. Prerequisite: ACC 320. The development of accounting data for managerial use.

530. **Federal Income Tax Accounting II.** 3-4-0-F,W,S. Prerequisite: ACC 330. The environment of business as affected by the federal income tax law.

550. **Accounting Systems.** 3-4-0-X. Prerequisite: ACC 409. A study of the nature and procedure of accounting systems work.

592. **Research in Accounting Problems.** 1-3 hrs. arr. X. Prerequisite: Permission of adviser. Individual study of specific topics in accounting.

604. **Financial Accounting Analysis.** 3-4-0-X. Prerequisite: Graduate standing. An introduction to financial accounting. (May be taken in lieu of Principles of Accounting for those preparing for the M.B.A. degree but may not be applied toward 33 semester hour requirement for the degree. May be used in requirements for the M.S. in Telecommunications Management by those without undergraduate credit in accounting, but only in conjunction with ACC 625.)

605. **Advanced Accounting Theory.** 3-4-0-W. Prerequisites: 15 hours of accounting above accounting principles. Study of financial accounting literature.

610. **Advanced Auditing.** 3-4-0-F. Prerequisites: 15 hours of accounting above accounting principles including ACC 409. A study of current topics in public accounting practice.

620. **Advanced Cost Accounting Problems and Controllership.** 3-4-0-S. Prerequisites: 15 hours of accounting above accounting principles including ACC 320. A study of cost concepts and the controllership function.

625. **Managerial Accounting.** 3-4-0-W,Su. Prerequisite: Principles of accounting. A study of the potential managerial uses of accounting information. (Not to be taken by accounting emphasis students.)

630. **Tax Planning and Research.** 3-4-0-Su. Prerequisites: ACC 330 and 430 or equivalent. Tax planning and research.

640. **Contempory Accounting Problems.** 3-4-0-S. Prerequisite; ACC 405 and 409. CPA problems review.

692. **Special Problems in Accounting.** 3 hrs. arr. X. Individual study of specific topics in accounting.

698. **Thesis.** 6 hrs. arr. Q.

ADULT EDUCATION (CIA-110)

540. **Methods and Materials in Adult Education.** 3-4-0-W,Su. A course in method and format of instructional materials for adults with emphasis on self-instructional techniques.

541. **Foundations of Reading Instruction for the Adult.** 3-4-0-X. This course involves an examination of the basis of reading instruction for the nonliterate adult.

542. **Methods and Materials for Teaching Adults to Read.** 3-4-0-X. Instructional and diagnostic materials and methods for dealing with functionally illiterate adults.

545. **Teaching the Disadvantaged Adult.** 3-4-0-**F,S.** A study of the educational problems of culturally deprived and handicapped adults in terms of programs and procedures found to be successful.

590. **Special Problems in Adult Education.** 1-3 hrs. arr. **Q.** Special areas of interest arranged for an individual or a group with common interests.

601. **Principles of Adult Education.** 3-4-0-**Q.** A survey of the history, philosophies, form, structure, and current developments in the field of adult education.

607. **Program Planning and Curriculum Development in Adult Education.** 3-4-0-**W,Su.** The design of programs and courses of study related to a wide variety of adult education agencies.

750. **Education and the Older Adult.** 3-4-0-**X.** A study of the elderly adult and the implications of those characteristics for adult education programs.

797. **Independent Study and Research.** Hrs. arr. **Q.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem or a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problems.** Hrs. Arr. **X,** A field study or thesis type research study representing the major research component of the specialist's degree.

889. **Seminar in Adult Education.** 1-4-0-**Q.** (Max. 3 hrs.) Seminar required for adult education doctoral students in residence. Emphasizing current issues in adult education selected by students in consultation with faculty.

898. **Dissertation.** 6 hrs.

ALLIED ARTS (AA-655)

600. **Aesthetics in the Arts.** 3-4-0-**Su.** Emphasis is placed upon an analysis of artistic expression and the affective quality of experience with the fine arts.

ANTHROPOLOGY (ANT-286)

511. **Comparative Indo-European Studies.** 3-4-0-**S.** A survey of contemporary Indo-European studies designed to illustrate the proper use of the comparative method.

512. **Mythology and Folklore.** 3-4-0-**W.** The utilization of folklore and mythological data in anthropological research.

513. **Historical and Anthropological Theory.** 3-4-0-**S.** A general survey of the history of anthropology and of the major schools of anthropological theory.

514. **Methods and Field In Archeology.** 3-2-2-**S.** Methodology and techniques of archeological field work, including participation in organized field projects.

520. **Culture and Ethnicity.** 3-4-0-**S.** An analysis of culture and ethnicity with special reference to the problem of modernization.

601. **Anthropological Research Methods.** 3-4-0-**X.** Ethnographic methodology and use of quantitative techniques in anthropological research.

602. **Advanced Physical Anthropology.** 3-4-0-**X.** The ethnogenesis of living hominids. Biometrics, serology, comparative morphology and biochemical markers.

603. **Prehistoric Archeology.** 3-4-0-**X.** A survey of prehistoric archelogy with emphasis on the Old World.

604. **Classical Archelogy.** 3-4-0-**X.** The archeology of complex societies with particular reference to the Aegean area.

605. **Psychological Anthropology.** 3-4-0-F. The evolution of the hominid brain and a cross-cultural analysis of basic personality formation in primitive societies.

606. **Economic Anthropology.** 3-4-0-W. The evolution of economic systems and the relative role of economic forces in the determination of social change.

607. **Applied Anthropology.** 3-4-0-S. The application of anthropology to the solution of contemporary social and cultural problems.

611. **Seminar in Anthropology.** 3-4-0-F. Research and tutorial in general anthropology.

612. **Seminar in Ethnology.** 3-4-0-X. Individually designed and supervised studies in ethnology.

613. **Seminar in Physical Anthropology.** 3-4-0-X. Individually designed and supervised studies in physical anthropology. Seminar discussion on methodology and findings.

692. **Special Problems.** 1-3 hrs. arr. X.

698. **Thesis.** 6 hrs. arr. X.

792. **Special Study Projects in Anthropology.** 1-6 hrs. arr. Q. Special projects in reading, survey, or research in anthropology.

ARCHITECTURAL TECHNOLOGY (ACT-392)

592. **Special Problems.** 1-3 hrs. arr. Q. Prerequisite: Senior standing and approval of faculty adviser.

ART (ART-660)

513. **Crafts II.** 3-1-4-X. The creation and design of jewelry.

514. **Crafts III.** 3-1-4-X. The creation of surface designs for fabrics.

600. **Studio Foundations.** 3-4-0-X. A review, through studio problems, of some fundamental problems of plastic expression. Hours earned may not be used to fulfill degree requirements.

601. **Drawing Studio.** 3-9 hrs. arr. X.

610. **Crafts: Jewelry Design for Teachers.** 3-1-4-X. The study of visual forms as pretaining to the jewelry crafts.

615. **Trends in Current Plastic Expression.** 3-4-0-Su. A course designed to keep the student abreast of current trends in the plastic arts.

620. **Adapting Selected Current Art Trends to School Practice.** 3-4-0-X. Current art trends are identified and selections of them are developed in terms of philosophies, practitioners, background, and techniques.

621. **Painting Studio.** 3-9 hrs. arr. X.

651. **Ceramics Studio.** 3-9 hrs. arr. X.

ART EDUCATION (ARE-665)

600. **Art Education Theory.** 2-2-1-X. A comprehensive survey of Art Education trends and philosophies.

601. **Introduction to Research in Art Education.** 3-3-1-S. A study of current research and research techniques in the area; includes the compilation of bibliographic material and the organization of research projects.

602. **Art Techniques and Materials for Teachers.** 3-1-3-X. A comprehensive survey of teaching techniques emphasizing the pedagogical potential and limitation of plastic media.

603. **Characteristics of Visual Relationships for Teachers.** 3-1-3-X. A course dealing with the teaching of the visual characteristics and arrangement of visual relationships.

604. **Teaching the Exceptional Student Contemporary Processes.** 3-1-3-X. A course devoted to the pedagogical potential of contemporary processes for use with exceptional students.

605. **Techniques of Dissemination of Student Art Work.** 3-1-3-X. Techniques of advanced pedagogy in the selection, display, and showing of student work.

616. **Advanced Art Seminar for Teachers in Elementary Education.** 3-2-2-X. An advanced study of the scope and sequence of art education curriculums. The coordination of art programs with sequential studies will be stressed.

625. **Supervision of Art Education Programs.** 3-2-2-F. A study of the problems involved in the supervision of public school art programs in grades K through twelve.

626. **Curriculum and Instruction in Art Education.** 3-3-1-W. A study of the art curriculums and instructional programs in the public schools in grades K through twelve.

691. **Research in Art Education.** 1-9 hrs. arr. X. Prerequisite: Approval of the major professor.

692. **Special Problems in Art Education I, II, III.** 1-3 hrs. each, arr. X.

697. **Independent Study and Research.** 1-12 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. X. A conventional thesis, or a catalogued exhibition, or an exhibition with a supporting paper.

BIOLOGY (BIO-305)

501. **History of Biology.** 2-2-0-X. Lectures and papers concerning the development of biological sciences.

510. **Electron Microscopy.** 3-3-3-X. Theory and use of the electron microscope and associated instrumentation and darkroom techniques.

511. **Histology.** 3-3-2-X. Microscopic anatomy of mammalian organ systems.

515. **Pathobiology.** 4-3-3-W. Prerequisite: **BIO** 411. Principles of histopathology of vertebrates and invertebrates.

520. **Embryology.** 3-2-4-S. Maturation, fertilization, cleavage, histogenesis, and organogenesis.

522. **Experimental Embryology.** 3-2-4-X. Prerequisite: **BIO** 520. Factors which activate or regulate developmental processes.

523. **Protozoology.** 3-2-4-X. Introduction to parasitic and free-living protozoa.

524. **Human Protozoology.** 3-2-4-W,Su. Life histories, epidemiology, and diagnostic characteristics of protozoans parasitic in man.

525. **Human Helminthology.** 3-2-4-F,Su. Life histories, systematics, and host relationships of helminths of medical significance.

526. **Medical Entomology.** 3-2-4-W. Prerequisite: Permission of instructor. Anthropod vectors and agents of disease.

528. **Environmental Physiology.** 3-2-4-F. Physiological adaptations enabling animals to meet environmental challenges.

529. **Invertebrate Physiology.** 3-3-3-S. Prerequisite: 12 hours of biology. A functional approach to the major invertebrate phyla.

530. **Mammalian Physiology I.** 3-3-2-S. Prerequisites: **BIO** 320 and 321. Functioning of major mammalian systems emphasizing interrelationships and regulation.

531. **Mammalian Physiology II.** 3-2-2-W. Prerequisite: **BIO** 530. Study of system function, coordination, and control.

532. **Comparative Animal Physiology I.** 3-2-4-W. Prerequisites: 12 hours of biology, 9 hours of chemistry. Comparison of systems and adaptations of animals

533. **Comparative Animal Physiology II.** 3-2-4-S. Prerequisite: **BIO** 532. Comparison of functions in relation to the environment.

534. **Endocrinology.** 3-3-0-W. Prerequisite: Permission of instructor. Survey of the endocrine system and its regulation of physiological processes.

535. **Ethology.** 3-3-0-X. Classical and current concepts of animal behavior including individual and social behavioral patterns.

536. **Invertebrate Zoology I.** 3-2-4-F. Survey of Invertebrate Phyla Protozoa to Annelida.

537. **Invertebrate Zoology II.** 3-2-4-W. Prerequisite: **BIO** 536. Survey of Invertebrate Phyla through Hemichordata.

538. **Entomology.** 3-2-4-F. Structural adaptations, life histories and habits, and the economic importance of insects.

539. **Arachnida Biology.** 3-2-3-S. Biology, morphology, and classification of the arachnids.

540. **Ichthyology.** 3-2-4-F. Collection, preservation and identification of local fishes and fish-like vertebrates, with emphasis on fresh water.

541. **Ornithology.** 3-2-4-S. Prerequisites: **BIO** 320 and 321 recommended. Morphology, taxonomy, life history, distribution, evolution, and adaptations of birds.

542. **Mammalogy.** 3-2-4-W. Prerequisites: **BIO** 320 and 321 recommended. Morphology, taxonomy, life history, distribution, evolution, and adaptations of mammals.

543. **Principles of Nomenclature.** 2-2-0-X. Prerequisite: Permission of instructor. Discussions and problems of biological nomenclature.

544. **Advanced Systematic Ichthyology.** 3-2-4-X. Prerequisite: **BIO** 440. Systematics, natural history, distribution, and economic importance of fishes.

548. **Introductory Mycology.** 3-2-4-W. Prerequisite: Permission of instructor. Taxonomy, physiology, and biochemistry of fungi.

549. **Introductory Phycology.** 3-2-4-X. Prerequisite: Permission of instructor. Taxonomy, physiology, and biochemistry of the algae.

550. **Plant Anatomy.** 3-2-4-X. A study of the anatomy of vascular plants.

551. **Morphology of Non-Vascular Plants.** 3-2-4-W. Life cycles, evolution, and study of algae, fungi, lichens, liverworts, and mosses.

552. **Morphology of Vascular Plants.** 3-2-4-S. Life cycles, evolution, and diagnostic characteristics of representative ferns, fern allies, and seed plants.

553. **Aquatic and Marsh Plants.** 3-2-4-F,S. Collection, identification, and ecology of aquatic marsh plants of fresh and brackish water.

554. **Plant Physiology.** 3-2-4-X. Prerequisite: Organic chemistry recommended. The basic physiological processes of green plants.

555. **Economic Botany.** 3-2-4-X. Origin, distribution, and significance of plants most important to man.

556. **Plant Pathology.** 3-2-4-X. Taxonomy, physiology, and control of economically important plant pathogens.

557. **Taxonomy of Higher Plants.** 3-2-4-X. The classification of seed plants.

560. **Biogeography.** 2-2-0-W. A descriptive and analytical study of the distribution of plants and animals.

561. **Ecology I.** 3-2-4-F. Prerequisite: Permission of instructor. Environmental interrelationships of organisms to their environment.

562. **Ecology II.** 3-2-4-W. Prerequisite: **BIO** 561. Ecological effects of environmental factors and relationship of respiration and osmoregulation. Population growth.

565. **Freshwater Biology.** 3-3-4-F,Su. Prerequisite: Permission of instructor. Collection, identification, and ecology of aquatic organisms significant to water quality.

566. **Limnology.** 3-2-4-S. Prerequisites: Permission of instructor. The physical, chemical, and biological conditions in lakes, ponds, and streams.

567. **Introduction to Biological Oceanography.** 3-2-4-X. Prerequisites: **BIO** 561 and 562. Topography, bottom sediments, and characteristics of sea water.

570. **Ecology of Parasitic and Vector-Borne Diseases.** 2-2-0-X. Prerequisite: Permission of instructor. Transmission and pathogenesis of parasitic and vectorborne diseases.

572. **Natural History of Animals.** 3-1-4-Su. Prerequisite: Permission of instructor. Life histories of animals. Designed for teachers.

573. **Natural History of Plants.** 3-1-4-Su. Prerequisite: Permission of instructor. Life histories of plants. Designed for teachers.

575. **Plant Ecology.** 3-2-4-X. Relationship of plants to their environment.

593. **Field Biology.** 1-6 hrs. arr. X. Ecological and taxonomic studies. Offered between quarters as 4 to 6 day field trips.

692. **Biological Problems.** 1-6 hrs. arr. Q. Designed for majors with a need for certain basic techniques for research.

697. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but are working on a thesis and using University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. X.

703. **Advanced Botany.** 3-2-4-X. The general physiology and ecology of seed plants.

704. **Biological Photography.** 2-1-2-X. Techniques of biological photography.

705. **Analytical Methods in Biological Research.** 3-2-2-X. Prerequisite: Consent of instructor. Special techniques of data gathering and interpretation.

716. **Cell Ultrastructure.** 3-4-0-X. Prerequisite: Permission of instructor. Structure and function of cells and cell organelles at the sub-cellular level.

717. **Techniques in Scanning Electron Microscopy.** 3-1-4-X. Operation, specimen preparation, and x-ray spectroscopy.

718. **Cytochemical Techniques.** 3-2-4-**X.** Prerequisite: **BIO** 410. Cytochemical characterization of biologically significant compounds at miscroscopic levels.

721. **Advanced Systematic Herpetology.** 3-2-4-**W.** Systematics, natural history, distribution, and economic importance of reptiles and amphibians.

727. **Speciation.** 2-2-0-**F.** Prerequisite: **GEN** 402 or 502. Current concepts of phylogeny and origin of the species.

728. **Planktology.** 3-2-4-**S.** Prerequisite: **BIO** 436 or 536. The morphological adaptations and life histories of plankton.

730. **Helminthology.** 3-2-4-**X.** Prerequisites: BIO 424 or 524 and 425 or 525. Systematics, morphology, and host-relationships of helminths.

731. **Physiology of Marine Animals.** 3-3-0-**X.** The environmental physiology of marine animals

732. **Seminar in Animal Behavior.** 2-2-0-**F.** Special topics in ethology, in areas of individual interest.

733. **Seminar in Physiology.** 2-2-0-**X.** Special topics in physiology in areas of individual interest.

734. **Experimental Endocrinology.** 3-2-4-**S,Su.** Prerequisite: **BIO** 434 or 534. The study of hormones, utilizing techniques of bioassay and surgery.

739. **Invertebrate Embryology.** 3-2-4-**S.** Prerequisite: Consent of instructor. The embryology of invertebrates, emphasizing that of marine animals.

750. **Advanced Taxonomy of Seed Plants.** 3-2-4-**X.** Prerequisite: **BIO** 457 or 557. Experimental approaches to problems in plant taxonomy.

752. **Experimental Phycology.** 3-4-0-**X.** Prerequisite: Permission of instructor. Experimental studies utilizing special techniques.

754. **Experimental Mycology.** 3-4-0-**X.** Prerequisite: Permission of instructor. Experimental studies utilizing special techniques.

760. **Topics in Marine Biology.** 2-2-0-**F,S.** Special topics in marine physiology and biochemistry.

763. **Fisheries Biology.** 3-2-4-**W.** Prerequisites: **BIO** 440 or 540, and **BIO** 466 or 566 highly recommended. Ecology and conservation of fishes.

765. **Biological Oceanography.** 3-2-4-**S,Su.** Prerequisite: **BIO** 462 or 562. The sea as a biological environment.

767. **Marine Ecology.** 3-2-4-**S.** Prerequisite: **BIO** 462 or 562. The marine environment and the ecology of marine organisms.

768. **Aquaculture.** 3-2-4-**S,Su.** Prerequisite: Permission of instructor. Production of aquatic organisms in natural and artifical environments.

789. **Biology Seminar.** 1-1-0-**X.** The presentation of current concepts in special areas of individual interest.

791. **Research in Biology.** 1-9 hrs. arr. **Q.** Prerequisite: Approval of the major professor.

792. **Special Problems.** 2-6 hrs. arr. **Q.**

793. **Research in Zoology.** 1-6 hrs. arr. **Q.**

797. **Independent Study and Research.** 1-9 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but are working on a dissertation and using University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

COURSES TAUGHT AT THE GULF COAST RESEARCH LABORATORY IN OCEAN SPRINGS BY THE GULF COAST RESEARCH LABORATORY STAFF

581. **Marine Vertebrate Zoology.** 6-4-4-Su. Lecture and laboratory survey of marine chordates, including fishes, reptiles, mammals, and shore birds.

583. **Marine Invertebrate Zoology I.** 6-4-4-Su. Morphology, distribution, and ecology of the phyla from Protozoa through Lophophorata.

584. **Marine Invertebrate Zoology II.** 6-4-4-Su. Prerequisite: **BIO** 583. Morphology, distribution, and ecology of the protostome and deuterostome phyla.

585. **Parasites of Marine Animals.** 6-4-4-Su. Prerequisite: Permission of instructor. Emphasis on morphology, taxonomy, life histories, and host-parasite relationships.

588. **Introduction to Marine Zoology.** 4-2-4-Su. Prerequisites: 12 hours of biology. An introduction to the marine environment and local fauna.

589. **Marine Botany.** 4-2-4-Su. Prerequisites: General botany and plant taxonomy. A survey of the principal groups of marine algae.

781. **Marine Fisheries Biology.** 6-4-4-Su. Prerequisite: Statistics recommended. A statistical review of the world fisheries.

782. **Advanced Problems in Marine Microbiology.** 2-6 hrs. arr. X. Research problems and projects in microbiology or marine biology.

783. **Biological Electron Microscopy I.** 3-2-4-X. An introduction to the fundamentals of electron microscopy.

784. **Biological Electron Microscopy II.** 3-2-4-X. Prerequisite: **BIO** 783. Special techniques, operation, and maintenance of an electron microscope.

785. **Marine Microbiology.** 5-3-4-Su. Prerequisites: General microbiology or consent of instructor. Microbial flora of representative environments.

786. **Marine Phycology.** 2-6 hrs. arr. X. Areas of concentration according to seasonal activities and needs or interest of the student.

787. **Research in Marine Biology.** 2-6 hrs. arr. X.

BUSINESS EDUCATION (BED-105)

552. **Philosophy of Vocational Business Education.** 3-4-0-W. History, concepts, trends, occupations, employment opportunities, procedures, and techniques.

553. **Coordination of Office Occupations Programs.** 3-4-0-Su. Problems in developing office occupations programs to meet the needs of employees and businesses.

554. **Content and Methods of Distributive Education.** 3-4-0-X. Principles, concepts, program plans, curricula, methods and materials, activities, research, and evaluation.

555. **Organization and Administration of Distributive Education.** 3-4-0-X. Basic problems, objectives, and characteristics of DE programs as applied in their development.

556. **Techniques of Coordination in Distributive Education.** 3-4-0-X. Techniques and problems encountered in coordinating DE programs.

560. **Office Management.** 3-4-0-F,W,S. Principles of management, organization and supervision, data processing, layout, machines, personnel, forms, reports and services.

575. **Legal Secretaryship.** 3-4-0-F. Prerequisite: **BED** 305 and 310 or equivalent. A course stressing the professional aspects of legal secretarial practices and procedures.

576. **Medical Secretaryship.** 3-4-0-S. Prerequisite: **BED** 305 and 310 or equivalent. A course stressing the professional aspects of the work of a medical secretary.

580. **Research and Report Writing.** 3-4-0-W,Su. Concepts and methods of business research and style; problems in researching and reporting business data in written form.

604. **Foundations in Business Education.** 3-4-0-X. Examination and analysis of the history and philosophy of business education.

608. **Curriculums in Business Education.** 3-4-0-Su. Factors influencing curriculum construction; content organization, instructional materials, and techniques.

651. **Principles of Business Education.** 3-4-0-F. Junior high through university programs; guidance; qualifications and professional activities of teacher; and public relations.

652. **Seminar in Business Education.** 3-4-0-Su. An intensive study of specific problems in business education, and a survey of literature pertaining to the problems.

653. **Improvement of Instruction in Bookkeeping and Related Basic Skills.** 3-4-0-X. Methodology; instructional materials; evaluation; review of significant research.

654. **Improvement of Instruction in Basic Business.** 3-4-0-X. Objectives, teaching procedures, instructional materials, and related problems. Related research is studied.

655. **Improvement of Instruction in Typewriting and Related Skills.** 3-4-0-X. Teaching procedures; instructional materials; measurement of skills; standards of achievement; review of related research.

656. **Improvement of Instruction in Shorthand and Transcription.** 3-4-0-X. Methodology; instructional materials; transcription problems; standards of achievement; review of related research.

669. **Measurement and Evaluation in Business Education.** 3-4-0-S. Concept of evaluation; construction, selection, administration, and scoring of tests; review of related research.

670. **Problems in Vocational Cooperative Office Education.** 3-4-0-X. Analysis of problems in administering cooperative office education programs.

680. **Readings in Business Education.** 3-4-0-X. Readings in both periodical literature and research. Presentation of findings in a scholarly report. Approval of department chairman required.

691. **Research in Business Education.** 1-9 hrs. arr. Q.

692. **Special Problems I, II, III.** 1 hr. each. Arr. Q. Prerequisite: 9 semester hours of advanced courses in business education. Scholarly paper on approved problem.

694. **Field Problems.** 3 hrs. arr. **Q.**

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis, and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **X.** Credit is deferred until thesis is completed.

701. **Seminar in Business Education.** 3-4-0-**X.** Analysis and evaluation of significant research studies in the field of business education and research of a problem.

750. **Business Education in the Junior College.** 3-4-0-**X.** Forces affecting junior college business curricula; philosophy; programs; public relations; trends; and related research.

760. **Administration and Supervision of Business Education.** 3-4-0-**X.** Principles; techniques of administration and supervision of business education in junior high, senior high, evening schools, and colleges.

780. **Readings in Business Education.** 3-4-0-**X.** Readings in both periodical literature and research. Presentation of findings in a scholarly report.

791. **Research in Business Education.** 1-9 hrs. arr. **X.**

797. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problems.** 3-4-0-**X.**

CHEMISTRY (CHE-320)

502. **Chemistry of the Atmosphere.** 4-4-3-**X.** Prerequisite: **CHE** 312. Topics are: radiocarbon cycle, atmospheric photochemistry, weather patterns, greenhouse effect, combustion pollutants, health hazards, etc.

503. **Industrial Chemistry.** 3-4-0-**X.** Prerequisite: Permission of the instructor. Important processes used in industry. Invited industrial representatives and plant visits keep the topics current.

511. **Instrumental Analysis.** 4-3-3-**S.** Prerequisite: **CHE** 353 and 312. Theory and practice of analytical instrumentation; absorption spectroscopy, chromatography, mass spectroscopy, and magnetic resonance.

521. **Introduction to Biochemistry.** 4-4-3-**F,Su.** Prerequisite: **CHE** 353. The properties of amino acids, proteins, carbohydrates, lipids, and nucleic acids; actions of enzymes and protein synthesis.

522. **Intermediary Metabolism.** 4-4-3-**W,Su.** Prerequisite: **CHE** 521. Major metabolic pathways with emphasis on energy considerations and interrelationships of the pathways.

531. **Inorganic Chemistry.** 3-4-0-**F.** Prerequisites: **CHE** 353 and 312. Models, concepts, bonding and periodic trends in inorganic chemistry.

532. **Descriptive Inorganic Chemistry.** 3-3-3-**W.** Prerequisite: **CHE** 431. Models, properties, reactions, and synthesis of inorganic compounds and complexes.

541. **Application of Nuclear Techniques.** 4-4-3-**X.** Prerequisite: Permission of the instructor. Applied biological, chemical, environmental, etc., problems. Topics: radioisotope handling, radiation detection, shielding, tracer techniques, etc.

551. **Qualitative Organic Analysis I.** 2-1-3-W. Prerequisite: **CHE** 353. The systematic identification of pure organic chemicals.

552. **Qualitative Organic Analysis II.** 2-1-3-S. Prerequisite: **CHE** 551. The analysis of mixtures, with emphasis on chromatographic separation techniques and spectroscopic methods of analysis.

561. **Physical Chemistry.** 3-3-3-F. Prerequisites: **MAT** 277 and **CHE** 353. Topics: chemical thermodynamics, kinetics, surface phenomena, quantum chemistry, symmetry, spectroscopy, and molecular structure.

562. **Physical Chemistry.** 3-3-3-W. Prerequisite: **CHE** 561. A continuation of **CHE** 561.

563. **Physical Chemistry.** 3-3-3-S. Prerequisite: **CHE** 562. A continuation of **CHE** 562.

601. **Introductory Structural Chemistry.** 3-4-0-F. Prerequisite: Permission of the instructor. A study of symmetry including group theory and point group designation, stereochemistry, and the origin of spectra.

602. **Spectral Elucidation of Structure.** 3-4-0-W. Prerequisite: Permission of the instructor. Applications of vibrational, electronic, nuclear magnetic resonance, and mass spectroscopy to structure determination.

603. **Introduction to Kinetics and Synthesis.** 3-4-0-S. Prerequisite: Permission of the instructor. An introduction to kinetics, synthesis (a general approach to both inorganic and organic), and separations.

610. **Problems in Analytical Chemistry.** 3-4-0-X. Prerequisite: Permission of the instructor. An intensive review of analytical chemistry for students with a limited background to enable them to pursue graduate level analytical chemistry courses.

611. **Advanced Analytical Chemistry.** 3-4-0-X. Prerequisite: **CHE** 411 or permission of instructor. Sampling techniques, equilibria and activity, chemical and physical separations, and chemical methods of analysis.

612. **Advanced Chemical Analysis.** 3-4-0-F. Prerequisite: **CHE** 611. Chemical methods of analysis. Complexometric non-aqueous methods, kinetic effects, and recent advances.

620. **Problems in Biochemistry.** 3-4-0-X. Prerequisite: Permission of the instructor. An intensive review of biochemistry for students with a limited background to enable them to pursue graduate level biochemistry courses.

621. **Advanced Biochemistry.** 3-4-0-F. Prerequisite: Permission of instructor. The inter-relationships of metabolic pathways with emphasis on control mechanisms.

622. **General Biochemistry.** 3-4-0-F. Prerequisite: **CHE** 353. An intensive study of the biochemistry of proteins, enzymes, lipids, carbohydrates, and nucleic acids.

623. **General Biochemistry II.** 3-4-0-W. Prerequisite: **CHE** 622. The major metabolic pathways including metabolism of carbohydrates, lipids, amino acids, purines and pyrimidines.

624. **General Biochemistry III.** 3-3-3-S. Prerequisite: **CHE** 623. Molecular biology and biochemistry related to nutrition, hormones, and specialized tissues.

630. **Problems in Inorganic Chemistry.** 3-4-0-X. Prerequisite: Permission of the instructor. An intensive review of inorganic chemistry for students with a limited background to enable them to pursue graduate level inorganic chemistry courses.

631. **Advanced Inorganic Chemistry.** 3-4-0-S. Prerequisite: **CHE** 601. Stereochemistry, group theory and related spectroscopy, inorganic polymers, chelates, acid-base concepts, transition metals, lanthanides and actanides.

632. **Inorganic and Organic Preparations.** 2-4 hrs. arr. Prerequisite: Permission of instructor. Experience in specialized synthetic techniques including inert atmosphere, vacuum line, nonaqueous and large scale preparations.

650. **Problems in Organic Chemistry.** 3-4-0-X. Prerequisite: Permission of instructor. An intensive review of organic chemistry for students with a limited background to enable them to pursue graduate level organic chemistry courses.

651. **Advanced Organic Chemistry.** 3-4-0-X. Prerequisite: Successful completion of Organic Qualifying Examination or in special instances, permission of the instructor. The structure of organic compounds and its relationship to chemical bonding, stereochemistry, resonance, and reactivity.

652. **Advanced Synthetic Organic Chemistry I.** 3-4-0-X. Prerequisite: **CHE** 651. The synthesis of organic compounds emphasizing modern reagents and methods.

653. **Advanced Synthetic Organic Chemistry II.** 3-4-0-X. Prerequisite: **CHE** 652. Reaction pathways. Both ground-state and excited-state (photochemical) processes will be examined.

660. **Problems in Physical Chemistry.** 3-4-0-X. Prerequisite: Permission of instructor. An intensive review of physical chemistry for students with a limited background to enable them to pursue graduate level physical chemistry courses.

661. **Advanced Physical Chemistry.** 3-4-0-X. Prerequisite: Successful completion of Physical Chemistry Qualifying Examination, or in special instances, permission of the instructor. Molecular and thermodynamic basis for chemical phenomena. Emphasis: Applications of thermodynamics and statistical thermodynamics to chemical disciplines.

689. **Seminar.** 1-1-0-Q.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X. Prerequisite: Consultation with and permission of major professor.

700. **Chemical Literature.** 3-4-0-X. Prerequisite: Permission of instructor. Detailed literature search. Information retrieval methods and general library procedures.

711. **Analytical Spectroscopy.** 3-4-0-X. Prerequisite: **CHE** 411. Quantitative determinations by I.R., visible, U.V., and x-ray spectroscopy techniques including atomic emission and absorption.

712. **Advanced Chemical Instrumentation.** 3-4-0-X. Prerequisite: Permission of instructor. The chemical, electrical, and physical problems encountered in automatic measurement and control instrumentation.

713. **Analytical Separations.** 3-4-0-X. Prerequisite: Permission of instructor. Gas, ion exchange, and thin-layer chromatography; precipitation and crystallization; zone refining and electromigration.

721. **Proteins.** 3-4-0-X. Prerequisite: CHE 622 or permission of instructor. Protein purification, methods of primary, secondary, and tertiary structure determinations, and the relationship between structure and biological activities.

722. **Physical Biochemistry.** 3-4-0-X. Prerequisite: CHE 622. Application of physical-chemical methods to the study of biological macromolecules.

723. **Enzymes.** 3-4-0-X. Prerequisite: CHE 622. Mechanisms of enzyme action, and the kinetics, regulation, and synthesis of enzymes.

724. **Insect Biochemistry.** 3-4-0-X. Prerequisite: Two courses in biochemistry including CHE 624 or equivalent. Selected topics emphasizing biochemical systems unique to insects.

725. **Lipids.** 3-4-0-X. Prerequisite: Permission of instructor. Study of the structure, functions and metabolism of lipids.

726. **Hormone Biochemistry.** 3-4-0-X. Prerequisite: Permission of instructor. The structure, biosynthesis, secretion, regulation, and mode of action of hormones.

731. **Coordination Chemistry.** 3-4-0-X. Prerequisites: CHE 631 and CHE 661. Molecular orbital and ligand field treatments of various complexes. Emphasis on electronic vibronic transitions.

733. **Chemistry of the Representative Elements.** 3-4-0-X. Prerequisites: CHE 631 and 661. The chemistry and bonding properties of the non-metallic elements. Emphasis is on the current literature.

734. **Physical Methods in Inorganic Chemistry.** 3-4-0-X. Prerequisite: CHE 631. An in-depth study of physical tools pertinent to inorganic chemistry and to interpretation of and limits of experimental results.

741. **Nuclear Chemistry.** 3-2-6-X. Prerequisite: Permission of instructor. Topics: interactions of radiation with matter, nature of radioactivity, radioactive decay, radiation detection nuclear reactions, tracer applications, etc.

751. **Physical Organic Chemistry.** 3-4-0-X. Prerequisite: CHE 651. Selected topics including application and use of quantum mechanisms, kinetics, cryoscopy, isotopes, etc., to organic chemistry.

752. **Mechanisms of Organic Reactions.** 3-4-0-X. Prerequisite: CHE 651. Mechanisms of organic reactions with emphasis on stereochemistry, kinetics, thermodynamics, and new developments as reported in the chemical literature.

753. **Polymer Chemistry I.** 3-4-0-X. Prerequisite: CHE 653 and permission of instructor. Selected polymer systems, polymerization mechanisms, structure-property relationships and methods of evaluation.

754. **Polymer Chemistry II.** 3-4-0-X. Prerequisite: CHE 753. Selected polymer systems, polymerization mechanisms, structure-property relationships and methods of evaluation.

761. **Special Topics in Statistical Thermodynamics.** 3-4-0-X. Prerequisite: CHE 661 or permission of instructor. Statistical mechanical theory and techniques applied to calculations of thermodynamic properties. Topics: Theory of liquids, real gas behavior, etc.

762. **Structural Chemistry.** 3-4-0-X. Prerequisites: CHE 601, 631, and 662. Theoretical examination of vibrational and rotational spectroscopy, nmr, esr, and diffraction from the standpoint of elementary quantum mechanics and group theory.

763. **Introduction to Quantum Chemistry.** 3-4-0-X. Prerequisite: CHE 661 or permission of instructor. Development of quantum theory relating to energy levels

and bonding in chemical systems.

764. **Elements of Diffraction.** 4-4-3-X. Scattering, phase relationships, and structural techniques via diffraction for gases, liquids, solutions, and solids.

789. **Seminar.** 1-1-0-Q.

791. **Research in Chemistry.** Hrs. arr. X. Prerequisite: Approval of major instructor.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

811. **Analytical Electrochemistry.** 3-4-0-X. Prerequisite: Permission of instructor. Thermodynamics of electrochemistry, theoretical derivations of electrochemical techniques and applications thereof.

821. **Biosynthetic Pathways.** 3-4-0-X. Prerequisite: Permission of instructor. An in-depth study of selected metabolic pathways.

822. **Nucleic Acid and Protein Synthesis.** 3-4-0-X. Prerequisite: CHE 621 or permission of instructor. Protein and nucleic acid biosynthesis, with emphasis on biological control mechanisms.

831. **Organometallic Compounds.** 3-4-0-X. Prerequisites: 631 and 651 or permission of instructor. The preparation, structure, physical properties and chemical reactions of compounds containing carbon-metal and carbon-metalloid bonds.

841. **Radiation Chemistry.** 3-4-0-X. Prerequisites: CHE 561 and permission of instructor. Interaction of radiation with matter. Topics: Radiation dosimetry, ions and excited molecules, ion-molecule reactions, free radicals, etc.

851. **A Survey of Heterocyclic Chemistry.** 3-4-0-X. Prerequisite: CHE 651. Nomenclature, synthesis, and reactions of the more common heterocyclic systems.

861. **Special Topics in Quantum Chemistry.** 3-4-0-X. Prerequisite: CHE 661. Topics of current interest in quantum chemistry such as magnetic resonance, electron spectroscopy, etc.

862. **Chemical Kinetics.** 3-4-0-X. Experimental techniques of measuring chemical reaction rates and the mathematical treatment of rate data.

863. **Surface Chemistry.** 3-4-0-X. Prerequisite: Permission of instructor. The properties of surface such as catalysis, absorption, ion exchange and electrical phenomena, etc.

898. **Dissertation.** 6 hrs.

CHILD DEVELOPMENT (CD-805)

550. **Administration of Preschool Program.** 3-3-3-S. A course in the organizational structure and managements of various preschool programs.

551. **Infant Development.** 3-3-3-S. Emphasis will be given to the development and behavior of the infant.

552. **Child Development Methods and Materials.** 3-3-3-W. Provisions are made to evaluate and select materials for use in developing teaching techniques and planning play activities for children.

553. **Creative Activities for the Preschool Child.** 3-3-3-F. A study of creative activities (literature, art, music, nature study, etc.) for preschool children with practical experiences provided.

554. **Participation Experiences in the Infant Development Center.** 3-0-0- arr. **Q.** Directed participation as an assistant in the Infant Development Center for one quarter.

555. **Supervised Participation.** 4-0-0-arr. **Q.** Directed participation as an assistant in the Nursery School for one quarter.

559. **Symposium in Child Development.** 3-0-0-**X.** May be repeated for a total of 6 hours.

650. **Advanced Child Development.** 3-4-0-**X.** A study of the child through the preschool years investigated in light of personality development theories and current research.

654. **Seminar in Child Development.** 3-0-0-**X.** May be repeated for a total of 6 hours.

691. **Research in Child Development.** 1-4 hrs. arr. **X.**

692. **Special Problems in Child Development.** 1-4 hrs. arr. **Q.**

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **X.** Credit deferred until thesis is completed.

CLOTHING AND TEXTILES (C&T-810)

530. **Textile Testing.** 3-2-2-**S.** Prerequisites: **C&T** 330 or 334, **CHE** 101 and 102, and **ECO** 301. Testing and evaluating apparel and household textile fabrics by standard ASTM and AATCC methods.

531. **Tailoring.** 3-2-2-**W.** Prerequisite: **C&T** 330 or equivalent. Principles and techniques of tailoring applied to a suit or coat.

532. **Textile Economics.** 3-4-0-**W.** Prerequisites: **C&T** 330, 334, **ECO** 225, 256, and **GBA** 295 or the equivalent. A study of problems which affect the consumer in production, distribution, and consumption of textiles and clothing items.

537. **Apparel Design.** 3-2-2-**W.** Prerequisites: **C&T** 332, 330 and 334 and 333. Development of original designs for apparel items and survey of how the fashion world operates.

630. **Textiles; Recent Developments.** 3-4-0-**F.** Prerequisites: **C&T** 330, 334. Review of product and research trends in the field of textiles.

631. **Seminar in Clothing and Textiles.** 3-0-0-**X.** May be repeated once for a total of 6 hours.

633. **Flat Pattern Design.** 3-2-2-**S.** Prerequisite: **C&T** 333 or equivalent. Creative dress design through the principles and application of flat pattern techniques; emphasis on solving figure problems.

635. **Demonstration Techniques and Preparation of Teaching Materials in Clothing and Textiles.** 3-2-2-**F.** Prerequisite: Minimum of 12 credit hours of clothing and 3 credit hours of textiles.

636. **Speed Techniques and Coordinated Pattern Manipulation in Clothing Construction.** 3-2-2-**X.** Prerequisites: 12 hours undergraduate work in clothing.

637. **Apparel Designing Through Draping.** 3-2-2-**W.** Creative dress design through draping principles and procedures; study of leading designers, their techniques, and places in the market.

638. **Advanced Construction Techniques Applied to Tailoring Men's Apparel.** 3-2-2-S. Prerequisite: C&T 333 or equivalent.

691. **Research in Textiles and Clothing.** 1-4 hrs. arr. Q.

692. **Special Problems in Clothing and Textiles.** 1-4 hrs. arr. Q.

697. **Independent Study and Research.** 1-4 hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. X. Credit deferred until thesis is completed.

COMMUNICATION (COM-208)

600. **Process and Effects of Communication.** 3-4-0-F.

605. **Interpersonal Communication.** 3-4-0-S.

609. **Communication Seminar.** 3-4-0-W,Su.

610. **Problems in Business and Industrial Communication.** 3-4-0-W.

691. **Research in Communication.** 1-9 hrs. arr. F.

692. **Special Problems.** 3 hrs. arr. X.

697. **Independent Study and Research.** No credit. X. Not to be counted as credit toward a degree. Students who are not in residence but who are working actively on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis in Public Address or Communication.** 6 hrs. arr. X.

720. **Introduction to Graduate Research in Communication.** 1-9 hrs. arr. F.

721. **Content Analysis of Communication.** 3-4-0-W.

747. **Comparative International Communication Systems.** 3-4-0-Su.

791. **Research in Communication.** 1-9 hrs. arr. F.

792. **Special Problems.** 3 hrs. arr. X.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

809. **Seminar in Communication.** 3-4-0-W,Su.

862. **Seminar in Mass Media Control and Ethics.** 3-4-0-F. Alternate years.

898. **Dissertation.** 6 hrs.

COMPARATIVE LITERATURE (CLT-230)

691. **Research.** 3-4-0-Q. May be taken for a total of nine hours.

692. **Special Problems.** 2-6 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 1-6 hrs. arr. X.

701. **Introduction to Comparative Literature.** 3-4-0-W.

750. **Comparatist History of World Literature.** 3-4-0-S. May be taken for a total of twelve hours of credit when topics vary.

760. **Principles of Comparatist Interpretation.** 3-4-0-**Su.** May be taken for a total of twelve hours of credit when topics vary.

791. **Research in Comparative Literature.** 1-12 hrs. arr. **X.**

792. **Special Problems.** 2-6 hrs. arr. **Q.**

797. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

COMPUTER SCIENCE AND STATISTICS (CSS-330)

515. **Methods of Mathematical Statistics I.** 3-4-0-**W,S.** Prerequisite: Permission of instructor. Continuous and discrete distributions, t-test, Chi-square test and analysis of variance.

516. **Methods of Mathematical Statistics II.** 3-4-0-**S,Su.** Prerequisite: **CSS** 515. Orthogonal polynomial contrasts, multi-way classification anova, simple and multiple linear regression, polynomial regression.

517. **Experimental Design.** 3-4-0-**Su.** Prerequisite: **CSS** 516. Factorials, randomized blocks, split-plot, fractional factorials and confounding.

518. **Sampling Methods.** 3-4-0-**X.** Prerequisite: **CSS** 516. The planning, execution and evaluation of sample surveys. Simple random sampling, stratified random sampling, cluster sampling.

541. **Programming Languages.** 4-5-1-**W,Su.** Prerequisite: Experience in coding. A survey of programming languages such as ALGOL, APL, SNOBOL 4, PL/I, XPL and LISP.

542. **Business Computer Systems.** 3-4-0-**X.** Prerequisite: **CSS** 342. A review of COBOL and advanced COBOL concepts as well as algorithms used in design of business systems.

562. **Software III.** 3-4-0-**F,S,Su.** Prerequisite: **CSS** 341 or permission of instructor. An in-depth study of operating systems.

570. **Digital Systems I.** 4-4-3-**F,S.** Prerequisite: Permission of instructor. Symbolic logic, Boolean algebra for descriptions and analysis of switching circuits, basic sequential circuits.

571. **Digital Systems II.** 4-4-3-**W,Su.** Prerequisite: **CSS** 570. A study of control units, arithmetic units, memories and microprogramming concepts.

576. **Introduction to Analog Computers.** 3-4-1-**W.** Prerequisite: **MAT** 405 or **CSS** 323. Design and testing of basic analog circuits.

577. **Process Control Systems.** 3-4-0-**X.** Prerequisite: **CSS** 576. Use of the analog computer to solve engineering problems; process control systems.

580. **Data Processing and File Management.** 4-5-0-**F,S.** Prerequisite: **CSS** 342 or equivalent. Organization and maintenance of sequential, direct access, and index sequential files. Design of on-line file systems.

600. **Selection and Management of Computer Systems.** 3-4-0-**X.** Prerequisite: Graduate standing. Evaluation and selection of computer equipment; operation and management of a computer center.

620. **Mathematical Programming I.** 3-4-0-**X.** Prerequisite: **CSS** 320 or equivalent. Linear, non-linear, integer and dynamic programming. Use of PERT-CPM in project scheduling.

621. **Mathematical Programming II.** 3-4-0-S. Prerequisite: CSS 620. A continuation of CSS 620.

635. **Statistical Stimulation and Modeling.** 3-4-0-F. Prerequisite: CSS 340. Formulation of models and the design of simulation programs. Simulation languages such as SIMSCRIPT, DYNAMO, GPSS, GASP, GPDS.

636. **Stochastic Processes and Queuing Theory.** 3-4-0-W. Prerequisite: MAT 405. Poisson process, Markov processes and Queuing theory.

637. **Least Squares Techniques.** 3-4-0-S. Regression analysis, curvilinear regression, experimental design models.

641. **Advanced Systems Programming I.** 3-4-0-F. Reentrant, shared processor design. Study of addressing architecture and virtual memory management.

642. **Advanced Systems Programming II.** 3-4-0-W. Prerequisite: CSS 641. Advanced language design; implementation of compilers and interpreters.

650. **Timesharing Systems.** 3-4-0-W. Design of telecommunications systems: modems, concentrators, front-end processors, networks, design aid programs.

660. **Information Structures.** 3-4-0-F. A study of stacks, queues, arrays, trees, hash coding, searching and sorting.

662. **Advanced Operating Systems.** 3-4-0-S. Prerequisite: CSS 642. Interrupt handlers, I / O programming techniques, error recovery, diagnostic features.

670. **Computer Graphics.** 3-4-0-W. Design, construction, and utilization of graphics. Application of graphics to selected business and scientific problems.

672. **Digital Systems III.** 3-4-1-S. Prerequisite: CSS 571. Fault detection in digital systems and fault tolerant computing.

678. **Computer Control Systems.** 3-4-0-X. Prerequisite: CSS 635. Topics in modeling, optimization, and control theory in controlling on-line systems.

680. **System Analysis and Design.** 3-4-0-X. Application of SCEPTRE, LISA, CSMP, SL-I packages to problems in electrical, mechanical and civil engineering.

681. **Information Systems.** 3-4-0-X. Use of state-of-the-art software packages (DMS, CICS, etc.) in designing management information systems.

690. **Problems in Computer Science I.** 3-4-0-X. Special state-of-the-art topics in computing such as artifical intelligence, finite automata, etc.

691. **Problems in Computer Science II.** 3-4-0-X. The relationships of languages, automata and turing machines.

697. **Independent Study and Research.** 1-9 hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

CONSTRUCTION CURRICULUM (BCT-393)

535. **Construction Planning and Scheduling.** 3-2-4-X. Prerequisite: BCT 379. Critical Path Method (CPM) as a project planning, scheduling, and monitoring technique.

536. **Construction Labor.** 3-4-0-X. Prerequisite: BCT 385. A study of construction labor resources, labor history, and governmental labor regulations.

537. **Construction Project Management.** 3-4-0-X. Prerequisites: BCT 385, BCT 435, BCT 436. Field quality control and work methods analysis techniques.

592. **Special Problems.** 1-3 hrs arr. **Q.** Prerequisites: Senior standing and approval of faculty adviser.

COUNSELING PSYCHOLOGY AND COUNSELOR EDUCATION (CPY-140)

522. **Curriculum Development for Career Education.** 3-4-0-**X.**

523. **Group Procedures.** 3-3-2-**F,S.**

532. **Introduction to Community Resources.** 3-3-2-**X.**

533. **Workshop in Counseling Procedures.** 3-0-0-**X.**

534. **Guidance of the Exceptional Child.** 3-4-0-**X.**

610. **Foundations, Organization, and Administration of Guidance.** 3-4-0-**F,S.**

611. **Career Development and Information Services.** 3-4-1-**F,S.**

612. **Counseling Theory and Practice.** 3-3-2-**Q.**

613. **Use and Interpretation of Tests.** 3-5-1-**X.**

614. **Analysis of the Individual.** 3-4-1-**Q.** Prerequisite: **RED** 602 or equivalent.

620. **Foundations, Organization, and Administrat.on of Elementary Guidance.** 3-4-0-**X.**

640. **Student Personnel Work in Higher Education.** 3-4-0-**F,S.**

660. **Pre-Practicum Laboratory.** 1-3 hrs. arr. **Q.**

691. **Research.** 3 hrs. arr. **X.**

692. **Special Problems I, II, III.** 1-3 hrs. arr. **Q.** By prior arrangement only.

694. **Field Problems I, II, III.** 1-3 hrs. arr. **Q.** By prior arrangement only.

696. **Field Practicum I, II.** 3-1-12-**Q.** Prerequisite: **CPY** 760 and prior arrangement with instructor.

697. **Independent Study and Research.** 3 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **X.** Credit deferred until thesis is completed.

710. **Group Counseling.** 3-3-2-**Q.**

711. **Methods and Techniques of Consultation.** 3-3-2-**F,S.**

712. **Advanced Testing.** 3-3-2-**W,Su.**

713. **Readings.** 3 hrs. arr. **X.**

714. **The Psychology of Vocational Development.** 3-3-2-**W,Su.**

730. **Introduction to Community and Rehabilitation Counseling.** 3-4-0-**F,S.**

732. **Marriage and Family Counseling.** 3-4-1-**W,Su.**

733. **Case Management Processes.** 3-3-2-**X.**

734. **Socio-Psychological Aspects of Disability.** 3-4-0-**X.**

735. **Medical Aspects of Rehabilitation.** 3-4-0-**X.**

736. **Seminar in Counseling Psychology.** 3-4-0-**F.**

737. **Pastoral Counseling Seminar.** 3-4-0-**X.**

738. **Alcoholism and Drug Abuse Seminar.** 3-4-0-**W,Su.**

740. **Problems Seminar.** 3-4-0-**X.**

760. **Counseling Lab Practicum.** 3-3-3-**Q.** Prerequisites: **CPY** 612, 614, and 660 or equivalent and prior arrangement with instructor.

762. **Counseling Lab Practicum.** 3-3-3-F,S. Prerequisites: CPY 760 and prior arrangement with instructor.

763. **Group Counseling Laboratory.** 3-3-3-Q. Prerequisites: CPY 523 or 710 and permission of instructor.

791. **Research.** 1-9 hrs. arr. W,Su.

792. **Special Problems.** 3 hrs. arr. Q.

796. **Advanced Practicum.** 3-1-12-Q.

797. **Independent Study and Research.** 3 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problems.** 3 hrs. arr. Q.

810. **Doctoral Integrative Seminar.** 1-1-0-Q.

811. **Seminar in Systems of Counseling.** 3-4-0-F,S. Prerequisites: CPY 612 and permission of instructor.

840. **Testing in Higher Education.** 3-4-1-X. Prerequisite: CPY 614 or equivalent course.

841. **Administration and Organization of Student Personnel Services.** 3-4-0-X.

850. **Advanced Research Seminar.** 3-3-2-Su.

860. **Counseling Laboratory III.** 1-3 hrs. arr. X,Q. Prerequisites: CPY 762 and prior arrangement with instructor.

861. **Internship I, II, III.** 3-9 hrs. arr. Q. By prior arrangement only.

870. **Seminar in Counselor Education and Supervision.** 3-3-2-X.

898. **Dissertation.** 6 hrs.

CRIMINAL JUSTICE (CJ-281)

503. **Criminal Procedure.** 3-4-0-W,S. A survey of procedural criminal law. Due process, statute of limitation, venue and double jeopardy are covered.

504. **Evidence, Search and Seizure.** 3-4-F,S. An examination of the laws of evidence and the procedures for obtaining it.

506. **Administration of Criminal Corrections.** 3-4-0-W. An in-depth study of administration of the correctional system. To include: management, the incarceration process, probation, and parole.

507. **Juvenile Justice System.** 3-4-0-F,W. A study of police in delinquency prevention, investigation of juvenile crime, disposition of offenders, and juvenile courts.

508. **Problems in Criminal Justice.** 3-4-0-F,S. A seminar course dealing with all aspects of the criminal justice system, tying together the knowledge of criminal justice previously learned.

509. **Law of Criminal Corrections.** 3-4-0-W. A study of the newly emerging rights of individuals at detention, arrest, and incarceration.

510. **Theories of Criminal Justice.** 3-4-0-X. Theories of criminal justice are traced from Aristotle's initial efforts to current Anglo-American applications.

511. **Probation, Parole, and Community Corrections.** 3-4-0-F,S. Course examines probation and parole systems, other alternatives to incarceration, and rehabilitative features available for offenders.

512. **Group Techniques in Corrections.** 3-4-0-W,S. An indepth examination of the application of group work to criminal offenders in terms of theory and practice.

513. **Seminar in Comparative Methods of Treatment in Corrections.** 3-4-0-F,S. An analysis of comparative treatment methodologies utilized by correctional programs throughout the United States and in Europe.

514. **Theories of Criminal Penalties.** 3-4-0-F. An exploration of the mandate and methods for society to impose penalties upon its criminal offenders.

515. **Comparative Criminal Justice Systems.** 3-4-0-W,Su. A study of foreign criminal justice systems with emphasis on how they suggest possible reforms for the American system.

516. **Anglo-American Penal Institutions and Reform.** 3-4-0-F. An indepth analysis of British and American penal institutions and attempts at reform during the nineteenth and twentieth centuries.

600. **Seminar in Legal Issues in Police Administration.** 3-4-0-X. A study of legal issues involved in the administration of a modern police agency.

601. **Seminar in Civil Rights and Criminal Justice.** 3-4-0-S. A study of the legal and moral responsibility of the criminal justice system to individual rights.

602. **Seminar in Criminal Justice Planning and Research.** 3-4-0-X. A study of criminal justice planning methodology and research requirements.

603. **Seminar in Anglo-American Criminal Law and Procedure.** 3-4-0-W. A detailed study of topics in English criminal law and procedure oriented toward understanding the basis of American criminal justice and solutions to common problems.

610. **Civil Law and Criminal Justice.** 3-4-0-S. Examination of the relationship between selected areas of civil law and criminal justice agencies.

692. **Special Problems.** 1-3 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. Q. No credit toward a degree. Students not in residence but who are actively working on a thesis and consulting with a major professor or using the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

ECONOMICS (ECO-610)

501. **Public Finance.** 3-4-0-W,Su. Prerequisite: ECO 255-256. A study of federal and state spending and fund raising policies within the context of the social goals to be accomplished by such policies.

522. **Economics of Public Utilities.** 3-4-0-F. Prerequisite: ECO 225-256. A study of the development, institutional bases, and regulation of public utilities.

524. **Economics of Urban Areas.** 3-4-0-S. Prerequisite: ECO 225-226. A study of current problems of the cities—race, poverty, pollution, unemployment, crime, and government finance.

535. **International Trade Theory.** 3-4-0-F. Prerequisite: ECO 225-256. A study of the historical development of international trade theory, the importance of international trade, the mechanism of international payments, and modern theories dealing with the subject.

540. **Economic Development.** 3-4-0-X. Prerequisite: ECO 225-256. A study of the nature, causes and effects of regional and national economic development.

570. **Comparative Economic Systems.** 3-4-0-**F,S.** Prerequisite: **ECO** 225-256. Origins, development and characteristics of facism, communism, and capitalism.

580. **Environmental Economics.** 3-4-0-**W.** Prerequisite: **ECO** 225-256 or consent of instructor. A survey of economic concepts relevant to decision making with reference to the management of natural resources heretofore considered to be "free" in nature.

604. **Economic Analysis.** 3-4-0-**X.** Prerequisite: Graduate standing. An introduction to economic analysis and current economic problems. (May be taken in lieu of Principles of Economics for those preparing for the M.B.A. degree but may not be applied toward 33 semester hour requirement for the degree. May be used in requirement for the M.S. in Telecommunications Management by those without other undergraduate credit in economics.)

606. **Economic Analysis for Business.** 3-4-0-**W.** Prerequisites: **ECO** 225 and 256, or **ECO** 604. A study of pricing and recourse allocation with emphasis on applying microeconomics concepts.

608. **The Economic Environment.** 3-4-0-**S.** Prerequisites: **ECO** 225 and 256, or **ECO** 604. Determinants of the national income, employment, and capital formation. National income accounts. Business fluctuations. Fiscal and monetary policy.

610. **Monetary Theory.** 3-4-0-**S.** Prerequisite: **ECO** 330. An advanced study of the determination of the level of prices and of alternate monetary and fiscal policies in the light of social goals.

620. **Statistics for Quantitative Analysis.** 3-4-0-**W.** Prerequisites: **ECO** 301 and 302 or equivalent. A study of classical statistical methods and Bayesian theory and their application for modern business problems.

625. **Managerial Economics.** 3-4-0-**F,W,Su.** An advanced study involving theory and actual cases in the application of economic analysis to the solutions of business problems.

630. **History of Economic Thought.** 3-4-0-**S.** An examination of those economic theories which have influenced the development of the economy from mercantilism through modern contributions.

670. **Theory of Economic Systems.** 3-4-0-**X.** Prerequisites: Principles of Economics and permission of department chairman. A study of the theories underlying the different economic systems. This course may not be taken for credit by the student who has had comparative systems at the undergraduate level.

692. **Special Problems.** 3-4-0-**Q.**

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but are actively working on a thesis and consulting with major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **X.**

EDUCATIONAL ADMINISTRATION (AED-130)

600. **Basic Course in Educational Administration.** 3-4-0-**Q.** The introductory course for teachers and prospective administrators provides an overview of administrative roles in education.

601. **Introduction to Community Education.** 3-4-0-**W.** Designed to acquaint students with the historical development of community education, and to review the basic components of the community school.

602. **Organization and Administration of Adult Education.** 3-4-0-X. Includes the design, implementation, and financing of programs for adults.

604. **Organization and Administration of Audiovisual Programs.** 3-4-0-W,Su. Prerequisites: CIF 416, CIF 619, or consent of instructor. Considers problems in management of the media program. Emphasis on organization, staffing, and financing media services, and use of evaluation standards.

620. **Supervision of Instruction.** 3-4-0-Q. A practical course in supervision for prospective school principals and supervisors of instruction. Deals with principles and procedures of supervision.

622. **Supervision and Curriculum in Reading.** 3-4-0-S,Su. The role of reading supervisors and school administrators in developing and implementing programs for improvement of reading instruction in the schools.

630. **Organization and Administration of the Elementary School.** 3-4-0-F,Su. A study emphasizing administrative problems and professional leadership in the elementary school.

632. **Organization and Administration of the Junior High and Middle Schools.** 3-4-0-W. Examines the Junior High-Middle School function, objectives and program from the viewpoint of the administrator and supervisor.

634. **Organization and Administration of the Secondary School.** 3-4-0-W,Su. The study of practical problems encountered by high school principals in: scheduling, attendance, discipline, office management, and the selection and supervision of staff.

650. **School Business Management.** 3-4-0-F,Su. A practical course in the overall aspects of present day school business administration.

692. **Special Problems I, II, III.** 1-3 hrs. arr. Q. A problem study to develop knowledge and facility in a field of interest for the student which requires preparation of a scholarly paper under the supervision of a graduate professor.

694. **Field Problems in Production I and II.** 3-0-0-Q. Opportunity to study local school problems under careful supervision of a graduate professor.

697. **Independent Study and Research.** 1-9 hrs. arr. X. No credit toward a degree. Students who are not in residence but are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. X. Credit deferred until thesis is completed.

700. **Public School Finance.** 3-4-0-W,Su. Emphasizes principles of taxation; local, state, and federal financing of public education; equalization of education opportunity.

704. **School Community Relations.** 3-4-0-F,S,Su. A study of school community relations purposes, principles, policies and procedures.

706. **Educational Facilities Development and Management.** 3-4-0-W,Su. A comprehensive study of the administrative function in facilities, renovation, planning, maintenance, and management.

708. **Administration of School Personnel.** 3-4-0-F,S. Stresses administrative relationships involved in developing satisfactory personnel policies, techniques, and regulations.

710. **School Law.** 3-4-0-W,Su. Legal aspects of such factors as school money, church-state relationships, injury to pupils, student and teacher rights and related matters.

711. **Higher Education in the United States.** 3-4-0-F,S. This course provides an overview of the development, scope, philosophy, objectives, and recent innovations in colleges and universities.

712. **The Junior College.** 3-4-0-W,Su. This course treats the development, functions, programs, philosophy, issues, and research related to the junior college.

713. **Curricula in Higher Education.** 3-4-0-F,S. A study of undergraduate, graduate and professional education curriculum development in junior and senior colleges.

715. **Administration and Supervision of College Teaching.** 3-4-0-Su. A study of the administration of college faculty personnel services and of techniques for faculty development.

717. **Continuing Education and Community Service.** 3-4-0-W,Su. The role and scope of continuing education and community service in higher education, including the community college.

719. **Organization and Administration of Occupational Education in the Community College.** 3-4-0-F,S. Economic, social, educational and legal bases for occupational education; administration of secondary and community college programs.

720. **Advanced Curriculum Development.** 3-4-0-F,S. Designed for the school administrator who has or will have responsibility for curriculum development in a school system.

736. **Practicum in Educational Administration.** 3-4-0-W,S. Seminar-experiences in administrative problems from the standpoint of the chief school officer and the central office staff.

738. **Practicum in Supervision.** 3-4-0-W,Su. Prerequisite: **AED** 620. An advanced seminar in supervisory services and current problems from a central office viewpoint.

750. **Administrative Workshop I, II, III and IV.** One and one-half hous per week. (Course may be repeated, with only nine hours counting toward a degree.) **Su.**

755. **Problems of the County Superintendent.** 3-4-0-W. A course designed for county superintendents in which they study their problems under the direction of a graduate professor.

791. **Research in Educational Administration, Supervision, and Curriculum.** 1-9 hrs. Prerequisite: Approval of the major professor.

792. **Special Problems.** 3-0-0-Q.

794. **Field Problems in Administration I, II, III.** 1 hr. arr. **X.** A project dealing with a specific problem in school administration. An on-the-job training program with the work being done under the supervision of a graduate professor. This registration must be approved by the departmental chairman upon the recommendation of the student's major professor.

797. **Independent Study and Research.** 1-9 hrs. arr. **X.** Not to be counted as credit toward a degree. Students not in residence but actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problems.** 3 hrs. arr. **X.** Selection of practical educational problems for solution by candidates for the specialist's degree, using research and professional knowledge. A scholarly report is required.

800. **Seminar: Theories in Educational Organization and Administration.** 3-4-0-F,S. This course deals with the theories and concepts underlying present day school organization, administration, and supervision.

814. **Organization and Administration of Higher Education.** 3-4-0-F,S. A study of organizational and administrative roles of structure, governance, coordination, control and finance of higher education.

816. **Seminar in Problems of Higher Education.** 3-4-0-W. Discussion of problems and topics in higher education to be determined by the students and the instructor.

889. **Special Topics Seminar.** 1-4-0-Q. (Max. 3 hrs) A seminar for inresidence doctoral students in educational administration, emphasizing current issues selected by students in consultation with faculty.

898. **Dissertation.** 6 hrs.

EDUCATIONAL FOUNDATIONS (CIF-125)

536. **Designing Educational Systems for Individualized Instruction.** 3-4-0-X. Translation of instructional specifications into prototype systems.

590. **Classroom Use of Instructional Television.** 3-4-0-F,Su. Planning, organizing, presentation and use of instructional television. Emphasis on Mississippi's state program.

604. **Foundations in American Education.** 3-4-0-Q. A brief survey of the philosophical, psychological, sociological, and historical foundations of American education.

605. **Workshop for European Influences on American Education.** 3 hrs. arr. Su. A study of European educational systems.

607. **Basic Course in Curriculum Development.** 3-4-0-Q. An examination of factors influencing curricular planning and procedures for structuring and evaluating curricular experiences.

619. **Utilization, Selection, and Preparation of Audiovisual Material.** 3-4-0-Q. Principles and procedures for selecting, utilizing, and preparing audiovisual materials and appropriate application.

620. **Foundations of Educational Technology.** 3-4-0-X. Uses of research findings in the development of technology. Development of instructional specifications for educational products.

632. **Measuring Results in Education.** 3-4-0-F,S,Su. Emphasis on selecting and constructing various types of achievement test and statistical interpretation of data.

644. **Instructional Development I.** 3-4-0-X. Prerequisite: CIF 619 or permission of the instructor. Survey of various instructional development models for the development, revision, or revitalization of educational programs.

645. **Computers in Education.** 3-2-2-X. Applications of computer technology to instructional, information, and administrative programs from the user's point of view.

646. **Photography in Instructional Settings.** 3-3-0-X. Prerequisite: JOU 140 or permission of instructor. Provides educators with knowledge and skills required for photography for instruction.

647. **Advanced Utilization of Audiovisual Materials.** 3-4-0-X. Prerequisite: CIF 416 or 619 or permission of instructor. To provide competence in utilizing a wide variety of media formats. Evaluation of materials, sources, and systematics planning is employed.

701. **Analysis of Teaching Behavior.** 3-4-0-X. Designed to analyze teacher behavior to determine competency including interaction analysis and microteaching skills.

709. **Social Foundations of Education.** 3-4-0-Su. A study of contrasting motivations and values of various cultural groups and their implications for education.

735. **Advanced Production Techniques.** 3-4-0-F,S,Su. Prerequisite: CIF 619 or permission of instructor. Theories and practices involved in planning and producing audiovisual materials.

740. **Programmed Instruction.** 3-4-0-X. Theories and techniques in designing, producing, and evaluating programmed instructional materials.

741. **Instructional Graphics.** 3-4-0-W,Su. Prerequisite: CIF 416 or 619 or permission of instructor. Presents skills required in the production of various visual media for instruction.

742. **Research in Instructional Systems Technology.** 3 hrs. arr. Q. Research in problems of formulating objectives, analyzing audiences, using media, and evaluating educational outcomes.

743. **Educational Television Production.** 3-4-0-S. Provides knowledge and skills required in supervising and producing instructional television programs.

794. **Field Problems.** 3 hrs. arr. X. Prerequisite: Approval of the department chairman. A current local school problem is studied under graduate faculty direction.

798. **Research Problem.** 3 hrs. arr. Q. A field study or thesis type research study representing the major research component of the specialist's degree.

816. **History of Public Education in the United States.** 3-4-0-F,S. A critical study of the evolution of public education with emphasis on critical issues.

818. **Comparative Philosophies of Education.** 3-4-0-W,Su. A critical examination of theoretical concepts of leading modern philosophies and their implications for education.

820. **Comparative Education.** 3-4-0-X. Survey of educational patterns of selected countries.

EDUCATIONAL PSYCHOLOGY (EPY-180)

576. Learning in Adult Education. 3-4-0-Q. A study of learning in adulthood, and related to a range of educational programs.

582. Moral Value Development in Childhood and Adolescence. 3-4-0-X. A study of the major theories of moral development and techniques for facilitating moral growth.

691. Research in Educational Psychology. 1-9 hr. arr. X.

697. Independent Study and Research. 3 hr. arr. X. Not to be counted toward a degree. Students not in residence but actively working on a thesis and using University facilities must enroll in this course.

698. Thesis. 6 hrs. arr. Q.

710. **Seminar in Teaching of Psychology.** 1-2-0-X. An analysis of the psychoeducational problems involved in the undergraduate and graduate teaching of psychology.

712. **Practicum in Teaching Psychology.** 3-1-4-X. Supervised teaching of courses in psychology.

720. **Learning and Motivation I.** 3-4-0-W. Basic concepts, problems, and research methodology in the studying of learning and motivation.

721. **Learning and Motivation II.** 3-4-0-S. An intensive study of the role of contemporary theories of learning and motivation in current research.

722. **Brain Damage and Behavior.** 3-4-0-X. Prerequisite: Permission of instructor. Causes of brain injury are studied and their effect on the mental and physical behavior of man are considered.

731. **Community Mental Health.** 3-4-0-Su. Prerequisite: Permission of instructor. Concepts and techniques of mental health consultation with emphasis on the psychologist's role in the field of mental health.

732. **Psychology of Mental Retardation.** 3-4-0-F. Prerequisite: Permission of instructor. Study of personality development, problems of adjustment, and abnormal behavior of the mentally retarded.

740. **Advanced Educational Psychology.** 3-4-0-F,S,Su. Designed primarily for the graduate student wishing to broaden his knowledge in the field of psychology of learning.

742. **Learning and Instruction in Higher Education.** 3-4-0-W,Su. A study of the application of learning principles and instructional techniques in higher education.

745. **Psychology of the Gifted Child.** 3-4-0-X. Prerequisite: Permission of instructor. Study of the characteristics and needs of gifted children and the various means employed by the schools to provide for these children.

746. **Social Processes in Classroom Learning.** 3-4-0-W,Su. Pupil-teacher interaction; instruction in developing goals, changing attitudes, resolving conflicts, and enchancing the individual's sense of worth.

750. **Leadership.** 3-4-0-X. Prerequisite: Permission of the instructor. Study of the factors affecting leadership in a school or industrial setting.

751. **Advanced Social Psychology.** 3-4-0-X. Study of theory, research, and practice related to group processes.

755. **Group Dynamics.** 3-4-0-Su. Prerequisite: **EPY** 750 or permission of instructor. A study of theory and practice in group development and group dynamics.

760. **Intelligence: Theories and Development.** 3-4-0-W. Nature of intelligence, and its development; critical evaluation of methods of measurement; relation of intelligence to social efficiency.

762. **Interpretation of Psychological Tests for Exceptional Children.** 3-4-0-X. Prerequisite: Permission of instructor. A study of the various psychological tests used in the appraisal and evaluation of exceptional children.

772. **Case Studies in School Psychology Problems.** 3-1-6-S. Prerequisite: Permission of the instructor. Studies of clinical, school, and other psychological problems encountered by the school psychologist.

774. **Advanced Child Psychology.** 3-4-0-W,Su. Mental, motor, social, and emotional development of children of elementary school age.

775. **Advanced Adolescent Psychology.** 3-4-0-F,S. Advanced study of the adolescent and his needs in the home, school, and community.

783. **Seminar in Psychological Services in Schools I, II, III.** 1-2-0-Q. Prerequisite: Permission of instructor. Introduction to psychological services in the schools and current topics in school psychology. Limit of 3 semester hours.

784. **Practicum in School Psychology.** 3-1-6-Q. Supervised use of clinical procedures in a school setting.

791. **Research in Educational Psychology.** 1-9 hrs. arr. X. Prerequisite: Approval of major professor.

792. **Special Problems.** 1-3 hrs. arr. X.

796. **Internship in School Psychology.** 3 hrs arr. Q. Full-time practice of school psychology under on-site supervision in an approved educational setting.

797. **Independent Study and Research.** 3 hrs. arr. X. Not to be counted as credit towards a degree. Students not in residence but actively working on a dissertation and using University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

EDUCATIONAL RESEARCH (RED-135)

601. **Research: Its Introduction and Methodology.** 3-4-0-Q. Methods of scientific inquiry, selection of a research topic, principles of reporting research, and functional statistical concepts.

602. **Introduction to Educational Statistics.** 3-3-0-Q. Basic concepts and computations in descriptive statistics. Introduction to sampling procedures and inferential processes in educational research.

712. **Computer Applications in Educational Research.** 3-2-2-X. Prerequisites: **RED** 761, 762. Skills development course in the computer analysis of behavioral science data, systems analysis, financial and personnel accounting procedures.

718. **Practicum in Educational Research.** 3-3-1-X. Prerequisites: **RED** 761, 762. Application of appropriate research models, structure of research reports, critique of published research and of student's research problem.

720. **Measurement in Educational Research.** 3-4-0-X. Prerequisites: **RED** 761, 762. Survey of the theory of measurement including true score theory, reliability, validity, item analysis and item selection techniques.

761. **Educational Research: Significance Tests and Statistical Methods for Experimental Design.** 3-3-1-Q. Prerequisite: **RED** 602 recommended. Probability theory and theoretical distributions in experimental design. Techniques including tests, simple and complex analysis of variance, analysis of co-variance.

762. **Educational Research: Advanced Correlational Methods.** 3-3-1-Q. Prerequisite: **RED** 761. Correlation and regression theory. Techniques associated with bivariate, partial and multiple correlation and applied multiple linear regression.

791. **Field Problems in Educational Research.** 1-12 hrs. arr. X. Prerequisite: Approval of major professor and Educational Research Staff.

792. **Special Problems in Educational Research I, II, III.** 1 hr. each. arr. Q. Prerequisite: Approval of major professor and Educational Research Staff. Application of specific research procedures in the development of skills in various types of research. The preparation of a scholarly paper is required.

798. **Research Problems.** 3 hrs. arr. Q. Selection and development of a practical educational research problem for the specialist's degree. A scholarly research paper is required.

810. **Design and Methodology in Institutional Research.** 3-2-1-X. Prerequisites: RED 601, 761, 762. Practical application of institutional research design and methodology emphasizing computer utilization and field work.

824. **Research Design in Educational Research.** 3-3-1-W. Prerequisites: RED 761, 762. Experimental and quasi experimental designs in educational research. Emphasis upon utilization of design principle and appropriate statistical treatment.

830. **Multivariate Analysis in Educational Research.** 3-3-1-S. and arr. Prerequisites: RED 761, 762. Theory and application of multiple regression and discriminant analysis, canonical correlation, multivariate analysis of variance and covariance.

893. **Advanced Educational Research.** 3-3-1-Q. Seminar in types and problems of educational research, observation and data collection methods, and standards of reporting educational research.

ELEMENTARY EDUCATION (CIE-115)

503. **Kindergarten-Primary Education.** 3-4-0-Q. A practicum designed to give teaching experiences in understanding the social, emotional, and cognitive growth and development of children.

512. **Diagnosis and Remediation of Reading Disability for the Classroom Teacher.** 3-4-0-Q. Prerequisites: CIE 306, 309 and 311 and 312. Provides relevant practicum experiences in evaluation and gives extended opportunities in child tutoring appropriate to grades 2-8.

590. **Workshop in Aviation Education.** 3-0-0-Su. Designed to familiarize teachers and administrators with the role that aviation and space exploration play in developing the school curriculum. May be taken twice for a total of six hours.

591. **The Reading Conference.** 1-0-0-Su. An intensive three-day summer quarter program consisting of lectures, group discussions and demonstration lessons. May be taken three times.

594. **Workshop in Learning Resources in Early Childhood Education.** 3-0-0-Su. Students will become acquainted with learning sources, selection, use, and production of multimedia materials for kindergarten and primary education.

691. **Research in Reading.** 1-9 hrs. arr. X. Designed to provide a student with the opportunity to pursue an individual research project or to make an intensive review of reading research on a selected topic.

692. **Special Problems I, II, III.** 1-0-0-X. A problem study to be approved by the department chairman to develop knowledge and facility in a field of interest of the student. Preparation of a scholarly paper is required.

694. **Field Problems in Production I, II.** 3-0-0-X. Prerequisite: Approval of the department chairman. This course provides students with an opportunity to study local school problems in a field setting under the supervision of a graduate professor.

697. **Independent Study and Research.** 1-9 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-**X.** Credit deferred until thesis is completed.

704. **Reading for Different Cultural Groups.** 3-4-0-**Su.** Reviews the research relating to the culturally different, specifically relating to characteristic differences and effective teaching materials and methodologies.

705. **Modern Concepts in Reading Skill Development.** 3-4-0-**F,Su.** An intensive development of the skills required in classroom reading emphasizing methods and materials required to teach the skills.

706. **Psychology of Reading.** 3-4-0-**W,Su.** Considers the components of the reading process, with emphasis on language and reading; approached from a theoretical point of view.

713. **Advanced Diagnosis and Remediation of Reading Disability for the Classroom Teacher.** 3-4-0-**F,Su.** Prerequisite: **CIE** 706. Deals with corrective and remedial reading in the elementary school covering causes of disability, procedures in diagnosis, and classroom remedial treatment.

715. **Advanced Diagnosis and Remediation of Reading Disability for the Reading Specialist.** 3-4-0-**X.** Prerequisite: **CIE** 706. Deals with the role of the reading specialist, reading clinic organization, diagnostic remedial materials and techniques, with limited testing-teaching and clinical observation experiences.

717. **Professional Relationship in Improved Elementary Programs.** 3-4-0-**X.** A course designed to investigate behavioral factors of individuals and groups as they affect elementary school environments.

720. **Internship in Reading: Public School.** 3-6 hrs. arr. **X.** The student assigned to a public school in a teaching or supervisory capacity under the direct supervision of a reading faculty member in order to develop competency in instruction, administration or clinical skills.

721. **Practicum in Remedial Reading for the Reading Specialist.** 3-4-0-**X.** Prerequisite: **CIE** 715. Provides supervisory experiences in diagnosis in prescribing materials for remediation and in directing remedial reading procedures for small groups of reading disability cases.

724. **Problems of Teaching Arithmetic.** 3-4-0-**F,S.** Prerequisite: **MAT** 310 or consent of instructor. A study of elementary school techniques, particularly those related to a number concept, of teaching arithmetic based on research studies and current practices.

725. **Social Studies Education in Elementary School.** 3-4-0-**W,Su.** A course which deals with programs, practices, trends, and investigation of criteria for evaluating, planning, organizing, and improving social studies programs.

726. **The Development of the Latin Countries.** 3-4-0-**Su.** A seminar which deals with the historical, political, social, and economic development of the Latin American region.

728. **Curriculum Problems in the Elementary School.** 3-4-0-**S,Su.** A course involving analysis and evaluation of curriculum elements and procedures in terms of the implications for the individual, the school, and the community.

729. **Reading in the Elementary School.** 3-4-0-**F,S,Su.** Provides for extensive study of recent trends in materials and methods in reading in the elementary school

including significant related research studies.

733. **Practicum in Diagnosis and Remediation of Reading Disability for the Classroom Teacher.** 3-3-0-Q. Prerequisite: CIE 713. Develops the skills necessary in making a complete reading diagnosis including evaluations, interpretations, and recommendations.

736. **Practicum in Reading Diagnosis.** 3-4-0-Q. Prerequisite: CIE 713. Enables the student to work with small groups of corrective reading cases diagnosing needs and teaching corrective lessons.

762. **Research in Elementary Education.** 3-4-0-X. Prerequisite: Advanced graduate status or permission of chairman of department. Designed to familiarize the student with the elements and methods of research, with the representative types of research, and with the major contributions of research to the field of elementary education.

770. **Practicum in Early Childhood Education.** 3-4-0-F,W,Su. Curriculum planning, administration, and supervision are stressed through research and practice in laboratory settings.

772. **Practicum with Parents.** 3-4-0-W. Parent-teacher-child intrapersonal and interpersonal relationships are investigated through research and practice in laboratory settings.

776. **Seminar in Early Childhood Education.** 3-4-0-W,Su. Emphasis is on early childhood practice, theory, and research and their relatedness to psychological, sociological, physiological, and intellectual patterns.

777. **Evaluation in Early Childhood Education.** 3-4-0-F,S. An introduction to specific principles and practices relative to group and individual evaluation procedures for early childhood education.

778. **Creative and Mental Growth.** 3-4-0-S,Su. Research in creative thinking and its relationship to mental growth is emphasized.

780. **Research in Child Development.** 3-4-0-W. A course concerning methods and research in child growth in social, emotional, psychological, and physiological development.

782. **History and Philosophy of Early Childhood Education.** 3-4-0-F. An investigation of Pestalozzi, Froebel, Montessori, and others representing philosophies influencing today's curricula and programs.

785. **Seminar in Reading Instruction.** 3-4-0-S. Prerequisites: CIE 705. CIE 706, CIE 729. Considers topics pertinent to current research in reading instruction. Topics announced in advance of registration.

791. **Research in Elementary Education.** 1-9 hrs. arr. X. Prerequisite: Approval of the major professor.

792. **Special Problems.** 3-0-0-X.

797. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem or a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problems.** 3-0-0-X. Specialist's degree candidates are required to select a significant educational problem for investigation and to present the findings in a scholarly report under the guidance of a graduate committee.

862. **Seminar in Elementary Education.** 3-4-0-W,Su. Prerequisite: Advanced graduate status or permission of the chairman of the department. A course which is

interdisciplinary in nature and focuses upon contributions of research, philosophy, history, sociology, and educational psychology as it applies to the resolution of major issues in elementary education.

898. **Dissertation.** 6 hrs.

ENGLISH (ENG-224)

500. **Introduction to Linguistics.** 3-4-0-F.

501. **Advanced Grammar.** 3-4-0-Q.

502. **English Syntax.** 3-4-0-S,Su, 1977; S, 1978.

506. **History of the English Language.** 3-4-0-W, 1977; Su, 1978.

509. **Studies in Linguistics.** 3-4-0-W. May be repeated as topic varies to a total of six hours.

510. **Readings in World Literature I.** 3-4-0-F.

511. **Readings in World Literature II.** 3-4-0-W.

513. **The Modern Novel.** 3-4-0-F.

517. **Modern Drama.** 3-4-0-S.

519. **Studies in Comparative Literature.** 3-4-0-Su. May be repeated as topic varies to a total of six hours.

521. **Short Story Writing.** 3-4-0-W.

522. **Poetry Writing.** 3-4-0-F,S.

524. **Traditional Forms of Poetry/Fiction.** 3-4-0-W.

551. **Chaucer.** 3-4-0-S.

554. **Shakespeare's Comedies and Tragicomedies.** 3-4-0-F,S.

555. **Shakespeare's Histories and Tragedies.** 3-4-0-W,Su.

556. **Sixteenth Century British Literature.** 3-4-0-F.

557. **The Development of British Drama to 1642.** 3-4-0-W, 1978.

558. **Seventeenth Century Prose and Poetry.** 3-4-0-W.

559. **Milton.** 3-4-0-Su, 1978.

560. **British Literature, 1660-1740.** 3-4-0-S, 1978.

562. **British Literature, 1740-1798.** 3-4-0-S, 1977.

564. **The British Novel to 1900.** 3-4-0-W,Su, 1978.

565. **Nineteenth Century British Literature: Romantic.** 3-4-0-F.

566. **Nineteenth Century British Literature: Victorian.** 3-4-0-S.

567. **Twentieth Century British Literature.** 3-4-0-Su.

568. **Modern British Poetry.** 3-4-0-W.

569. **Studies in British Literature.** 3-4-0-F,S. May be repeated as topic varies to a total of nine hours.

570. **The American Literary Renaissance, 1820-1870.** 3-4-0-F,Su.

571. **The Rise of Realism in American Literature, 1870-1920.** 3-4-0-S, 1978.

572. **American Drama.** 3-4-0-W.

577. **The American Novel, 1920-1960.** 3-4-0-Su. 1978.

578. **Modern American Poetry.** 3-4-0-F,Su.

585. **Literature of the South.** 3-4-0-W,Su, 1978.

589. **Studies in American Literature.** 3-4-0-W. May be repeated as topic varies to a total of nine hours.

640. **Bibliography and Methods of Research in English.** 3-4-0-F,Su.

692. **Special Problems.** 3 hrs. arr. Q.

695. **Advanced Methods in English.** 3-4-0-Su. An analysis of recent theories and practices in the teaching of composition, literature, and language in post-elementary institutions.

697. **Independent Study and Research.** Hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

701. **Seminar in Analysis of Linguistic Structure.** 3-4-0-S. May be repeated as topic varies to a total of six hours.

702. **Readings in Linguistics.** 3-4-0-F. May be repeated as topic varies to a total of six hours.

714. **Tutorial in English and Germanic Philology I.** 3-4-0-X.

715. **Tutorial in English and Germanic Philology II.** 3-4-0-X.

716. **Seminar in Modern World Literature.** 3-4-0-Su. May be repeated as topic varies to a total of nine hours.

721. **Advanced Creative Writing.** 3-4-0-F,Su. May be repeated for a total of nine hours.

744. **Seminar in Literary Criticism.** 3-4-0-S.

750. **Anglo-Saxon.** 3-4-0-W, 1978.

751. **Beowulf.** 3-4-0-S, 1978.

753. **Middle English.** 3-4-0-W.

754. **Seminar in Medieval Literature.** 3-4-0-F, 1977; S, 1978. May be repeated as topic varies to a total of nine hours.

758. **Seminar in Renaissance Literature.** 3-4-0-W. May be repeated as topic varies to a total of nine hours.

760. **Seminar in Seventeenth Century British Literature.** 3-4-0-S. May be repeated as topic varies to total of six hours.

761. **Seminar in Eighteenth Century British Literature.** 3-4-0-F. May be repeated as topic varies to a total of nine hours.

763. **Seminar in English Romanticism.** 3-4-0-W. 1977-1978.

764. **Seminar in Victorianism.** 3-4-0-W, 1978-1979.

769. **Seminar in Modern British Literature.** 3-4-0-S. May be repeated as topic varies to a total of nine hours.

770. **Seminar in American Literature I.** 3-4-0-F, 1978. May be repeated as topic varies to a total of nine hours.

771. **Seminar in American Literature II.** 3-4-0-Su, 1977. May be repeated as topic varies to a total of nine hours.

772. **Readings in American Literature.** 3-4-0-W. May be repeated as topic varies to a total of nine hours.

790. **English Colloquium.** 1-1-0-F,W,S. May be repeated as topic varies to a total of three hours.

791. **Research in English.** 1-9 hrs. arr. Q. Prerequisite: Approval of the major professor.

792. **Special Problems.** 1-6 hrs. arr. Q.

797. **Independent Study and Research.** Hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

ENVIRONMENTAL TECHNOLOGY (ESC-335)

501. **Pollution Detection-Water.** 4-2-6-F. Prerequisite: CHE 311 or permission of instructor. Field sampling and testing for water and air pollution.

502. **Pollution Detection-Air.** 4-2-6-W,Su. Prerequisite: CHE 311, ESC 401, or permission of instructor. Continuation of 501 with emphasis on air pollution.

503. **Air, Water, and Solid Waste Management.** 4-2-4-S. Current methods for the control of air and water pollution as well as the management of solid waste.

505. **Environmental Impact Statements.** 3-4-0-F,S. Preparation of environmental impact statements, EIS's, for projects with significant environmental impact.

511. **Electronics for Scientists.** 4-2-6-Q. Practical electronics needed for maximum utilization of scientific instrumentation, automation, and logic circuits.

531. **Principles of Industrial Hygiene.** 4-2-4-S. Detection and control of harmful agents in working environments, such as vapors, gases, mists, radiation, and sound.

592. **Special Projects.** 1-3-0-Q.

789. **Seminar in Environmental Science I, II, III.** 1-1-0-X.

FINANCE (FIN-615)

625. **Managerial Finance.** 3-4-0-F,S. Prerequisite: One course in finance and one in accounting. Basic decision-making issues in managing short-term and long-term funds. Quantitative tools are applied at all levels.

630. **Problems in Finance.** 3-4-0-S. Application of tested and experimental financial theory by financial managers to decision making problems relating to working capital and fixed capital management.

640. **Managing Financial Institutions.** 3-4-0-Su. Gives the student an understanding of all the major financial institutions, their organizational structures, functions, and methods of operation.

650. **Real Estate.** 3-4-0-Su. An overview of real estate as it relates to the business world including location analysis, real estate investment, and tax factors.

652. **Problems in Investment.** 3-4-0-W. Application of tested and experimental theories by investment managers to problems of short and long-term decision making.

685. **Business Environment.** 3-4-0-F,S. The relevant environmental pressures shaping the corporation are explored: government, labor, values and ethics, innovation and technology.

692. **Special Problems.** 3-0-0-X. A supervised course in individual study and research.

697. **Independent Study and Research.** 3-0-0-X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

FOOD AND NUTRITION (FN-815)

530. **Experimental Foods.** 3-2-4-S. Prerequisite: FN 362.

560. **Advanced Nutrition.** 3-4-0-F. Prerequisite: FN 362.

561. **Diet in Disease.** 3-4-0-W. Prerequisite: FN 560.

662. **Community Health and Nutrition.** 3-4-0-S.

663. **The Nutrition of Children.** 3-4-0-X.

664. **Seminar in Food and Nutrition.** 3 hrs. arr. W,Su. May be repeated for a total of 6 hours.

691. **Research in Food and Nutrition.** 1-4 hrs. arr. Q.

692. **Special Problems in Nutrition.** 1-4 hrs. arr. Q.

FOOD SCIENCE AND TECHNOLOGY (FST-396)

505. **Food Process Engineering.** 3-4-0-X. Application of chemical engineering principles in food processing.

510. **Food and Drug Laws—Standards and Regulations.** 3-4-0-X. Federal, state, and city food and drug laws, and how they regulate the manufacture, distribution and use of foods and regulated products.

550. **Food Analysis I.** 4-2-4-X. Principles of official and acceptable chemical, microbiological, and physical methods used in food analysis, and application of these methods to examination of raw and processed foods.

551. **Food Analysis II.** 4-2-4-X. Principles of official and acceptable chemical, miciobiological, and physical methods used in food analysis, and application of these methods to examination of raw and processed foods.

610. **Food Enzymes.** 3-4-0-X. A review of enzymatic reactions and problems occurring in food during collection, manufacture, storage, and distribution.

620. **Food Toxicology.** 4-2-4-X. Principles and processes and food spoilage and toxicology.

630. **Synthetic Foods.** 4-2-4-X. Current and future concepts of synthetic and unconventional foods will be discussed and evaluated.

687. **Seminar in Food Science.** 3 hrs. arr. X. Selected topics in the chemistry, biochemistry, and microbiology of foods and food products.

688. **Seminar in Food Technology.** 3 hrs. arr. X. Selected topics in the application of food science principles to the food industry.

692. **Special Problems in Food Science and Technology I, II, III, IV.** 2-8 hrs. arr. Q. A course in special techniques, designed for food science and technology majors.

697. **Independent Study and Research.** 1-9 hrs. arr. X. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

FOREIGN LANGUAGES (FL-228)

500. **Introduction to Exotic Languages.** 3-4-0-X. May be taken for a total of nine hours.

501. **Advanced Credit for Study Abroad.** 3-9 hrs. arr. Q. Prerequisites: Advanced knowledge of the language to be studied; otherwise same as FL 301. (See FL 301 in undergraduate catalog.)

503. **Translation.** 3-4-0-**X.** May be taken for a total of nine hours.

504. **Methods of Teaching Foreign Language.** 3-4-0-**Su.** May be taken for a total of six hours.

515. **French: History of Literature.** 3-4-0-**Q.** May be taken for a total of twelve hours.

525. **German: History of Literature.** 3-4-0-**Q.** May be taken for a total of twelve hours.

531. **Greek: Three.** 3-4-0-**S.**

532. **Greek: Four.** 3-4-0-**X.**

535. **Greek: Readings in Literature.** 3-4-0-**X.** May be taken for a total of nine hours.

555. **Latin: Readings in Literature.** 3-4-0-**X.** May be taken for a total of nine hours.

575. **Spanish: History of Peninsular Literature.** 3-4-0-**Q.** May be taken for a total of twelve hours.

576. **Spanish: History of Latin American Literature.** 3-4-0-**X.** May be taken for a total of twelve hours.

691. **Research.** 3-4-0-**Q.**

692. **Special Problems.** 1-3 hrs. arr. **Q.** May be taken for a total of nine hours.

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **Q.**

711. **French: Old French.** 3-4-0-**X.** May be taken for a total of six hours.

712. **French: Seminar.** 3-4-0-**Q.** May be taken for a total of eighteen hours.

721. **German: Middle High German.** 3-4-0-**X.** May be taken for a total of six hours.

722. **German: Seminar.** 3-4-0-**Q.** May be taken for a total of eighteen hours.

771. **Spanish: Old Spanish.** 3-4-0-**X.** May be taken for a total of six hours.

772. **Spanish: Seminar.** 3-4-0-**Q.** May be taken for a total of eighteen hours.

GENETICS (GEN-312)

502. **Genetics.** 3-4-0-**Q.** Prerequisite: **MIC** 101 or **BIO** 101; one quarter of organic chemistry recommended. The fundamental principles of heredity.

503. **Advanced Genetics.** 4-2-4-**X.** Prerequisites: **GEN** 402-502 or 451-551. A continuation of **GEN** 402-502.

511. **Physiological Genetics.** 3-4-0-**X.** Prerequisite **GEN** 403-503 or permission of instructor. Physiological concepts of heredity.

521. **Interpretation of Biological Data.** 3-2-2-**X.** Prerequisite: Permission of instructor. Techniques of design and interpretation of biological research data.

551. **Medical Genetics.** 3-4-0-**Q.** The basic principles of human genetics with emphasis on the causation of abnormality and disease.

561. **Microbial Genetics.** 4-2-4-**X.** Alternate years. Prerequisites: **MIC** 301 and **GEN** 403-503. The genetics and molecular biology of microorganisms and viruses.

691. **Research in Genetics.** 1-9 hrs. arr. **Q.**

692. **Special Problems in Genetics I, II, III, IV.** 2 hrs. arr. Q. Individuals are assigned a problem in genetics to investigate under faculty direction.

697. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

731. **Cytogenetics.** 4-2-4-X. Prerequisite: GEN 402-502 or 451-551. Basic principles and techniques in human cytogenetics.

741. **Somatic Cell Genetics.** Prerequisite: Permission of instructor. Basic theory and techniques of cell culture and their genetic applications.

771. **Dynamics of Experimental Populations.** 3-4-0-X. Prerequisite: Permission of instructor. Concepts of changes in population structure leading to the formation of species.

789. **Genetics Seminar I, II, III.** 1-1-0-X. The presentation and defense of current concepts and principles of genetics.

791. **Research in Genetics.** 1-9 hrs. arr. Q.

792. **Special Problems.** 3 hrs. arr. Q.

797. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

GEOGRAPHY AND AREA DEVELOPMENT (GHY-268)

500. **Geography of Mississippi.** 3-4-0-W,Su. Survey of physical, economic, and historical geography of state; emphasis on man-environment relations and problems.

502. **Geography of the United State and Canada.** 3-4-0-F,Su. Introduction to physical and human geography of United States and Canada; emphasis on natural resources and patterns of economic activity.

503. **Geography of South America.** 3-4-0-X. Analysis of settlement forms, resource potential, and development problems and progress by political units.

504. **Geography of the Caribbean Countries.** 3-4-0-X. An historic-geographical approach analyzing spatial relations of cultures and economies in the Caribbean realm.

505. **Geography of the USSR.** 3-4-0-X. A regional survey of the physical, economic, and cultural geography of the USSR.

506. **Geography of Europe.** 3-4-0-X. Topical and regional study of Europe; emphasis on industrial, trade, urban, and other cultural patterns.

507. **Geography of Asia.** 3-4-0-X. Analysis of physical and cultural environments of monsoon Asia; includes evaluation of area's resources and development potential.

508. **Geography of Africa.** 3-4-0-S. Regional synthesis or physical and cultural features which characterize the African continent.

510. **Advanced Cartography.** 3-4-0-X. Prerequisite: GHY 310. Map reproduction techniques, color preseparation, scribing, and quantitative symbolization.

511. **Aerial Photograph Interpretation.** 3-4-0-F. Systematic treatment of elements and steps involved in interpreting, measuring, and mapping of images appearing on aerial photographs.

512. **Remote Sensing of the Environment.** 3-4-0-W. Prerequisite: **GHY** 411 or permission of instructor. Theory and application of remotely-sensed imageries generated from aircraft and spacecraft for geographic, environmental, and planning purposes.

513. **Field Methods in Geography.** 3-4-0-S. Basic methods of geographic analysis used in classifying, analyzing, and reporting field-gathered data.

515. **Quantitative Methods in Spatial Analysis.** 3-4-0-W. Prerequisite: Basic course in statistical methods. Application of statistical and other quantitative techniques to problems of spatial analysis.

516. **Computer Applications in Geography.** 3-4-0-X. Prerequisite: **GHY** 415 or permission of instructor. Study and application of computer mapping as a tool of geographic analysis.

517. **Geography for Teachers.** 3-4-0-W,Su. Current theories, practices, and techniques used in teaching geography at the elementary and secondary levels.

552. **Geography and Soils.** 3-4-0-S. Formation, distribution, and use of soils; emphasis on soils of south Mississippi; fieldwork and laboratory analysis.

525. **Environmental Climatology.** 3-4-0-X. Climatological aspects of atmospheric pollution; includes chemical, medical, legal, economic, and community-planning dimensions of air pollution.

527. **Meteorology.** 3-4-0-S. Prerequisite: **PHY** 103 or equivalent. Study of temporal and areal variations in composition, structure, and workings of the atmosphere. Practice in use of instruments and measurements.

532. **Perception of the Spatial Environment.** 3-4-0-F. An analysis of man's perception of his cultural/social environment; considers both the physical and man-made landscape.

535. **Historical Geography of the United States.** 3-4-0-F. Evolution of cultural landscapes of the area now comprising the United States; emphasis on processes of change.

540. **Population and Human Resources.** 3-4-0-W. A geographical analysis of the biological and cultural characteristics of population.

551. **Industrial Location Analysis.** 3-4-0-S. Prerequisite: **GHY** 350 or permission of instructor. Principles of industrial location analysis; emphasis on theory, locational decision-making, and regional location of manufacturing.

552. **Rural Land Use and Settlement.** 3-4-0-S. Prerequisite: **GHY** 350 or permission of instructor. Characteristic ways that man utilizes rural land—including settlement, landholding, and argiculture patterns.

553. **Transportation and Land Use.** 3-4-0-W. Prerequisite: **GHY** 350 or permission of instructor. Various transportation modes and the effect they have on contemporary development problems.

560. **Urban Geography.** 3-4-0-F. Prerequisite: **GHY** 350 or consent of instructor. Review of urban development, processes contributing to development, and effect these processes have on cities.

562. **Environmental Planning.** 3-4-0-W. A detailed study of environmental planning analysis and methodology as an element in land-use decision-making systems.

563. **Transportation Planning.** 3-3-4-X. Examination of travel characteristics and transportation planning and how they relate to the greater goals of the individual and society.

565. **Community and Regional Planning III: Programming and Implementation.** 3-4-0-S. Prerequisites: GHY 360, 361, 364 or consent of instructor. Consideration of various legal and institutional tools related to implementation of community and regional plans.

566. **Public Policy and the Planning Process.** 3-4-0-X. Deals with function of planning process in formulating effective public policy for development of communities and regions.

572. **Forest Resource Management.** 3-4-0-X. Study of forest-management principles and practices related to both private and public forest holdings.

573. **Water Resources.** 3-4-0-X. Study of hydrologic processes and their application to needs of cities, industry, agriculture, and recreation.

574. **Watershed Management.** 3-4-0-S. Investigation of watersheds as planning and management units; emphasis on relationship of water to other resources. Game theory used.

575. **Coastal Zone Management.** 3-4-0-W. Study of coastal-zone problems and conflicts; emphasis on multiple-objective planning and resource-management procedures.

591. **Geography and Planning Internship.** 1-9 hrs. arr. Q. May be repeated for a total of nine hours.

610. **Seminar in Research Techniques and Presentation of Geographic Data.** 3-4-0-F. Required of all geography graduate students.

612. **Seminar in Geographic Techniques.** 3-4-0-X. May be repeated up to six (6) hours with change in content to include cartographic, aerial photo interpretation, remote sensing, statistical, and field problems.

613. **Advanced Techniques in Color Mapping and Reproduction.** 3-4-0-X. Prerequisite: GHY 310. Study and application of advanced techniques used in preparation of multi-color maps for reproduction.

623. **Seminar in Environmental Climatology.** 3-4-0-X. May be repeated up to six (6) hours with change in content.

631. **Seminar in Cultural-Historical Geography.** 3-4-0-Su. 1976.

650. **Seminar in Economic Geography.** 3-4-0-Su. May be repeated up to six (6) hours with change in content.

662. **Seminar in Environmental Planning.** 3-4-0-X. Prerequisite: GHY 462/562 or approval of instructor.

665. **Seminar in Community and Regional Planning.** 3-4-0-S.

673. **Seminar in Water Resources.** 3-4-0-W.

680. **Seminar in History and Development of Geographic Thought.** 3-4-0-S.

692. **Special Problems.** 1-6 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

797. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

GEOLOGY (GLY-340)
(See also SCIENCE)

501. **Principles of Stratigraphy.** 3-4-0-**F.** Weekend field trip. Prerequisites: **GLY** 301, 341, or consent of instructor.

503. **Optical Mineralogy.** 3-3-3-**W.** Prerequisites: **GLY** 301, **MAT** 103. Introduction to optical mineralogy.

505. **Sedimentology.** 3-3-2-**X.** Prerequisites: **GLY** 301, 304. Origin of sediments, sedimentary structures, and classification of sedimentary rocks.

507. **Petrography.** 3-3-3-**S.** Prerequisites: **GLY** 304, 403. Systematic study of rocks by means of the polarizing microscope.

510. **Elements of Geochemistry.** 3-4-0-**W.** Prerequisites: **GLY** 301, 302, and **CHE** 103. Chemical processes operative in geology.

515. **Clay Mineralogy.** 3-3-2-**S.** Prerequisites: **GLY** 101, 302; **CHE** 103. Origin, structure, and chemistry of clays, identification techniques, claywater systems, soil formation and engineering applications.

520. **Elements of Geophysics.** 3-4-0-**X.** Prerequisites: **GLY** 101, **MAT** 103, **PHY** 103, and consent of instructor. Application of physics to geological investigations.

541. **Paleoecology.** 3-2-4-**X.** Alternate years. Prerequisites: **GLY** 341 and **BIO** 461, or consent of instructor with supervised catch-up readings.

543. **Micropaleontology I.** 3-1-6-**X.** Alternate years. Prerequisite: **GLY** 341. Taxonomy, morphology, and stratigraphic use of Foraminifera.

550. **Introductory Oceanography.** 3-4-0-**F.** Prerequisites: **GLY** 103, **CHE** 103, and consent of instructor. Basic principles of geological oceanography.

552. **Physical Marine Geology.** 3-20-20-**Su. GCRL.** Prerequisites: **GLY** 103, 301; **CHE** 103. Geological processes and environments of coastal zone.

554. **Chemical Marine Geology.** 3-3-37-**Su. GCRL.** Prerequisites: **GLY** 103, 301; **CHE** 103. Chemistry of coastal waters and geochemistry of bottom sediment.

570. **Petroleum Geology.** 3-2-4-**F.** Alternate years. Prerequisites: **GLY** 308, 401, or permission. Origin, occurrence, migration, and accumulation of oil and gas.

572. **Economic Geology.** 3-4-0-**X.** Prerequisites: **GLY** 304, and 308; **GLY** 510 desirable. Principles of ore deposits. A formal economic geology report will be required.

574. **Geological Excursion.** 1-4 hrs. arr. Field studies of geological phenomena in areas remote from the campus, by means of 8-10 day field trips.

576. **Hydrology.** 3-4-0-**X.** An introduction to the origin, distribution, movement, and properties of the waters of the earth.

600. **Paleoclimatology.** 3-4-0-**X.** Prerequisite: Permission of instructor. Past climatic conditions based on the rock, mineral, and biologic record.

601. **Pleistocene Geology.** 3-4-0-**X.** Prerequisite: Permission of instructor. Earth history of the Pleistocene Epoch, with emphasis on glacial phenomena.

602. **Hypotheses of Continental Drift.** 3-4-0-**X.** Prerequisite: Permission of instructor. Study of evidence and hypotheses regarding crustal dislocations.

603. **Sedimentary Environments.** 3-4-0-X. Prerequisite: Permission of instructor. Comparison of modern environments of sedimentation with the evidence regarding paleoenvironments.

604. **Tectonics.** 3-4-0-X. Prerequisites: GLY 308 and permission of instructor. Investigation of large-scale crustal deformation.

605. **Petrology of Igneous Rocks.** 3-3-3-F. Alternate years. Prerequisites: GLY 403, 407; 410 desirable. Origin, classification, composition, and geochemistry of igneous rocks.

606. **Petrology of Metamorphic Rocks.** 3-3-3-F. Alternate years. Prerequisites: GLY 403, 407; 410 desirable. Origin, classification, composition, and geochemistry of metamorphic rocks.

608. **Gulf Coast Geology.** 3-4-0-F. Prerequisites: GLY 308 and 401. Stratigraphy, structural geology, and mineral resources of the Gulf Coastal Province of the U.S.

630. **Principles of Geology for High School Science Teachers.** 3-2-4-X. Prerequisites: Bachelor's degree in science or its equivalent. Principles of physical and historical geology for teachers. Not applicable to geology degree.

640. **Advanced Micropaleontology.** 3-1-6-X. Prerequisite: GLY 543, or permission of instructor.

689. **Seminar.** 1-0-2-X. May be repeated once for a total of two hours credit.

692. **Special Problems in Geology I, II, III.** 1-3 hrs. arr. Q. Investigation of a specific problem not related to thesis research.

697. **Independent Study and Research.** 1-3 hrs. arr. Q. Not to be counted as a credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr.

HEALTH (HTH-715)

510. **Health Education in Elementary Schools.** 3-4-0-W,S. Methods and materials for the elementary teacher.

511. **Health Education in Secondary Schools.** 3-4-0-F,W,S. Methods, materials, and techniques for secondary school teachers of health.

512. **Measurement and Evaluation in Health Education.** 3-4-0-W,S. Instruments and techniques for measuring and evaluating personal health.

515. **School Health.** 3-4-0-W,S. Organization and administration of school health programs.

520. **Communicable and Chronic Disease in Man.** 3-4-0-F,S. Problems, control programs, and prevention of communicable and chronic disease.

521. **Sanitation.** 3-4-0-W. Problems of sanitation in the home, school, food industry, water supply systems, and waste disposal systems.

522. **Drugs in Society.** 3-4-0-F,S. Psycho-social, medical, legal, and health aspects of drugs and their abuse.

523. **Curriculum Development in Alcohol Education.** 3-4-0-W,Su. Alcoholism, instructional approaches, and community resources for alcohol education.

530. **Marriage and Human Sexuality.** 3-4-0-F,W,S. Physical, emotional, and medical bases for successful courtship, marriage, and parenthood.

535. **Mental Health Education.** 3-4-0-**W,Su.** A survey of the content and teaching strategies for mental health education.

540. **Driver Education.** 3-4-0-**F,W,S.** Survey of instruction, use of training cars, delegation of authority, legal responsibilities, and teacher qualifications.

541. **Traffic Safety Education.** 3-4-0-**S.** An in-depth study of driver, pedestrian, engineering, enforcement, and other traffic safety problems.

542. **Laboratory Programs in Driver Education.** 3-4-0-**W.** Examination of aims, objectives, and role of laboratory programs in driver educations.

543. **Methods of Driver and Traffic Safety Education.** 3-3-1-**F,W,S.** Prerequisite: **HTH** 540. Organization and administration of driver education programs.

544. **Simulation in Driver Education.** 3-2-2-**F,W,S.** Prerequisites: **HTH** 540 and 543. Audiovisual instructional methods that are used to complement and supplement other instructional techniques utilized in driver education programs.

545. **Driver Education Laboratory.** 1-0-1-**Q.** This course is designed to provide students in **HTH** 443 with supervised teaching experience.

546. **Innovative Programs in Driver Education.** 3-2-2-**W,Su.** New and unique teaching methods of driver and traffic safety education.

588. **Motorcycle Education.** 3-2-2-**Su.** Analysis of motorcycle traffic problems and methods of teaching classroom and laboratory phases of motor cycle education.

589. **Driver Education for Special Students.** 3-4-0-**Su.** Curriculum development and teaching materials in traffic safety education.

622. **Epidemiology.** 3-4-0-**W,Su.** A study of epidemiological concepts and methods related to incidence and prevalence of disease.

640. **Traffic Systems Management.** 3-4-0-**X.** An overview of agencies and systems involved in the management of vehicular traffic.

641. **K-6 Safety Education.** 3-4-0-**X.** Development and implementation of comprehensive elementary safety program.

680. **Research Techniques.** 3-4-0-**W,Su.** Problems, evaluation of problems and procedures, types and techniques of research.

685. **Contemporary Issues in Health.** 3-4-0-**W,Su.** Health education needs and a study of contemporary health problems as they relate to content and methodology in health education.

692. **Special Problems.** 3-4-0-**Q.**

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-**Q.** Credit deferred until thesis is completed.

710. **Seminar in Health.** 3-0-0-**Su.**

711. **Advanced Personal and Community Hygiene.** 3-4-0-**F.** Intensive study in personal and community hygiene.

715. **The School Health Program.** 3-4-0-**W.** The development, organization, and administration of school health services.

720. **Community Organization for Health Education.** 3-4-0-**S.** Communities and community organizations as they relate to health services and health education.

730. **Marriage and Parenthood Education.** 3-4-0-W. Marriage and family life and social adjustment problems of high school and college students.

740. **Facilities and Equipment in Driver Education Programs.** 3-4-0-S. Planning for facilities and equipment for driver education programs.

741. **Multi-Media Systems in Driver Education Programs.** 3-4-0-S. Unique adaptation of newer media systems to the broad problems in driver and traffic safety.

742. **Organization and Administration of Driver and Traffic Safety Education.** 3-4-0-W. Organization and administration aspects of driver and traffic education as they relate to the total school.

743. **Addictive Substances as Related to Traffic Safety Education.** 3-4-0-F. A study of addictive substances and associated problems in traffic safety.

744. **Psychological Factors in Driver and Traffic Safety Education.** 3-4-0-W. A study of behavior with emphasis on attidues, motivation, and adjustment and their relationship to safe driving.

745. **Safety Education.** 3-4-0-F,S. Methods and materials of safety education in public schools.

746. **Administration and Supervision of Safety Programs.** 3-4-0-Su. Administration and supervision of governmental, industrial, agency, and community safety programs.

770. **Care and Treatment of Athletic Injuries.** 3-4-0-F,Su. Techniques and facilities for adequate prevention and treatment of athletic injuries.

791. **Research in Health.** 1-9 hrs. arr. Q.

792. **Special Problems in Health.** 3-4-0-Q.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

HISTORY (HIS-272)

511. **History of the USSR.** 3-4-0-S.

512. **English Constitutional History.** 3-4-0-S.

513. **Medieval Life and Thought.** 3-4-0-W.

514. **Modern Germany.** 3-4-0-S.

515. **French Revolution and Napoleon.** 3-4-0-F.

516. **Europe 1815-1870.** 3-4-0-F.

517. **Europe 1870-1914.** 3-4-0-W.

518. **Europe 1914-1945.** 3-4-0-S.

521. **Tudor-Stuart Britain.** 3-4-0-F.

524. **Modern European Popular Culture.** 3-4-0-F.

525. **Nineteenth and Twentieth Century Britain.** 3-4-0-W.

540. **Age of Jefferson and Jackson.** 3-4-0-S.

541. **Popular Thought in America.** 3-4-0-W.

542. **The Old South.** 3-4-0-F.

543. **The New South.** 3-4-0-W.

545. U.S. Foreign Relations to 1914. 3-4-0-F.

546. U.S. Foreign Relations Since 1914. 3-4-0-W.

547. Colonial America. 3-4-0-F.

548. The American Revolution. 3-4-0-W.

550. Early American Frontier. 3-4-0-W.

551. The Western Frontier. 3-4-0-S.

552. The Sectional Controversy and the Civil War, 1848-1877. 3-4-0-S.

553. The Origins of Modern America, 1878-1919. 3-4-0-F.

554. Prosperity, Depression, and World War II, 1920-1945. 3-4-0-W.

556. United States Constitutional History to 1900. 3-4-0-F.

557. United States Constitutional History Since 1900. 3-4-0-W.

580. History of Mexico and Caribbean. 3-4-0-F.

581. History of South America: The Andean Countries. 3-4-0-S.

582. History of South America: Brazil and the Rio de la Planta. 3-4-0-W.

692. Special Problems, I, II, III, IV. 1-4 hrs. arr. Q.

697. Independent Study and Research. Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. Thesis. 6-0-0-Q.

710. European Historiography. 3-4-0-W.

711. Medieval History. 3-4-0-X.

712, 713, 714. Seminar in European History, 1870 to Present I, II, III. 3-4-0-S. 1976-1977; F, 1977-1978.

716. British History. 3-4-0-X.

717,718. Reading Seminar in European History I, II. 3-4-0-S,Su.

740. American Historiography. 3-4-0-F.

741. Seminar in Southern History. 3-4-0-X.

742. Seminar in U.S. Diplomatic History. 3-4-0-X.

743. Seminar in American Colonial and Revolutionary Period. 3-4-0-F.

744. Seminar in Nineteenth Century U.S. 3-4-0-F.

745. Seminar in Twentieth Century U.S. 3-4-0-S.

746, 747. Reading Seminar in American History I, II. 3-4-0-W,S.

748. Readings in Mississippi History. 3-4-0-S.

780. Latin American History. 3-4-0-X.

791. Research in History. 1-9 hrs. arr. Q. Prerequisite: Approval of the major professor.

794. Internship in the Teaching of History. 3-0-0-X. Required of all Ph.D. candidates who have no teaching experiences at the college or university level and optional for those with such experience.

796. Seminar and Practicum in the Teaching of History in Colleges and Universities. 3-4-0-X.

797. Independent Study and Research. Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively work-

ing on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

HOME ECONOMICS EDUCATION (HEE-820)

601. **Home Economics in American Education.** 3-4-0-X. Trends and issues in curriculum development, instruction, supervision, administration, and research.

602. **Advanced Adult Education.** 3-4-0-Su. Current techniques and procedures for teaching adult programs in home economics.

603. **Teaching Family Living on the Secondary Level.** 3-4-0-F.

604. **Consumer Home Economics Education.** 3-4-0-X. Consumer problems in present day society.

605. **Supervision of Home Economics.** 3-4-0-W. Practices and procedures in the supervision of vocational home economics.

606. **Selected Topics in Home Economics Education.** 3-4-0-X. (May be repeated once.) Prerequisite: The corresponding subject matter course. The development and application of units of work in selected areas in the secondary school program.

607. **Curriculum Problems in Home Economics.** 3-4-0-S. A practicum for developing home economic curriculum materials for local schools.

608. **Home Economics in Higher Education.** 3-4-0-F. Administrative problems and evaluation of departments, at the college level.

609. **Home Economics Related Occupations.** 3-4-0-Su. The exploration and planning of teaching units for home economics related occupations.

610. **Seminar in Home Economics Education.** 3-0-0-Q. May be repeated for a total of 6 hours.

614. **Preparation of Teachers for Home Economics Special Needs Programs.** 3-4-0-X. Designed to prepare Home Economics teachers to teach homemaking skills to the physically handicapped and elderly.

615. **Planning and Developing Material for Teaching Home Economics.** 3-4-0-Su. For teachers who need to up-date their teaching techniques.

691. **Research in Home Economics Education.** 1-4 arr. Q.

692. **Special Problems in Home Economics Education.** 1-4 arr. Q.

697. **Independent Study and Research.** 1-4 arr. Q. Not to be counted toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X.

798. **Research Problem.** 3-0-0-X. Selection of a practical educational problem using research and professional knowledge. A scholarly paper is required.

HOUSING AND HOME MANAGEMENT (H&HM-825)

640. **Home Engineering.** 3-4-0-X. This course includes a study of the selection, placement, and storage of home appliances and their use as related to the mechanical features.

644. **Seminar in Housing and Home Management.** 3-4-0-X. May be repeated for a total of 6 hours.

692. **Special Problems in Any of the Following Areas: 1-4 hrs. arr. X.**

a. Household Equipment.
b. Housing.
c. Home Furnishings.
d. Home Management.

INDUSTRIAL AND VOCATIONAL EDUCATION (IVE-165)

500. **Shop Planning and Equipment Selection.** 3-4-0-F. A study of shop layout problems.

501. **Shop Care and Management.** 3-4-0-F,W,Su. Organization of students and physical facilities.

503. **Occupational Analysis and Course Construction.** 3-4-0-X. Analyzing occupations into their basic components and arranging for instructional purposes.

504. **Problems of the Coordinator.** 3-4-0-S. A study of the problems, procedures, techniques, etc., in the operation of part-time cooperative education.

521. **Power Transmissions.** 3-3-3-W. A study of mechanical, hydraulic, pneumatic and electrical power and transmission.

531. **Principles of Trade and Industrial Teaching.** 3-4-0-W,S,Su. A methods course for teaching trade and industrial subjects.

532. **Problems in Adult Education.** 3-4-0-X. Methods and techniques in teaching adults in industrial education classes.

533. **Curriculum Construction for Cooperative and Adult Vocational Education.** 3-4-0-X. Objectives, content and arrangement of units for teaching cooperative and evening classes.

534. **Occupational Surveys.** 3-4-0-X. Planning and conducting local survey for educational purposes.

535. **Instructional Materials for Industrial Education.** 3-4-0-Su,X. Identification, selection, development, and use of instructional aids in vocational and technical education.

536. **Curriculum Construction for Vocational Technical Education.** 3-4-0-S,Su. Principles, practices and techniques in planning and establishing a class or program in vo-tech education.

562. **Advanced Machine Tool Techniques.** 3-4-0-X. Advanced study of machine tool operations processes and procedures.

581. **Testing and Evaluation in Vocational Technical Education.** 3-4-0-S,Su. Development and utilization of various measuring devices and techniques.

582. **Industrial and Vocational Safety.** 3-4-0-F,W,Su. Analysis of fundamentals of accident prevention and their application in school shops.

583. **Occupational Safety.** 3-4-0-X. Organization and administration of safety programs, including implementation of the Occupational Safety and Health Act. Primarily for industrial educators.

602. **Foundations and Principles of Industrial Arts.** 3-4-0-S. A study of the underlying philosophy and principles of industrial arts education.

603. **Establishing the Industrial Arts Program.** 3-4-0-W. Planning and implementing new and expanding programs.

604. **Shop and Small Plant Design.** 3-4-0-X. Problems in design of work stations, production lines, and materials control.

605. **History of Industrial Education.** 3-4-0-F. A study of leaders, movements, and agencies in the development of industrial education.

606. **Philosophy of Industrial Arts Education.** 3-4-0-F. A study and evaluation of the leading philosophies in the field.

607. **Organization of Instructional Materials in Industrial Education.** 3-4-0-W. A study of the development and utilization of various instructional materials.

611. **Philosophy and Organization of Vocational Education.** 3-4-0-S,Su. Principles and development of vocational education under state and federal acts.

630. **Advanced Graphic Science.** 3-4-0-X. A study of materials and methods used in graphic science.

662. **Research Methods: Industrial Arts.** 3-4-0-X. A study of methodology, design, procedures and statistical treatment.

689. **Seminar in Industrial Education, I, II, III.** 2-3-0-X. May be taken three quarters.

692. **Special Problems in Industrial and Technical Education.** Hrs. arr. Individualized problems relevant to the area.

697. **Independent Study and Research.** Hrs. arr. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q. Credit deferred until thesis is completed.

701. **Supervision of Vocational and Technical Education.** 3-4-0-X. A study of the problems of local directors and supervisors of vocational and technical education.

702. **Individualized Instruction in Vocational Technical Education.** 3-4-0-X. Foundations, principles, and techniques of teaching knowledge and skills on an individual basis.

703. **Contemporary Vocational and Technical Education Programs.** 3-4-0-X. A comparative analysis of contemporary and emerging programs in vocational education.

704. **Vocational Guidance.** 3-4-0-X. An overview of careers available through vocational and technical education, methods of student identification placement, and follow-up.

798. **Research Problems.** 3-0-0-X. Utilizing research and professional knowledge in the solution of a practical educational problem. Scholarly paper required.

INDUSTRIAL TECHNOLOGY CURRICULUM (INT-395)

505. **Production Technology.** 3-2-4-X. Plant layout, materials handling, production evaluation, set-up and maintenance procedures.

506. **Industrial Automation.** 3-4-0-X. Automation and its implications to industrial processes, economics, and interpersonal relations.

507. **Personnel in Technology.** 3-4-0-X. The procurement, development, and utilization of technical personnel.

508. **Innovations in Technology.** 3-4-0-X. Introduction to factors involved in technological change within an industrial operation.

509. **Plant Layout.** 3-2-4-X. Effectiveness of plant layout to the production activity involving personnel, materials, tools, and equipment.

540. **Alternate Energy Systems.** 3-4-0-X. Study of alternative sources of energy and power.

592. **Special Problems.** 1-3 hrs. arr. X. Prerequisite: Senior standing and approval of adviser. Supervised study in selected areas.

INSTITUTION ADMINISTRATION (IAD-817)

570. **The School Lunch.** 3-2-4-S.

571. **Institution Food Purchasing.** 3-4-0-W.

664. **Seminar in Institution Management.** 3-0-0-X. May be repeated for a total of 6 hours.

672. **Quantity Food Preparation.** 3-1-5-Su. Prerequisite: Permission of instructor.

673. **School Lunch Supervision.** 3-4-0-X.

674. **Institution Organization and Administration.** 3-4-0-F.

692. **Special Problems in Institution Administration.** 1-4 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X. Credit deferred until thesis is completed.

JOURNALISM (JOU-212)

505. **Problems in Newspaper Production.** 3-1-4-Su. Pratical training in the production of student newspapers and advising of staffs.

521. **Public Relations.** 3-4-0-F.

522. **Publicity Methods.** 3-4-0-W.

528. **Business and Professional Publications.** 3-4-0-Su.

522. **Press and Society.** 3-4-0-W,Su. Study of the relationship between the press and the culture and institutions of society.

570. **Newspaper Organization and Management.** 3-4-0-S.

LIBRARY SCIENCE (LS-170)

501. **Introduction to Reference Resources and Services.** 3-4-0-X. Introduction to reference materials, services, activities, and functions as well as methods for locating information.

502. **Advanced Reference Resources and Services.** 3-4-0-X. Further study of reference materials and services with emphasis upon current developments.

505. **Introduction to Cataloging and Classification.** Introduction to the principles and methods of cataloging and classifying library materials. Practice in bibliographical description and subject analysis.

506. **Advanced Cataloging and Classification.** 3-4-0-X. Prerequisite: LS 505 or equivalent. An advanced study of the principles and methods of descriptive and subject cataloging and classification.

516. **Audio-Visual Media and Equipment.** 3-4-0-Q. A survey of media resources and equipment with an emphasis on utilization in libraries.

517. **Literature and Related Media for Children.** 3-4-0-X. A survey of children's literature, traditional and modern, and other related materials for use by and with children of grades 1-6.

518. **Literature and Related Media for Adolescents.** 3-4-0-X. Study of adolescent literature and other related materials for use by and with young people of grades 7-12.

572. **Administration and Supervision of School Media Centers.** 3-4-0-W,Su. Prerequisite: LS 570 or CIF 619. A survey of current trends in the management and services of school library media centers.

591. **School Library-Media Administration Workshop.** 3-4-0-Su. Intensive two-week workshop on problems of media center administration. May be taken twice; only three hours of credit can be applied to degree requirements.

605. **Library Management.** 3-4-0-X. A survey of administrative theory and principles in relationship to the organization and operation of all types of libraries.

611. **Development of Library Collections.** 3-4-0-X. Principles governing the selection and procurement of all types of library materials, including the use of selection aids and bibliographic sources for developing both print and non-print collections.

621. **Selection and Organization of Media Resources.** 3-4-0-X. Prerequisite: LS 516. Selection, evaluation, and use of various formats of media. Attention to library organization of non-print resources.

622. **Design and Production of Media in Libraries.** 3-4-0-F,S. Prerequisite: LS 516. Fundamental techniques for design and production of multi-media materials.

624. **Creative Library Programs for Children and Youth.** 3-4-0-X. Prerequisite: LS 527 or 518. Explores the development of creative visual forms, programs planning, and use of cultural resources in library services to children and adolescents.

625. **Communications and Library Service.** 3-4-0-F. Survey of the mass communications media and the relationship of libraries to these media.

626. **Film and Television in Libraries.** 3-4-0-X. The conceptualization, production, critiquing, and effective utilization of film and video in planning library services. The organization of film libraries and the use of cable T.V. in libraries is also included.

628. **Storytelling.** 3-4-0-X. Prerequisite: LS 517 or 518. A study of oral tradition and folk literature with emphasis upon selection of stories and the art and techniques of story telling. Provides practice in story telling.

631. **History of Libraries.** 3-4-0-X. Development of libraries from ancient times to the present with special reference to the relationship of libraries to sociocultural, economic, and political trends.

633. **History of Books and Printing.** 3-4-0-F. Evolution of the book from earliest times to the present; examination of the invention and spread of printing.

634. **History of Children's Literature.** 3-4-0-X. Prerequisite: LS 517 or 518. Traces the development of children's literature in England and the United States to the early twentieth century.

636. **The Library in American Society.** 3-4-0-Su. The library as a social institution, its background, and the forces that have shaped its development.

638. **Trends in American Publishing.** 3-4-0-X. A survey of contemporary American publishing and book manufacturing with emphasis upon the relationship of the book trade to libraries.

640. **Academic Libraries.** 3-4-0-W. The development and administration of the academic library.

641. **Public Libraries.** 3-4-0-F. The development and administration of the public library. Problems in public library services.

642. **Special Libraries.** 3-4-0-X. The development and administration of the special libraries serving businesses, institutions, and government agencies.

646. **Special Collections and Archives.** 3-4-0-X. Prerequisites: LS 501 and 505. The acquiring, processing, servicing, and management of collections composed of rare books, manuscripts, archival papers, oral history files, and other special materials.

648. **Archival Practicum.** 3-4-0-X. Prerequisite: LS 646. Provides an opportunity for supervised practice in special collections and archival operations.

651. **Introduction to Information Science.** 3-4-0-X. Survey of information science as a field study; the role of major information and documentation centers.

654. **Library Automation.** 3-4-0-X. Study of the theory of computer programming and its application to the solution of library problems.

663. **Subject Bibliography.** 3-4-0-X. Prerequisites: LS 501 and 502. An evaluation of library resources in various subject fields with emphasis on characteristics of subject literatures, problems of use, and bibliographical control and organization.

664. **United States Government Publications.** 3-4-0-X. Study of the types of government publications and tools for their bibliographic organization.

665. **Bibliography of the Humanities.** 3-4-0-X. Utilization of library resources in the humanities; philosophy, religion, literature, art, music, and related fields.

666. **Bibliography of the Social Sciences.** 3-4-0-X. Study, evaluation, and utilization of major library and information resources in the social sciences.

667. **Bibliography of Science and Technology.** 3-4-0-X. Study, evaluation, and utilization of information resources in the pure and applied sciences.

668. **Research Methods in Library Science.** 3-4-0-X. Survey of scientific research methods and their application to the field of library and information science.

675. **Library of Congress Classification.** 3-4-0-X. Prerequisites: LS 505 and 506. Study of the development and application of the Library of Congress Classification System.

689. **Library Practicum.** 3-0-0-X.

692. **Special Problems in Librarianship.** 1-3 hrs. arr. X.

MANAGEMENT (MGT-620)

568. **Compensation Administration.** 3-4-0-Q. Prerequisites: MGT 360. Problems in wage and salary administration; job analysis, job evaluation, incentive systems, wage surveys, and fringe benefits.

572. **Collective Bargaining.** 3-4-0-W,S,Su. Prerequisite: MGT 370. An integrated study of collective bargaining theory and practical application.

582. **Production Problems Seminar.** 3-4-0-W,Su. Prerequisite: Background in industrial management. Production problems and policies including selection and maintenance of equipment, product mix and quality, and production controls.

584. **Problems in Personnel Administration.** 3-4-0-Q. Prerequisite: Background in personnel management. Application of the principles of personnel administration through the use of case analysis, incidents, and role playing.

596. **Small Business Consulting.** 3-0-0-W,S. Prerequisite: Approval of the Coordinator of Graduate Studies, College of Business Administration. Actual problem solving in business.

610. **Production Management.** 3-4-0-Su, 1978. Analysis of managerial production functions and processes including product and plant planning, maintenance, quality control, and purchasing.

615. **Operations Research.** 3-4-0-F,S. An introductory course in the principles and techniques of operations research and management science.

620. **Problems in Management.** 3-4-0-W,Su. A case study of selected social, economic, industrial and personnel management problems.

625. **Human Relations in Organizations.** 3-4-0-F,W,Su. A study of the problems of individuals and groups as found in modern organizations.

630. **Survey of Labor-Management Relations.** 3-4-0-F. Prerequisite: Consent of department chairman. A survey of the development of labor law and collective bargaining.

660. **History and Philosophy of Management.** 3-4-0-Su. A review of and analysis of writers in the development of scientific and modern management.

665. **Organization Theory and Practice.** 3-4-0-W. The design, analysis, and evaluation of organizational structures in a business and government environment.

669. **Behavioral Dynamics in Organizations.** 3-4-0-S. An experiential study of behavioral dynamics in organizations; development of knowledge of behavioral systems and skills in the application and use of the knowledge in work situations.

670. **Business Policy.** 3-4-0-S,Su. Prerequisite: Consent of department chairman. A study of policy making and administration from a top management point of view.

692. **Special Problems in Management.** 3 hrs. arr. X. Prerequisite: Permission of department chairman.

MARKETING (MKT-625)

524. **Market Research.** 3-4-0-Q. Prerequisites: MKT 300 and ECO 302. A study of principles and techniques used in market research and evaluation of such research.

528. **Marketing Management.** 3-4-0-Q. A comprehensive case course designed to synthesize the more specialized marketing knowledge of the student.

558. **Promotion Development.** 3-4-0-W. A study of the relationship of the business organization to the various interest groups which affect its promotional results.

595. **International Marketing.** 3-4-0-W. Prerequisite: Graduate status. The economic, political, and cultural aspects of international business operations.

625. **Seminar in Marketing.** 3-4-0-F,S. A survey of marketing theory and practices designed to give the non-marketing student functional knowledge of the field.

635. **Seminar in Consumer Behavior.** 3-4-0-S. Application of behavioral science concepts to research and marketing decisions.

640. **Marketing Planning.** 3-4-0-S. A case study of the methods used by firms to reach their marketing goals through the application of planning, budgeting, and costing theory.

650. **Marketing Research Seminar.** 3-4-0-F. A study of advanced research techniques used in market analysis.

660. **Seminar in Marketing Theory.** 3-4-0-W. A survey, analysis, and evaluation of the current research in marketing theory.

692. **Special Problems in Marketing.** 3-4-0-Q. Consent of the chairman of the Marketing Department is required prior to registration.

MARRIAGE AND FAMILY LIFE (MFL-830)

650. **Early Marriage Adjustment.** 3-4-0-F.

651. **Parents and Children.** 3-4-0-W.

652. **The Family in the Community.** 3-4-0-S. Designed to help the teacher understand better the social setting in which students live and its importance in the development of family living courses to meet students needs.

658. **Seminar in Family Living.** 3-0-0-Su. May be repeated for a total of 6 hours.

691. **Research in Family Living.** 1-4 hrs. arr. Q.

692. **Special Problems in Family Living.** 1-4 hrs. arr. x. X.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X. Credit deferred until thesis is completed.

MATHEMATICS (MAT-350)

510. **Mathematics for Teachers of Junior High School Mathematics.** 3-4-0-W,Su. Numbers and infinite sets, geometry, non-Euclidean geometry, coordinate geometry, trigonometry, functions, probability, statistics. (Open only to elementary and special education majors or as an elective for mathematics majors.)

511. **Vector Analysis.** 3-4-0-X. Prerequisite: **MAT** 379. Vector valued functions, space curves, line and surface integration, the divergence theorem, Green's and Stokes' theorems.

515. **Introduction to Differential Equations II.** 3-4-0-X. Prerequisite: **MAT** 405. Systems of linear differential equations, characteristic equations, operator methods, approximating solutions, Laplace transforms.

517. **Partial Differential Equations.** 3-4-0-X. Prerequisites: **MAT** 405 and **MAT** 411. Integrability conditions, quasilnear and linear equations, applications to physics, classification of second order equations and canonical forms, separation of variables.

518. **Linear Programming.** 3-4-0-X. Prerequisite: **MAT** 326. Convex sets, linear inequalities, extreme-point solutions, simplex procedure, applications.

519. **Optimization in Mathematical Programming.** 3-4-0-X. Prerequisites: **MAT** 326 and **MAT** 379. Selected topics in optimization from linear and nonlinear programming.

520. **Statistics and Probability.** 3-4-0-X. Prerequisite: **MAT** 341. Permutations, combinations, binomial and multi-nomial theorems, induction, graphic methods, basic statistical concepts.

521. **Number Theory.** 3-4-0-X. Prerequisite: **MAT** 341. Induction, well order-

ing, division algorithm, Euclidean algorithm, Fundamental Theorem of arithmetic, number theoretic functions, congruences.

523. **Modern Algebra I.** 3-4-0-X. Prerequisite: **MAT** 341. Survey of standard algebraic systems; rings, integral domains, fields, modules, polynomial rings, quotient rings, fields of quotients.

524. **Modern Algebra II.** 3-4-0-X. Prerequisite: **MAT** 423. Elementary notions in groups, Fundamental Theorem of Finitely Generated Groups, permutation groups, quotient groups, the isomorphism theorems, applications of transformation groups.

525. **Fourier Series.** 3-4-0-X. Prerequisites: **MAT** 326 and **MAT** 405. Orthogonal functions, Fourier series, convergence and applications.

526. **Linear Algebra II.** 3-4-0-X. Prerequisite: **MAT** 326. Determinants, polynomials, complex numbers, single linear transformations, orthogonal, unitary and symmetric linear transformations.

535. **Laplace Transform.** 3-4-0-X. Corequisite: **MAT** 405. Transforms, inverse transforms, convolution theorem, differentation and integration of transforms, applications to differential equations.

536. **Theory of Functions of a Complex Variable I.** 3-4-0-X. Prerequisite: **MAT** 379. Complex numbers and functions, limits, continuity, differentation, analytic functions, branches, contour integration, series.

541. **Advanced Calculus I.** 3-4-0-F. Point set theory, sequences, continuity, uniform continuity, limits, mean value theorems, L'Hospital's rule.

542. **Advanced Calculus II.** 3-4-0-W. Prerequisite: **MAT** 441. Riemann integration, Taylor's theorem, improper integrals, infinite series, uniform convergence.

543. **Advanced Calculus III.** 3-4-0-S. Prerequisite: **MAT** 442. Directional derivatives, partial derivaties, differentials, inverse and implicit functions.

560. **Numerical Analysis I.** 3-4-0-X. Prerequisites: **MAT** 326, **MAT** 379, **CSS** 240. Methods of solving equations and systems of equations, error analysis, difference equations.

561. **Numerical Analysis II.** 3-4-0-X. Prerequisites: **MAT** 405, **MAT** 460, **CSS** 340. Interpolating polynomial, numerical differentiation and integration, numerical solutions of differential equations, round off error.

570. **Geometry.** 3-4-0-F,S. Prerequisites: Secondary school geometry and **MAT** 341. Modern Euclidean geometry, non-Euclidean geometries, historical topics.

573. **Metric Spaces.** 3-4-0-X. Continuity, Hausdorff and countability axioms, products, Euclidean spaces, connectedness, compactness, Heine-Borel and Bolzano-Weierstrass theorems.

575. **General Topology I.** 3-4-0-X. General topological spaces, bases and subbases, continuity.

576. **General Topology II.** 3-4-0-X. Prerequisite: **MAT** 475. Connectedness, separation axioms, countability axioms, compactness, metrizability.

601. **Differential Geometry I.** 3-4-0-X. Prerequisite: **MAT** 411. An introduction to the theory of plane curves, space curves, and surfaces.

603. **Modern Algebra.** 3-4-0-X. Prerequisite: **MAT** 424. Simple groups, solvable groups, the Sylow theorems, presentations of groups, category terminology, introductory homological algebra.

605. **Differential Equations I.** 3-4-0-X. Prerequisitete: **MAT** 415. Topics from the theory of ordinary differential equations. Specific topics to be selected by the instructor.

606. **Differential Equations II.** 3-4-0-X. Prerequisite: **MAT** 417. Dirichlet, Neuman, and mixed boundary value problems. Classical techniques of solution of partial differential equations. Applications.

636. **Functions of a Complex Variable II.** 3-4-0-X. Prerequisite: **MAT** 436. Taylor and Laurent series, residue calculus, conformal mapping with applications, integral formulas of the Poisson type, analytic continuation.

637. **Functions of a Complex Variable III.** 3-4-0-X. Prerequisite: **MAT** 636. A continuation of **MAT** 636.

641. **Functions of a Real Variable I.** 3-4-0-X. Prerequisite: **MAT** 443. Foundations of real analysis and introduction to Lebesque measure and integration.

642. **Functions of Real Variable II.** 3-4-0-X. Prerequisite: **MAT** 641. Continuation of **MAT** 641.

651. **Applied Mathematics I.** 3-4-0-X. Vector spaces, linear transformations, matrices, eigenvalues, eigenvectors, diagonalization, spectral decomposition, cannonical forms.

652. **Applied Mathematics II.** 3-4-0-X. Prerequisite: **MAT** 651. Corequisite: **MAT** 442. Point sets in Euclidean n-space, sequences, continuity, convergence, integration, integral operator and expansion theorems.

653. **Applied Mathematics III.** 3-4-0-X. Prerequisite: **MAT** 652. Corequisite: **MAT** 443. Integral equations, series and special functions.

675. **Topology.** 3-4-0-X. Prerequisite: **MAT** 476. Properties of topological spaces such as imbedding and extension theorems, metrizability and compactification.

681. **Topics in Algebra.** 3-4-0-X. Prerequisite: **MAT** 424 and permission of instructor.

682. **Topics in Analysis.** 3-4-0-X. Prerequisite: Permission of the instructor.

683. **Topics in Topology and Geometry.** 3-4-0-X. Prerequisite: Permission of instructor.

689. **Mathematics Seminar I, II, III.** 1-2-0-Q. Prerequisite: Permission of instructor.

691. **Research in Mathematics.** 1-9 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facililties must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

789. **Mathematics Seminar I, II, III.** 1-2-0-Q. Prerequisite: Permission of instructor.

MECHANICAL TECHNOLOGY (MET-397)

592. **Special Problems.** 1-3 hrs. arr. Q. Prerequisite: Senior standing and approval of faculty adivser.

MEDICAL TECHNOLOGY (MTC-354)

689. **Medical Technology Seminar.** 1-1-0-Q. Presentation of current material related to clinical laboratory medicine.

692. **Special Problems in Medical Technology.** 2-8 hrs. arr. Q. Individuals will be assigned some specific clinical problem in medical technology to investigate under faculty direction.

697. **Independent Study and Research.** 1-9 hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis or doing an internship at a clinical facility must enroll in this course.

698. **Thesis.** 6 hrs. Q.

MICROBIOLOGY (MIC-310)

501. **Microorganisims in Health and Disease I.** 3-4-0-F,W,S. A comprehensive survey of microorganisms of public health significance for nursing students.

502. **Micoorganisims in Health and Disease II.** 3-4-0-W,S,Su. A continuation of **MIC** 501.

508. **Advanced Microbiological Techniques.** 3-2-4-X. Special emphasis is placed on microbiological techniques beyond the scope of **MIC** 301.

511. **Pathogenic Microbiology.** 3-2-4-F,Su. Prerequisite: **MIC** 301. Schemes for isolation and identification of major groups of disease producing organisms.

512. **Advanced Pathogenic Microbiology.** 3-2-4-W,Su. Prerequisite: **MIC** 511. Continuation of **MIC** 511 on an advanced level

513. **Medical Mycology.** 3-2-4-X. Prerequisite: Permission of instructor. Consideration of the fungi of medical significance.

521. **Virology and Tissue Culture.** 3-2-4-X. Prerequisite: **MIC** 301. Survey of viruses and viral classification, including viral diseases, involving tissue culture techniques.

522. **Viral Pathogenesis and Diagnosis.** 3-2-4-X. Host-virus interaction from a pathological and immunological viewpoint with isolation and laboratory characterization.

541. **Immunology and Serology.** 3-2-4-S. Prerequisite: **MIC** 512. Studies of infection, resistance, types of immunity, hypersensitivity.

555. **Microbial Physiology.** 3-4-0-X. Prerequisite: **MIC** 301. Studies of the micoorganisms response to the environment by means of adaptive control mechanisms.

561. **Food Microbiology.** 3-2-4-X. Prerequisite: **MIC** 301. Microorganisms affiliated with the preparation, spoilage, pathogenicity, and sanitation of foods.

562. **Dairy Microbiology.** 3-2-4-X. Prerequisite: **MIC** 301. The preservation, fermentation and spoilage of milk and dairy products.

571. **Microbiology of Water and Sewage.** 3-2-4-X. Prerequisites: **MIC** 301 and **CHE** 353. Control of pure water supply.

691. **Research in Microbiology.** 1-9 hrs. arr. Q.

692. **Microbiological Problems I, II, III, IV.** 2 hrs. each. arr. Q. Offered only by special arrangement.

697. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis or making use of University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

742. **Principles of Immunochemistry.** 3-2-4-X. A study of the chemistry of antigens, antibodies and complement and the mechanism of their interaction.

743. **Immunochematology.** 3-2-4-**X.** A study of the serology, genetics, and anthropological aspects of human blood groups, isoantigens and antibodies.

751. **Advanced Microbial Physiology.** 3-4-0-**X.** Concepts of microbial nutrition, metabolism, adaptation, and genetics as related to growth and environment.

761. **Industrial Microbiology.** 3-2-4-**X.** An intensive study of microorganisms as applied to the production of organic compounds.

762. **Industrial Microbiology.** 3-2-4-**X.** Continuation of **MIC** 761.

789. **Microbiology Seminar I, II, III.** 1-1-0-**X.** The presentation and defense of current, classical concepts and principles of microbiology.

791. **Research in Microbiology.** 1-9 hrs. arr. **Q.**

792. **Special Problems.** 3 hrs. arr. **Q.**

797. **Independent Study and Research.** 1-9 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not residence but who are actively working on a dissertation or making use of University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

MUSIC (MUS-675)

531. **History of Opera.** 3-4-0-**S.** The history of musical theatre from Greek drama to present. Open to non-music majors with permission of instructor.

532. **American Music.** 3-4-0-**Su.** A study of the development of music in North America. Open to non-music majors with permission of instructor.

533. **20th Century Music.** 3-4-0-**F.** Examination of music trends since Debussy and Mahler. Open to non-music majors with permission of instructor.

534. **Ancient, Medieval, and Renaissance Music.** 3-4-0-**W.** A study of the rise of music in the ancient world, the beginning of western music and of polyphony. Open to non-music majors with permission of instructor.

535. **Baroque Music.** 3-4-0-**S.** The development of musical styles and forms from Monteverdi through J. S. Bach. Open to non-music majors with permission of instructor.

536. **18th Century Music.** 3-4-0-**Su.** The development of classical styles and forms, emphasis on style galant, Empfindsamer Still, and the Viennese classicists. Open to non-music majors with permission of instructor.

537. **19th Century Music.** 3-4-0-**F,** 1979. The development of musical romanticism, emphasis on the expansion of classical forms, and the appearance of new stylistic concepts. Open to non-music majors with permission of instructor.

539. **Diction.** 3-4-0-**W, X.** Systematic introduction to phonetics of various foreign languages as applied to singing. May be taken for a total of six (6) hours. The second registration permitted only into a section in which the languages emphasized are different.

540. **Vocal Literature.** 2-3-0-**X.**

541. **Vocal Literature.** 2-3-0-**X.** A continuation of **MUS** 540.

542. **Piano Literature.** 2-3-0-**X.**

543. **Piano Literature.** 2-3-0-**X.** A continuation of **MUS** 542.

544. **Organ Literature.** 2-3-0-**X.**

545. **Organ Literature.** 2-3-0-**X.** A continuation of **MUS** 544.

546. **Instrumental Literature.** 2-3-0-**X.**

547. **Instrumental Literature.** 2-3-0-X. A continuation of MUS 546.

548. **Choral Literature.** 2-3-0-X.

549. Choral Literature. 2-3-0-X. A continuation of MUS 548.

550. **Symphonic Literature.** 3-4-0-F. A history and literature of the symphony orchestra from 1600 to the present. Open to non-music majors with permission of instructor.

551. **Chamber Music.** 3-4-0-Su. A survey of music for small instrumental ensembles. Open to non-music majors with permission of instructor.

559. **Church Music Colloquium.** 3-4-0-S. Philosophies of church music as well as the administration, liturgies, and related materials will be studied.

562. **Hymnology.** 3-4-0-W. The history of the Christian hymn from its root to present-day form.

620. **Graduate Music Theory Review.** 2-3-0-F,Su. A survey of the materials of music with emphasis on the study of the harmonic system of the 18th and 19th centuries. Credit for this course may not be counted toward a graduate degree.

630. **Graduate Music History Review.** 2-3-0-F, Su. A rapid study of music from Gregorian Chant through Penderecki. This course is required of all entering graduate students, but may be waived subject to an entrance examination in music history. Not to be counted toward a degree in music or music education.

692. **Special Problems, I, II, III.** 1-3 hrs. each, arr. Q. Investigation of specialized areas of interest. A committee of not less than three graduate faculty is appointed to evaluate the results of each study.

697. **Independent Study and Research.** Hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

702. **Bibliography for Music Research.** 3-4-0-X. An extensive examination of research materials, including music and non-music reference works.

711. **Pedagogy of Theory.** 2-3-0-X. A course in the teaching of music theory in the senior high school as well as the college level.

712. **Seminar in Composition.** 3-4-0-X. A composition class for non-composition majors.

713. **Seminar in Music Theory.** 2-3-0-X. For theory and composition majors; open to others with permission of instructor.

714. **Composition in a Large Form.** 6 hrs. arr. X. Open to students with a major in theory and composition.

715. **Recital.** 1-3 hrs. arr. Q. Prerequisite: Permission of applied music instructor and approval by the major professor. At the discretion of the student's applied music instructor and the major professor acting jointly, passing a pre-recital audition before a committee of the graduate faculty may be required.

721. **Analytical Techniques.** 3-4-0-F, X. A course designed to develop technique in analysis of music from the time of early polyphony through the Baroque period.

722. **Analytical Techniques.** 3-4-0-W, X. A course designed to develop techniques in analysis of music in the Classical and Romantic periods.

723. **Seminar in 20th Century Compositional Techniques.** 3-4-0-S. A seminar in techniques utilized by composers in the 20th century. Emphasis will be placed on analysis of selected works.

724. **Pre-Baroque Counterpoint.** 2-3-0-F, Su, 1978. Contrapuntal writing up to eight parts. Prerequisite: MUS 321 or permission of instructor.

725. **Tonal Counterpoint.** 2-3-0-W,Su. 1979. Contrapuntal writing culminating in the fugue. Prerequisite: MUS 322 or permission of instructor.

726. **20th Century Counterpoint.** 2-3-0-S, Su, 1977. Contrapuntal writing in contemporary idioms. Prerequisite: MUS 302 or permission of instructor.

727. **Advanced Orchestration.** 3-4-0-X. May be taken three times. Prerequisites: MUS 401 or permission of instructor.

728. **Preparation and Publication of Music.** 3-4-0-S. A course designed to acquaint students with problems involved in preparing music for professional purposes.

731. **Seminar in Performance Practices I.** 3-4-0-W, X. A study of the conductor's and performer's problems in the interpretation and performance of vocal and instrumental music of the 17th and 18th centuries.

732. **Seminar in Performance Practices II.** 3-4-0-S, X. A study of the conductor's and performer's problems in the interpretation and performance of vocal and instrumental music of the 19th and 20th centuries.

733. **History of Style in Music.** 3-4-0-S, X. Detailed analysis of selected musical works from antiquity to the 20th century. Doctoral students and conducting majors only.

760. **Seminar in History of Church Music.** 3-4-0-X. Sacred choral literature from the Middle Ages to the present is surveyed. Organ literature as it applies to the church service is also examined.

761. **Seminar in Music Literature.** 3-4-0-F. A course designed to expand the student's knowledge of music literature through a period, historical, or school approach.

762. **Seminar in Music Literature.** 3-4-0-W. A continuation of MUS 761.

763. **Seminar in Music Literature.** 3-4-0-S. A continuation of MUS 762.

786. **Arranging Music for School Bands.** 2-2-1-X. This course is designed to provide the arranger with the essential techniques of scoring for school bands and orchestras.

787. **Arranging for School Choruses.** 2-3-0-X. Concepts and techniques of scoring for voices, with emphasis on arranging rather than an original composition for choral organizations.

791. **Research in Music.** 1-9 hrs. arr.

792. **Special Problems I, II, III.** 1-3 hrs. each arr. Q. Investigation of specialized areas of interest. A committee of not less than three graduate faculty is appointed to evaluate the results of each study.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted toward a degree. Students who are not in residence but who are actively working on a dissertation with the major professor or making use of the library or other University facilities must enroll in this course.

821. **Advanced Analytical Techniques.** 2-3-0-F, Su, 1979. An in-depth analysis of selected works prior to 1750. Prerequisite: MUS 721 or permission of music

theory faculty.

822. **Advanced Analytical Techniques.** 2-3-0-W,Su, 1977. An in-depth analysis of selected works chosen from the classical and romantic periods. Prerequisite: MUS 722 or permission of the music theory faculty.

823. **Advanced Analytical Techniques.** 2-3-0-S,Su, 1978. An in-depth analysis of selected works chosen from the 20th century. Prerequisites: MUS 723 or permission of the music theory faculty.

870. **First Doctoral Solo Recital.** 3-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor. At the discretion of the student's applied music instructor and the major professor acting jointly, passing a pre-recital audition before a committee of the graduate faculty may be required.

871. **Doctoral Lecture Recital.** 3-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor. At the discretion of the student's applied music instructor and the major professor acting jointly, passing a pre-recital audition before a committee of the graduate faculty may be required.

872. **Second Doctoral Solo Recital.** 1-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor. At the discretion of the student's applied music instructor and the major professor acting jointly, passing a pre-recital audition before a committee of the graduate faculty may be required.

873. **Concerto Performance with Band or Orchestra.** 1-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor. A solo performance of a major work with a major performing ensemble is this **Bulletin**'s definition of "concerto."

874. **Major Solo Role in an Opera.** 1-0-4-Q. Permission of applied music instructor and approval of the major professor.

875. **Major Solo Role in an Oratorio.** 1-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor.

876. **Chamber Music Recital.** 1-0-4-Q. Prerequisite: Permission of applied music instructor and approval of the major professor. At the discretion of the student's applied music instructor and the major professor acting jointly, passing a pre-recital audition before a committee of the graduate faculty may be required.

898. **Dissertation.** 6 hrs.

MUSIC-APPLIED AND ORGANIZATIONS (APM-670)

601,602,603. **Piano.** 1-3 hrs. arr.

611,612,613. **Organ.** 1-3 hrs. arr.

614,615,616. **Flute.** 1-3 hrs. arr.

617,618,619. **Oboe.** 1-3 hrs. arr.

620,621,622. **Clarinet.** 1-3 hrs. arr.

623,624,625. **Saxophone.** 1-3 hrs. arr.

626,627,628. **Bassoon.** 1-3 hrs. arr.

629,630,631. **Horn.** 1-3 hrs. arr.

632,633,634. **Trumpet.** 1-3 hrs. arr.

635,636,637. **Trombone.** 1-3 hrs. arr.

638,639,640. **Euphonium.** 1-3 hrs. arr.

641,642,643. **Tuba.** 1-2 hrs. arr.

644,645,646. **Violin.** 1-3 hrs. arr.
647,648,649. **Viola.** 1-3 hrs. arr.
650,651,652. **Cello.** 1-3 hrs. arr.
653,654,655. **String Bass.** 1-3 hrs. arr.
656,657,658. **Percussion.** 1-3 hrs. arr.
661,662,663. **Voice.** 1-3 hrs. arr.
664,665,666. **Harp.** 1-3 hrs. arr.
671,672,673. **Ensemble.** 1 hr. arr.
681. **Orchestra.** 1 hr. (May be taken three times.)
682. **Band.** 1 hr. (May be taken three times.)
683. **Chorus.** 1 hr. (May be taken three times.)
691,692,693,694. **Advanced Composition.** 1-3 hrs. arr.
701,702,703. **Piano.** 1-3 hrs. arr.
711,712,713. **Organ.** 1-3 hrs. arr.
714,715,716. **Flute.** 1-3 hrs. arr.
717,718,719. **Oboe.** 1-3 hrs. arr.
720,721,722. **Clarinet.** 1-3 hrs. arr.
723.724,725.**Saxophone.** 1-3 hrs. arr.
726,727,728. **Bassoon.** 1-3 hrs. arr.
729,730,731. **Horn.** 1-3 hrs. arr.
732,733,734. **Trumpet.** 1-3 hrs. arr.
735,736,737. **Trombone.** 1-3 hrs. arr.
738,739,740. **Euphonium.** 1-3 hrs. arr.
741,742,743. **Tuba.** 1-3 hrs. arr.
744,745,746. **Violin.** 1-3 hrs. arr.
747,748,749. **Viola.** 1-3 hrs. arr.
750,751,752. **Cello.** 1-3 hrs. arr.
753,754,755. **String Bass.** 1-3 hrs. arr.
756,757,758. **Percussion.** 1-3 hrs. arr.
761,762,763. **Voice.** 1-3 hrs. arr.
764,765,766. **Harp.** 1-3 hrs. arr.
771,772,773. **Ensemble.** 1 hr. arr.
781. **Orchestra.** 1 hr. (May be taken three times.)
782. **Band.** 1 hr. (May be taken three times.)
783. **Chorus.** 1 hr. (May be taken three times.)
791,792,793. **Composition.** 1-3 hrs. arr.
801,802,803. **Piano.** 1-3 hrs. arr.
811,812,813. **Organ.** 1-3 hrs. arr.
814,815,816. **Flute.** 1-3 hrs. arr.
817,818,819. **Oboe.** 1-3 hrs. arr.
820,821,822. **Clarinet.** 1-3 hrs. arr.
823,824,825. **Saxophone.** 1-3 hrs. arr.

853,854,855. **String Bass.** 1-3 hrs. arr.
856,857,858. **Percussion.** 1-3 hrs. arr.
861,862,863. **Voice.** 1-3 hrs. arr.
864,865,866. **Harp.** 1-3 hrs. arr.
871,872,873. **Ensemble.** 1 hr. arr.
881. **Orchestra.** 1 hr. (May be taken three times.)
882. **Band.** 1 hr. (May be taken three times.)
883. **Chorus.** 1 hr. (May be taken three times.)
891,892,893. **Composition.** 1-3 hrs. arr.

MUSIC EDUCATION (MED-680)

524. **Instrumental Repair.** 3-2-2-**F, W, Su.**
Topic I. Organ Design and Repair. 3-2-2-**F.**
Topic II. Piano Tuning. 3-2-2-**W, Su.**
Topic III. String and Wind Instrument Repair. 3-2-2-**Su.**

590. **Piano Workshop.** 2-0-0-**X.** A course designed to meet the needs of the piano teacher, including a survey of standard materials together with a presentation of modern teaching methods. Cannot be applied toward a music degree.

591. **Instrumental Workshop.** 2-0-0-**W, Su.** May be repeated for a maximum of six hours credit. Cannot be applied toward a music degree.

592. **Choral Workshop.** 2-0-0-**W, Su.** May be repeated for a maximum of six hours credit. Cannot be applied toward a music degree.

593. **Elementary Music Workshop.** 2-0-0-**X.** Intensive examination of current problems, trends, and materials in the field of elementary music education. Cannot be applied toward a music degree.

594. **Marching Band Workshop.** 2-0-0-**Su.** May be repeated for a maximum of six hours credit. Cannot be applied toward a music degree.

697. **Independent Study and Research.** Hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-**Q.** No thesis will be accepted unless accompanied by an abstract. Theses which employ questionnaires will not be accepted unless accompanied by summaries of the findings to be mailed to respondents.

710. **Band Literature.** 3-4-0-**Su, X.** A study of band literature from its emergence to the present. Emphasis is placed on preparation of representative literature for performance.

714. **Administration and Supervision of Elementary and Secondary School Music Programs.** 3-4-0-W, Su. The organization, supervision, and evaluation of the total music program, including program development, problems of finance, and selection of personnel and equipment.

715. **Research Project.** 3-0-0-Q. Prerequisite: Approval of the major professor.

725. **Foundations and Principles of Music Education.** 3-4-0-F, Su. Historical and philosophical foundations of the total music education program, and principles of teaching, learning, organization, administration.

726. **Research in Music Education.** 3-4-0-W, Su. Prerequisite: RED 601 either prior or concurrently. Investigation of current research and literature in music education; study of writing techniques pertinent to music education research.

731. **Graduate Conducting I.** 2-2-1-F, Su, 1978. Development of conducting skills, rehearsal techniques, study and preparation of scores of standard band, choral, and orchestral repertoire.

732. **Graduate Conducting II.** 2-2-1-W,Su, 1977. A continuation of MED 731.

733. **Seminar in Conducting.** 3-4-0-S, Su. Techniques of advanced choral and instrumental conducting. Score analysis and problems of preparation and performance.

734. **Woodwind Techniques and Materials.** 2-3-0-F, Su. A course dealing with the problems of teaching woodwind instruments and a comprehensive study of woodwind literature.

735. **Brass Techniques and Materials.** 2-3-0-W, Su. A comprehensive survey of teaching techniques for the brasses with a survey of teaching materials emphasizing pedagogy textbooks and books designed for class instruction.

736. **Percussion Techniques and Materials.** 2-3-0-S, Su. Performance techniques of all percussion instruments and a survey of teaching materials and literature for percussion.

737. **String Techniques and Materials.** 2-3-0-F,Su. A comprehensive survey of teaching techniques for stringed instruments; survey of teaching materials emphasizing pedagogy textbooks and method books.

738. **Keyboard Techniques and Materials.** 2-3-0-W, Su. An examination of keyboard literature as it relates to the techniques and practices of piano instruction.

739. **Vocal Techniques and Materials.** 2-3-0-S, Su. Techniques and procedures for teaching correct vocal production habits; examination of choral literature for secondary school and collegiate groups.

740. **Music Education in the Elementary Schools.** 3-4-0-Su, X. An advanced course in the development of music education programs for children.

750. **Music in General Education.** 3-4-0-S, Su. An examination of the role of music in the general education of students throughout the educational system.

755. **Aesthetics and Psychology of Music.** 3-4-0-F, X. An examination of issues and theoretical positions in the areas of philosophy of music and of musical learning.

756. **Evaluation and Guidance in Music Education.** 3-4-0-W,X. The administration and interpretation of tests of musical talent and musical achievement.

791. **Research in Music Education.** 1-9 hrs. arr. Q. Prerequisite: Approval of the major professor.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit

toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problem.** 3-0-0-Q.

825. **Doctoral Seminar in Music Education.** 3-4-0-W, X. Orientation to doctoral study. Studies in the history and philosophy of music education.

826. **Doctoral Seminar in Music Education.** 3-4-0-S, X. Primary focus on advanced research methods, techniques, and procedures appropriate to the doctoral level of music education.

828. **Administration of College and University Music Programs.** 3-4-0-Su, 1979. A practical course in the principles of administration, organization, and goals of music programs at the college or university level.

898. **Dissertation.** 6 hrs.

NURSING (NSG-070)

601. **Conceptual Framework for Nursing.** 3-4-0-F,S,Su. Theories and concepts relevant to nursing.

602. **Assessment of Health.** 4-2-8-F, W, Su. Prerequisite: NSG 601. Assessment of the health state of individuals and populations.

603. **Nursing Research.** 3-4-0-F,S. Prerequisites or concurrent: Descriptive statistics, NSG 601. Research methodology, emphasis nursing.

604. **Seminar in Nursing Research.** 3-4-0-W, Su. Prerequisite: NSG 603. Development of a research proposal or a professional paper.

610. **Mental Health Seminar.** 3-4-0-F, W, Su. Open to non-nursing students. Development of a framework for mental health assessment.

620. **The Family as a Health Care System.** 3-4-0-W. Prerequisite: NSG 601 or approval of instructor. Analysis of the health status of families and individuals.

621. **Nursing Management of Family Health Problems.** 4-2-8-S. Prerequisites: NSG 602, 603, 620. Development, testing, evaluation of theory-based strategies in complex family health problems.

622. **Nursing Responsibility in Meeting Community Health Needs.** 4-2-8-Su. Prerequisite: NGS 621. Analysis of community organizations affecting health care for populations.

631. **Therapeutic Systems.** 3-4-0-W, S, Su. Prerequisite: NSG 601 or approval of instructor. Theoretical foundations for mental health nursing.

632. **Nursing in the Field of Mental Health.** 4-2-8-F, W, Su, X. Prerequisites: NGS 602, 603, 631. Design, implementation, and evaluation of nursing systems.

633. **Community Mental Health Nursing.** 4-2-8-F,W,Su,X. Prerequisite: NSG 632. Problems in communities with formulated plans for change.

641. **The Nurse Administrator.** 3-4-0-F, W, S. Prerequisite: NSG 601 or approval of instructor. Roles of the nurse administrator in a variety of health settings.

642. **Clinical Nursing.** 4-2-8-S, X. Prerequisites: NSG 602, 603, 641. Theory and clinical practicum in a selected nursing area.

643. **The Administration of Nursing Practicum.** 4-2-8-Su,X. Prerequisite: NGS 642. Nursing Administration practicum.

692. **Special Studies in Nursing.** 3 hrs. arr. X. Prerequisite: NSG 604. Preparation of a professional paper in an area of student interest.

697. **Independent Study and Research.** 1-3 hrs. arr. **X.** Students not in residence but actively working on a thesis or making use of University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **Q.** Prerequisite: **NSG** 604. Credit deferred until thesis completed.

PHILOSOPHY (PHI-284)

550. **Existentialism and Phenomenology.** 3-4-0-**S.** An examination of the central themes in contemporary European existentialism and phenomenology.

551. **Political Philosophy.** 3-4-0-**X.** The major schools of political philosophy from classical to contemporary times.

556. **The Philosophy of Science.** 3-4-0-**X.** The conditions and status of knowledge, perception, measurement, hypothesis and casusality.

558. **Symbolic Logic.** The basic theory and operations of the sentential calculus, quantification, and the logic of relations.

560. **Analytic Philosophy.** 3-4-0-**S.** An examination of the central themes in contemporary British-American analytic philosophy.

620. **Seminar in Metaphysics.** 3-4-0-**X.** Classical and contemporary methaphysics will be examined. Modern criticism by logicians, analytic philosophers, and philosophers of science will be presented.

625. **Seminar in Modern Philosophy.** 3-4-0-**X.** A critical investigation of the writings of selected modern and contemporary philosophers.

630. **Seminar in Epistomology.** 3-4-0-**X.** The problem of knowledge as presented in modern philosophic thought. Topics include the mind-body problem, the neural identity problem, behaviorism, etc.

635. **Ethics.** 3-4-0-**X.** An advanced study of ethical systems.

636. **Major Philosopher.** 3-4-0-**X.** An advanced study of the contributions of a selected philosopher.

692. **Special Problems.** 1-6 hrs. arr. **X.** A problem study to be approved by the department chairman.

697. **Independent Study and Research.** 3 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. **X.**

PHYSICAL EDUCATION (PED-730)

501. **Corrective, Adaptive, and Developmental Physical Education.** 3-4-0-**W, Su.** Recognition of and corrective exercises for functional abnormalities.

504. **Motor Development.** 3-4-0-**W, Su. A** study of the motor aspects of human growth and development processes.

510. **Psychological and Sociological Aspects of Coaching.** 3-4-0-**X.** The analysis and study of human behavior patterns as they relate to athletics.

524. **Seminar in Elementary School Physical Education.** 3-4-0-**W,Su.** Comprehensive readings and discussions of all aspects of elementary school physical education.

551. **Techniques of Teaching Stunts, Tumbling, and Use of Apparatus.** 3-4-0-**W, Su.**

570. **Development of Athletic Attributes.** 3-4-0-Q. The development and administering of strength, endurance, flexibility, reaction, speed, and agility programs.

571. **Practice Organization, Scouting, and Communication Techniques.** 3-4-0-F, S, Su. Daily practice plans. Scouting techniques, cinematography, instructional materials, techniques, and equipment for coaches.

590. **Physical Education and Recreation for the Handicapped.** 3-4-0-W, Su.

676. **Athletic Seminar.** 3-4-0-X. An in-depth study and analysis to enhance professional growth in athletics as it relates to advanced skills and knowledge of coaching.

677. **Athletic Seminar.** 3-4-0-X. Continuation of **PED** 776. Topics vary.

680. **Research Techniques.** 3-4-0-F,S. Discovery and recognition of problems, evaluation of problems and procedures, types and techniques of research.

691. **Research I, II, III.** 3-9 hrs. arr. Q.

692. **Special Problems.** 3-0-0-Q.

697. **Independent Study.** 1-6 hrs. arr. Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

701. **Advanced Physiology of Exercise.** 3-4-0-W, Su. Circulatory, respiratory, nervous, and muscular system during and after physical activity.

702. **Physiology of Exercise Laboratory.** 2-0-2-W, Su. Use and care of physiology laboratory equipment.

703. **Advanced Kinesiology.** 3-4-0-F, S. The application of anatomical and physiological principles of kinesiology to physical activity.

704. **Tests and Measurements in Physical Education.** 3-4-0-F,S. Tests of fitness, skills, and abilities. Administration and interpretation.

705. **Motor Learning.** 3-4-0-F, S. Physical and psychological variables essential to motor learning.

709. **Age Characteristics of Motor Skills.** 3-4-0-W, Su. Analysis of activities and relationships to motor development.

720. **Problems of Administration in Physical Education.** 3-4-0-W, Su. Staff, finance, facilities, programs, and other problems faced by administrators.

722. **Organization and Administration of Intramural and Extramural Activities.** 3-4-0-F, S.

723. **Principles of Teaching Physical Education.** 3-4-0-W,Su. Developing concepts in teaching methods employing physiological and kinesiological principles.

742. **Problems of Curriculum in Physical Education.** 3-4-0-W,Su. Fundamental principles and bases of curriculum construction.

744. **Foundations and Trends in Health and Physical Education.** 3-4-0-F, S.

750. **Facilities and Equipment in Physical Education.** 3-4-0-W,Su. Planning for indoor, outdoor, and special facilities and in physical education.

770. **Administration of Athletics.** 3-4-0-W, S, Su. Special emphasis on problems of the athletic director and coach in organizing and directing the athletic program through all levels of the educational structure.

771. **Special Athletic Problems—Football.** 3-4-0-W, Su. Defining, analyzing, and solving specific athletic problems relating to the sport of football through study and research.

772. **Special Athletic Problems—Basketball.** 3-4-0-F, Su. Defining, analyzing, and solving specific athletic problems relating to the sport of basketball through study and research.

773. **Special Athletic Problems—Baseball.** 3-4-0-Su. Defining, analyzing, and solving specific athletic problems relating to the sport of baseball through study and research.

774. **Special Athletic Problems—Track.** 3-4-0-W. Defining, analyzing, and solving specific athletic problems relating to the sport of track through study and research.

775. **Minor Sports.** 2-1-F,W,S. Defining, analyzing, and solving specific athletic problems relating to minor sports through study and research.

791. **Research.** 3-0-0-arr. Q.

792. **Special Problems.** 3-0-0-Q.

796. **Practicum I, II, III.** 2-6 hrs. arr. Q. Research in special physiological problems.

797. **Independent Study and Research.** 3-0-0-Q. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

801, 802, 803. **Physiological Effects of Motor Activity.** 3-9 hrs. arr. X.

804. **Principles of Design and Construction of Test in Physical Education.** 3-4-0-X.

840. **Readings in Physical Education.** 3-4-0-W. Extensive reading and discussion of physical education literature.

898. **Dissertation.** 6 hrs.

PHYSICS (PHY-360)

(See also SCIENCE)

542. **The Physics of Waves.** 3-4-0-S. Prerequisite: PHY 350. Transverse waves, elasticity, acoustic waves, diffraction and spectrum analysis.

544. **Musical Acoustics.** 3-4-0-X. Prerequisite: Permission. Primarily for music majors. The acoustics of musical instruments. Architectural acoustics.

555. **Fluid Dynamics.** 3-4-0-X. Prerequisites: PHY 350, MAT 405. A mathematical development of the physical principles governing fluid flow.

561. **Modern Physics.** 3-4-0-F. Prerequisites: PHY 362 and PHY 350. Electromagnetic waves, relativity, and quantum theory.

562. **Modern Physics.** 3-4-0-W. Prerequisites: PHY 362 and PHY 350. Quantum theory and wave mechanics.

563. **Modern Physics.** 3-4-0-S. Prerequisite: PHY 562. Spectroscopy, atomic and nuclear structure, and cosmic rays.

564. **Fundamentals of Solid State Physics.** 3-4-0-X. Prerequisite: Permission. The basic physical processes which occur in solids and semiconductors.

565. **Nuclear Physics.** 3-4-0-S. Prerequisite: PHY 362. Nuclear binding forces, chain reaction, the non-steady state reactor, radiation detection.

566. **High Vacuum Technique.** 3-4-0-F. Prerequisite: Permission. Vacuum instruments. Study of mechanical, diffusion, ion, sorption, and getter pumps.

567. **Analysis by Mass Spectrometer.** 3-4-0-W. Prerequisite: Permission. Interpretation of mass spectrometer. Sample introduction and mass analysis.

585. **History and Literature of Physics.** 3-4-0-X. A survey of the history of physics from ancient times to 1900, stressing the rise and fall of concepts.

601. **Theoretical Physics.** 3-4-0-F. Prerequisite: Permission. Physics from an advanced point of view.

602. **Theoretical Physics.** 3-4-0-W. Prerequisite: Permission. Selected topics of general physics from an advanced point of view.

603. **Theoretical Physics.** 3-4-0-S. Prerequisite: Permission. Selected topics of general physics from an advanced point of view.

604. **Physics for High School Teachers.** 3-4-0-Su. Prerequisite: Permission. Principles of physics designed to up-date the teacher's effectiveness in teaching physics.

605. **Special Topics in Theoretical or Experimental Physics.** 3-4-0-S,Su. Prerequisite: Permission. Subjects depend upon current interest of students and staff.

610. **Astronomy for Teachers.** 3-4-0-S. Prerequisite: Permission. Solar-system and stellar astronomy.

640. **Electron Optics and Its Applications.** 3-4-0-S. Prerequisite: Permission. Electrostatic and magnetic lenses, electron microscopes.

650. **Quantum Mechanics I.** 3-4-0-X. Prerequisite: Permission. The Schroedinger equation, operators and eigenfunctions, spherically symmetric systems.

651. **Quantum Mechanics II.** 3-4-0-X. Prerequisite: Permission. Scattering theory, matrix mechanics, angular momentum, perturbation theory.

689. **Seminar I.** 1-2-0-F. Prerequisite: Permission. Study of current literature in physics supplemented by laboratory research.

689. **Seminar II.** 1-2-0-W. Prerequisite: Permission. Study of current literature in physics supplemented by laboratory research.

689. **Seminar III.** 1-2-0-S. Prerequisite: Permission. Study of current literature in physics supplemented by laboratory research.

689. **Seminar IV.** 1-2-0-Su. Prerequisite: Permission. Study of current literature in physics supplemented by laboratory research.

691. **Research in Physics.** 1-6 hrs. arr. X.

697. **Independent Study and Research.** 1-6 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. X.

POLITICAL SCIENCE (PS-280)

501. **American Political Process.** 3-4-0-S. An analysis of the American political system on an advanced level.

502. **Urban Politics.** 3-4-0-F.

504. **The Legislative Process.** 3-4-0-S.

506. **American Political Parties and Pressure Groups.** 3-4-0-F,S,Su.

507. **Mississippi Government.** 3-4-0-W, Su.

508. **The American Presidency.** 3-4-0-F. An analysis of the selection, role, power, and performance of the presidency.

509. **Southern Politics.** 3-4-0-W. An examination of the politics and political culture of the southern states.

520. **Political Theory to Locke.** 3-4-0-F.

521. **Political Theory Locke to Present.** 3-4-0-S.

525. **American Political Theory.** 3-4-0-W,Su.

531. **International Organization.** 3-4-0-X.

532. **Foreign Policies of the Major World Powers.** 3-4-0-S.

534. **Inter-American Politics.** 3-4-0-W. A study of hemisphere relations, with emphasis on the United States and Latin America, bilaterally and multi-laterally.

535. **Soviet Foreign Policy.** 3-4-0-X.

550. **Governments and Politics of Western Europe.** 3-4-0-S.

551. **Soviet Government and Politics.** 3-4-0-X.

552. **British Government and Politics.** 3-4-0-F, Su.

553. **Middle Eastern Governments and Politics.** 3-4-0-X.

554. **Far Eastern Governments and Politics.** 3-4-0-X.

555. **Tropical African Governments and Politics.** 3-4-0-X.

556. **Latin American Governments and Politics.** 3-4-0-F, Su.

558. **Latin American Political and Economic Development.** 3-4-0-X.

570. **Public Administration.** 3-4-0-Q.

571. **Public Personnel Administration.** 3-4-0-F.

572. **Organization and Management.** 3-4-0-W.

573. **Policy Formation.** 3-4-0-S.

574. **Governmental Budgetary Process.** 3-4-0-F. Facets of budgetary administration, emphasizing federal and municipal budgets, theory and process.

580. **United States Constitutional Law.** 3-4-0-Q.

581. **The Judicial Process.** 3-4-0-W, S, Su.

582. **Comparative Judicial Politics.** 3-4-0-S. Prerequisite: **PS** 580 or **PS** 581 or consent of instructor.

583. **Legal Research.** 3-4-0-F.

585. **International Law.** 3-4-0-W.

691. **Research in Political Science.** 1-9 hrs. arr. Q.

692. **Special Problems.** 1-3 hrs. arr. Q. The student works individually on a paper in political science under the supervision of a graduate faculty member.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q.

700. **Seminar in U.S. Government.** 3-4-0-F, Su. May be taken twice for credit. Prerequisite: Course in American national, state, and local government or consent

of instructor.

710. **Readings Seminar in Political Science.** 3-4-0-F. A study of political science literature emphasizing interpretation and criticism.

720. **Scope and Methods.** 3-4-0-F. A survey of the scope of political science and of the tools and methods utilized in the discipline.

721. **Seminar in Political Theory.** 3-4-0-W. May be taken twice for credit.

723. **Communist Idelogy.** 3-4-0-Su. A critical study of materials from the basic writings of Communist thinkers: Marx, Lenin, Stalin, and Mao, with attention to modification made from period to period.

730. **Seminar in U.S. Foreign Relations.** 3-4-0-W. May be taken twice for credit. Prerequisite: Another course in U.S. foreign policy or history of U.S. foreign policy or permission of instructor. A survey of current United States foreign policies and problems.

731. **Seminar in International Relations.** 3-4-0-S. May be taken twice for credit. An intensive survey and analysis of the methodology, literature, and substance of the process of trans-state politics.

750. **Seminar in Comparative Government and Politics.** 3-4-0-S. May be taken twice for credit. Prerequisite: One or more courses in comparative government or permission of the instructor. A research-type course in which each student will make an intensive study of the political institutions of one country, or of a group of countries having similar governments.

751. **Seminar in Latin America.** 3-4-0-X. May be taken twice for credit. Prerequisite: Two Latin American political science or history courses at the 500 level or permission of the instructor. A research-type course in which each student will make an intensive inquiry into Latin American governments and politics.

770. **Regulatory Commissions.** 3-4-0-W. A study of the federal independent regulatory commissions.

781. **Seminar in Public Law.** 3-4-0-S. May be taken twice for credit. Prerequisite: A course in constitutional law or consent of the instructor. A research course in which the students examine in depth various aspects of the judicial system and its relationship to other elements in the political process.

791. **Research in Political Science.** 1-9 hrs. arr. Q. Prerequisite: Approval of the major professor.

792. **Special Problems.** 1-3 hrs. arr. Q.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

POLYMER SCIENCE (PSC-370)

512. **Introduction to Macromolecules.** 3-4-0-X. An introduction to the chemistry and physics of natural and synthetic high polymers.

540. **Drug Identification.** 3-4-0-W, S, X. Lectures, demonstrations, and discussions will cover all aspects of drug identification, particularly as would be important to a law enforcement officer.

570. **Surface Coatings I.** 3-3-3-F. Study of the physical and chemical properties

of the pigments, binders, solvents, and additives employed in surface coatings formulations.

571. **Surface Coatings II.** 3-3-3-W. Paint formulation, dispersion techniques, surface preparation, paint testing, non-polluting application techniques, and surface coatings formulations analysis.

698. **Thesis.** 6-0-0-X.

701, 702, 703. **Advanced Polymer Science.** 3-4-0-(701F, 702W, 703S). An in-depth study of polymer forming reactions, their scope and limitation(s). Relationships between molecular weight, polymer structure, and physical properties of polymers are established.

710. **Advanced Physical Polymer Science I.** 3-4-0-F. To include such topics as light scattering, end group analysis, osmometry, polymer fractionation. NMR, I.R., U.V., and visible spectroscopy, thermoanalytical evaluation and mass spectrometry.

711. 712. **Advanced Physical Polymer Science II, III.** 3-4-0-(711W, 712S). A study of polymer chain conformation, macromolecular solutions, molecular weight distribution, morphology, rheology, structure-property relationships, and kinetics of addition, condensation and copolymerization.

720, 721, 722. **Polymer Techniques I, II, III.** 2-1-3(720F, 721W, 722S). Laboratory methods of polymer synthesis, structural determination, and characterization.

730. **Stereoregular Polymerization.** 3-4-0-X. Prerequisite: Permission of instructor. A study of the synthesis, characterization, and mechanisms operating in the formation of stereoregular polymers.

732. **Copolymerization.** 3-4-0-X. Prerequisite: Permission of instructor. Methods of controlling copolymer compositions, characterization, and utilization of copolymer compositions.

770, 771. **Organic Coatings.** 3-4-0-X. A systematic study of the science of surface coatings.

780, 781. **Selected Topics in Polymer Science.** 3-4-0-X. To include a survey of such topics as thermally stable polymers, silicone polymers, electro-deposition polymers, radiation curing of polymers and the like.

789. **Polymer Science Seminar.** 1-1-0-Q.

791. **Research in Polymer Science.** Hrs. arr. X.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

PSYCHOLOGY (PSY-175)

518. **History and Systems of Psychology.** 3-4-0-F,S. Prerequisite: Permission of the instructor. Review of the history of psychology and intensive study of current systems of psychology.

520. **Sensation and Perception.** 3-4-0-W. Prerequisite: **PSY** 320. A survey of sensory and perceptual processes with emphasis on the visual system.

522. **Psychology of Learning.** 3-4-0-F, S. Prerequisite: **PSY** 320. Basic problems, theories, and research in the areas of human and animal learning.

524. **Animal Psychology.** 3-4-0-X. Prerequisite: **PSY** 320. The study of animal behavior with special emphasis on the comparison of psychological processes along the phylogenetic scale.

526. **Physiological Psychology.** 3-4-0-F,S,Su. Prerequisite: **PSY** 110. Relationship between physiological functions and behavior.

536. **Abnormal Psychology.** 3-4-0-F,W. Prerequisite: Permission of the instructor. Study of the major psychoses, and psychoneuroses, and mental deficiency.

550 **Social Psychology.** 3-4-0-W, Su. Prerequisite; **PSY** 110. Study of the individual in group situations, and the influence of the social environment of his behavior and development.

551. **Industrial Psychology.** 3-4-0-F, S. Prerequisite; **PSY** 110. Applications of psychological principles and methods to problems of industry.

555. **Psychology of Personality.** 3-4-0-F, W, Su. A study of the factors involved in the development of the mature personality.

556. **Psychology of Aging and Death.** 3-4-0-X. Study of problems and attitudes concerning aging and death.

562. **Psychological Measurement.** 3-4-0-W, Su. Prerequisites: **PSY** 110 and 360 or equivalent. Theory, problems, and techinques of psychological measurement.

620. **Advanced Experimental Psychology.** 2-1-3-X. May be taken twice for credit. Critical evaluation of and use of a variety of experimental techniques. Each student conducts an original study.

691. **Research in Psychology.** 1-9 hrs. arr. Q.

692. **Special Problems, I, II, III.** 1-3 hrs. arr. Q.

694. **Seminar in Problems in Contemporary Psychology, I, II, III.** 1 hr. arr. Q. Limit of three semester hours.

697. **Independent Study and Research.** 3 hrs. arr. Q. Not to be counted as credit toward a degree. Students not in residence but actively working on a thesis and consulting with the major professor or using University facilities must enroll in this course.

698. **Thesis.** 6 hrs. arr. Q. Credit deferred until thesis is completed.

710. **Philosophy of Science.** 3-4-0-X. A study of scientific methodology, theory, construction, and system building in modern psychology.

721. **Research Evaluation in the Behavioral Sciences.** 3-4-0-F. Seeks to develop skill in evaluating the methodological soundness and usefulness of behavioral science research.

722. **Experimental Design.** 3-4-0-S. A study of the rationale underlying the selection of appropriate design for experimental work and the analysis and interpretation of results.

723. **Comparative Psychology.** 3-4-0-X. An examination of methodology employed in animal research, and results of experimentation in the area of animal behavior.

724. **Physiological Psychology.** 3-4-9-W. Study of neurophysiological mechanisms in behavior and related problems.

725. **Motivation.** 3-4-0-X. Prerequisite: **EPY** 720 or **EPY** 721. A study of the current theories and research in the area of human and animal motivation.

726. **Perception.** 3-4-0-F. Prerequisite: Permission of the instructor. The development and nature of human perception.

728. **Advanced Experimental Psychology I, II, III.** 3-9 hrs. arr. **X.** For graduate students who wish to conduct publishable research not a part of a graduate thesis. Limit of 9 semester hours.

733. **Psychological Externship.** 1-3 hrs. arr. **Q.** To be taken concurrently with PSY 736 or PSY 782. Open only to psychology majors, and with permission of the instructor. Supervised clinical experience in community and hospital settings. Limit of 15 semester hours.

734. **Principles of Behavior Modification.** 3-4-0-**W,Su.** Prerequisite: Permission of instructor. Study of the principles of behavioral change and the evaluation of clinical research in behavior modification.

735. **Clinical Psychology.** 3-4-0-**F.** Prerequisite: Permission of the instructor. Survey course to acquaint the student with the field of clinical psychology, personality diagnosis, psychotherapeutic techniques, and research.

736. **Pre-Practicum in Clinical Psychology.** 1-3 hrs. arr. **Q.** Prerequisites: PSY 738, 787, or 788 and permission of the instructor. Open only to psychology majors planning to enter the clinical field.

737. **Administration, Supervision, and Consultation in Psychology.** 3-4-0-**Su.** Prerequisite: Permission of the instructor. Required for clinical doctoral students. Techniques of administration, supervision, and consultation in a mental health setting.

738. **Introduction to Personality Assessment.** 1-3 hrs. arr. **X.** Prerequisite: Permission of instructor. The use of various psychological tools, including objectives and objective devices.

739. **Personality Assessment.** 3-4-0-**F.** Prerequisites: PSY 738 and permission of instructor. The selection, administration, and interpretation of tests used in assessment of personality.

742. **Seminar in Case Studies.** 3 hrs. arr. **X.** Prerequisite: Permission of the instructor and 9 hours of psychological testing courses.

751. **Personnel and Industrial Psychology.** 3-4-0-**S.** Intensive study of selected problems in industrial and personnel psychology.

752. **Management Training and Development.** 3-4-0-**X.** Study of the principles and techniques of management appraisal and training.

755. **Personality.** 3-4-0-**S.** Consideration of the major theories of personality, and research on the development and measurement of personality.

762. **Research Methods: Descriptive Statistical Methods.** 3-4-0-**F.** Prerequisite: PSY 360 or permission of the instructor. A survey of central statistical concepts and data analysis techniques, e.g., probability, hypothesis testing, correlation, and regression.

763. **Research Methods: Significance Tests and Experimental Designs.** 3-4-0-**W.** Prerequisite: PSY 762 or permission of the instructor. Experimental design and analysis of variance, multiple correlation and regression.

764. **Factor Analysis.** 3-4-0-**Su.** Methods of multivariate analysis, emphasizing methods of factor analysis and cluster analysis.

768. **Advanced Psychological Measurement.** 3-4-0-**X.** Prerequisite: PSY 762 (PSY 462 or 562 is recommended.) An intensive study of the theory and techniques of psychological measurement.

778. **Experimental Child Psychology.** 3-4-0-**S.** Prerequisite: Permission of the instructor. An intensive study of theory, methodology, and research in child

psychology.

779. **Seminar in Developmental Psychology.** 3-4-0-X. Prerequisite: Permission of the instructor. Consideration of specific contemporary problems and issues in developmental psychology. May be taken for a total of 9 semester hours.

780. **Advanced Psychopathology.** 3-4-0-S. Prerequisite: Permission of the instructor. Intensive study of personality dynamics as related to aberrant behavior, with emphasis on current research.

782. **Clinical Psychology Practicum, I, II, III.** 3-1-6-Q. Prerequisite: Permission of the instructor. Open only to psychology majors at the doctoral level. Psychodiagnostics, selection and application of appropriate therapeutic programs.

784. **Systems of Psychotherapy.** 3-4-0-X. Prerequisite: Permission of the instructor. An analysis of the theories and techniques of current systems of current systems of psychotherapy.

787. **Individual Psychological Testing; Stanford-Binet.** 3-2-4-F,S. Prerequisite: Approval of department chairman or instructor. Supervised study of use of the Stanford-Binet, Form L-M.

788. **Individual Psychological Testing: Wechsler Scales.** 3-2-4-W,Su. Prerequisite: Approval of department head or instructor. Supervised study of the use of the Wechsler Scales.

791. **Research in Psychology.** 1-9 hrs. arr. Q. Prerequisite: Permission of the instructor.

796. **Internship in Clinical Psychology.** 3 hrs. arr. Q. Credit may not be applied toward a graduate degree. Prerequisite: Successful completion of PSY 782 and approval of the clinical faculty. Required calendar year of internship in mental health setting approved by the American Psychological Association.

797. **Independent Study and Research.** 1-9 hrs. arr. Q. Not to be counted as credit toward a degree. Students not in residence but actively working on a dissertation and consulting with the major professor or using University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

PUBLIC ADDRESS (PA-216)

500. **Symbolic Function in Persuasion.** 3-4-0-S, 1978, and alternate years.

503. **Political Campaign Rhetoric.** 3-4-0-F, election years.

510. **Business and Industrial Communication.** 3-4-0-F.

511. **Workshop in Directing Forensics Programs.** 3-4-0-Su.

512. **Workshop in Coaching Debate and Platform Events.** 3-4-0-Su.

650. **History and Criticism of American Public Address.** 3-4-0-Su. Alternate years.

RADIO-TELEVISION-FILM (RTF-220)

507. **Theories of Mass Communication.** 3-4-0-F.

516. **Radio Station Management.** 3-4-0-F, 1977, and alternate years.

525. **Audience Analysis.** 3-4-0-S.

531. **Advertising Management and Sales.** 3-4-0-F. Designed to introduce advanced advertising students to the management of advertising departments in the mass media.

547. **Television Production Workshop.** 2-2-2-S.

548. **Seminar in Radio-TV.** 3-4-0-X.

560. **Issues in Broadcasting.** 3-4-0-F, 1975, and alternate years.

574. **Techniques in Film Acting and Directing.** 3-1-3-S. Prerequisite: Permission of instructor.

577. **Advanced Film Production Workshop.** 3-1-4-S.

578. **Seminar in Film.** 3-3-0-W.

692. **Special Problems in Radio and Television.** 3-4-0-X.

RECREATION (REC-735)

513. **Organization and Administration of Public Recreation.** 3-4-0-F,S. The organization and administration of public recreation agencies and their policies.

515. **Business Procedures for Parks and Recreation.** 3-4-0-W,Su. Specific business procedures and administrative policies and forms related to recreation-related agencies.

517. **Park Management and Operation.** 3-4-0-F. The operational techniques and managerial principles necessary for the efficient administration of parks and outdoor facilities.

522. **Youth Service Programs.** 3-4-0-F. The responsibilities, relationships, organization, administration, and activities of youth agencies.

524. **Community Playgrounds Programs and Operation.** 3-4-0-W,Su. Administration, programs, and operation of playgrounds and community centers.

526. **Community-School Recreation.** 3-4-0-S. Overview of community recreation with particular emphasis on the inter-relationships and involvement of the public schools.

532. **Environmental Aspects of Recreation.** 3-4-0-W. Study of the inter-relationships between recreation and available resources.

534. **Park Development and Design.** 3-4-0-S. Basic application of design and planning concepts to outdoor recreation areas and facilities.

536. **Park and Recreational Planning.** 3-4-0-W,Su. The fundamental principles and methodologies necessary for dealing with proper identification, allocation, and use of resources in recreational planning.

541. **Resources Management and Policy.** 3-4-0-W. Techniques, procedures, and policies affecting management of natural resources. Emphasis given to proper land utilization, environmental protection, and user satisfaction.

543. **Outdoor Education.** 3-4-0-S. A study of outdoor education, specifically its philosophy, programs, methods, and resources.

547. **Interpretation of Cultural and Natural Resources.** 3-4-0-S. The interpretive process as applied to natural and cultural resources, with emphasis on educational/recreational aspects.

551. **Therapeutic Recreation Programming.** 3-4-0-W,Su. Study of the organization, programming, and special conduct of recreational programs and activities in institutions.

552. **Gerontology and Recreation for Later Years.** 3-4-0-F,S. The aging process and the special recreational needs, problems, opportunities, and activities of older people.

590. **Physical Education and Recreation for the Handicapped.** 3-4-0-X. Designed to acquaint individuals with the theoretical aspects of and the practical application of physical education and recreation for the handicapped.

591. **Recreation Education for Teachers.** 3-4-0-X. Programs and benefits of recreation and leisure for the motivation of leaders who are serving or may serve in educating individuals of all ages.

592. **Outdoor Recreation Seminar.** 3-0-0-X. Practical and philosophical introduction to the use of outdoors, educational and community programs.

680. **Research Techniques.** 3-4-0-F,S. Discovery and recognition of problems, evaluation of problems and procedures, types and techniques of research.

691. **Research.** 1-9 hrs. arr. Q.

692. **Special Problems.** 1-0-0-Q.

694. **Field Problems.** 1-6 hrs. arr. Q. Prerequisite: Permission of department chairman. Practical experiences dealing with problem situations in the field and related institutional settings.

696. **Practicum.** 1-6 hrs. arr. Q.

697. **Independent Study and Research.** Hrs. arr. Q. No credit toward a degree. Students not in residence but who are actively working on a thesis and consulting with a major professor or using the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q. Selected with approval of the department faculty.

701. **Problems and Emerging Trends in Recreation.** 3-4-0-W,Su. Problems and emerging trends related to recreation with emphasis on problem solving and evaluation.

702. **Research and Evaluation in Parks and Recreation.** 3-4-0-S. Designed to develop knowledge and understanding relative to research methods most utilized in recreation.

703. **Philosophical Foundations of Recreation.** 3-4-0-F,S. Prevailing concepts, theories, and professional philosophies affecting recreation.

704. **Special Field Studies in Recreation.** 3-4-0-W,Su. Encompasses the application of various theories to realistic field situations and pertinent areas of concern.

740. **Forest Recreation.** 3-4-0-S. The background, evolution, and contemporary practices in forest-related outdoor areas, facilities, and programs.

790. **Seminar in Recreation.** 3-4-0-F. A seminar course pertaining to selected current professional topics in all areas of recreational study.

RELIGION (REL-288)

534. **Primitive Religion.** 3-4-0-X. Belief and ritual in primitive society.

535. **Religions of the Near East.** 3-4-0-W. A study of Judaism, Zoroastrian, and Islamic literature and thought.

536. **Mysticism.** 3-4-0-X. A study of the major themes and issues of religious mysticism - East and West.

537. **Religions of the Far East.** 3-4-0-S. A study of Hinduism, Buddhism, Taoism, Confucianism, and Shintoism.

590. **Contemporary Religious Problems.** 3-4-0-X. An examination of specific problems within the broad spectrum of contemporary religious concern.

SCIENCE (SCI-394)

522. **Geophysical Well-Logging.** 3-2-4-**F.** Application of well-logging techniques to petroleum exploration, groundwater investigations, and soil studies.

526. **Advanced Geophysics.** 3-3-1-**S.** Prerequisites: **PHY** 103 or 203 and permission. Corequisite: **MAT** 277. A development of the physical principles governing gravity, electricity, and magnetism, and seismic wave propogation.

650. **Communication Engineering Fundamentals.** 3-4-0-**X.** Prerequisites: Permission. The basic concepts of components and systems which provide electrical communications.

651. **Communications Theory.** 3-4-0-**X.** Prerequisite: **SCI** 650. Signal representation, electrical systems response, and analog and digital modulation techniques.

652. **Technical Systems Management.** 3-4-0-**X.** Prerequisite: **SCI** 651. The analysis of technical performance of voice and data communications systems.

653. **The Computer and Communications.** 3-4-0-**X.** Prerequisite: **SCI** 651. Digital computer hardware, software, and the interrelationship of the computer with the telecommunications system.

SCIENCE EDUCATION (SCE-330)

532. **Science for Elementary Teachers.** 3-4-0-**Q.** Prerequisites: 12 semester hours of science. Designed to provide experience in presenting scientific principles to the elementary school child.

541. **Methods of Teaching the Metric System.** 3-4-0-**X.** Lectures and exercises in measurements using the International System of Units.

553. **Earth and Environmental Science for Intermediate School Teachers.** 3-4-0-**X.** Prerequisite: Permission of instructor. To familiarize teachers with the materials, methods, and techniques of earth and environmental science.

554. **Biological Sciences for Intermediate School Teachers.** 3-4-0-**F.** An examination of the subject matter, techniques, and methods of teaching the life sciences.

555. **Physical Science for Intermediate School Teachers.** 3-4-0-**F.** An examination of the subject matter, techniques, and methods for teaching the physical sciences.

556. **Techniques in Marine Science Education.** 3-2-4-**X.** Prerequisite: Permission of instructor. Designed to acquaint teachers with the marine resources of the Mississippi Coastal Zone.

557. **Marine Science for Teachers.** 3-2-4-**X.** Prerequisite: Permission of instructor. Emphasis will be placed on measurements and analysis of the marine habitat and ecological relationships.

570. **BSCS--Biology for Secondary Teachers.** 3-4-0-**S.** Prerequisite: Biology background. A survey of the philosophy, techniques, and methods of teaching biology.

571. **CHEM--Chemistry for Secondary Teachers--Methods and Techniques.** 3-4-0-**Su.** Prerequisite: Permission of instructor. Course designed to familiarize chemistry teachers with materials, methods, and techniques of teaching chemistry.

572. **Physics for Secondary Teachers--Methods and Techniques.** 3-4-0-**X.** Prerequisite: Permission of instructor.

698. **Thesis.** 6-0-0-**Q.**

700. **Science Curriculum in the Public Schools.** 3-4-0-W. Prerequisite: SCE 703. An examination of elementary and secondary science curricula.

701. **Problems in Science Teaching.** 3-4-0-S. Prerequisite: Permission of instructor. Study of problems related to curriculum, methodology, activities, professionalism, and evaluation in science teaching.

702. **Techniques of Demonstrating and Experimenting with Scientific Principles.** 3-4-0-X. For general science teachers considering fundamental aspects of biology, chemistry, geology, and physics.

703. **Foundations of Science Education.** 3-4-0-F. Prerequisite: Permission of instructor. Study of philosophical premises, the nature of science, psychological and pedagogical theories.

730. **Physics for Elementary School Teachers.** 3-4-0-Su. Prerequisites: 6 hours in physical science and 6 hours in biological science. Principles and general ideas that can be directly applied to the elementary grades.

731. **Chemistry for Elementary School Teachers.** 3-4-0-S. Prerequisites: 6 hours in physical science and 6 hours in biological science. Chemical principles that represent the changes in chemistry that have taken place over the last two decades.

732. **Biology for Elementary School Teachers.** 3-4-0-W. Prerequisites: 6 hours in physical science and 6 hours in biological science. A study of content, techniques, and methods of teaching life science concepts.

733. **Earth Science for Elementary School Teachers.** 3-4-0-W. Prerequisites: 6 hours in physical science and 6 hours in biological science. A study of techniques and methods of teaching earth science concepts.

789. **Seminar.** 1-2-0-Q. Discussion of current trends and practices in science education.

791. **Research in Science Education.** 1-9 hrs. arr. Q.

792. **Special Problems.** 1-3 hrs. arr. Q.

797. **Independent Study and Research.** 1-9 hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem or a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problem.** 3-0-0-X.

898. **Dissertation.** 6 hrs.

SECONDARY EDUCATION (CIS-120)

570. **Curriculum of the Secondary School.** 2-3-0-X. A course which examines the present-day structure and nature of the secondary school curriculum.

572. **Student Activities in Secondary Schools.** 1-2-0-X. Consideration is given to the general nature, activities, and organization of the student extracurricular program.

692. **Special Problems I, II, III.** 1-0-0-X. A problem study to be approved by the department chairman to develop knowledge and facility in a field of interest of the student. Preparation of a scholarly paper is required.

694. **Field Problems.** 3-0-0-X. Prerequisite: Approval of the department chairman. This course provides students with an opportunity to study local school problems in a field setting under the supervision of a graduate professor.

697. **Independent Study and Research.** 1-9 hrs. arr.X. Not to be counted as

credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X. Credit deferred until thesis is completed.

700. **Seminar in Secondary Education.** 3-4-0-X. An investigation of the major trends and objectives of the secondary school with emphasis upon the disciplinary areas of the curriculum.

701. **Algebra for Secondary Teachers.** 3-4-0-X. Consideration is given to the problems relating to the teaching of algebra and a new review of special algebraic principles.

705. **Professional Subject Matter in Mathematics.** 3-4-0-X. A study of ways to enrich the teaching of high school mathematics through the introduction of basic topics and concepts of college mathematics.

706. **Geometry for Secondary Teachers.** 3-4-0-X. Consideration is given to the problems pertaining to the teaching of high school geometry and a review of special geometric principles.

707. **Materials in the Teaching of Mathematics.** 3-4-0-X. A study of materials to be used in the teaching of secondary school mathematics both in the classroom and in extraclass activities.

708. **High School Curriculum.** 3-4-0-W,Su. An overview of the field of curriculum and instruction at the secondary-school level with special emphasis upon contemporary trends.

709. **Advanced Professional Subject Matter in Mathematics.** 3-4-0-X. Prerequisite: CIS 705. A continuation of study relating to classroom enrichment procedures through the introduction of essential elements of college mathematics.

710. **Mathematics for Junior High School Teachers.** 3-4-0-X. Prerequisite: To be teaching junior high school mathematics or have at least a minor in college mathematics. Consideration is given to the problems relative to the teaching of mathematics in grades 7, 8, and 9 and to the organization of mathematical subject matter for these grades.

723. **Research and Problems in Mathematics Education.** 3-4-0-X. A seminar for experienced teachers who wish to plan developmental programs of mathematics instruction in light of recent developments.

730. **Reading and Study Improvement Techniques for the Junior and Senior College Teacher of Reading.** 3-4-0-S,F. Summarizes research, methods, and techniques of college reading programs including a practicum or internship experience in CIF 334.

737. **Practicum in Remedial Reading Instruction.** 3-4-0-X. Provides the student experiences in secondary reading diagnosis and remediation with emphasis on techniques in a practicum setting.

750. **Advanced Study of Problems and Issues in Teaching Secondary School Social Studies.** 3-4-0-X. Explores inquiry strategies for the social studies classroom and seeks to foster a firm understanding of basic analytical concepts and principles for the experienced social studies teacher.

754. **Reading in the Secondary Schools.** 3-4-0-W, Su. A course providing for extensive study of trends in materials and methods in secondary school reading including significant research studies which relate to these.

791. **Research in Secondary Education.** 1-9 hrs. arr. **X.** Prerequisite: Approval of the major professor.

792. **Special Problems.** 3-0-0-**X.**

794. **Field Problems.** 3-0-0-**X.** Prerequisite: Approval of the department chairman. This course provides students with an opportunity to study local school problems in a field setting under the supervision of a graduate professor.

797. **Independent Study and Research.** 1-9 hrs. arr. **X.** Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem or a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problem.** 3-0-0-**X** . Specialist degree candidates are required to select a significant educational problem for investigation and to present the findings in a scholarly paper under the guidance of a graduate committee.

898. **Dissertation.** 6 hrs.

SOCIAL WORK (SWK-020)

Foundation

610. **Determinants of Social Functioning (Micro).** 1-3 hrs. arr. **F, W, Su.** Physical, psychological, and social determinants of social functioning.

611. **Determinants of Social Functioning (Macro).** 2-3-0 **F, Su.** Societal resources systems, development, and change of institutions, including systems theory.

612. **Small Group Theory.** 1-2-0-**F, W, Su.** Goals, role dynamics, culture, and maintenance of various types of groups, theories, and research on groups.

615. **Social Problems and Social Welfare.** 1-3 hrs. arr. **X.** A theoretical analysis of selected social problems and services.

617. **Scientific Inquiry.** 1-2-0-**F, W, Su.** Problem definition, hypothesis, formulation, data collection, analysis of scientific decision making, conceptual analysis.

618. **Social Policy.** 2-3-0-**X.** Social policy theory, major social policies and contemporary issues.

624. **Personal Professional Growth.** 1-6 hrs. arr. **Q.** Jointly planned activities resulting in autonomy and responsible social work practice.

Core Practice Skills

630. **Professional Communication.** 1-2 hrs. arr. **F, Su.** Interviewing, making referrals, and other oral, written and non-verbal professional communication.

631. **Leadership in Social Work.** 2-3-0-**W.** Development of skills in the demonstration of effective leadership behavior, in task-oriented groups.

634. **Cultural Components of Social Work Practice.** 2-3-0-**F, W.** Information, values, and skills necessary in work with minority ethnic groups.

636. **Primary Skills in Macro-System Intervention.** 2-3-0-**F, W.** Concepts and skills for work in macro systems, meeting needs of groups, organizations, and institutions.

638. **Facilitative Conditions for Human Services.** 2-3-0-**F, Su.** Demonstration of competency in empathy, respect, immediacy, self-disclosure.

639. **Problem Solving in the Human Services.** 2-3-0-**W, Su.** Detection, analysis, data collection, assessment resources, intervention strategies, and evaluation.

Advanced Practice Courses

650. **Services to Families.** 2-3-0-X. Concepts and skills for intervention with families having problems -- treatment modes for children and youth.

651. **Crisis Intervention.** 1-2-0-X. History, concepts, (time limits, crisis, crisis sequence), goals, development of basic skill in crisis intervention.

652. **Task-Centered Intervention.** 1-2-0-X. Concepts and skills in client's perception of difficulty, goals and barriers, and steps in reaching goal.

653. **Transactional Analysis.** 2-3-0-X. Development of basic skill in recognition and analysis of ego state, life positions, life scripts, games, etc.

656. **Reality Therapy.** 2-3-0-X. Skill in thereapy using concepts of relationship, self-worth, identity, responsibility, commitment, failure, loneliness, emotion, success.

657. **Supportive/Non-Directive Techniques.** 2-3-0-X. Concepts and skills for helping person to achieve self-actulization through acceptance of new experiences, in a non-threatening and non-rejecting atmosphere.

659. **Social Conflict.** 2-3-0-X. Encourages recognition and appreciation of social conflicts involved in solving individual, family, organizational, and societal problems.

661. **Selected Social Work Roles.** 2-3-0-X. Development of basic skill in advocate, broker, outreach worker, and mobilizer roles.

663. **Consultation.** 1-2-0-X. Concepts and skills; clarification of client system problems and own role; provision of alternative solutions and estimate action.

664. **Supervision.** 1-2-0-X. Utilize optimum administrative, teaching and learning principles and skills to facilitate quality agency services.

666. **Community Social Work.** 2-3-0-X. Concepts and skill needed for identifying, organizing, planning, and implementing goal directed community change.

667. **Social Policy Formulation and Planning.** 2-3-0-X. Policy formulation, analysis, planning, and programming will be discussed and experienced.

669. **Cognitive Intervention.** 2-3-0-X. Focuses on concepts of rational treatment with emphasis on the process of assessment and intervention skills.

670. **Research and Evaluation.** 3-4-0-X. Basic processes of empirical research and program evaluation with reference to social work needs and settings.

671. **Field Instruction I, II, III.** 6 hrs. arr. X. A four-day week practicum to demonstrate skills learned in class, and those to be practiced in a given agency.

678. **Core Practice Seminar I, II.** 1 hr. arr. X. Participative articulation of academic and field cognitive, affective and psychomotor learning.

680. **Seminar in Social Work in Mental Health and Retardation.** 1-2 hrs. arr. X. The application and integration of mental health/mental retardation practice.

681. **Seminar in Public Social Services Practice.** 1-2 hrs. arr. X. Application and integration of practice competencies in the area of public social services.

682. **Seminar on Social Work with the Aged.** 1-2 hrs. arr. X. The application and integration of practice competencies in the area of aging.

683. **Seminar on Social Work in the Health Field.** 1-2 hrs. arr. X. The application and integration of practice competencies in the area of health.

684. **Seminar in Management and Administration.** 1-2 hrs. arr. X. Application and integration of practice competencies in area of management and administration.

685. **Seminar in Social Work Practice with Families and Children.** 1-2 hrs. arr. **X.** Application and integration of practice competencies with families and children.

686. **Social Work Practice in Mental Health and Retardation.** 2-3-0-**X.** Problems, policy, services, and evaluation in mental health/retardation.

687. **Social Work Practice in Public Social Services.** 2-3-0-**X.** Public welfare as an institution -- history, policy, procedures, political processes, role of government, funding, manpower and staff development.

688. **Social Work and Older Adults.** 2-3-0-**X.** Implications of aging processes for practice and policy.

689. **Social Work Practice in Health Settings.** 2-3-0-**X.** Medical data, terminology, social work skills as practiced in health settings (hospitals, etc.).

690. **Social Work Practice in Management and Administration.** 2-3-0-**X.** Goal formulation, fund raising, budgeting, program development, planning evaluation, public relations.

691. **Individualized Study on Evaluation of Practice.** 1-3 hrs. arr. **X.** Select and carry out evaluative study during final field placement. Paper required.

692. **Special Problems.** 1-3 hrs. arr. **X.** Problem study to develop knowledge and facility in field of interest to student. Paper required.

693. **Social Work Practice in Family Services.** 2-3-0-**X.** Neglect, abuse, and intervention with neglecting families, use of child welfare services; view of legal and social policies effecting families.

SOCIOLOGY (SOC-292)

521. **Special Sociological Topics.** 3-0-9-**X.** Variable content; can be repeated three times in separate topical offerings.

524. **Gerontology.** 3-4-0-**W.** Sociology of aging.

526. **Sociology of Education.** 3-4-0-**Su.**

540. **Social Control and Collective Behavior.** 3-4-0-**W.** A study of principles and techniques by which conformity to the laws and other norms of social units is produced and maintained.

544. **Juvenile Delinquency.** 3-4-0-**F, S.** A study of causes and the nature of juvenile delinquency, the development of the juvenile court, probation, and other rehabilitative programs.

550. **Social Foundations of Personality.** 3-4-0-**W,Su.** A treatment of the role of the social group and the cultural heritage in the development and functioning of the human personality.

560. **Methods of Social Research.** 3-4-0-**F, S.** A survey of elementary research techniques used in empirical social investigations.

561. **Population.** 3-4-0-**W.** Prerequisite: **SOC** 460. An introduction to demography, analyzing significant changes in population composition.

571. **Social Institutions.** 3-4-0-**S.** A detailed study of major American social institutions, their functions, interrelationships, and significant trends.

580. **Advanced General Sociology.** 3-4-0-**F, S.** An advanced course in general sociology giving expanded treatment to the basic sociological concepts and subject-matter areas.

581. **History of Social Thought.** 3-4-0-**F.** An examination of early social thought, tracing the development of western thought and ideas from Hammurabi to Comte.

582. **Sociological Theory.** 3-4-0-W, Su. A survey of the growth and development of sociological theory from Comte to the present.

620. **American Community Life.** 3-4-0-F. A study of the American community life and its social and cultural patterns.

640. **Social Control and Social Change.** 3-4-0-F. A study of the forms of social control. Independent research projects are reported to the class for discussion and evaluation.

670. **Seminar in Sociological Theory.** 3-4-0-W. A detailed study of the content and influence of selected major contributors to sociological theory.

671. **Social Institutions.** 3-4-0-W. An advanced course in social institutions. A study of the structure and function of the five basic institutions. Each student will select one for intensive study.

677. **Seminar in Demography.** 3-4-0-Su. Designed to develop understanding of data and trends in world and national population and to provide basis for assessing demographic implications of social and scientific change.

680. **Departmental Seminar.** 1-2 hrs. arr. Q. May be repeated once for a total of two semester hours.

692. **Special Study Projects in Sociology.** 1-6 hrs. arr. Q. (Tutorial). Special projects in reading, survey, or research in sociology. Work will be under the direction of graduate faculty.

697. **Independent Study and Research.** Hrs. arr. Q. No credit toward a degree. Students not in residence but who are actively working on a thesis and consulting with a major professor or using the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q. Credit will not be recorded until thesis is accepted by the major professor.

792. **Special Study Projects in Sociology.** 1-6 hrs. arr. Q. (above the master's level). Special projects in reading, survey, or research in sociology. Work will be under the direction of graduate faculty.

SPECIAL EDUCATION (SPE-190)

500. **The Psychology and Education of the Exceptional Child.** 3-4-0-Q. Considers the psychological and educational needs of children in a typical group.

501. **Methods and Materials for the Severely Handicapped.** 3-4-0-F, S, Su. To have an understanding of the severely and profoundly handicapped persons in relation to characteristics and environmental variables.

503. **Educational Evaluation of Exceptional Children.** 3-4-0-X. Basic principles underlying measurement and evaluation in education with emphasis on interpretation as it relates to exceptional children.

504. **Problems in Special Education.** 3-4-0-F,S. Study of the legal and administrative structure of special education; emphasizes types of classes, classroom management, and screening procedures.

511. **Speech and Hearing Problems of the Classroom Teacher.** 3-4-0-F, W, Su. This course is designed to familiarize the educator with speech and hearing problems often found in the public school classroom.

520. **Physiology and Hygiene of the Eye.** 3-4-0-F. Identification, function, and care of the eye as it relates to the visually handicapped.

521. **Methods and Materials in Teaching the Visually Handicapped.** 3-4-0-W. An examination of specific areas of emphasis and modifications in approaches and materials for the visually handicapped.

522. **Braille.** 3-4-0-W. Introduction to Braille and the Braille system of communication in reading and writing.

523. **Teaching of Braille.** 3-4-0-S. An introduction to the teaching and processes involved in student uses of the Braille system.

524. **Special Adjustments for Visually Handicapped.** 3-4-0-S. An introduction to mobility training and orientation to movement for the visually handicapped.

525. **Education and Psychology of the Visually Handicapped.** 3-4-0-F. A consideration of psychological aspects of non-sighted individuals. Developmental areas are emphasized including assessment.

528. **Psychology and Education of the Physically Handicapped.** 3-4-0-W. A study of major handicapping conditions and their adaptations; social, emotional, and intellectual considerations are included.

529. **Curriculum for the Physically Handicapped.** 3-4-0-S. A study of educational programs for the physically handicapped.

530. **Learning Disabilities.** 3-4-0-F,W,Su. Prerequisite: SPE 500 or permission. A study of the social, emotional, physical, and learning characteristics of learning disabled.

532. **Methods and Materials for Teaching Learning Disabilities.** 3-4-0-X. A study of methods and materials most useful in teaching children with learning disabilities. A variety of media and methods will be emphasized.

540. **Psychology and Education of the Mentally Retarded.** 3-4-0-F,W,Su. Prerequisite: SPE 500 or permission. A study of the social, emotional, physical, and intellectual characteristics of the mentally retarded; methods of diagnosis and organization.

542. **Methods and Materials for Teaching the Mentally Retarded.** 3-4-0-X. Prerequisite: SPE 540 or permission. A study of methods and materials most useful in teaching the mentally handicapped.

590. **Workshop in Special Education.** 1-3 hrs. arr. X. Workshop in selected areas of special education.

680. **Advanced Practicum in Special Education.** 3-9 hrs. arr. X. Practicum for master's degree students unique to individual program plans. The practicum will be either in public school, institution, or clinical setting.

691. **Research in Special Education.** 1-9 hrs. arr. X.

692. **Special Problems.** 1-1-0-X. Examination of medical, sociological, biological, psychological, and institutional aspects of exceptional children.

694. **Field Problems.** 3-1-4-X.

700. **Issues in Special Education.** 1-1-0-Q. A study of current theories, models, programs, and reports in special education. Open to non-majors.

701. **Problems in Special Education Research Design.** 3-4-0-Q. Primary emphasis is placed for graduate degree candidates to develop a prospectus for a field study or dissertation; includes research and design procedures.

703. **Teaching Techniques / Curricula Laboratory in Special Education.** 3-1-4-F,S,Su. Curricula observations, module building, and simulations; includes materials laboratory work.

704. **Perceptual-Motor Development for the Handicapped.** 3-2-2-W. An investigation of perceptual motor behavior as it relates to child development.

709. **Advanced Psycho-Educational Evaluation of the Exceptional Child.** 3-4-0-F,S,Su. Interpretation and application of measurement for exceptional children with emphasis on curriculum decision making. Open to non-majors.

730. **Issues in Extreme Learning Disorders.** 3-4-0-W,Su. A theoretical and philosophical study of concepts related to neurological factors, dyslexia, and the autistic in learning disorders.

731. **Advanced Methods in Learning Disabilities.** 3-4-0-S,Su. Study of developing individual programs for specific learning disabilities. This course meets certification requirements.

740. **Advanced Studies in Mental Retardation.** 3-4-0-F,Su. Problems of diagnosis and treatment. Investigation of current research, curricula design, and social emotional parameters are considered.

741. **Vocational Education in Mental Retardation.** 3-4-0-W.

743. **Advanced Curriculum Studies for the Mentally Retarded.** 3-4-0-S,Su. Study of different approaches to curriculum development, with emphasis on materials and goals for teaching mentally retarded.

750. **The Psychology and Education of the Emotionally Disturbed.** 3-4-0-F,Su. This course explores the characteristic of deviant behavior and its causation; observation of the emotionally disturbed is required.

751. **Problems and Methodologies for the Socially Maladjusted.** 3-4-0-W,Su. This course explores educational programs for the disadvantaged, delinquent, migrant, and other socially deviant groups.

752. **Basic Curriculum for the Emotionally Disturbed.** 3-4-0-S,Su. A course investigating programs, methods and materials in the education of the emotionally disturbed child; the role of the teacher in relation to team.

760. **Methods and Materials in Teaching the Gifted.** 3-4-0-W,Su. A study of programs, curricula, models, and methodologies for the intellectually advanced.

770. **Administration and Supervision of Program for Exceptional Children.** 3-4-0-S. Designed for educators and supervisors of programs for exceptional children; organization and administration of programs for exceptional children.

791. **Research in Special Education.** 1-12 hrs. arr. X. Prerequisite: Approval of the major professor.

792. **Special Problems.** 3-4-0-X.

794. **Field Problems in the Administration of Special Education.** 1-6 hrs. arr. X. Participation in activities of an organization involved in administering or teaching special education. This may be at the state or local level.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a research problem or a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

798. **Research Problem.** 3-4-0-X.

800. **Bio-Genetic Factors in Exceptional Children.** 3-4-0-S. Study of abnormal physical and behavioral factors associated with exceptionalities; therapies related to medical models.

801. **Teacher Education in Special Education.** 3-2-2-F. Development of programs, courses of study, observation techniques, models, micro-teaching units, modules in higher education.

802. **Service Units and Public Relations in Special Education.** 3-2-2-W. Inservice training units, conference planning, grant writing, workshop, parent land national organizations.

880. **Practicum in Case Work and Guidance for the Exceptional Child.** 1-6 hrs. X. Individual cases are tested by students and all available information is integrated for diagnostic and educational purposes.

898. **Dissertation.** 6 hrs.

SPEECH AND HEARING SCIENCES (SHS-296)

501. **Language Development.** 3-4-0-W,S.

502. **Anatomy and Physiology of the Hearing Mechanism.** 3-4-0-F.

503. **Anatomy and Physiology of the Speech Mechanism.** 3-4-0-W.

513. **Voice Disorders.** 3-4-0-W. Prerequisites; SHS 211, 403.

514. **Stuttering and Related Problems.** 3-4-0-F,S. Prerequisite: SHS 211 or equivalent.

515. **Speech and Language Disorders of the Cerebral Palsied.** 3-4-0-W. Prerequisites: SHS 211 and SHS 403 or equivalents.

516. **Adult Aphasia and Related Problems.** 3-4-0-S. Prerequisites: SHS 211 and SHS 403 or equivalents.

517. **Speech and Language Disorders Related to Cleft Palate.** 3-4-0-Su. Prerequisites: SHS 211 and SHS 403 or equivalents.

518. **Advanced Clinical Methods.** 3-4-0-X.

521. **Aural Rehabilitation.** 3-4-0-F,W. Prerequisite: SHS 221 or equivalent.

523. **Methods of Communicating with the Hearing Impaired I.** 2-3-0-S. Prerequisite: SHS 437.

525. **Psycho-Social Factors Associated with Hearing Impairment.** 3-4-0-X. Prerequisite: Consent of instructor.

526. **Secondary School Methods and Curriculum for Hearing Impaired Children.** 3-4-0-X. Prerequisites: SHS 433,438.

527. **Disorders of Hearing.** 3-4-0-F,S. Prerequisite: SHS 402.

528. **Clinical Audiology I.** 3-4-0-W,Su. Prerequisite: SHS 221.

531. **Language Disorders I: Assessment of Children with Language Disorders.** 3-4-0-F,W. Prerequisite: SHS 401 or equivalent.

532. **Language Disorders II: Habilitation of the Aphasic Child.** 3-4-0-W,S. Prerequisite: SHS 431.

533. **Developing Language Skills with the Hearing Impaired.** 3-4-0-W,S.

535. **Developing Oral / Aural Communication in Hearing Impaired Children.** 3-4-0-S.

536. **Developing Reading in the Hearing Impaired.** 3-4-0-Su. Prerequisite: SHS 433 or consent of instructor.

537. **Introduction of Education of the Hearing Impaired.** 3-4-0-X.

538. **Problems in Academic Subjects for the Hard-of-Hearing and Deaf.** 3-4-0-W. Prerequisites: SHS 433, SHS 434, and SHS 436.

539. **Education of Preschool Hearing Impaired Children.** 3-4-0-F,S. Prere-

quisite: SHS 221. Practicum required.

601. **Designs in Research for Speech and Hearing.** 3-4-0-F.

602. **Current Topics in Speech Pathology.** 3-4-0-F.

611. **Diagnostic Procedures in Speech Pathology II.** 3-4-0-Su. Prerequisite: SHS 412 or equivalent.

621. **Hearing Aids.** 3-4-0-Su.

623. **Clinical Audiology II.** 3-4-0-S. Prerequisite: SHS 221 or equivalent.

624. **Pediatric Audiology.** 3-4-0-W. Prerequisite: Consent of instructor. A course designed to study the behavior, test procedures, and hearing responses of infants and young children.

625. **Audiological Instrumentation.** 3-4-0-S. Prerequisite: SHS 221 or equivalent.

626. **Pathologies of the Hearing Mechanisms.** 3-4-0-W. Prerequisites: SHS 221 and SHS 402 or equivalents.

633. **School Curricula for the Hearing Impaired.** 3-4-0-X. Prerequisites: SHS 433, 436, 437.

641. **Medical Diagnosis and Treatment of Speech and Hearing Pathologies.** 1-4 hrs. Q. Prerequisite: Consent of instructor.

692. **Special Problems.** 1-6 hrs. arr.Q.

696. **Practicum in Speech and Hearing Science, Audiology, Language Disorders, or Speech Pathology.** Hrs. arr.

697. **Independent Study and Research.** Hrs. arr. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-Q.

701. **Seminar in Psychoacoustics.** 3-4-0-X.

702. **Seminar in Quantitative Methods in Speech and Hearing.** 3-4-0-X.

711. **Seminar in Aphasia and Related Disorders.** 3-4-0-X.

712. **Seminar in Articulation Disorders.** 3-4-0-X.

713. **Seminar in Cerebral Palsy.** 3-4-0-X.

714. **Seminar in Cleft Palate.** 3-4-0-X.

715. **Seminar in Clinical Counseling in Speech Pathology.** 3-4-0-X.

716. **Seminar in Stuttering and Related Disorders.** 3-4-0-X.

717. **Seminar in Voice Disorders.** 3-4-0-X.

718. **Seminar in Psychology of the Deaf and Speech Handicapped.** 3-4-0-X.

719. **Seminar in Problems and Procedures in Evaluating Children.** 3-4-0-X.

721. **Seminar in Aural Rehabilitation.** 3-4-0-X.

722. **Seminar in Differential Audiology.** 3-4-0-X.

723. **Seminar in Electrophysiological Audiometry.** 3-4-0-X.

724. **Seminar in Industrial, Military, and Community Hearing Conservation.** 3-4-0-X.

725. **Seminar in Non-Organic Hearing Loss.** 3-4-0-X.

726. **Seminar in Middle Ear Measurement.** 3-4-0-X.

761. **Laboratory in Speech and Hearing Sciences.** 1-3 hrs. arr. X.

762. **Laboratory in Audiology.** 1-3 hrs. arr. X.

763. **Laboratory in Speech Pathology.** 1-3 hrs. arr. X.

764. **Laboratory in Language Disorders.** 1-3 hrs. arr. X.

791. **Research in Speech and Hearing Sciences.** 1-12 hrs. arr. Q. Prerequisite: Approval of the major professor.

792. **Special Problems.** 3-0-0-X.

797. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a dissertation and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

898. **Dissertation.** 6 hrs.

THEATRE ARTS (THE-685)

501. **Costume Design.** 3-4-0-S. Prerequisite: Permission of instructor. Costume design in theatrical production.

511. **Advanced Oral Interpretation.** 2-3-0-S. Special problems related to the oral interpretation of poetry and prose.

512. **Stage Lighting.** 3-4-0-F. Prerequisite: Permission of instructor. Theory and application of general and special lighting, color, instrumentation, and control.

514. **Creative Dramatics.** 3-2-2-X. Fundamentals of organizing and developing creative dramatics activities for preschool and elementary age school children.

515. **Fundamentals of Children's Theatre.** 3-2-2-X. Methods and techniques of producing plays for elementary age school children.

517. **Advanced Acting.** 3-4-0-W. Emphasis on presentational styles.

520. **Advanced Directing.** 3-4-0-W. Prerequisite: THE 320 or equivalent.

527. **Theatre History I.** 3-4-0-F.

528. **Theatre History II.** 3-4-0-W.

529. **Theatre History III.** 3-4-0-S.

530. **Summer Theatre I.** 3-0-0-Su. Prerequisite: Permission of staff. Concentrated applied theatre.

531. **Summer Theatre II.** 3-0-0-Su. Continuation of THE 530.

535. **Advanced Scene Design.** 3-4-0-S, 1979. Prerequisite: THE 306 or permission of instructor.

545. **Advanced Stage Lighting.** 3-4-0-S, 1978.

547. **Opera Workshop.** 1-2-0-F,X. A complete stage production of scenes and major productions from the music theatre repertory for public performance.

548. **Opera Workshop.** 1-2-0-W,X. Continuation of 547.

549. **Opera Workshop.** 1-2-0-S,X. Continuation of 548.

558. **Dance Technique and Analysis.** 3-4-3-Q. May be repeated for a total of 9 hours.

559. **Musical Theatre Production.** 3-2-4-F,S,Su. The study of different forms and styles of musical theatre with special attention to the various elements of production.

560. **Costume Designer in the Theatre.** 3-2-2-X. Projects in designing costumes for plays, opera, and dance. Emphasis placed on costume designs as an element in a total production concept.

561. **Advanced Theatrical Makeup.** 3-2-2-X. Projects in makeup design and execution. Emphasis placed on three-dimensional makeup techniques for theatre,

television,and film.

565. **Musical Resources for Dance.** 2-2-2-X. Studying and gathering music resources for dance.

566. **Dance Lecture and Demonstration.** 3-2-4-S. Techniques of preparing dance lecture-demonstrations and tours.

567. **Dance Curriculum and Organization.** 3-4-0-F. Study of dance curricula and administrative problems.

568. **Musical Theatre Dance.** 2-2-2-F,W,S.

571. **Performance Internship.** 3-0-20-X. Professional experience in residence with approved professional organizations.

580. **Directing Children's Theatre.** 3-2-4-X. Prerequisite: **THE** 320, **THE** 420, or permission of the instructor. Techniques of directing, organizing, and administering a children's theatre program.

590. **Theatre Workshop.** 3-0-0-Su. Designed for the non-theatre major (i.e., English, speech, music, etc.) who is responsible for directing school or community drama activities.

601. **Introduction to Graduate Study in Theatre.** 2-2-2-F. Seminar in methods and materials for research in theatre; introduction to the bibliography of the field; organization and form of thesis.

606. **Dramatic Theory and Criticism.** 3-4-0-W. Examination and evaluation of dramatic theory from antiquity to the present.

611. **Seminar: Contemporary Trends in Theatre.** 3-0-0-X.

612. **Seminar in Theatre Production. 3-0-0-X.** Theory behind newer staging techniques, such as multiple media, and research in other advances in staging.

613. **Seminar in Theatre Design and Structure.** 3-0-0-X. Research in architectural and acoustical design, lighting, seating, color, use, and stage requirements.

614. **Seminar in Acting and Directing.** 3-0-0-X.

615. **Seminar in Dance, Opera, and Theatre.** 3-0-0-X.

616 **Seminar in Community and Regional Theatre.** 3-0-0-X.

620. **Playwriting.** 3-4-0-S. Prerequisite: Permission of instructor. Study and research in the elements of play structuring.

691. **Research in Theatre.** 1-9 hrs. arr. X.

692. **Special Problems I, II, III.** 1-3 hrs. each, arr. X. Investigation into specialized areas of interest within the broad area of theatre.

696. **Practicum in Theatre I, II, III.** 3 hrs. each, arr. X. **THE** 696 may be taken three times for a total of nine hours.

697. **Independent Study and Research.** Hrs. arr. X. Not to be counted as credit toward a degree. Students who are not in residence but who are actively working on a thesis and consulting with the major professor or making use of the library or other University facilities must enroll in this course.

698. **Thesis.** 6-0-0-X.

699. **Creative Project.** 8-0-0-X.

747. **Advanced Opera Workshop.** 1-2-0-F,X. A complete stage production of scenes and major productions from the music theatre repertory for public performance.

748. **Advanced Opera Workshop.** 1-2-0-S,X. Continuation of **THE** 747.

749. **Advanced Opera Workshop.** 1-2-0-S, X. Continuation of **THE** 748.

GRADUATE FACULTY

LUCAS, AUBREY KEITH, President of the University. B.S., M.A., University of Southern Mississippi; Ph.D., Florida State University.

ADAMS, LARRY EDWARD, Assistant Professor of Speech and Hearing Sciences. B.S., Henderson State University; M.A., Ph.D., Northwestern University.

ALBERS, LAWRENCE CHARLES, Associate Professor of Radio, Television, and Film. B.G.E., University of Omaha; M.A., doctoral study, University of Southern California.

ALCORN, JOHN DOUGLAS, Chairman of Department of Counseling Psychology and Counselor Education and Professor of Counseling Psychology and Counselor Education. B.S., M.Ed., Ph.D., East Texas State University.

ALLEN, JANIE ARNOLD, Assistant Professor of Curriculum and Instruction. B.S., Mississippi University for Women; M.S., Ph.D., University of Southern Mississippi.

ALONZO, FRANK OLIVER, Assistant Professor of Criminal Justice. J.D., University of Alabama; M.S., Ph.D., University of Mississippi.

AMACKER, PATRICIA KAY McCONNELL, Assistant Professor of Theatre Arts and Director of Dance. B.A., Arizona State University; M.F.A., University of Utah.

ANDERSEN, PAUL DAVID, Associate Professor of Music. B.Mus., Drake University; M.Mus., Syracuse University; Ph.D., Washington University.

ANDERSON, BOBBY DEAN, Associate Dean of the Graduate School and Professor of Educational Administration and Supervision. B.S.E., Arkansas State College; M.Ed., University of Missouri; Ed.D., University of Tennessee.

ANDERSON, FRANCES JACOBS, Assistant Professor of Research and Human Development. B.S., Southern Methodist University; M.A., Ph.D., University of Alabama.

ANDERSON, GARY, Assistant Professor of Biology. B.S., University of Rhode Island; M.S., Ph.D., University of South Carolina.

ANDERSON, HAYWARD GLENN, Associate Professor of Accounting. B.S., M.A., University of Southern Mississippi; graduate study, University ofAlabama. C.P.A.

ANDERSON, HOWARD NIX, Assistant Professor of Psychology. B.A., Samford University; B.D., Southern Baptist Theological Seminary; M.A., Ph.D., University of Alabama.

ANDERSON, WILLIAM HILTON, Professor of English. A.B., Wofford College; M.A., Ph.D., University of South Carolina.

ANGLIN, JAY PASCAL, Associate Professor of History. B.A., Louisiana State University; Ph.D., University of California, Los Angeles.

ARDOIN, BIRTHNEY, Chairman of Department of Journalism and Associate Professor of Journalism. B.A., M.A., Louisiana State University; Ph.D., Ohio University.

ATCHISON, WILLIAM DAVID, Associate Professor of Medical Technology. M.D., Medical College of Georgia.

BABIN, WAYNE LOUIS, Professor of Physical Education. B.S., M.S., Ed.D., University of Southern Mississippi.

[1]BAIN, FLORA LEE, Assistant Dean of School of Nursing and Assistant Professor of Nursing. B.S.N., University of Mississippi; M.A., George Peabody College for Teachers.

BALDWIN, WESLEY LEE, Coordinator and Associate Professor of Construction and Architectural Technology. B.S.M.E., M.S.M.E., Purdue University. P.E.

BALMAT, CORA ELIZABETH SUITS, Associate Professor of Nursing, Graduate Studies. B.S.N., Louisiana State University, New Orleans; M.S.N., University of California, San Francisco; doctoral study, Mississippi State University.

BARNES, SHELBY EUGENE, Associate Professor of Health. B.A., Southeastern Louisiana College; M.Ed., University of Mississippi; Ph.D., University of Tennessee.

BARON, GERALD THOMAS, Assistant Professor of Industrial and Vocational Education. B.S., M.S., Florida State University; Ed. D., Arizona State University.

BEDENBAUGH, ANGELA OWEN, Research Associate in Chemistry. B.S., University of Texas; Ph.D., University of South Carolina.

BEDENBAUGH, EDGAR HUGH, JR., Professor of Educational Administration and Supervision. B.A., M.Ed., Ed.D., University of Florida.

BEDENBAUGH, JOHN HOLCOMBE, Chairman of Department of Chemistry and Professor of Chemistry. B.S., Newberry College; M.A., University of North Carolina; Ph.D., University of Texas.

BEHM, DENNIS EUGENE, Assistant Professor of Music. B.A., M.F.A., University of Iowa.

BELL, KINLOCK WADE, Assistant Professor of Physical Education, Administrative Assistant, and Coordinator of Undergraduate Studies. B.S., Mississippi Valley State University; M.Ed., University of Southern Mississippi.

BELL, MARSHALL LENORD, Assistant Professor of Athletic Administration and Coaching. B.S., Mississippi Valley State University; M.Ed., University of Southern Mississippi.

BENJAMIN, ELIZABETH GUTHRIE, Chairman of Continuing Education, School of Nursing, and Assistant Professor of Nursing. B.S.N., Northwestern State College; M.N., Emory University.

BERRY, DAVID CHAPMAN, JR., Assistant Professor of English. B.S., Bob Jones University; B.S., Delta State University; Ph.D., University of Tennessee.

BISHOP, JAMES C., Director of Communication Services and Assistant Professor of Journalism. B.A., University of Mississippi; M.S., University of Southern Mississippi.

BISLAND, RALPH BRADFORD, JR., Assistant Professor of Computer Science and Statistics. B.S., Louisiana State University; M.B.A., Loyola University; doctoral study, Mississippi State University.

BLOMQUIST, GARY JAMES, Assistant Professor of Chemistry. B.S., Wisconsin State University, La Crosse; Ph.D., Montana State University.

BODENHAMER, DAVID J., Assistant Professor of History. B.A., Carson-Newman College; M.A., University of Alabama; Ph.D., Indiana University.

BOGART, THEODORE FRANCIS, JR., Program Coordinator and Assistant Professor of Industrial Technology. B.S., M.S., University of California, Los Angeles; M.S., University of Arizona; doctoral study, North Carolina State University.

BONNER, LILLY ANNELLE, Chairman of Department of Business Education and Professor of Business Education. B.S., M.A., University of Southern Mississippi; Ed.D., Indiana University.

BOROUGHS, HERMAN, Coordinator of Graduate Studies in Education and Psychology and Professor of Counseling Psychology and Counselor Education. B.S., Texas College of Arts and Industries; M.Ed.,Ed.D., University of Missouri.

BORTHWICK, MIRIAM TECCO, Assistant Professor of Business Education. B.S., Ohio University; M.Ed., doctoral study, Kent State University.

BORTHWICK, PAUL BERTRAM, JR. Assistant Professor of Curriculum and Instruction. B.S., M.S., Kent State University; Ph.D., University of Akron.

BOSHEARS, ONVA K. JR., Dean of School of Library Service and Professor of Library Science. A.B., Greenville (Illinois) College M.S., University of Illinois; M.A.R., Ausbury Theological Seminary; Ph.D., University of Michigan.

BOURGEOIS, LAWRENCE LOUIS, Chairman of Department of Sociology and Anthropology and Professor of Sociology. A.B., Loyola University; M.A., Louisiana State University; Ph.D., Harvard University.

BOUTWELL, COLEN JESSE, Associate Professor of Construction and Architectural Technology. B.S., M.S., University of Southern Mississippi; Ed.D., University of Missouri.

BOWDEN, ELMER LAWRENCE, Academic Co-ordinator and Associate Professor of Education, Natchez. B.S., Delta State University; M.A., University of Mississippi; Ed.D., University of Colorado.

BOWEN, RICHARD LEE, Professor of Geology. A.B., University of North Carolina; M.A., Indiana University; Ph.D., University of Melbourne; Fulbright Scholar to Australia.

BOWERS, RICHARD HUGH, Honors Professor of History and Associate Director, Honors College. B.A., M.A., Ph.D., Mississippi State University.

BOWMAN, JEFF RAY, Chairman of Department of Art and Associate Professor of Art. B.A., Eastern Kentucky University; M.A., Ed.D., Ball State University.

BOYD, WILLIAM DOUGLAS, JR., Assistant Professor of Library Science. B.A., Southwestern at Memphis; B.D., Union Theological Seminary; Th.M., Princeton Theological Seminary; M.L.S., Ph.D., Indiana University.

BOYTE, CARLOS LARSON, Associate Professor of Industrial and Vocational Education. B.S., M.S., Ed.D., University of Southern Mississippi.

BRACEY, HYLER JEFFERY, Professor of Management. B.B.A., Lamar State College of Technology; M.B.A., Ph.D., Louisiana State University.

BRENT, CHARLES RAY, Director, Institute of Environmental Science, Program Coordinator Environmental Technology and Industrial Hygiene, and Professor of Environmental Science. B.A., University of Southern Mississippi; M.S., Ph.D., Tulane University.

BRINEGAR, BONNIE CARTER, Instructor of English. B.A., M.A., University of Mississippi.

BROOKING, STANLEY ANDERSON, Associate Professor of Management. B.S., Georgia Institute of Technology; M.S., Ph.D., Texas A & M University.

BROOMHALL, PEGGY GRAVES, Assistant Professor of Nursing, Graduate Studies. B.S., M.S., University of Southern Mississippi.

BROWN, BAHNGRELL WALTER, Professor of Geology. B.A., University of Omaha; M.S., Ph.D., University of Nebraska.

BROWN, FRED WALDO, Professor of Science Education. B.S., Georgia Southern College; M.A., University of Alabama; Ed.D., University of Georgia.

BROWN, IVA DINKINS, Associate Professor of Science Education. B.S., Georgia Southern College; M.Ed., Ed.D., University of Georgia.

BROWN, MARIANNE, Assistant Professor of Health. B.S., Delta State University; M.A., University of Southern Mississippi; graduate study, University of Alabama.

BROWN, MARICE COLLINS, Professor of English. A.B., Mississippi University for Women; M.A., University of Southern Mississippi; Ph.D., Louisiana State University.

BRUCKNER, DORIS MARIE, Assistant Professor of Music Education. B.M., M.M., University of Michigan.

BRUNDAGE, WILLIAM GREGORY, Director of Research and Sponsored Programs and Associate Professor of Medical Technology. B.S., M.S., Northwestern State College; Ph.D., Louisiana State University.

BUFKIN, BILLY GEORGE, Chairman of Department of Polymer Science and Associate Professor of Polymer Science. B.S., Ph.D., University of Southern Mississippi.

BURCH, JOHN CECIL, Associate Professor of Counseling Psychology and Counselor Education and Director of Academic Affairs, Gulf Park. B.A., University of Minnesota; M.Ed., Ed.D., University of Southern Mississippi.

BURCHELL, LARK CHARLES, Chairman of Department of Recreation and Associate Professor of Recreation. B.S., East Central State College (Oklahoma); M.T., Southwestern State College (Oklahoma); Ph.D., Texas A & M University.

BURGE, CECIL DWIGHT, Associate Professor of Computer Science and Statistics. B.S., M.S., Ph.D., Mississippi State University.

BURGESS, CHARLES DUANE, JR., Part-time Associate Professor of Psychology. B.S., Mississippi College, M.D., University of Mississippi Medical School.

BURNS, WILLIAM BAXTER, Chairman of Department of Industrial and Vocational Education and Associate Professor of Industrial and Vocational Education. B.S., M.S., Ed.D., University of Southern Mississippi.

BURR, RONALD LEWIS, Assistant Professor of Philosophy and Religion. B.A., California State University, Los Angeles; M.A., University of Hawaii; Ph.D., University of California, Santa Barbara.

BURRIS, DAVID SHERWIN, Assistant Professor of Computer Science and Statistics. B.S., M.A., Southwest Texas State University; Ph.D., Texas A & M University.

BURRUS, JOHN NEWELL, Distinguished University Professor of Sociology. A.B., University of Mississippi; M.A., Ph.D. Louisiana State University.

BUSCHNER, CRAIG ALAN, Assistant Professor of Physical Education. B.S., Virginia Commonwealth University; M.S., Western Illinois; Ed.D., Oklahoma State University.

CADE, RUTH ANN TAYLOR, Associate Professor of Computer Science and Statistics. B.S., Mississippi State University; M.A., Ph.D., University of Alabama.

CALVASINA, EUGENE JOSEPH, Assistant Professor of Business Administration, Gulf Park. B.A., M.B.A., Ph.D., University of Mississippi.

CAMERON, OTTAMISE COLLEEN WHITTINGTON, Associate Professor of Economics, B.S., M.S., University of Southern Mississippi; D.B.A., Indiana University.

CAMPBELL, CLAUDE LOUIS, Associate Professor of Curriculum and Instruction. B.S., University of Southern Mississippi; M.A., Ed.D., George Peabody College.

CARLSON, KENNETH LEE, Assistant Professor of Health. B.S., M.S., Central Missouri State College.

CARNOVALE, AUGUST NORBERT, Chairman of Department of Music and Professor of Music. B.M., Louisiana State University; M.A., Columbia University; D.Mus.A., University of Iowa.

CARPENTER, STANLEY MALCOLM, Associate Professor of Accounting. B.S., University of Southern Mississippi; M.B.A., doctoral study, University of Georgia. C.P.A.

CARR, GORDON, L., Part-time Associate Professor of Psychology. B.A., Southern Illinois University; M.A., Ph.D., Syracuse University.

CARR, WILBUR LLOYD, Chairman of Department of Health and Professor of Health. B.A., M.A., Ph.D., University of North Carolina.

CARSON, JOSEPH O'HARA, JR., Professor of Educational Administration and Supervision. B.A., M.A., Tulane University; Ph.D., Florida State University.

CARTER, DANNY REED, Chairman of Department of Computer Science and Statistics and Associate Professor of Computer Science and Statistics. B.S., M.S., University of Southern Mississippi; doctoral study, Virginia Polytechnic Institute.

CAUDILL, ORLEY BRANDT, Professor of Political Science. B.S., M.A., Ph.D., University of Maryland.

CAVENY, DAVID JAMES, Chairman of Department of Mathematics and Associate Professor of Mathematics. B.S., Western Carolina College; M.A., Ph.D., University of Kentucky.

CHICHESTER, ELSIE BOSCHERT, Associate Professor of Family Life Services. B.S., Delta State University; M.S., University of Tennessee.

CICCARELLI, ORAZIO ANDREA, Associate Professor of History. B.A. Francis College; M.A., Ph.D., University of Florida.

CLEMENTS, JOSEPH HARDIN, Professor of Finance. A.B., University of Kentucky; M.B.A., University of Mississippi; Ed.D., University of Oklahoma.

CLIBURN, JOSEPH WILLIAM, Professor of Biology. B.S., Millsaps College; M.A., University of Southern Mississippi; Ph.D., University of Alabama.

COMPTON, EARL W., Assistant Professor of Music. B.M., Stetson University; M.M., D.M.A., Eastman School of Music.

CONERLY, DONNA LYNN, Assistant Professor of Business Education. B.S., M.S., Ed.D., University of Southern Mississippi.

CONKLIN, ROBERT DALE, Honors Assistant Professor of History. B.S., Purdue University; M.A., Ph.D., Kent State University.

COOKE, ROBERT SAMUEL, JR., Associate Professor of Medical Technology. B.S., M.D., University of Arkansas.

COOLEY, WILLIE EARL, Assistant Professor of Research and Human Development. B.S., M.Ed., Ed.D., University of Southern Mississippi.

COOPER, WALTER ELMORE, JR., Dean of the School of Health, Physical Education, and Recreation and Professor of Physical Education. B.S., Huntingdon College; M.A., Ed.D., University of Alabama.

COX, ALLAN EUGENE, Assistant Professor of Music Education. B.M.E., University of Nebraska, M.M., Wichita State University.

CRACRAFT, JOSEPH DAVID, Administrative Assistant to the Dean and Associate Professor of Physical Education. B.A., M.A., California State University, Sacramento; Ph.D., University of Utah.

CRAVEN, BOBBY EUGENE, Associate Professor of Science Education. B.S., Mississippi College; M.Ed., Ed.D., University of Mississippi.

CREWS, ROBERT THORNTON, Vice Chairman, Assistant Professor, and Education Coordinator, Department of Medical Technology. B.S., M.S., Auburn University; M.T., (ASCP), Baylor University Hospital.

CROOK, GEORGE TRUETT, JR., Assistant Professor of Theatre Arts. B.A., M.A., University of California, Davis.

CROOK, LEO VINCENT, Assistant Professor of Business Administration, Gulf Park. B.S., Mississippi State University; M.B.A., Memphis State University; D.B.A., Mississippi State University.

CROSS, RALPH DONALD, Associate Professor of Geography. A.B., Eastern Michigan; M.A., University of Oklahoma; Ph.D., Michigan State University.

CRUMBAUGH, JAMES C., Part-time Associate Professor of Psychology. A.B., Baylor University; M.A., Southern Methodist University; Ph.D., University of Texas, Austin.

CULBERSON, JAMES OLIN, Professor of Counseling Psychology and Counselor Education. B.S., Bob Jones University; M.Ed., University of South Carolina; Ed.D., University of Georgia.

CUMMINGS, ROBERT RAY, Assistant Professor of Accounting. B.B.A., M.B.A., Memphis State University; Ph.D., University of Mississippi.C.P.A.

CUNNINGHAM, DAVID FRANKLIN, Professor of Curriculum and Instruction. B.S.E., Arkansas State Teachers College; M.A., George Peabody College; Ed.D., University of Houston.

CURRIE, BILLYE BOB McCARVER, Assistant Professor of Psychology. B.S., M.S., Ph.D., University of Southern Mississippi.

DALE, JOHN HARBERT, Assistant Professor of Science Education. B.S., Mississippi State University; M.S., University of Southern Mississippi.

DANIELS, JACK LEMORE, Director of Career Development Center and Professor of Counseling Psychology and Counselor Education. B.S., University of Texas; M.Ed., Stephen F. Austin State College; Ph.D., East Texas State University.

DAVIDSON, CHARLES WINFREY, Associate Professor of Research and Human Development. B.S., Louisiana Polytechnic University; M.Ed., Ed.D., University of Arkansas.

DAVIS, BONNIE JEAN, Professor of Curriculum and Instruction. B.S., M.S., Ph.D., University of Southern Mississippi.

DAVIS, JAMES LOUIS, Associate Professor of Management. B.S., M.S., University of Southern Mississippi; doctoral study, Louisiana State University.

DAVIS, JAMES THERON, JR., Assistant Professor of Art. B.F.A., M.A.Ed., University of Southern Mississippi.

DAVIS, JOHN CHESTER, III, Associate Professor of Curriculum and Instruction. B.S., M.Ed., Ed.D., East Texas State University.

DAVIS, JOSEPH KIMBRELL, Associate Professor of English. B.S., University of Southern Mississippi; M.A., University of Mississippi; Ph.D., Emory University.

DAWSON, MYRTLE H., Lecturer in Speech and Hearing Sciences. B.A., M.Ed., University of Michigan; Ed.D., University of Washington.

DAY, LARRY H., Lecturer in Speech and Hearing Sciences. M.D., University of Mississippi Medical School.

DEAR, JAMES ESTUS, Professor of Accounting. B.S., Northeast Louisiana State College; M.B.A., Ph.D., Louisiana State University. C.P.A.

DENNIS, CHARLES N., Associate Professor of Finance. B.A., Southern Methodist University; M.A., Memphis State University; Ph.D., University of Arkansas.

DENNIS, PERRY BROOKS, Associate Professor of Music Education and Associate Professor of Research and Human Development. B.S., Mississippi State University; B.Mus.Ed., Vandercook School of Music; M. Mus.Ed., University of Michigan; D.Mus.Ed., University of Southern Mississippi.

DENTON, ROY THOMAS, Associate Professor of Social Work. B.S., M.S.S.W., University of Tennessee; Ph.D., Ohio State University.

DEVINE, FRANCIS EDWARD, Associate Professor of Criminal Justice. A.B., Harvard College; M.A., Ph.D., Syracuse University.

DICKSON, ANDREW LINK, Assistant Professor Psychology. B.A., University of South Carolina; M.A., University of Tennessee; Ph.D., University of Oklahoma.

DOBLIN, STEPHEN ALAN, Assistant Professor of Mathematics. B.S., M.A., Ph.D., University of Alabama.

DONOHUE, JOHN ROBERT, Associate Professor of Music. B.M., M.M., Louisiana State University; Ph.D., Michigan State University.

DONOVAN, JACK POLLARD, Professor of Music and Coordinator of Graduate Studies. B.S., M.Mus., University of Nebraska; Ph.D., University of Southern Mississippi.

DORE, DONALD EDWARD, JR., Associate Professor of Medical Technology. B.S., M.D., Louisiana State University.

DUBARD, NETTIE ETOILE, Associate Professor of Speech and Hearing Sciences. B.S., Mary Hardin-Baylor University; M.A., George Peabody College; Ph.D., University of Southern Mississippi.

DUNIGAN, NANCY CASEY, Assistant Professor of Mathematics. A.B., Greensboro College; M.M., University of Tennessee; Ph.D., Northwestern University.

DUNLAP, WILLIAM R., Professor of Social Work. B.C.E., Auburn University; M.S.W., Ed.D., University of Alabama.

DURKEE, PETER EASTON, Vice President for Student Affairs and Associate Professor of Counseling Psychology and Counselor Education. A.B., M.A., Colgate University; Ph.D., University of Southern Mississippi.

DUSSICH, JOHN PETER JOSEPH, Associate Professor of Criminal Justice. B.S., M.S., Ph.D., Florida State University. National Institute of Criminal Justice Fellowship.

EASTERLING, CYNTHIA RUSSELL, Associate Professor of Environmental Design. B.F.A., Stephens College; M.S., Louisiana State University; Ph.D., Florida State University.

EDWARDS, WARRICK RIDGELY, III, Assistant Professor of History. B.S., M.A., Ph.D., Louisiana State University.

ELAKOVICH, STELLA DAISY, Assistant Professor of Chemistry and Administrative Assistant. B.S., Texas Christian University; Ph.D., Louisiana State University.

ELLENDER, RUDOLPH DENNIS, JR., Associate Professor of Microbiology. B.S., M.S., Louisiana State University; Ph.D., Texas A & M University.

ENO, ELLEN NALL, Assistant Professor of Psychology. B.A., University of South Alabama; M.A., Ph.D., University of Southern Mississippi.

ETZOLD, DAVID JULIUS, Professor of Management and Senior Research Associate. B.S., Mississippi State University; M.B.A., Rollins College; D.B.A., Mississippi State University.

EVERETT, MICHAEL DAVID, Associate Professor of Economics. B.A., Ph.D., Washington University.

EVERETT, WALTER KENNEDY, Assistant Professor of English. B.A., M.A., Mississippi College; Ph.D., University of North Carolina.

FAULKENDER, PATRICIA JOYCE, Assistant Professor of Psychology. B.S., M.S., Ph.D., University of Kansas.

FAULKINBERRY, MARY EVELYN McCOMIC, Chairman of Department of Home Economics Education and Professor of Home Economics Education. B.S., Texas Woman's University; M.S., Colorado State University; Ph.D., Texas Woman's University.

FAUST, MARGARET CECILIA, Instructor of Theatre Arts. B.F.A., Texas Christian University; M.F.A., University of Utah.

FAWCETT, NEWTON CREIG, Assistant Professor of Chemistry. B.S., University of Denver; Ph.D., New Mexico State University.

FEAMSTER, JOHN HARRY, Part-time Associate Professor of Psychology. A.B., Ph.D., University of Kentucky.

FERGUSON, WILLIAM FRANKLIN, Associate Professor of Research and Human Development. B.S., M.Ed., Mississippi State University; Ed.D., University of Mississippi.

FIKE, CLAUDE EDWIN, Director of McCain Library, University Archivist, and Professor of History. A.B., Duke University; A.M., Columbia University; Ph.D., University of Illinois.

FISH, ARTHUR GEOFFREY, Associate Professor of Biology. B.S., Carleton University; M.S., McGill University; Ph.D., University of British Columbia.

FLETCHER, TYLER HERRICK, Chairman of Department of Criminal Justice and Associate Professor of Criminal Justice. B.A., University of Texas; M.S., doctoral study, Michigan State University.

[4]FLOWERS, JOHN MORGAN, JR., Associate Professor of Science Education. A.B., M.S., University of Alabama; M.Ed., Ed.D., Duke University.

FOLSE, RAYMOND FRANCIS, JR., Associate Professor of Physics. B.S., Loyola University; Ph.D., Louisiana State University.

FOLTZ, DAVID BARON, Distinguished University Professor of Music. B.M., M.M., Illinois Wesleyan University; Mus.D., Texas Wesleyan College.

FONTECCHIO, GIOVANNI, Associate Professor of Foreign Languages. B.S., Northern Michigan University; M.A., Ph.D., Louisiana State University.

FREEMAN, JEAN TODD, Assistant Professor of English. A.B., Mount Holyoke College; M.A., Louisiana State University.

FRUGÉ, NICHOLAS HUGH, Assistant to the Dean of College of Education and Psychology and Associate Professor of Curriculum and Instruction. B.A., M.Ed., Ed.D., McNesse State University.

GAAR, BASIL LEE, Associate Professor of Special Education. B.S., East Central State College, Oklahoma; M.Ed., University of Houston; Ph.D., University of Southern Mississippi.

GALLASPY, JAMES BOLAN, JR., Assistant Professor of Athletic Administration and Coaching. B.S., M.Ed., University of Southern Mississippi.

GATES, LARRY JAMES, Associate Professor of Psychology. B.A., Eastern Illinois University; M.Ed., University of Illinois; Ph.D., George Peabody College.

GEORGE, ALBERT DONALD, Professor of English. A.B., M.A., Ph.D., Louisiana State University.

GIBBS, SARAH LITTLETON WEAVER, Dean of School of Home Economics and Professor of Institution Administration. B.S., M.A., University of Southern Mississippi; Ph.D., Florida State University.

GILBERT, ROBERT I., JR., Assistant Professor of Sociology and Anthropology. B.A., Vanderbilt University; M.S., University of Alabama; Ph.D., University of Massachusetts.

GINN, CLYDE NEULAN, Dean of Extension and Public Service and Associate Professor of Research and Human Development. B.S., M.Ed., University of Southern Mississippi; Ed.D., McNeese State University.

GLADDEN, JAMES WYMAN, JR., Assistant Professor of Geography. B.A., M.S., University of Alabama.

GLICK, LESTER JAY, Dean of the Graduate School of Social Work and Professor of Social Work. B.A., Goshen College; M.S.W., Ohio State University; D.S.W., Washington University.

GOFF, DAVID HENRY, Assistant Professor of Radio, Television, and Film. B.A, M.A., Ph.D., University of Massachusetts.

GOFF, LINDA DYSART, Assistant Professor of Foreign Languages. B.S., Ohio State University; M.A., Ph.D., University of Massachusetts.

GONZALES, JOHN EDMOND, The William D. McCain Chair of History and Distinguished University Professor of History. B.S., M.A., Louisiana State University; Ph.D., University of North Carolina.

GORDON, LEWIS W., Assistant Professor of Music. B.A., Temple University; M.S., Juilliard School of Music; M.A., Rutgers University; doctoral study, Temple University.

GORE, BILL WES, Dean and Associate Professor of Educational Research, Natchez. B.S., Mississippi College; M.S., University of Mississippi; Ph.D., University of Southern Mississippi.

GOTTLEBER, HENRY ARTHUR, Professor of Management. B.S., University of Southern Mississippi; M.B.A., Boston University; Ph.D., University of Arkansas.

GOWER, ALBERT EDWARD, JR., Professor of Music and Coordinator of Undergraduate Studies. A.B., Sacramento State College; M.M., University of Oregon; Ph.D., North Texas State University.

GOWER, WILLIAM TURNER, Professor of Music. B.Mus., M.Mus., University of Denver; M.F.A., Ph.D., University of Iowa.

GRANTHAM, BILLY JOE, Chairman of Department of Biology and Associate Professor of Biology. B.S., M.S., Ph.D., University of Southern Mississippi.

GRAY, JAMES HAROLD, Assistant Professor of Athletic Administration and Coaching. B.S., Millsaps College; M.S., Ed.D., University of Mississippi.

GREENE, JOSEPH ARTHUR, JR., Dean of the College of Business Administration and Professor of Economics. B.A., Berea College; M.A., Ph.D., University of Virginia.

GRIFFIN, ANSELM CLYDE, III, Assistant Professor of Chemistry. B.S., Mississippi College; Ph.D., University of Texas, Austin.

GUICE, JOHN DAVID WYNNE, Associate Professor of History. B.A., Yale University; M.A., University of Texas; Ph.D., University of Colorado.

GUILBEAU, NEWTS EASTON, Assistant Professor of Music. B.Mus., M.M.Ed., North Texas State University.

GUNN, ERIC McCOY, Dean of the College of Education and Psychology and Professor of Research and Human Development. B.S., M.A., University of Southern Mississippi; Ed.D., George Peabody College.

GUNTER, GORDON, Director Emeritus, Gulf Coast Research Laboratory, and Professor of Biology. A.B., Northwestern State College of Louisiana; M.A., Ph.D., University of Texas.

GURMAN, ERNEST BASIL, Associate Professor of Psychology. B.S., University of Southern Mississippi; M.A., Ph.D., Louisiana State University.

GUTSCH, KENNETH URIAL, Professor of Counseling Psychology and Counselor Education. B.M., University of Miami; M.Ed., University of Mississippi; Ed.D., Florida State University.

GWIN, STANFORD PAYNE, Professor of English. B.S., M.S., University of Southern Mississippi; Ph.D., University of Florida.

HALES, GRAHAM LEE, JR., Chaplain and Coordinator of Religious Activities and Assistant Professor of Philosophy and Religion. B.A., Millsaps College; B.D., Ph.D., Southern Baptist Seminary.

HALL, JAMES LARRY, Chairman of Department of Radio, Television, and Film and Associate Professor of Radio, Television, and Film. B.A., Louisiana College; M.A., Louisiana State University; Ph.D., Ohio University.

HAMMAN, ALTRA HOWSE GILL, Chairman of Department of Family Life Services and Professor of Family Life Services. B.S., University of Southern Mississippi; M.S., University of Tennessee; Ph.D., Texas Woman's College.

HARE, ALTON LAMAR, Assistant Professor of Mathematics. B.S., Northeast Louisiana State College; M.S., Louisiana Polytechnic Institute: doctoral study, University of Georgia.

HARGROVE, DAVID SCOTT, Part-time Assistant Professor of Social Work. B.A., Mississippi State University; M.Ed., Ph.D., University of Georgia.

HARKINS, ELIZABETH CATHERINE, Dean of the School of Nursing and Professor of Nursing. B.S.N.E., St. Mary College; M.S.N., Catholic University; Adv. M.Ed., Ph.D., Florida State University.

HARNEY, KATHRYN ANN, Assistant Professor of Music. B.M.E., M.M., University of Nebraska; doctoral study, Hartt College of Music.

HARPER, GLENN TERRY, Professor of History. B.A., Furman University; M.A., Ph.D., Duke University.

HARRINGTON, EARNEST LAWRENCE, Tennis Coach, Trainer, Equipment Manager, and Part-time Instructor of Athletic Administration and Coaching. B.S., M.Ed., Ed.D., University of Southern Mississippi.

HARRIS, WILLIAM THOMAS, JR., Assistant Professor of Accounting. B.B.A., M.B.A., Texas Technological College; Ph.D., Louisiana State University. C.P.A.

HARTWIG, GILBERT FREDERICK, Professor of Theatre Arts. Ph.B., M.A., Marquette University; Ph.D., University of Wisconsin.

HARWELL, GEORGE ARTHUR, Assistant Professor of Medical Technology. B.S., M.S., University of Southern Mississippi.

HATCHER, WILLIAM HAMILTON, Chairman of Department of Political Science and Professor of Political Science. B.A., M.A., University of Arkansas; Ph.D., Duke University.

HAWKINS, WILLIAM E., Assistant Professor (Assistant Electron Microscopist, Gulf Coast Research Laboratory). B.S., Mississippi State University; M.S., Ph.D., University of Mississippi Medical Center.

HAYS, PATRICIA RUTH McCOY, Assistant Professor of Music. B.M. Ed., M.A., University of Southern Mississippi; doctoral study, University of Oregon.

HEIDEN, CHARLES HOWARD, Chairman and Associate Professor of Industrial Technology. B.S., United States Naval Academy; M.S., New Mexico State University; doctoral study, University of Mississippi. P.E.

HEIDEN, CHARLES RICHARD, Associate Professor of Music. B.M., Northwestern University; M.F.A., Ohio University; D.M., Northwestern University.

HENDERSON, JULIAN C., Associate Professor of Medical Technology. B.A., Florence State University; M.D., Tulane University School of Medicine.

HENSLEY, BONNIE LEE, Associate Professor of Curriculum and Instruction and Elementary Education Coordinator, Natchez. B.S., Mississippi College; M.S., Ph.D., University of Southern Mississippi.

HERZOG, RICHARD FRANZ, Professor of Physics. Ph.D., University of Vienna.

HILDMAN, LEE KEMERLY, Assistant Professor of Psychology. B.S., M.S., Florida State University; doctoral study, University of Florida.

HILDMAN, TOMMIE BLOMFIELD CROOKS, Assistant Professor of Nursing, Baccalaureate Studies. B.S., Louisiana State University, New Orleans; M.Ed., Columbia University.

HILL, ROBERT BYRON, Assistant Professor of Theatre Arts. B.A., Catawba College; M.F.A., Southern Methodist University.

HILL, ROGER HARVEY, Assistant Professor of Music. B.M., M.M., Indiana University.

HILL, VIRGINIA SWANN, Associate Professor of Management. B.S., M.B.A., University of Southern Mississippi; Ph.D., Louisiana State University.

HOLLANDSWORTH, JAMES GUY, JR., Assistant Professor of Counseling Psychology and Counselor Education. B.A., Davidson College; M.Ed., Ph.D., University of North Carolina.

HOLLIMAN, WILLIAM BRUCE, Assistant Professor of Psychology. B.S., M.A., Memphis State University; Ph.D., East Texas State University.

HOLLOWAY, JOE EARL, Dean and Associate Professor of Educational Administration, Gulf Park. B.S., M.Ed., Ed.D., University of Southern Mississippi.

HONG, SHERMAN, Associate Professor of Music. B.M.Ed., University of Southern Mississippi; M.Mus.Ed., Northwestern University; Ed.D., University of Southern Mississippi.

HOPKINS, WILLIAM CLIFFORD, JR., Assistant Professor of Polymer Science. B.S., M.S., Ph.D., Louisiana State University.

HORN, PAUL EDWARD, Associate Professor of Psychology. B.A., M.A., Ph.D., University of Mississippi.

HOWELL, FREDDIE GENE, Assistant Professor of Biology. B.S., Texas A & M University; M.S., Ph.D., Texas Tech University.

HOWELL, JOHN EMORY, Director of Teaching-Learning Center and Associate Professor of Chemistry. B.S.Ed., Marion College; M.N.S., Arizona State University; Ph.D., University of Iowa.

HOWSE, HAROLD D., Director of the Gulf Coast Research Laboratory and Professor of Biology. B.S., M.S., University of Southern Mississippi; Ph.D., Tulane University.

HUDSON, MABEL JANE, Assistant Professor of Medical Technology. B.S., Mississippi University for Women; M.S., Mississippi State University.

HUGHES, WILLIAM EUGENE, Chairman of Department of Physics and Astronomy and Professor of Physics and Astronomy. B.S., University of Southern Mississippi; Ph.D., University of Alabama.

HUNTER, ELVIN MAX, Professor of Industrial and Vocational Education. B.S., M.Ed., Ed.D., University of Missouri.

HUTTON, BEN OSCAR, Professor of Counseling Psychology and Counselor Education. B.S., Southwest Missouri State University; M.Ed., Drury College; Ed.D., University of Arkansas.

HUTZELL, ROBERT R., Part-time Assistant Professor of Psychology. B.S., University of Iowa; M.S., Ph.D., Florida State University.

IMBRAGULIO, GEORGE EUGENE, Associate Professor of Music. B.M., M.M., Michigan State University; summer study, Aspen, Colorado; St. Cecelia Conservatory, Rome, Italy; Florida State University; Michigan State University.

IRBY, BOBBY NEWELL, Chairman of Department of Science Education and Professor of Science Education. B.A., University of Washington; M.S., Ed.D., University of Mississippi.

IVY, THOMAS TUCKER, Associate Professor of Marketing. B.A., Hendrix College; M.Ed., University of Arkansas; Ph.D., Arizona State University.

JAMES, MARY ELLEN LINGO, Associate Professor of Curriculum and Instruction. B.S.E., M.S.E., State College of Arkansas; Ed.D., University of Arkansas.

JEROME, RAOUL FRANK HOWARD, Assistant Professor of Music. B.M., M.M., North Texas State University.

JETER, MELVYN WILLIAM, Associate Professor of Mathematics. B.S., Midwestern University; M.S., North Texas State University; Ph.D., Oklahoma State University.

JOHNSON, MARION CLOWER, Chairman of Department of Athletic Administration and Coaching and Associate Professor of Athletic Administration and Coaching. B.S., University of Southern Mississippi; M.S., Louisiana State University; doctoral study, Indiana University.

JOHNSON, ROGER BARTON, JR., Chairman of Department of Foreign Languages and Professor of Foreign Languages. B.A., University of Southern Mississippi; A.M., Ph.D., University of Illinois.

JOHNSTON, LEROY, Associate Professor of Music. B.A., Kansas State Teachers College; M.S., Juilliard School of Music; D.M.A., University of Southern California.

JONES, GARY EDWIN, Assistant Professor of Psychology. B.A., Pennsylvania State University; M.A., Ph.D., Bowling Green State University.

JONES, PERCY COLEMAN, Instructor of Recreation. B.S., M.S., University of Southern Mississippi; doctoral study, University of Georgia.

JONES, WILLIAM EDWARD, JR., Assistant Professor of Library Science. B.S., Jackson State; M.S., Atlanta University; doctoral study, University of Pittsburgh.

JORDAN, BRYCE DONNELL, Associate Professor of Finance. B.S., Mississippi State University; M.P.A., Harvard University; doctoral study, University of Alabama.

KAPLAN, BERNARD LAWRENCE, Associate Professor of English. B.A., Antioch College; M.A., Yale University; M.F.A., University of Iowa.

KARNES, FRANCES ANN, Assistant Professor of Research and Human Development. B.S., Quincy College (Illinois); Ed.M., Ph.D., University of Illinois.

KARNES, MORRIS RAY, Professor of Educational Administration and Supervision. B.S., M.S., North Texas State University; Ph.D., University of Missouri.

KAY, WALLACE GRANT, Director of University Honors College and Honors Professor of English. B.A., Southern Methodist University; M.A., Ph.D., Emory University.

KAZELSKIS, RICHARD, Director of Bureau of Research and Educational Programs and Professor of Research and Human Development. B.S., Ed.D., University of Georgia.

KELLEY, ARTHELL, Professor of Geography. B.S., University of Southern Mississippi; M.A., University of Missouri; Ph.D., University of Nebraska.

KELLEY, JAMES MAC, Assistant Professor of Biology. B.S., Carson-Newman College; M.S., East Tennessee State University; Ph.D., Clemson University.

KENAMOND, FREDERICK DILL, Professor of Accounting. A.B., Shepherd College; M.S., University of Southern Mississippi; Ph.D., University of Alabama.C.P.A.

KING, ROBERT WILLIAM, Associate Professor of Mathematics. B.S., M.A., University of Southern Mississippi; M.S., Ph.D., Florida State University.

KING, ROGER TERRY, Professor of Finance. B.B.A., University of Mississippi; M.B.A., D.B.A., Texas Technological College.

KINLEIN, MARY LUCILLE, Visiting Professor of Nursing, Graduate Studies. B.A., College of Notre Dame of Maryland; B.S.N.E., M.S.N., The Catholic University of America.

KNIGHT, HAROLD VICTOR, Professor of Research and Human Development. B.S., Livingston State College; M.S.Ed., Northwestern State College of Louisiana; Ed.D., University of Southern Mississippi.

KNOX, WILMA J., Part-time Associate Professor of Psychology. B.A., M.A., University of North Carolina; Ph. D., Pennsylvania State University.

KOEPPEL, JOHN CARRINGTON, Honors Associate Professor of Psychology. B.S., M.A., Memphis State University; Ph.D., Oklahoma State University.

KOLIN, PHILIP CHARLES, Assistant Professor of English. B.A., Chicago State University; M.A., University of Chicago; Ph.D., Northwestern University.

KRUBSACK, ARNOLD JOSEPH, Associate Professor of Chemistry. B.A., St. Olaf College; Ph.D., Stanford University.

KRUSE, THOMAS LEE, Associate Professor of Social Work. B.A., University of Kansas; M.S.W., Washington University; Ph.D., Ohio State University.

LADNER, JAMES LARRY, Assistant Professor of Athletic Administration and Coaching. B.S., Louisiana College; M.Ed., University of Southern Mississippi; doctoral study, Indiana University.

LANDRY, DAVID MICHAEL, Assistant to the Dean of the College of Liberal Arts and Associate Professor of Political Science. B.A., Tulane University; M.A., American University; Ph.D., University of Notre Dame.

LANMON, LINDA FRANCES, Assistant Professor and Research Specialist, Social Work. B.A., M.S., East Texas State College; Ph.D., East Texas State University.

LANMON, MARVIN LEE, JR., Associate Professor of Industrial and Vocational Education. B.S., M.Ed., Ed.D., East Texas State University.

LARSEN, JAMES BOUTON, Associate Professor of Biology. B.A., Kalamazoo College; M.S., Ph.D., University of Miami.

LARSON, JAMES WILLIAM, JR., Chairman of Department of Physical Education and Professor of Physical Education. B.S., M.S., Ed.D., University of Southern Mississippi.

LASATER, ALICE ELIZABETH, Associate Professor of English. B.A., University of Chattanooga; M.A., Ph.D., University of Tennessee.

LAYNE, CHRISTOPHER COOPER, Assistant Professor of Psychology. B.A., College of William and Mary; M.A., Ph.D., University of Alabama.

LEA, JAMES FRANKLIN, Assistant Professor of Political Science. B.A., Southeastern Louisiana University; M.A., Ph.D., Louisiana State University.

LEBSACH, SHARON ELAINE, Assistant Professor of Music. B.A., B.M., M.A., Colorado State College.

LEE, BILLY EUGENE, Associate Professor of Research and Human Development and Director, KAFB. B.S., M.Ed., Mississippi State University; Ed.D., University of Mississippi.

LEHRER, NOEL, Instructor of Speech and Hearing Sciences. B.S., Emerson College; M.A., University of Alabama.

LEONARD, REX LEE, Associate Professor of Research and Human Development. B.S.,United States Naval Academy; M.S., Texas A & I University; Ph.D., University of Northern Colorado.

LESTER, THERESA ANNETTE, Assistant Professor of Nursing, Baccalaureate Studies. B.S., University of Mississippi; M.N., University of Florida.

LEVENTHAL, LOIS ANN, Assistant Professor of Music. B.A., University of Massachusetts; M.M., New England Conservatory of Music.

LEWIS, CAROLYN McKEE, Associate Professor of Business Education. B.S., M.S., University of Southern Mississippi; Ed.D., University of Houston.

LEWIS, EDDIE MILEY, Assistant Professor of Economics. B.S., M.B.A., University of Southern Mississippi; D.B.A., Mississippi State University.

LI, CHEN-TUAN, Associate Professor of Economics. B.A., National Chingchi University; M.A., Ph.D., University of Florida.

LOK, WALTER JAMES, Chairman of Department of Allied Arts and Professor of Allied Arts. B.Des., M.Des., University of Michigan; Ph.D., University of Alabama.

LONG, LORA ALCORN, Associate Professor of Library Science. B.A., M.S., Kansas State Teachers College; M.L.S., Rutgers University; Ed.D., University of Mississippi.

LOPEZ, RICARDO E., Associate Professor of Medical Technology. B.S., M.D., Tulane University.

LOVE, DALE KELLY, Associate Director of Bands and Assistant Professor of Music Education. B.M., M.M., University of Mississippi.

LOWE, JAMES DOUGLAS, JR., Chairman of Department of Psychology and Professor of Psychology. B.S., M.A., Ph.D., University of Alabama.

MacMORRAN, JOHN SCOTT, Instructor of Music Education. B.M., Ball State University; M.M., Ohio State University.

McCAIN, DOUGLAS CLAYTON, Associate Professor of Chemistry. B.S., Purdue University; Ph.D., University of California, Berkeley.

McCARTHY, MARY MARGARET, Chairman of Department of Institution Administration and Professor of Institution Administration. B.S., M.A., University of Southern Mississippi; Ph.D., Louisiana State University.

McCARTNEY, JESSE FRANKLIN, Associate Professor of English. B.S., Oklahoma State University; M.A., Ph.D., University of Arkansas.

McCARTY, KENNETH GRAHAM, JR., Associate Professor of History. B.S., M.A., University of Southern Mississippi; Ph.D., Duke University.

McCLELLAND, KEENER DELANEY, Associate Professor of Speech and Hearing Sciences. B.A., M.A., University of Tennessee; Ph.D., University of Florida.

McCORMICK, CHARLES LEWIS, III, Assistant Professor of Polymer Science. B.S., Millsaps College; Ph.D., University of Florida.

McCRARY, RONALD GENE, Assistant Professor of Foreign Languages. B.A., Central Missouri State University; Ph.D., University of Missouri.

McCRAW, HARRY WELLS, Assistant Professor of English. B.S., Massachusetts Institute of Technology; M.A., Ph.D., Tulane University.

McDANIEL, MAX HAROLD, Dean of Student Development and Associate Professor of Psychology. B.A., Millsaps College; M.A., University of Mississippi; Ph.D., Purdue University.

McKEE, JESSE OSCAR, Professor of Geography. B.S. in Ed., Clarion State College; M.A., Ph.D., Michigan State University.

McMILLEN, NEIL RAYMOND, Associate Professor of History. B.A., M.A., University of Southern Mississippi; Ph.D., Vanderbilt University.

McNINCH, GEORGE HAAS, Director of Developmental Reading Center and Professor of Curriculum and Instruction. B.S., University of Southern Mississippi; M.Ed., University of Mississippi; Ed.D., University of Georgia.

McPHAIL, JAMES HAROLD, Chairman of Department of Educational Administration and Supervision and Professor of Educational Administration. B.S., M.Ed., University of Southern Mississippi; Ed.D., Boston University.

McQUISTON, JAMES MERWYN, JR., Assistant Professor of Economics. B.S., University of Southern Mississippi; doctoral study, University of Virginia.

MADDOX, VICTOR ANDREW, Assistant Professor of Research and Human Development. B.A., California State University, Long Beach; M.S., Ph.D., University of Southern Mississippi.

MANLY, THERON W., Associate Professor of Curriculum and Instruction and Coordinator of Programs in Elementary Education, Gulf Park. B.S., Howard College; M.A., Ed.D., University of Alabama.

MARCIANI, LOUIS MARIO, Instructor of Physical Education and Recreational Sports Director. B.A., Morris Harvey College; M.S., University of Bridgeport.

MARQUARDT, RONALD GENE, Associate Professor of Political Science. B.S.,M.S., Kansas State College; Ph.D., University of Missouri.

MARTIN, BILLY JOE, Associate Professor of Biology. B.S., M.S., University of Southern Mississippi; Ph.D., Rice University.

MARX, CHARLES ALVIN, Assistant Professor of Criminal Justice. LL.B., Jackson Law School; M.S., University of Southern Mississippi; M.Ed., Mississippi College; advanced legal study, Case Western Reserve University.

MATTHEWS, JACK GIBSON, Assistant Professor of Science Education. B.S.E., Henderson State College; M.S., University of Arkansas; Ph.D., Ohio State University.

MATTOX, BRUCE W., Director of Mississippi-Alabama Sea Grant Consortium. B.S., in B.A., University of Tennessee; Ph.D., Oregon State University.

MEADE, JAMES WALTER, JR., Assistant Professor of Art. B.S., M.A., East Tennessee State University; M.F.A., University of Georgia.

MEALOR, WILLIAM THEODORE, JR., Associate Professor of Geography. B.A., University of Florida; M.A., Ph.D.,University of Georgia.

'MEHEARG, LILLIEN ERL, Professor of Psychology. B.A., Millsaps College; M.A., Louisiana State University; Ph.D., University of Southern Mississippi.

MERRIFIELD, VERNON EUGENE, Assistant Professor of Art. B.F.A., M.A., University of Alabama.

MIDDLEBROOKS, BOBBY LYNN, Associate Professor of Microbiology. B.A., Rice University; Ph.D., University of Texas Southwestern Medical School.

MILAM, JESSE LLOYD, Professor of Physical Education. B.A., Louisiana Polytechnic Institute; M.A., Ed.D., Columbia University.

MILKENT, MARLENE MARIE, Associate Professor of Science Education. B.S., California State College; Ph.D., University of Texas.

MILLER, WALLACE DYETT, Professor of Curriculum and Instruction. A.B., Southwest Missouri State College; M.A., Northeast Missouri State College; Ph.D., Southern Illinois University.

MILNER, LOUELLA GILL, Associate Professor of Home Economics Education and Coordinator of Graduate Studies. B.S., M.S., Ed.D., University of Southern Mississippi.

MIXON, KENNETH WAYNE, Coordinator of History and Social Studies and Assistant Professor of History, Natchez. B.A., M.A., University of South Carolina; Ph.D., University of North Carolina.

MOORE, BOBBY DEAN, Associate Professor of Research and Human Development. B.S., Lamar State College of Technology; M.Ed., Ed.D., North Texas State University.

MOORE, JOE DENTON, Coordinator and Assistant Professor of Construction and Architectural Technology. B.S., University of Southern Mississippi; M.S.E., State College of Arkansas; doctoral study, Texas A & M University.

MOORE, ROY NEWTON, Chairman of Department of Management and Professor of Management. B.S., M.B.A., University of Southern Mississippi; Ph.D., University of Alabama.

MOORMAN, CHARLES WICKLIFFE, Vice President for Academic Affairs and Professor of English. A.B., Kenyon College; M.A., Ph.D., Tulane University; Guggenheim Fellow.

MOORMAN, RUTH GLINDMEYER, Honors Associate Professor of Foreign Languages. A.B., Agnes Scott College; M.S., University of Cincinnati; Ph.D., Louisiana State University.

MORELAND, WILBUR LAFE, Assistant Professor of Music Education. B.A., M.A., University of Northern Colorado.

MORGAN, JEROLD JOSEPH, Chairman of Department of Accounting and Professor of Accounting. B.S., University of Southern Mississippi; M.B.A., University of Houston; Ph.D., University of Alabama. C.P.A.

[3]MORRELL, JOSEPH S., Associate Professor of Mathematics. B.S., University of Southwest Louisiana; M.S., Louisiana State University; Ph.D., Florida State University.

MOTT, DONALD RAY, Assistant Professor of Radio, Television, and Film. B.S., University of Southern Mississippi; M.A., M.F.A., University of New Orleans.

MOTTLEY, REED RICKMAN, Associate Professor of Curriculum and Instruction. B.A., Catawba College; M.Ed., Ed.D., University of Georgia.

MULLICAN, LARRY DUANE, Assistant Professor of Allied Arts. B.A., University of North Iowa; M.A., University of Colorado.

MULLINS, JOE BARRY, Professor of Music and Director of Bands. B.Mus., Southwestern at Memphis; M.M., George Peabody College; Ed.D., University of Illinois.

MUNSELL, DONALD THOMAS, Associate Professor of Music. B.M., University of Miami; M.A., Ph.D., State University of Iowa.

MUSGRAVE, RAY SIGLER, Distinguished University Professor of Psychology. B.A., Bethany College; M.A., Ohio Wesleyan University; Ph.D., Syracuse University.

NAU, JOHN FREDERICK, Distinguished University Professor of Philosophy and Religion. B.D., Concordia Seminary; M.A., Tulane University; Ph.D., University of South Carolina.

NEIDLINGER, HERMANN HEINRICH, Assistant Professor of Polymer Science. Ph.D., Johannes-Gutenberg University.

NEUMANN, EDITHA SCHLANSTEDT, Honors Associate Professor of Foreign Languages. B.A., University of Berlin; M.S.W., University of Pittsburgh; Ph.D., Tulane University.

NOBLE, ELEANOR FLINT, Associate Professor of Curriculum and Instruction. B.A., M.A., Ph.D., Arizona State University.

NORRIS, DONALD EARL, JR., Associate Professor of Biology. B.S., Indiana State University; M.S., Ph.D., Tulane University.

NORSWORTHY, JOHN McCALL, Associate Professor of Special Education. B.S., M.Ed., Mississippi State University; Ed.D., University of Southern Mississippi.

NOWAKOWSKI, MARIAN ZYGMUNT, Associate Professor of Music. Performance Diploma, Conservatory of Music and Fine Arts, Lwon, Poland.

O'BOYLE, MICHAEL, Assistant Professor of Psychology. B.S., Fordham University; M.A., Hollins College; Ph.D., Florida State University;

ODOM, WILLIAM McBRIDE, Assistant Professor of Foreign Languages. B.A., Louisiana State University; Ph.D., Tulane University.

O'HARE, FRANK, Chairman of Department of English and Professor of English. M.A., University of Glasgow, Scotland; M.Ed., Florida Atlantic University; Ph.D., Florida State University.

OLSEN, BOB GILLHAM, Assistant Professor of Research and Human Development. B.A., M.A., University of North Carolina; Ed.D., North Carolina State University.

ORANGE, LINWOOD ELDEN, Professor of English. A.B., M.A., Ph.D., Duke University.

OSADCHUK, WALTER BORIS, Associate Professor of Music Education. B.Mus., M.Mus., Northwestern University.

OVERSTREET, ROBIN M., Assistant Professor of Biology, Gulf Coast Research Laboratory. B.S., University of Oregon; M.S., Ph.D., University of Miami.

OWEN, DAVID McINTOSH, Assistant Professor of Medical Technology. B.S., M.D., University of Mississippi School of Medicine.

OXFORD, EDWIN PAUL, Assistant Professor of Mathematics. B.S., M.S., Louisiana Polytechnic Institute; Ph.D., New Mexico State University

OZERDEN, HALIL, Associate Professor of Psychology, Gulf Park. B.A., Huntingdon College; M.A., Ph.D., University of Southern Mississippi.

PANKO, THOMAS RALPH, Associate Professor of Sociology. B.A., M.A., Ph.D., Louisiana State University.

PARISH, GERALDINE, Assistant Professor of Social Work. B.A., William Carey College; M.S.W., Tulane University.

PARKER, JOSEPH BALFOUR, Associate Professor of Political Science. B.A., M.A., Louisiana State University; Ph.D., Tulane University.

PARKS, JIM TOM, Associate Professor of Psychology. B.A., Hardin-Simmons University; M.Ed., Texas A & M University; M.S., Ph.D., Florida State University.

PATTERSON, WILLIAM E., JR., Part-time Associate Professor of Psychology. A.B., M.A., Ph.D., University of Alabama.

PAULSON, OSCAR LAWRENCE, JR., Chairman of Department of Geology and Associate Professor of Geology. B.S., M.S., Mississippi State University; Ph.D., Louisiana State University.

PEARSON, DOROTHY WILEY, Associate Professor of Library Science. B.S., Florence State University; M.A., Ed.D., University of Alabama.

PEDDICORD, HERSCHEL QUINTON, JR., Associate Professor of Curriculum and Instruction. B.A., Presbyterian College; M.Ed., University of South Carolina; Ed.D., Duke University.

PEDDICORD, PAUL WALLACE, Chairman of Department of Curriculum and Instruction and Professor of Curriculum and Instruction. B.A., Furman University; M.Ed., University of Houston; Ed.D., Duke University.

PEEBLES, PATRICIA HOWARD, Assistant Professor of Microbiology. B.S., Central Oklahoma State University; Ph.D., University of Texas.

PESSONEY, GEORGE FRANCIS, III, Honors Professor of Biology. B.S., M.A., Sam Houston State College; Ph.D., University of Texas.

PHELPS, RAYMOND ALTON, II, Assistant Professor of Marketing. B.B.A., M.B.A., Georgia State College.

PIERCE, RICHARD HARRY, JR., Assistant Professor of Environmental Science. B.S., M.S., University of South Florida; Ph.D., University of Rhode Island.

PIERCE, WILLIE LEE, JR., Assistant Professor of Research and Human Development. B.S.E., M.Ed., Delta State University; Ed.D., North Carolina State University.

PINSON, JAMES WESLEY, Professor of Chemistry. B.S., William Carey College; M.S., Ph.D., University of Mississippi.

PLUE, WILLIAM VILAS, Chairman of Department of Special Education and Professor of Special Education. B.S., M.Ed., Lewis and Clark College; Ed.D., University of Oregon.

POIRIER, WILLIAM HARVEY, Professor of Art. B.S., Eastern Michigan University; M.A., Ed.S., George Peabody College; Ed.D., University of Southern Mississippi.

POSEY, LLOYD FRANKLIN, Professor of Curriculum and Instruction. B.S., University of Alabama; M.A., Ed.D., George Peabody College.

POUND, GOMER JEFFREY, Professor of Music Education and Professor of Research and Human Development. Mus.B., Michigan State University; M.Mus.Ed., Ph.D. in M.Ed., Florida State University.

PRENSHAW, ERIC RICHARD, Assistant to the Vice President for Academic Affairs and Associate Professor of Music. B.M., M.M., Northwestern University; D.M.A., University of Texas.

PRENSHAW, PEGGY WHITMAN, Associate Professor of English. B.M., M.A., Mississippi College; Ph.D., University of Texas.

PRESLEY, JERRY MAX, Assistant Professor of Psychology, Natchez. B.A., Florida Southern College; M.A., Ph.D., University of Mississippi.

PRESSER, WILLIAM HENRY, Professor of Music. A.B., Alma College; Mus.M., University of Michigan; Ph.D., University of Rochester.

PRICE, ROBERT VERNON, Acting Director of Media Services Center, Visual Aids, and Assistant Professor of Research and Human Development. B.S., M.Ed., East Texas State University; Ph.D., University of Texas, Austin.

PROBST, CHARLES H., Dean of Student Services and Associate Professor of Counseling Psychology and Counselor Education. B.S., M.A., University of Southern Mississippi; Ed.D., University of Mississippi.

PUCKETT, THOMAS FRANKLIN, Professor of Medical Technology. B.A., University of California; M.S., University of Colorado; M.D., University of California.

PYE, WALLACE CLARK, Assistant Professor of Mathematics. B.S., M.S., Louisiana State University; Ph.D., Texas Technological University.

PURVIS, JOHNNY RAY, Assistant Professor of Research and Human Development. B.A., M.A., Northwestern State College; Ed.D., Northeast Louisiana University.

QUARNSTROM, ISAAC BLAINE, Chairman of Department of Theatre Arts and Professor of Theatre Arts. B.S., M.A., Brigham Young University; Ph.D., Ohio State University.

RAGSDALE, DANA OUGH, Assistant Professor of Music. B.M., University of Denver; M.M., University of Hartford.

RAINES, VERNON, Associate Professor of Allied Arts and Orchestra Director. B.M., University of Alabama; M.M., Florida State University.

RAINS, OHREN WILLIS, Associate Professor of Curriculum and Instruction. B.S., Arkansas Agricultural and Mechanical College; M.Ed., Alabama Polytechnic Institute; Ed.D., Oklahoma State University.

RAMKE, RONALD GEORGE, Assistant Professor of Sociology and Anthropology. B.A., Union College; B.D., Duke University; M.A., Louisiana State University.

RANDOLPH, DANIEL LEE, Professor of Counseling Psychology and Counselor Education. B.S., University of West Virginia; M.Ed., Marquette University; Ph.D., Florida State University.

RAYBORN, GRAYSON HANKS, Associate Professor of Physics. B.S., Rensselaer; Ph.D., University of Florida.

RHODES, ROBERT CLYDE, Chairman of Department of Speech and Hearing Sciences and Professor of Speech and Hearing Sciences. B.S., Colorado State University; M.A., University of Colorado; Ph.D., University of Pittsburgh.

RICHARDSON, THOMAS JOSEPH, Assistant Professor of English. B.A., University of Southern Mississippi; M.A., University of Alabama; Ph.D., Vanderbilt University.

RICHMOND, MARK GLENN, Associate Professor of Curriculum and Instruction. B.S., M.S., University of Southern Mississippi; Ed.D., Indiana University.

RINDFLEISCH, KENT ROY, Instructor of Recreation. B.S., University of Utah; M.S., Indiana State University.

ROBERTS, WILLIAM MARVIN, JR., Chairman of Department of Geography and Area Planning and Professor of Geography. B.A., M.A., University of Iowa; Ph.D., University of Washington.

ROGERS, HILDA LYNELL BRISTER, Assistant Professor of Family Life Services. B.S., M.S., University of Southern Mississippi; graduate study, Eastern Kentucky State College.

ROGERS, LOUIS LEROY, Director of Office of Student Teaching and Professor of Research and Human Development. B.S., M.A., University of Southern Mississippi; Ed.D., University of Tennessee.

ROSS, STEPHEN T., Assistant Professor of Biology. B.A., University of California, Los Angeles; M.A., California State University, Fullerton; Ph.D., University of South Florida.

ROSSO, SAMUEL WILFORD, Assistant Professor of Biology. B.A., University of Southern Mississippi; M.S., Louisiana State University; Ph.D., Washington University, St. Louis.

RUNZO, JOSEPH JOHN, Assistant Professor of Philosophy and Religion. B.A., University of California, Irving; M.A., Ph.D., University of Michigan; M.T.S., Harvard University.

RUSH, GARY SHERRIEL, Associate Professor of Educational Administration and Supervision and Director of Cooperating Community Education Center. B.A., Louisiana College; M.Ed., Ph.D., Louisiana State University.

RYAN, MARGARET WILSON, Associate Professor of Art. B.A., M.Ed., Florida Atlantic University; Ed.D., University of Florida.

SANCHEZ, RICHARD XAVIER, Assistant Professor of Music. B.A., Tulane University; M.M., Ph.D., Louisiana State University.

SANFORD, AUBREY CECIL, Professor of Management. B.S., in B.A., M.B.A., University of Southern Mississippi; Ph.D., Louisiana State University.

SAXON, WILLIAM WALKER, JR., Professor of Social Work. B.A., Mississippi State University; M.S.W., University of Tennessee; Ed.D., University of Alabama.

SCANIO, TOM SALVATO, Associate Professor of Speech and Hearing Sciences. B.A., University of South Florida; Ph.D., Bowling Green State University.

SCARBOROUGH, WILLIAM KAUFFMAN, Professor of History. A.B., University of North Carolina; M.A., Cornell University; Ph.D., University of North Carolina.

SCHAUB, MARY TURPEN, Assistant Professor of Speech and Hearing Sciences. B.A., M.S., University of Wyoming.

SCHEETZ, RAYMOND WAYNE, Associate Professor of Biology. B.S., Philadelphia College of Pharmacy and Science; M.S., Ph.D., University of Delaware.

SCHMIDT, WILLIAM THEODORE, Assistant Professor of History. B.A., M.A., Ph.D., University of Southern Mississippi.

SCHOELL, WILLIAM FREDERICK, III., Professor of Marketing. B.S. Louisiana State University, New Orleans; M.B.A., Ph.D., University of Arkansas.

SHAFER, BILL WAYNE, Director of Student Counseling and Associate Professor of Counseling Psychology and Counselor Education. B.S., M.Ed., Ph.D., East Texas State University.

SHAFFER, JOHN RICHARD, Professor of Research and Human Development. B.S., Memphis State University; M.A., Teachers' College, Columbia University; Ed.D., Indiana University.

SHARKEY, PAUL WILLIAM, Chairman of Department of Philosophy and Religion and Associate Professor of Philosophy and Religion. B.A., California State College; Ph.D., University of Notre Dame.

SHARP, BETTY SUE HUMPHRIES, Acting Chairman of Department of Environmental Design and Assistant Professor of Environmental Design. B.A., M.S., University of Southern Mississippi.

SHATUS, ERWIN, L., Part-time Associate Professor of Psychology. A.B., University of Miami; M.S., Ph.D., University of Southern Mississippi.

SHERRY, VINCENT JEROME, JR., Assistant Professor, Administrative Assistant, and Acting Coordinator of Criminal Justice, Gulf Park. A.B., Western Kentucky University; LL.B., George Washington University; M.S., Middle Tennessee State College.

SIMS, JAMES HYLBERT, Dean of the College of Liberal Arts and Professor of English. B.A., M.A., Ph.D., University of Florida.

SIRMON, WILLIAM ARNOLD, Chairman of Department of Finance and General Business and Professor of Finance. B.S., M.S., University of Southern Mississippi; D.B.A., Mississippi State University.

SISEMORE, DAVID ALLEN, Associate Professor of Psychology. B.A., M.A., Ph.D., University of Arkansas.

SKATES, JOHN RAY, JR., Chairman of Department of History and Professor of History. B.B.A., University of Mississippi; M.A., Ph.D., Mississippi State University.

SLATER, THOMAS BERNARD, Assistant Professor of Art. B.F.A., University of Oklahoma; M.Ed., Ed.D., University of Houston.

SLAY, BILLY BORDEN, Professor of Physical Education and Coordinator of Graduate Studies. B.S., M.S., University of Southern Mississippi; Ed.D., Louisiana State University.

SMITH, BROOKS EUGENE, Associate Professor of Business Administration and Coordinator of Graduate Programs in Business, Gulf Park. B.S., M.B.A., University of Southern Mississippi; Ph.D., University of Alabama.

SMITH, BYRON COLEMAN, Professor of Biology. B.S., Indiana State University; M.A., DePauw University; Ph.D., University of Georgia.

SMITH, JOHN LARRY, Associate Professor of Medical Technology. B.S., University of Oklahoma; M.D., Tulane University School of Medicine.

SMITH, MARY COLETTE, Chairman and Professor of Nursing, Graduate Studies. B.S., College of Saint Rose; M.S.N., Catholic University of America; Ph.D., University of Maryland.

SONNIER, ISADORE LEON, Associate Professor of Science Education. A.B., University of Southwestern Louisiana; A.M., Louisiana State University; Ed.D., Colorado State College.

STAMPER, ANITA MILLER, Assistant Professor of Environmental Design. A.B., Morehead State University; M.S., University of Southern Mississippi; doctoral study, University of Tennessee.

STAMPER, DONALD REXFORD, Associate Professor of English. B.A., Morehead State University; M.A., Ph.D., University of Arkansas.

STANTON, ORA L. W., Associate Professor of Social Work. B.A., Tougaloo College; M.S.W., Indiana University; doctoral study, University of Utah.

STEARNS, JANE ALICE, Professor of Social Work. B.A., University of Nebraska, Lincoln; M.S.W., University of Minnesota, Minneapolis; D.S.W., Washington University, St. Louis.

STEGENGA, MARTIN, Professor of Management. B.S., M.S., Mississippi State University; D.B.A., Indiana University.

STEVENS, JOANNE HOLLIMAN, Assistant Professor of Counseling Psychology and Counselor Education and Counselor in Student Counseling. B.S.E., State College of Arkansas, Conway; M.S., Ed.D., East Texas State University.

STEWART, DAVID KEITH, Professor of Educational Administration and Supervision. B.A., Central Missouri University; M.A., Columbia University; Ed.D., New York University.

STEWART, JON ANNIS, Assistant Professor of Computer Science and Statistics. B.S., Tulane University; M.A., Indiana University.

STITH, JAMES LOGAN, Associate Professor of Medical Technology. A.B., M.D., George Washington University.

STOCKER, LEONARD DON, Professor of Music. A.B., University of Michigan; M.A., Columbia University; Ph.D., Florida State University.

STOCKS, PETER KONRAD, Chairman of Department of Microbiology and Professor of Microbiology. B.S., Millsaps College; M.S., University of Southern Mississippi; Ph.D., Louisiana State University.

STORY, LLOYD EDWARD, JR., Assistant Professor of Biology. B.S., Morehead State College; M.A., Murray State University; Ph.D., University of Southern Mississippi.

STRINGER, GARY ALLEN, Assistant Professor of English. B.A., M.A., Ph.D., University of Oklahoma.

STURGIS, DANIEL KENNETH, Associate Professor of Counseling Psychology and Counselor Education. B.A., Central Missouri State University; M.Ed., Ph.D., University of Missouri.

'SULLIVAN, WARREN CLAYTON, Associate Professor of Philosophy and Religion. B.A., Mississippi College; B.D., Ph.D., Southern Baptist Theological Seminary.

SUNDEEN, DANIEL ALVIN, Assistant Professor of Geology. B.A., University of New Hampshire; A.M., Ph.D., Indiana University.

SWANSBURG, RUSSELL CHESTER, Assistant Professor of Nursing, Graduate Studies. B.S., Case-Western Reserve University; M.A., Teachers College, Columbia University.

SWITZER, JAMES REGINALD, Professor of Health. B.S., University of Southern Mississippi; M.S., Louisiana State University; Ed.D., University of Texas.

TAYLOR, GLORIA BRUEMMER, Associate Professor of Business Education. B.S., M.S., Ed.D., University of Southern Mississippi.

TAYLOR, WILLIAM BANKS, Assistant Professor of Criminal Justice. B.A., M.A., University of Southern Mississippi; Ph.D., University of London.

THAMES, SHELBY FRELAND, Vice President for Administration and Regional Campuses and Professor of Polymer Science. B.S., M.S., University of Southern Mississippi; Ph.D., University of Tennessee.

THARPE, JAC LYNDON, Honors Professor of English. B.A., M.A., University of Tennessee; Ph.D., Harvard University.

THOMAS, E. NAYMOND, Assistant Professor of Music. B.M.Ed., University of Louisville; M.M., University of Colorado.

THOMAS, ROBERT CHARLES, Associate Professor of Speech and Hearing Sciences. B.A., Texas Christian University; M.A., Ph.D., University of Southern Mississippi.
